Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions, Company Safe Harbor contributions, and Company profit sharing contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Repayment of loans shall not exceed five years, unless such loan is for the purchase of a participant's primary residence, in which case, the repayment of the loan shall not exceed ten years. Principal and interest is paid ratably through payroll deductions. However, if a participant terminates employment through the action of the Company, then within 60 days of termination the participant may request that the Plan Administrator roll over a loan to the new employer's retirement plan (if such new plan will accept the loan roll over). If the loan is not rolled over, any default in repayment to the Plan will result in the treating of the balance due for the loan as a taxable distribution from the Plan.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

DECEMBER 31, 2017 AND 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account, and certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan may be allocated to participant accounts as provided by the Plan document. Such expenses are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investment presented in the accompanying statement of changes in net assets available for benefits.

PREMIER MANUFACTURING GROUP, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017, and the supplemental schedule of assets (held at end of year) as of December 31, 2017.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. A money market fund is an open-ended mutual fund that invests in cash, U.S. Government debt securities, and fully collateralized repurchase agreements. Such securities are classified within Level 1 of the valuation hierarchy

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2017				
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 353	\$ -	\$ -	\$ 353
Mutual Funds	3,355,693	-	-	3,355,693
Total Investments at Fair Value	<u>\$ 3,356,046</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,356,046</u>

2016 (Unaudited)				
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 351	\$ -	\$ -	\$ 351
Mutual Funds	3,248,952	-	-	3,248,952
Total Investments at Fair Value	<u>\$ 3,249,303</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,249,303</u>

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would remain 100% vested in their Company contributions.

PREMIER MANUFACTURING GROUP, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an advisory letter dated March 31, 2014, received from the IRS on the volume submitter plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

As described in Note 2, fees are incurred by the Plan for the administration of notes receivable and benefit payments from participants, and in connection with the general administration of the Plan, which are paid to Fidelity. These transactions qualify as party-in-interest transactions for which a statutory exemption exists. The Plan sponsor pays directly any other fees related to the Plan's operations.

PREMIER MANUFACTURING GROUP, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 DESCRIPTION OF PLAN

The following description of Premier Manufacturing Group, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective March 31, 2006. The Plan has been amended throughout the years to comply with tax legislation and most recently amended and restated in its entirety effective May 18, 2015. The Plan excludes nonresident aliens, employees covered by a collective bargaining agreement, and residents of Puerto Rico. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Committee is responsible for the oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Eligibility

Employees of Premier Manufacturing Group, Inc. dba: Electri-Cable Assemblies (the Company) are eligible to participate in the deferral and match components of the Plan on the first day of the month after completing three months of service and upon turning 21 years of age. Participants are eligible for the profit sharing contribution if they meet the eligibility requirements above, attain 1,000 hours of service during the Plan year, and are employed on the last day of the Plan year (unless terminated during the Plan year due to death or permanent disability, or after reaching normal retirement age).

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pretax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company provides Safe Harbor matching contributions of 100% of the participant's contributions up to 4% of the participant's annual compensation. The Company may, at its discretion, elect to make a profit sharing contribution to the Plan. There were no Company profit sharing contributions for the year ended December 31, 2017.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

PREMIER MANUFACTURING GROUP, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of the Company's profit sharing contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions, Company Safe Harbor contributions, and Company profit sharing contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Repayment of loans shall not exceed five years, unless such loan is for the purchase of a participant's primary residence, in which case, the repayment of the loan shall not exceed ten years. Principal and interest is paid ratably through payroll deductions. However, if a participant terminates employment through the action of the Company, then within 60 days of termination the participant may request that the Plan Administrator roll over a loan to the new employer's retirement plan (if such new plan will accept the loan roll over). If the loan is not rolled over, any default in repayment to the Plan will result in the treating of the balance due for the loan as a taxable distribution from the Plan.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account, and certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan may be allocated to participant accounts as provided by the Plan document. Such expenses are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investment presented in the accompanying statement of changes in net assets available for benefits.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017, and the supplemental schedule of assets (held at end of year) as of December 31, 2017.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. A money market fund is an open-ended mutual fund that invests in cash, U.S. Government debt securities, and fully collateralized repurchase agreements. Such securities are classified within Level 1 of the valuation hierarchy

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2017				
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 353	\$ -	\$ -	\$ 353
Mutual Funds	3,355,693	-	-	3,355,693
Total Investments at Fair Value	<u>\$ 3,356,046</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,356,046</u>

2016 (Unaudited)				
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 351	\$ -	\$ -	\$ 351
Mutual Funds	3,248,952	-	-	3,248,952
Total Investments at Fair Value	<u>\$ 3,249,303</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,249,303</u>

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would remain 100% vested in their Company contributions.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an advisory letter dated March 31, 2014, received from the IRS on the volume submitter plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

As described in Note 2, fees are incurred by the Plan for the administration of notes receivable and benefit payments from participants, and in connection with the general administration of the Plan, which are paid to Fidelity. These transactions qualify as party-in-interest transactions for which a statutory exemption exists. The Plan sponsor pays directly any other fees related to the Plan's operations.
