NOTE 1 - DESCRIPTION OF PLAN

The following description of the PECO Pallet Inc. 401(k) Plan (the "Plan") is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL/ELIGIBILITY

The Plan is a defined-contribution plan for the benefit of all full-time employees of PECO Pallet Inc. (the "Company" or "Plan Sponsor"), excluding union employees, part-time employees, residents of Puerto Rico, and non-resident aliens. Effective January 1, 2016, an employee is eligible to become a participant on the employment commencement date and attainment of age 21. Eligible employees may enroll, at their discretion, immediately after determination regarding eligibility is made. The Plan is designed in accordance with Section 401(k) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

During the plan year ended December 31, 2017, Great-West Trust Company, LLC (hereon referred to as "Great-West") was the custodian and record keeper of the Plan.

CONTRIBUTIONS

Participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, subject to the Internal Revenue Service ("IRS") prescribed limit of $18,000 in 2017. Eligible participants, who have attained age 50 or older, may make additional annual contributions to a maximum of $6,000 in 2017. Participants may also contribute amounts representing distributions from other qualified plans.

Once eligible to enter the Plan as defined by the Plan agreement noted above, participants are eligible to begin to receive matching contributions. The total amount of matching contributions allocated to a participant in any Plan year will not exceed 6.00% of compensation. Matching contributions will be made to the Plan and allocated to the matching contribution accounts of participants who meet the necessary requirements detailed in eligibility paragraph as administratively feasible after the end of each pay period. There may also be further restrictions on the matching contributions for highly-compensated employees.

The Company may, in its sole discretion, make a Profit Sharing Contribution to the Plan on behalf of Plan participants, who have completed at least 1,000 hours of service during the Plan Year, and are employed by the Company on the last day of the Plan Year. There were no discretionary profit sharing contributions made by the Company for the year ended December 31, 2017.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entiled is the benefit that can be provided from the participant's vested account.

INVESTMENTS

Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are automatically invested in a manner identical to that elected by the participant on a pro-rata basis.

VESTING

Participants are vested immediately in their contributions, as well as the Company's matching and discretionary profit sharing contributions, plus actual earnings thereon.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts a minimum of $1,000 to a maximum equal to the lesser of $50,000, or 50% of their account balances, with a maximum of one loan outstanding at one time. The loans are secured by the balances in the participants' accounts and bear interest at rates of 1.0% over the prime rate published in the Wall Street Journal on the first business day of the month before the loan is originated. Interest rates for all outstanding loans as of December 31, 2017 and 2016 ranged from 4.25% to 5.25%. Principal and interest are paid by the participants ratably through bi-weekly payroll deductions. All loans to participants require repayments (principal and interest) over a period not to exceed five years, unless such loan is for the purchase of a participant's primary residence. Loan fees may be charged against the account of the participant with whom the loan is granted.

PAYMENT OF BENEFITS

At age 59-½ and thereafter, an active employee can withdraw funds from any portion of their balance at any time. Before age 59-½, withdrawals can be made only in the event of demonstrated financial hardship, as provided in the Plan document, according to the rules of the Internal Revenue Code.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PAYMENT OF BENEFITS (CONTINUED)

Upon termination of service due to death, disability, or retirement, the participant or beneficiary can elect to receive 100% of the participant's account balance in a lump sum amount, or leave the funds in the Plan. If a participant's vested account balance does not exceed $5,000 at the time of termination, the vested account will be distributed from the Plan in a lump sum payment, or rolled over to an Investment Retirement Account ("IRA") or qualified plan of the participant's new employer. If a participant's vested account exceeds $5,000 at the time of termination, the participant must consent to any distribution of the account. However, the Plan may distribute the vested account in a lump sum without consent at the time payments must begin under applicable federal law, which is generally April 1, following the latter of the calendar year in which a participant reaches the age of 70-½ years of age, or the termination date. For termination of service for all other reasons, a participant will receive the value of the vested interest in his or her account as a lump sum distribution.

FORFEITED ACCOUNTS

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $10,222 and $--, respectively. These accounts will be used to reduce contributions required or permitted to be made by the Company to the Plan in the Plan year in which such forfeitures occur or in the next succeeding Plan year (if necessary) including any restorative contributions required or permitted to be made to the Plan by the Company (including, but not limited to, qualified non-elective contributions), and to pay the reasonable expenses of administering the Plan. Also, for the year ended December 31, 2017, there were no forfeitures used to reduce the Company contributions or Plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements of the Plan are prepared on the accrual method of accounting, except for benefit payments, which are recorded when paid.

USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENTS

The investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors (see Note 5 for discussion of fair value measurements.)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the "ex-dividend" date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in the net change in appreciation in fair value of investments for such investments.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

ADMINISTRATIVE EXPENSES

The Plan absorbed substantially all expenses attributable to the Plan during the year ended December 31, 2017. Fees related to the adminstration of notes receivable from participants and benefits paid are charged directly to the participant's account and are included in administrative expenses. Administrative expenses of $1,389 incurred by the Plan represent administrative fees for participant loans, distribution for terminated employees, and other service fees paid from participant accounts during the year ended December 31, 2017.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PAYMENT OF BENEFITS

Benefits are recorded when paid. There were no benefit payments outstanding to participants as of December 31, 2017 and 2016.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

NOTE 3 - TAX STATUS

The Company, as the Plan's Sponsor, adopted a non-standardized prototype plan, which received an Internal Revenue Service ("IRS") opinion letter, dated March 31, 2014, which states that the prototype document satisfies the applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter from the IRS. The Plan has subsequently been amended. The Plan's management and the Plan's tax counsel believe that the Plan is currently designed, and is being operated, in compliance with the applicable requirements of the IRC, and that the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress.

NOTE 4 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right, under the Plan, to discontinue its contributions at any time, or to amend, merge, or terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB'), *Accounting Standards Codification* ('ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes that inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

MUTUAL FUNDS

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 6 - INFORMATION CERTIFIED BY GREAT-WEST

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Great-West, the custodian for the Plan, as of December 31, 2017 and 2016, and for the year ended December 31, 2017, except for comparing the information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds which are managed by an affiliate of the Plan's custodian and, therefore, these transactions qualify as party-in-interest transactions during the year ended December 31, 2017, which are exempt from the prohibited transaction rules.

The Plan extends loans to participants, who are considered parties-in-interest. Therefore, these transactions qualify as party-in-interest transactions.
