PARK PLACE TECHNOLOGIES 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the Park Place Technologies 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan in which employees of Park Place Technologies, LLC (the Company), are eligible to participate immediately upon hiring and attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to contribute up to \$18,000 in 2017 and 2016, respectively, (plus catch up contributions as defined in the Plan document) or 75% of their compensation to the Plan on a pre-tax or after-tax Roth basis. The Company matches 50% of the participant's deferrals up to 3% of compensation. The Company can make discretionary contributions based on operating results of the Company and other factors. Rollover contributions are permitted as described in the Plan document. Participants are able to direct their contributions into a variety of investment options offered by the Plan.

Company matching contributions were \$1,141,314 and \$619,854 for the years ended December 31, 2017 and 2016, respectively. There were no discretionary contributions for the years ended December 31, 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company matching contributions, allocations of the Company's discretionary contributions, and any earnings thereon, and charged with an allocation of administrative expenses. Discretionary contributions are allocated to participants based on their compensation for the Plan year. Allocations of the earnings and expenses are based upon the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of continuous service according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 3 years	0%
3 years or more	100%

PARK PLACE TECHNOLOGIES 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's total vested account balance. The repayment period shall not be less than six months and no greater than five years, except for the purchase of a home where the term will be 30 years. All notes receivable with a repayment period in excess of six months shall be determined by the Plan sponsor in six month increments. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate (at the time of issuance) plus 1%. Principal and interest are paid ratably through payroll deductions. Interest income of \$18,440 and \$15,252 for 2017 and 2016, respectively, has been recorded as other income in the accompanying Statements of Changes in Net Assets Available for Benefits.

Payments of Benefits

Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive a distribution of his or her vested account balance in the form of a lump-sum payment or installment payments. If the vested account balance is less than \$5,000, a lump-sum distribution will be made to the participant regardless of whether the participant elects to receive it. In the case of severe financial hardship, the Company, in its sole discretion, could direct distributions of all or a portion of the participant's voluntary contributions, subject to certain restrictions.

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$74,051 and \$2,311, respectively. Forfeitures can be used to pay Plan expenses or reduce any Company contributions. For the years ended December 31, 2017 and 2016, respectively, forfeitures in the amount of \$15,303 and \$116,397 were used to reduce the Company's matching contributions.

PARK PLACE TECHNOLOGIES 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fund that holds a group annuity contract. This fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by Great West Life & Annuity Insurance Company, the custodian of the Plan, represents contributions, plus earnings, less participant withdrawals, wrapper fees, and administrative expenses.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan or the Company, at the discretion of the Company.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on the investments purchased and sold, as well as held, during the year.

PARK PLACE TECHNOLOGIES 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Group Annuity Contract

The Plan has a group annuity contract that is fully benefit-responsive and is recorded at contract value. Earnings on the contract are based on interest calculated at a specified rate. The crediting interest rates as of December 31, 2017 and 2016 were 1.10% and 1.16%, respectively. Crediting interest rates are determined daily by dividing earned income for the day by the new contract value. There are no events that may limit the ability of the Plan to transact at contract value. The investment advisor or the contract owner may terminate the group annuity contract with 60 days advance written notice to the other party.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Subsequent Events

The Company evaluated subsequent events through October 9, 2018, the date these financial statements were available to be issued. Effective January 1, 2018, the Plan provides for an Automatic Contribution Arrangement (ACA). Under the ACA provisions of the Plan, the Company will automatically withhold a deferral amount of 3% of compensation for each pay period for eligible participants unless participants elect different deferral rates or elect not to participate in the Plan. There were no other material subsequent events that required recognition or additional disclosure in these financial statements.

3. INFORMATION CERTIFIED BY THE CUSTODIANS

The following table presents investments and notes receivable. The investments, investment activity and notes receivable have been certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, the custodians of the Plan as of and for the years ended December 31, 2017 and 2016, and have not been audited by the independent auditors.

PARK PLACE TECHNOLOGIES 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

3. INFORMATION CERTIFIED BY THE CUSTODIANS (continued)

During 2017 and 2016, the Plan's pooled separate accounts (including investments purchased and sold, as well as held during the year) appreciated in value by \$2,446,384 and 863,280, respectively.

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 includes those inputs other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Cash – interest bearing – Valued at cost, which equals fair value.

Pooled separate accounts – The fair value of the mutual funds included in the underlying assets are used to determine the net asset value (NAV) of the account. The NAV is used as a practical expedient to estimate fair value.

PARK PLACE TECHNOLOGIES 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (continued)

Common/collective trusts – Valued at fair value of the underlying investments, which represents the NAV of the investments. NAV is used as an estimate of fair value; the Plan has the ability to redeem its investment at NAV as of the measurement date as collective investment trusts can be redeemed on a daily basis. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan has applied the practical expedient in ASC 820 for assets valued using NAV and therefore the pooled separate accounts and common/collective trusts are excluded from the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	<u>Total</u>
Investments measured at NAV as a practical expedient	
Pooled separate accounts	21,259,729
Common/collective trusts	<u>1,522,516</u>
Total assets at fair value	<u>\$ 22,782,245</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

Pooled separate accounts	\$ 15,449,482	N/A	Daily	Daily

5. TAX STATUS

The Company adopted a Volume Submitter Profit Sharing Plan with a cash or deferral arrangement. The Volume Submitter Profit Sharing Plan received a favorable opinion letter on March 31, 2014, which stated that the Plan was designed in compliance with the applicable requirements of the Internal Revenue Code (IRC).

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

7. PARTY-IN-INTEREST

Certain Plan investments are shares of a group annuity contract and pooled separate accounts managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company. Great-West Life & Annuity Insurance Company and Great-West Trust Company are the custodians of the Plan as defined by the Plan document and, therefore, these investments qualify as party-in-interest transactions.

PARK PLACE TECHNOLOGIES 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. EMPLOYER MATCHING CONTRIBUTIONS CORRECTION

In order to correct the excess employer contributions as of December 31, 2017 the Plan administrator elected to allocate \$8,597 of the correcting employer contributions to forfeitures and withdraw the excess employer contributions from the affected participants.

In order to correct the excess employer contributions as of December 31, 2016, the Plan administrator elected to refund the correcting employer contributions, allocate the correcting employer contribution to forfeitures and withdraw the excess employer contributions from the affected participants. For the Plan year ended December 31, 2016, participants' contributions were reduced by a net amount of \$21,677. The net reductions represent amounts receivable from active participants and payable to active participants to return to them the required employer contributions to satisfy the relevant provisions of the Plan for the year ended December 31, 2016. The amount of \$15,301 has been included in the employer contributions receivable and the amounts of \$36,978 has been included in the excess contributions payable in the accompanying 2016 Statement of Net Assets Available for Benefits.

10. EXCESS CONTRIBUTIONS PAYABLE

In order to comply with the 402(g) contribution limit per the IRS guidelines, the Plan administrator elected to refund excess elective deferrals to the affected employees. For the Plan year ended December 31, 2017, participants' contributions were reduced by \$4,493. These amounts have been included as excess contributions payable in the accompanying Statements of Net Assets Available for Benefits.

11. RECONCILIATION TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:
