## **1. DESCRIPTION OF THE PLAN:**

The following brief description of the Sogeti USA 401(k) Profit Sharing Plan (the "Plan") formerly known is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### **Plan amendments**

Effective October 1, 2017, the Plan's name was changed from Sogeti USA, LLC 401(k) Profit Sharing Plan to Sogeti USA 401(k) Profit Sharing Plan. At the same time, the Plan Sponsor was changed from Sogeti USA LLC to Capgemini America, Inc. (the "Plan Sponsor") and the Plan amended to cover only employees of the Plan Sponsor classified as part of the Sogeti business unit.

### **General**

The Plan is a defined contribution pension plan covering all employees who are at least twenty-one years of age of Sogeti USA LLC through September 30, 2017 and effective October 1, 2017, all employees of Capgemini America, Inc. who are classified as part of the Sogeti business unit. Employees enter the plan as of the first of the calendar month after or coinciding with date of hire or upon attaining twenty-one years of age. Effective October 1, 2017, the Plan was amended to change the Plan Sponsor to Capgemini America, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

### **Contributions**

Upon meeting eligibility requirements, participants are automatically enrolled in the Plan and have their deferral rate set at 6% of eligible compensation unless the participant elects a different rate or elects not to participate in the Plan. Beginning January 1, 2017, participants may contribute up to 33 percent of annual base compensation, as defined in the Plan. Prior to that time, participants were permitted to contribute up to 18 percent of annual base compensation to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes 150 percent of the first 6 percent of base compensation that a participant contributes to the Plan on an annual basis. To be eligible for matching contributions, participants must be employed on the last day of the Plan year.

The Company may make a discretionary profit sharing contribution up to 10% of base compensation. To be eligible for discretionary profit sharing contributions, employees must be employed on the last day of the Plan year. The Company elected not to make discretionary contributions for the Plan years ended December 31, 2017 and 2016. Contributions are subject to certain IRS limitations.

### **Participant accounts**

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **Vesting**

Participants are vested immediately in their voluntary contributions and any earnings or losses thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service on matching and profit sharing contributions.

**Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Each loan will bear interest at a fixed rate which is determined from time to time by the plan administrator; loan interest rates must be comparable to the interest rates charged by persons in the business of making loans to individuals under similar circumstances. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions. The loans are generally payable within five years, except for certain home-related loans which are payable over a maximum of thirty years.

**Forfeitures**

Forfeitures of non-vested Company contributions and allocated earnings are used to reduce future employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$1,675,796 and \$1,550,467, respectively. Amounts forfeited by terminated participants are used to reduce employer contributions. Employer contributions were reduced by \$827,000 and \$440,586 from forfeited non-vested accounts during 2017 and 2016, respectively.

**Payment of benefits**

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over their expected lifetime. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

The following are the significant accounting policies of the Plan:

**Basis of accounting**

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

**Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

**Investment valuation and income recognition**

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the basis of the terms of the Plan agreement.

**Withdrawals and payment of benefits**

Withdrawals and benefits are recorded upon distribution.

**Expenses**

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan receives revenue sharing payments from T. Rowe Price which are deposited into the Plan and can be used to pay administrative expense. The revenue sharing is recorded as other income in the accompanying statements of changes in net assets available for benefits. The Plan receives revenue sharing equal to 2.5 basis points per quarter, or an annualized rate of 10 basis points, multiplied by the Plan assets for the quarter. Administrative expenses related to notes receivable from participants are paid by the participants.

**Subsequent events**

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through the report date, the date on which the financial statements were available to be issued.

**3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:**

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016; and the supplemental schedule of assets held at end of year as of December 31, 2017; the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.

**4. FAIR VALUE MEASUREMENTS:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts. It is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

| Assets at Fair Value at December 31, 2017 |                |         |         |             |

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

**4. RELATED PARTY TRANSACTIONS:**

Certain plan investments are shares of registered investment companies and common collective trusts managed by T. Rowe Price Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the recordkeeping services amounted to \$244,751 and \$284,658 for the years ended December 31, 2017 and 2016, respectively. Additionally, the Plan holds common stock of Cap Gemini S. A., which is the parent company of the Plan Sponsor. Common stock of Cap Gemini S.A. held by the Plan amounted to \$149,882 and \$108,159 as of December 31, 2017 and December 31, 2016, respectively.

**5. PLAN TERMINATION:**

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all benefits will be distributed to participants and beneficiaries in proportion to their respective account balances.

**6. TAX STATUS:**

The IRS has determined and informed the plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

**7. RISK AND UNCERTAINTIES:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
