INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
EthosEnergy Pension Plan for Union Employees

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of EthosEnergy Pension Plan for Union Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2016, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2017 and Schedule of Reportable Transactions for the year ended December 31, 2017 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE ETHOSENERGY PENSION PLAN FOR UNION EMPLOYEES

Notes to Financial Statements

December 31, 2017

NOTE 1 – PLAN DESCRIPTION

General

EthosEnergy Pension Plan for Union Employees (the “Plan”) was established May 6, 2014. The Plan is a defined benefit plan, which provides for retirement and death benefits to employees of EthosEnergy GTS Holdings (US) Inc. (the “Plan Sponsor” or “Employer”) which is a member of the United Brotherhood of Carpenters and Joiners of America Local Union Number 724, as described in the Plan document. The Plan is a continuation of the participation and benefits provided for the benefit of participants under a predecessor pension plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

The Employer is the Administrator of the Plan. The primary responsibility of the Administrator is to administer the Plan for the exclusive benefit of the participants and their beneficiaries, subject to the specific terms of the Plan.

Eligibility

Any employee who 1) is a member of the United Brotherhood of Carpenters and Joiners of America Local Union Number 724; 2) is working for EthosEnergy GTS Holdings (US) Inc. LLC; 3) has completed 1,000 hours of service within 12 consecutive months of service; and 4) has attained age 21 is eligible to participate in the Plan. The service requirement is waived for former participants of the Siemens Pension Plan for Union Employees whose liability and assets were merged into this Plan, and who were employed on May 6, 2014. Such eligible employees entered the Plan on May 6, 2014.

Vesting

The Plan generally provides 100% vesting to participants after 5 years of credited service, as defined. The Plan also allows for a Top-Heavy vesting schedule if the Plan ever becomes a Top Heavy Plan. Participants should refer to the Plan document for a more complete description of the Plan’s vesting provisions under top heavy Plan years.

Funding Policy

The Plan’s funding policy is for the Employer to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During the year ended December 31, 2017, Employer contributions were \$150,000.

NOTE 1 – PLAN DESCRIPTION – (CONTINUED)

Termination of the Plan

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Retirement Benefits

Normal retirement benefit

The amount of monthly retirement benefit to be provided for each participant who retires on the participant's normal retirement date (attained the age of 65 or the 5th anniversary of joining the Plan, if later) shall be equal to the participant's accrued benefit. An active participant's accrued benefit is based on a retirement benefit formula equal to \$42.00 per month for each Plan year of service, up to a maximum of 35 years, with the Employer. As provided per the Plan document, in no event shall a participant's accrued benefit as of May 6, 2014 for former participants of the Siemens Pension Plan be less than the participant's accrued benefit as of May 6, 2014, as determined under the Siemens Pension Plan for Union Employees.

Early Retirement

A participant may elect to retire on an early retirement date (attained the age of 55 and completed at least 15 years of Plan years of service). In the event that a participant makes such an election, such participant shall be entitled to receive an early retirement benefit equal to the participant's accrued benefit payable at the participant's normal retirement date. However, if a Participant so elects, such Participant may receive payment of an early retirement benefit commencing on the first day of the month coinciding with or next following the participant's early retirement date, which early retirement benefit shall equal the actuarial equivalent of the participant's accrued benefit.

Death and Disability Benefits

The death benefit provided under this Plan shall be the minimum spouse's death benefit provided per the Plan document. The beneficiary of the death benefit shall be the participant's spouse, who shall receive such benefit in the form of a pre-retirement survivor annuity, as defined in the Plan document. For purposes of this benefit, the spouse must have been legally married to the Participant for at least one year prior to the participant's death. No disability benefits, other than those payable upon termination of employment, are provided by the Plan.

Distribution of Benefits

Unless otherwise elected as provided, a participant who is married on the date monthly benefit payments commence, and who does not die before the date monthly benefit payments commence shall receive monthly retirement benefits in the form of a joint and survivor annuity. The joint and survivor annuity is an annuity that commences immediately and shall be the Actuarial Equivalent of the Participant's Accrued Benefit. Such joint and survivor benefits following the Participant's death shall continue to the spouse during the spouse's lifetime at a rate equal to 50% of the rate at which such benefits were payable to the Participant.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and trustee. See Note 5 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded upon distribution.

Plan Expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses that are paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in appreciation of fair value investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events Measurement Date

The Plan monitored and evaluated any subsequent events for footnote disclosures or adjustments required in its financial statements for the Plan year ended December 31, 2017 through October 9, 2018, the date on which financial statements were available to be issued.

