NOTE 1: DESCRIPTION OF THE PLAN

The following description of Nora Lighting, Inc. & Related Co's Profit Sharing Plan, (the Plan) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Nora Lighting, Inc. & Plaza Wholesale Electric, Inc. (the Plan Sponsors), who may participate in the plan after one year of service and are age twenty-one or older. A break in the service occurs if an employee fails to complete more than 1000 hours of service during a year. Entry to the Plan will be on semiannual basis coincident with or next, following satisfaction of the eligibility requirements. Participant retirement age is the later of age 65 or the 5th anniversary of participation in the Plan, the Plan does not provide early retirement age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, the Company may make a contribution to the Plan known as a Profit Sharing Contribution at employer discretion. To be eligible participant must complete 1000 hours of service during the plan year and be employed the last day of the plan year. Participants may contribute up to 100 percent of their eligible, pretax annual compensation, subject to Internal Revenue Code dollar limits for 401(k) deferrals as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute (rollover) amounts representing pretax distributions from other qualified defined benefit or defined contribution plans. Rollovers are permitted even if you are not yet a participant, in-kind rollovers are also permitted.

In addition the Company may make matching contribution, the amounts of the match depends on participants contributions. The Company may elect each year, to match based on discretionary percentage allocated proportionate to participants' contribution, flat dollar amount or tiered formula. The Company may make additional employer contributions in order to pass certain nondiscrimination tests. These are called qualified non-elective and qualified matching contributions.

All contributions to the plan, including any matching and profit sharing funds by the employers are invested at the direction of the participants.

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited or charged with his or her contributions and an allocation of a) the Company's profit sharing contribution, b) Plan earnings or losses and, c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of any trustee administrative fees. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefits that can be provided from participant's vested account. Participants have a beneficial interest in the trust and may not exercise the rights of ownership, as can the trustee.

Investment Options

The Plan currently offers diversified investment funds as investment options for participants. The participants may change their investment options at any time, the Plan provides participants with sufficient information for them to make informed investment choices.

Vesting

Participants are vested immediately in their contributions adjusted by investment earnings or losses thereon. Company contributions are vested based on years of credited service. There is a graded vesting schedule whereby a participant is 100 percent vested after seven years of credited service as follow:

Years of service	Employer Matching	Profit sharing
Immediately upon participation	0%	0%
1	0%	0%
2	20%	20%
3	40%	40%
4	60%	60%
5	80%	80%
6	100%	100%

Upon retirement age, death, disablement of the participant, freezing or termination of the Plan by the Employer, a participant becomes fully vested.

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Payments of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account either a lump-sum amount, or in annual, quarterly or monthly basis, over a set number of years or based on your life expectancy. For participant with vested balance account less than $5,000 will receive the value to the vested interest in his or her account as a lump-sum distribution. The Plan also allows hardship withdrawals for qualifying circumstances before retirement age and in-service withdrawals for participant's whom reached age 59-1/2 and are fully vested in all their accounts.

Forfeitures

Forfeitures are used to reduce current or future employer contributions, or employer matching contributions, or administrative expenses of the Plan. The forfeiture occurs on the valuation date following the final and complete distribution date of distributable benefits. For December 31, 2017, there were no forfeitures, and as of December 31, 2017 no forfeitures were used to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their account balances and must obtain written spousal consent. Loans should not exceed 50% of participants vested account balance a minimum of $1,000 up to a maximum of $50,000, at the date of the loan application; reduced by the participant's highest outstanding loan balance in the previous twelve months and the existing loan balance, even if all or a portion of the balances have been repaid. The loans are generally segregated investments of the participant's borrowing the money. The loans are secured by the vested balance in the participant's account and bear interest at local prevailing rates. Borrowers repay principal and interest over five years or less via regular payroll deductions; however repayment period for loans to acquire principal residence may be extended to 20 years.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in the employer contributions.

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Administrative and Operating Expenses

The administrator's expenses were paid by the Company. The custodian's fees of basis points of assets invested were paid directly from these assets. Additional fees will also be applicable on benefit disbursements, loans and periodic payments, which are charge on participants' accounts. Under the terms of the Plan, some or all of the administrative expenses or fees will be paid or reduced by Forfeitures available to the Plan. Additional fees will also be applicable on advisory fees, benefit disbursements, loans and periodic payments, which are charged on participants' accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain amounts and disclosers. Accordingly actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributed for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participant would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contacts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016 (unaudited), no allowance for credit losses has been recorded. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments in pooled separated accounts are stated at fair value. Quoted market prices are used to value these investments. Interest income is recorded when earned; purchase and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Date of Management's Review

Subsequent events were evaluated through October 11, 2018, which is the date the financial statements were available to be issued.

Payments of benefits and Corrective distributions

Benefits and Corrective distributions are recorded when incurred.

NOTE 3: INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets:

	2017	2016

For the year ended December 31, 2017, net appreciation on investment, were $777,756. The investment information for 2016 were not audited.

NOTE 4: FINANCIAL DATA CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the custodian of the Plan, John Hancock Life Insurance Company for the period January 1, 2017 to December 31, 2017 and was not subjected to any auditing procedures performed by the independent public accountant:

a. Investments at fair value as shown in the accompanying statements of net assets available for plan benefits of $5,584,781 and $4,476,721, respectively, as of December 31, 2017, and 2016 (unaudited).
b. Investment gains of $777,756, interest income on participant loans of $9,721, as shown in the accompanying statement of changes in net assets available for benefit for the year ended December 31, 2017.
c. Total assets held at December 31, 2017 as shown in the accompanying schedule of Assets (Held at End of Year).

NOTE 5: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an

amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and

NOTE 5: FAIR VALUE MEASUREMENTS (continued)

consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1: Valuations are based on quoted prices in active markets for identical assets or liabilities.
Level 2: Valuations are based on observable inputs (assumptions obtained from independent sources) for the asset or liability, either directly or indirectly.
Level 3: Valuations are based on unobservable inputs (assumptions based on the best information available) that are significant to the fair value of the assets or liabilities.

When available the Plan measures fair value using Level 1 inputs because they are generally provide the most reliable evidence of fair value. Level 2 and 3 inputs were only used when Level 1 inputs were not available to the Plan. There have been no changes in the methodologies used at December 31, 2017 and 2016. Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017 and 2017.

Level 1 Fair Value Measurement: The fair value of Pooled Separate Accounts (mutual funds) is valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5: FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

December 31, 2017	Level 2	Level 1	Level 3	Total
Pooled Separated Accounts	$ 5,584,781	-	-	$ 5,584,781
Total investment at fair value	$ 5,584,781	-	-	$ 5,584,781

December 31, 2016 (unaudited)	Level 2	Level	Level	Total
Pooled Separated Accounts	$ 4,476,721			$ 4,476,721
Total investment at fair value	$ 4,476,721	-	-	$ 4,476,721

NOTE 6: TAX STATUS

The Internal Revenue Service has determined and informed the applicant by a letter dated September 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not based on the technical merits, to be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 7: RELATED PARTY TRANSACTIONS

The Plan investments are managed by John Hancock Life Insurance Company. Investment transactions qualify as party-in-interest transactions. Direct and Indirect fees paid by the Plan for the investment management services amounted to $5,363 for the year ended December 31, 2017. The party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2017.
