1. Description of the Plan

The following description of the Heartland Family Service Retirement Plan (the "Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Heartland Family Service Retirement Plan is a tax-sheltered annuity plan covering the employees of the plan sponsor, Heartland Family Service (the "Agency" or the "Plan Sponsor"). The Plan is a defined contribution plan covering employees working twenty hours or more per week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and is intended to qualify under the applicable sections of the Internal Revenue Code (the "Code").

Eligibility – Employees who work twenty hours or more per week are immediately eligible to participate in the Plan. Employees who obtain the age of 18 years, have been employed for three months, and work thirty hours or more per week are eligible for matching contributions.

Contributions – Participants may contribute up to 100% of their annual compensation to the Plan, not to exceed the maximum allowed by the Code, through either pre-tax or after tax Roth contributions. Participants age fifty and older by the end of the calendar year may contribute catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit plans (rollover). The Agency makes matching contributions equal to 100% of participant contributions who contribute less than 5% of their compensation. If the participant contributes 5% or more of their compensation, the Agency's matching contribution is equal to 7% of the participant's compensation. Participants direct the investment of all contributions into various options offered by the Plan.

Participant Accounts – Each participant account is credited with the participant's contribution and matching contributions as well as allocations of any Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan - Continued

Vesting – Participant's interest is fully vested at all times in their individual elective contributions plus actual earnings and losses thereon. A participant's interest in matching Agency contributions is subject to the following vesting percentages:

Number of Years of Credited Service at Date of Termination	Nonforfeitable Vested Percentage
Less than 3 years	0%
3 years or more	100%

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent of their account balance. Participants are not to have more than two outstanding loans at any time. The loans are secured by the balance in the participant's account. The loan interest rate is set at the USA Today prime rate plus one percent, as defined (5.50% at December 31, 2017). Principal and interest is paid ratably through periodic payroll deductions. Prior to January 1, 2015, participants could borrow from Metropolitan Life Insurance Company (MetLife). The loans were not assets of the Plan. Certain loans remain outstanding and are collateralized by the balance in the participant's account in the Plan.

Payment of Benefits – On termination of service, a participant may elect to receive a single lump sum amount equal to the value of the participant's vested account, a series of monthly installment payments over a specific period of at least twenty-four months, or a fixed or variable annuity distribution. If the vested account balance is less than $1,000, a lump sum distribution will be made.

Forfeitures – Forfeited participant balances are retained by the Plan and used to offset future Agency contributions or to pay Plan administrative expenses. There were no significant forfeited accounts as of December 31, 2017 and 2016. Forfeitures of $15,198 and $28,848 were used to offset Agency contributions during the years ended December 31, 2017 and 2016, respectively.

2. Summary of Significant Accounting Policies and Procedures

Basis of Accounting – The accompanying financial statements of the Plan are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies and Procedures - Continued

Risk and Uncertainties – The Plan provides investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with the Plan's investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for plan benefits.

Investment Valuation and Income Recognition – Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes Plan gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participant – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017. Delinquent participant loans, if applicable, are recorded as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Trustee fees and administrative costs are paid by the Plan, except the Agency, at its discretion, may pay for certain administrative costs. Costs directly related to notes receivable from participants are charged to the borrowing participant's account and are included in administrative expenses. Fees are reported gross on the statement of changes in net assets available for benefits.

Subsequent Period – Management evaluated transactions and events occurring subsequent to December 31, 2017, and through October 11, 2018, the date the financial statements were available to be issued, to determine whether any events should be recognized or disclosed in these statements. There were no material transactions or events in the subsequent period requiring disclosure or recognition in the statements except as discussed in Note 9 to the financial statements.

3. Investments

Investments disclosed in the financial statements and supplemental schedule at December 31, 2017 and 2016, and net appreciation in fair value of investments, dividends and interest income for the years then ended, were obtained or derived from information supplied by the Plan Administrator and certified as complete and accurate by MetLife and AXA Equitable Life Insurance Company (AXA). The following is a summary of the information certified:

	2017	2016
Investments, at fair value	$6,292,423	5,175,328
Net appreciation in fair value of investments	663,445	207,521
Dividend income	131,016	107,343
Interest income	25,402	25,574

4. Guaranteed Investment Contracts

Investments in guaranteed investment contracts are held with MetLife and AXA. These investment contracts are reported at fair value as the investments are not fully benefit responsive. The fair value is the value of contributions plus crediting interest less any early withdrawal charges. Plan participants may direct the withdrawal or transfer of all or a portion of their investments. The average yields and crediting interest rates for the various investment contracts as of December 31, 2017 and 2016 ranged from 1.32% to 3.0%.

5. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Codification Section 820, *Fair Value Measurements* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Guaranteed investment contracts: Valued based on the amount plan participants would receive currently if they were to withdraw funds which is contributions plus crediting interest less any early withdrawal charges.

Separate accounts: Valued at the net asset value (NAV), based upon the market value of its underlying investments, which may include equities, preferred stock, bonds, real estate, and mutual funds. A separate account NAV is provided by the issuer AXA and is not a publicly-quoted price in an active market.

5. Fair Value Measurements - Continued

Annuity contracts: Valued at the unit values for the annuity investment option in accordance with the methods described in the annuity contract on a daily basis.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. These funds are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total

Total assets in the fair value hierarchy	$5,333,293	3,202	865,299	6,201,795
Investments measured at net asset value(1)				90,628
Total investments at fair value				**$ 6,292,423**

	Investments at Fair Value as of December 31, 2016

Investments measured at net asset value(1)				83,298

(1) In accordance with ASC 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to investments at fair value presented on the statement of net assets available for benefits.

5. Fair Value Measurements - Continued

6. Plan Termination

The Agency has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, participants become fully vested in their employer contributions. See Note 9 for further details on termination.

7. Tax Status

Sponsors of 403(b) plans are generally required to maintain a written plan that satisfies, in both form and operation, the requirements of the Internal Revenue Code (IRC) final regulations. The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator believes the Plan has been designed to comply with the requirements of the Code and thus believes the Plan is qualified and the related trust is tax-exempt.

The Plan is not a taxpaying entity for income tax purposes and, accordingly, no provision has been made for income taxes. The Plan recognizes the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained upon examination by the taxing authorities, based on the technical merits of the position. As of December 31, 2017, there are no known items which would result in a material accrual attributable to uncertain tax positions.

8. Party-in-Interest Transactions

Certain Plan investments are managed by MetLife and AXA. These are the issuers of the Plan investments and, therefore, these Plan transactions qualify as party-in-interest transactions. Substantially all administrative expenses are party-in-interest transactions.

9. Subsequent Event

On March 22, 2018, the Board of Directors of the Agency resolved to terminate the Plan. Participants will have the ability to rollover their accounts to a separate 401(k) plan formed by the Agency.