NOTE 3 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' vested months of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2016 were (a) life expectancy of participants using the RP 2014 Mortality Table for males and females with generational mortality using Scale MP 2016, (b) retirement age assumptions (the assumed average retirement age was 65), and (c) investment return. The interest rate used to discount the obligation for 2016 was 6.00% percent, which included anticipated administrative expenses associated with providing benefits. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 4 – PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- 1) to provide pensions to retired participants who have retired under the Plan prior to its termination without reference to the order of retirement;
- 2) to provide normal retirement benefits to participants who have reached their normal retirement dates but have not retired on the date of termination, without reference to the order in which they shall have reached their normal retirement date;
- 3) to provide normal retirement benefits to participants who have not yet reached their normal retirement date on the date of termination, without reference to the order in which they will reach their normal retirement date. Such benefits will be based upon accrued benefits as of the date of termination. The balance, if any, of the assets due to erroneous actuarial computation held by the trust fund after such allocation shall be returned to the Employer, but only after the satisfaction of all liabilities with respect to Participants and pensions under the Plan.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

NOTE 4 – PLAN TERMINATION – (CONTINUED)

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 or 2016.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Government securities and municipal bonds: Valued using pricing models maximizing the use of observable inputs for similar securities.

NOTE 5 – FAIR VALUE MEASUREMENTS – (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

Investments at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 1,387,840	\$ -	\$ -	\$ 1,387,840

Total investments at fair value	<u>\$ 1,140,101</u>	<u>\$ 4,562,390</u>	<u>\$ -</u>	<u>\$ 5,702,491</u>

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated Plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated November 2, 2016, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is not subject to income tax examinations for the fiscal years prior to 2014.

NOTE 8 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain assets are managed by Charles Schwab Bank. Charles Schwab Bank is the asset trustee of the Plan, and therefore, transactions processed qualify as party-in-interest transactions. Fees paid by the Plan to Charles Schwab Bank in aggregate totaled \$55,989 and \$54,998 for the years ended December 31, 2017 and 2016, respectively. Certain investment related expenses are credited directly against the return on those investments.

NOTE 9 – CERTIFIED INFORMATION

Certain information related to assets disclosed in the accompanying financial statements and supplemental schedules, including total investments and interest bearing cash at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Bank.

NOTE 10 – ADJUSTED FUNDING TARGET ATTAINMENT PERCENTAGE

The Pension Protection Act of 2006 as amended by the Worker, Retiree and Employer Recovery Act of 2008 imposes certain benefit restrictions for qualified defined benefit plans that do not meet certain funding thresholds. The “At-Risk” status is referred to as the Funding Target Attainment Percentage. A plan’s funded percentage is referred to as the Adjusted Funding Target Attainment Percentage (“AFTAP”). The December 31, 2017 AFTAP for the Plan is 100.74%. Because the Plan’s AFTAP exceeds 80%, the Plan is not subject to any benefit restrictions.

Other Assumptions

Form of Payment	100% of cash balance participants are assumed to elect a lump sum payment. 100% of all other future retirees are assumed to elect a single life annuity.
Administrative Expenses	\$50,100 expected for the 2017 plan year.
Maximum Benefit (Limited under IRC Sec. 415)	\$215,000 for 2017.
Change in Funding Assumptions	The Cash Balance Interest Crediting Rate was updated from 2.86% to 2.26%. The Administrative Expenses assumption was increased from \$42,000 to \$50,100. The segment rates and mortality assumption have been updated as prescribed in IRS regulations.

Methods

Asset Valuation Method	The value of plan assets is equal to the fair value. For the ERISA funding valuation, discounted receivable contributions are added to the fair value of assets.
Unit Credit Actuarial Cost Method	The <u>Unit Credit Actuarial Cost Method</u> is used to determine the Funding Target (FT) for PPA funding purpose. The normal cost for each employee is the present value of the benefit which accrues during that current year. The total normal cost is the sum of the normal costs for all active participants plus expected administrative expenses.
Change in Methods	No changes from the prior year.

SCHEDULE SB, PART V – SUMMARY OF PLAN PROVISIONS

Effective Date	May 6, 2014
Coverage	Eligible union employees who were employed by TurboCare, Inc. prior to July 7, 2008.
Eligibility	No new entrants are eligible to participate in the plan.
Eligibility Service	All employees are eligible to participate upon attainment of age 21 and completion of one year of service.
Vesting Service	A year of service is credited for any 12 consecutive months in which 1,000 hours of service is worked, including service under the prior plan, calculated from date of hire.
Benefit Service	A year of service is credited for any 12 consecutive months in which 1,800 hours of service is worked, prorated for service over 1,000 hours and partial credit for less than 1,000 hours, calculated from date of hire. Service under the prior plan is included under the plan.
Retirement Dates:	
➤ Normal	The first day of the month coincident with or next following the later of the participant's 65 th birthday, and the 5 th anniversary of joining the Plan.
➤ Early	A participant may elect to retire early on the first day of any month after he has attained age 55 and completed 15 years of Vesting Service.
➤ Late	The first day of the month coincident with or next following the date the participant terminates employment, if such termination occurs after his Normal Retirement Date.

SCHEDULE SB, PART V – SUMMARY OF PLAN PROVISIONS

The amount of monthly retirement income for each year of Benefit Service, commencing on his normal retirement date. Multiplier was originally \$15 and increased in the future per the schedule below:

<u>Date of Termination</u>	<u>Benefit Multiplier</u>
