INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustee of
Versa Integrity Group, Inc. 401(k) Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Versa Integrity Group, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at end of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1) Description of plan

The following description of the Versa Integrity Group, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

(a) General

Versa Integrity Group, Inc. 401(k) Plan is a defined contribution plan which began operations on January 1, 1990, covering substantially all employees of Versa Integrity Group, Inc. (the Company) except for nonresident aliens and union employees. In order to be eligible to participate in the Plan, employees must have completed 90 days of service. For eligibility purposes, years of service with Owensby & Kritikos, Inc. and Savoy Technical Services will be counted. The effective Plan entry dates are the first day of the month coinciding with or next following the date on which such eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On June 13, 2014, the Company acquired all of the outstanding stock of Southern Inspection Services, Inc. As a result of the acquisition, in January 2015, the accounts of all Southern Inspection Services, Inc. employees were transferred into the Plan.

(b) Contributions

Participants may make elective contributions to the Plan by deferring compensation up to the maximum amount allowed by law as promulgated by the Internal Revenue Service Code Sections 402(g) and 415. In addition, a participant who has attained age 50 before the close of the plan year shall be eligible to make catch-up contributions in accordance with limitations under the Internal Revenue Code. The participants may also make a separate election to defer up to 100% of any bonus. The total of deferrals and company matching contributions cannot exceed the yearly statutory maximum.

The Company may make employer matching contributions equal to a discretionary percentage up to a maximum of 6% of the participant’s compensation, to be determined by the Company on a uniform basis to all participants. For the purposes of matching contributions, compensation is defined as all wages, tips and other compensation on Form W-2 except overtime, bonuses and commissions. For the Plan years ended December 31, 2017 and 2016, the discretionary match was 20% of the employee’s contribution up to a maximum of 6% of compensation.

(c) Participant accounts

Each participant's account is credited with the participant's contribution and allocation of the Company contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting for additional employer contributions is based on years of service. A participant becomes 20 percent vested after two years of service, 40 percent after three years, 60 percent after four years, 80 percent after five years, and 100 percent vested after six years of service. A year of service is defined as 1,000 hours of service within a Plan Year. Participants will become fully vested if they are employed by the Company on or after their normal retirement date at age 65. If a participant dies or becomes permanently disabled before attaining the normal retirement age, the participant’s account becomes 100 percent vested.

1) Description of plan (continued)

(e) Payment of benefits

Upon termination of service, death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the vested interest in his or her account. Upon reaching age 59 ½, participants are also eligible for in-service distributions. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the participant's elective deferral and rollover accounts in the Plan. Balances under $1,000 for terminated participants, may be paid out at the discretion of the Company.

(f) Investment options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in a variety of investment options. Participants may change their investment allocations any time via telephone, internet or written instructions.

(g) Forfeitures

Forfeitures occur after termination of employment at the earlier of when participants with non-vested account balances, as defined by the Plan, have either five consecutive 1-year breaks in service or receive a distribution of their entire vested portion of their account balance. Forfeitures are used to reduce administrative expenses and then any remaining will be added to any discretionary employer contributions. If the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. In 2017 and 2016, forfeitures in the amount of $3,992 and $6,793 were used to reduce administrative expenses, respectively. Forfeitures available in the Plan were $24,541 and $10,841 as of December 31, 2017 and 2016, respectively.

(h) Notes receivable - participant loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance incurred by the participant during the previous twelve-month period. Participants may have up to three loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate determined commercially reasonable by the Administrator by reviewing the interest rates charged for similar types of loans by other lenders. The interest rate charged for loans were 1% over the prime lending rate of a commercial U.S. bank available within reasonable geographic vicinity for the year ending 2017. The interest rate for the lifetime of the loan will be set at the inception of the loan. A loan application fee and annual loan maintenance fees are charged to participants who borrow from their account.

(i) Administrative expenses

The Company absorbs significant administrative costs of the Plan. Administrative expenses paid by the Plan arise from fees for the processing of distributions and loans that are charged to their respected participants' accounts. In addition, certain investment accounts charge asset and participation fees that are allocated among the respected participants.

(j) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

2) Summary of accounting policies

(a) Basis of accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Investment valuation and income recognition
Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual fund accounts are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of benefits
Benefits are recorded when paid.

(d) Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Notes receivable – participant loans
Participant loans are classified as notes receivable – participant loans, and are measured at the unpaid balance plus unpaid accrued interest. The Plan classifies all participant loans with no payment received in default, as defined in the Plan. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. There were no deemed distributions for the years ended December 31, 2017 and 2016.

3) Related party transactions

Certain investments of the Plan are managed by the custodian of the Plan assets. Fidelity Investments was the custodian for the years ended December 31, 2017 and 2016. Therefore, investment transactions involving the purchase and sale of these investments, including investment management fees, qualify as party-in-interest transactions. All of these transactions are exempt from prohibited transaction rules.

4) Investments

The Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,292,068 and $385,872 as of December 31, 2017 and 2016, respectively.

5) Risk/Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6) Fair value measurement

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level l measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds and Money Market: Valued at net asset value (NAV), which approximate fair value.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different measurement at the reporting date.

6) Fair value measurement (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,815,238	$ -	$ -	$ 7,815,238
Money market	588,578	-	-	588,578
Total assets at fair value	$ 8,403,816	$ -	$ -	$ 8,403,816

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,341,430	$ -	$ -	$ 6,341,430
Money market	537,634	-	-	537,634
Total assets at fair value	$ 6,879,064	$ -	$ -	$ 6,879,064

7) Federal income tax status

The Plan has adopted a prototype plan that was amended and restated January 1, 2014. The prototype plan received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the Plan is acceptable under section 401(a) of the Internal Revenue Code (the Code). In accordance with Revenue Procedure 2006-6, the Company or Plan sponsor has determined that it is eligible to and has chose to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan itself has not separately applied for a determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes had been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to routine audits by taxing jurisdictions for a period of three years from filing those returns; however, there are currently no audits for any tax periods in progress.

8) Subsequent events

The Company has evaluated subsequent events through the date of the auditors' report, the date which the financial statements were available to be issued, and it was determined that there were no other material subsequent events that required recognition or additional disclosures in these financial statements.
