(1) Description of Plan

The following description of the Orlando Sports Holdings, LLC ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan was originally established April 1, 2015 and was amended and restated effective April 1, 2017. The Plan is a defined contribution plan covering all full-time employees of Orlando Sports Holdings, LLC and any participating Affiliates ("the Company"). All employees are eligible to participate in the Plan the first day of each month after three months of service and after reaching age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended.

(b) Contributions

Each year, participants may elect to defer up to 90% of their pretax annual compensation, as defined by the Plan, not to exceed the maximum amount allowable by the Internal Revenue Code ("IRC") as a basic contribution. Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions as permitted by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover"). Participants direct the investment of their contributions into various investment options offered by the Plan. The employer may make discretionary matching contributions to eligible employees. For the years ended December 31, 2017 and 2016, the employer made no discretionary matching contributions to the Plan.

All participant and employer contributions are subject to the limitations specified by the Plan and the Internal Revenue Code and Regulations.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, and employer matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan (Continued)

(d) Vesting of Benefits

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contribution portion of their account plus earnings thereon is based on years of continuous service. Participants are 100% vested after six years of credited service.

Vesting rights accrue as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, is set at two percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

(f) Payment and Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of their vested balance in their account, or have the amount rolled into a qualified plan or IRA. In the event of death before termination and before distributions of their benefits has begun, they will be 100% vested in their account. If an employee leaves the Company, and their vested account balance is greater than $5,000, they can receive their vested benefit in a single lump sum payment or have the amount rolled into a qualified plan or IRA. If the vested amount is $5,000 or less on the applicable valuation date as provided under the Plan, the Company can cash their entire vested account balance out of the Plan.

(1) Description of Plan (Continued)

(g) Forfeitures

Any non-vested portion of an account balance after the distribution of terminated participants vested account balance is forfeited.

Non-vested Company discretionary matching contributions forfeited by participants are used to reduce Company contributions to the Plan.

(h) Hardship Withdrawals

Hardship withdrawals are subject to certain limits set by the Plan. Hardship withdrawals will be considered for participants for certain medical expenses, to pay the cost related to the purchase of a principal residence, payment of tuition and related educational fees for the next twelve months of post-secondary education, and payments to prevent eviction from principal residence. Hardship withdrawals may be made once in a twelve-month period and will be paid as soon as practical following the receipt of all information necessary to make payment. Participants will be suspended from making elective contributions to this Plan or any other qualified or nonqualified plan(s) of their employer for six months following the hardship withdrawal. The withdrawal may not exceed the amount necessary to meet the need but may include amounts necessary to pay federal, state or local income taxes and penalties resulting from the withdrawal. The withdrawal may be subject to both the additional 10% federal tax penalty described below and ordinary income tax.

Hardship withdrawals may be made only if there are no other resources available to meet the financial need, including loans from the Plan (if provided under the Plan) or any other plan(s) maintained by the Employer. Hardship withdrawals may not be rolled over to another qualified employer plan or Individual Retirement Account.

For the year ended December 31, 2017 it was noted that one hardship withdrawal was distributed that did not meet Plan guidelines. Corrective action has been taken by the employer per IRS regulations.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

(2) Summary of Significant Accounting Policies (Continued)

(b) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes Receivable from Participants

Participants' notes are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan agreement.

(d) Benefits Paid

The Plan records benefit payments when paid.

(e) Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(f) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in net assets and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies (Continued)

(g) Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(h) Concentration of Credit Risk

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of the Plan's investments. Management believes that the Trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure of any particular investment.

(3) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 962-820, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Level 1 - Fair values are based on quoted prices (unadjusted) in active markets for identical assets that the plan has the ability to access at the measurement date.

Level 2 - Fair values are based on inputs other than quoted prices included within Level 1 that are observable for valuing the asset or liability, either directly or indirectly (i.e. interest rate and yield curves observable at commonly quoted intervals, default rates, etc.). Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

(3) Fair Value Measurements (Continued)

Level 3 - Fair values are based on unobservable inputs used for valuing the asset or liability. Unobservable inputs are those that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances. An example could be real estate valuations, which require significant judgement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ('NAV') and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust - Valued based upon the units of such collective trust fund held by the Plan at year end multiplied by the respective unit value. The unit value of the collective trust fund is based upon significant observable inputs, although it is not based upon quoted marked prices in an active market

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Assets at fair value:				
Mutual funds	$ 486,324	$ -	$ -	$ 486,324
Common/Collective Trust	-	36,047	-	36,047
Total assets at fair value	$ 486,324	$ 36,047	$ -	$ 522,371

	2016			
	Level 1	Level 2	Level 3	Total
Assets at fair value -				
Mutual funds	$ 310,306	$ -	$ -	$ 310,306
Total assets at fair value	$ 310,306	$ -	$ -	$ 310,306

(4) Certification of Investment Information

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2017 and 2016; net appreciation in fair value of the investments and interest and dividends for the year ended December 31, 2017, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust and Transamerica Retirement Solutions, the trustees of the Plan.

(5) Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

(6) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(7) Party-In-Interest

Certain Plan investments are managed by Transamerica Retirement Solutions through April 3, 2017 and Reliance Trust from April 3, 2017 through the period ended December 31, 2017, the trustees of the Plan. These transactions qualify as party in interest transactions. Fees paid by the Plan for the investment management services amounted to $3,180 for the year ended December 31, 2017.

(8) Subsequent Events

The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.
