NOTE 1 – DESCRIPTION OF PLAN:

The following description of the Semersky Enterprises (Semersky) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all Semersky employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible employees may begin participation the first day of employment.

2. Contributions. Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan, up to $18,000 in 2017. Participants over 50 years of age may elect to contribute up to an additional $6,000 in 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Semersky may choose to contribute a discretionary percentage of each participant's elective deferral contributions and may also make additional discretionary contributions. There were no employer contributions in 2017.

3. Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) employer contributions, and (b) Plan earnings, and are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Semersky's matching and discretionary contribution portion, if any, of their accounts plus actual earnings thereon is based on continuous years of service. A participant is 100 percent vested after four years of credited service. As of December 31, 2017, Semersky has not made any contributions since the Plan's inception.

5. Investment Options. Upon enrollment in the Plan, a participant may direct employee contributions in a variety of investment options with differing investment strategies. Participants may change their investment options at any time.

6. Notes Receivable from Participants. Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN: (continued)

7. Forfeited Accounts. Forfeited nonvested accounts may first be used to reduce Plan expenses and any remaining forfeitures will reduce future employer contributions. There were no forfeited nonvested accounts in 2017.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Mutual fund gains, net, include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Related expenses are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the loan is deemed to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits:

Benefits are recorded when paid.

Expenses:

Semersky absorbs the significant administrative expenses of the Plan.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES: (continued)

Adoption of New Accounting Standards:

In May 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), ("ASU 2015-07").* The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. It also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient.

In July 2015 the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965):* (Part I) Fully Benefit-Responsive Investment Contract, (Part II) Plan Investment Disclosures, which simplifies the required disclosures related to employee benefit plans. Part I clarifies that indirect investments in fully benefit-responsive investment contracts through investment companies are measured at fair value. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

Both of these pronouncements are effective for fiscal years beginning after December 15, 2015 and are required to be adopted retroactively for all comparative periods presented; accordingly, the plan has adopted these pronouncements for the year ended December 31, 2016.

NOTE 3 – FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

1. Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

NOTE 3 – FAIR VALUE MEASUREMENTS: (continued)

2. Level 2: Inputs to the valuation methodology include:
    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the assets or liabilities;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

3. Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Investment Contract:

The Stable Value Investment Contract is a common/collective trust and is valued at NAV, as a practical expedient, as determined by the managers of the trust. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 – FAIR VALUE MEASUREMENTS: (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

		Fair Value Measurements Using:		
	Total	Level 1	Level 2	Level 3
December 31, 2017				
Mutual funds	$ 3,710,154	$ 3,710,154	$ 0	$ 0
Total assets in the fair value hierarchy	3,710,154	$ 3,710,154	$ 0	$ 0
Stable Value Investment Contract	13,376			
Total assets at fair value	$ 3,723,530			

		Fair Value Measurements Using:		
	Total	Level 1	Level 2	Level 3
December 31, 2016				
Mutual funds	$ 3,204,240	$ 3,204,240	$ 0	$ 0
Total assets in the fair value hierarchy	3,204,240	$ 3,204,240	$ 0	$ 0
Stable Value Investment Contract	11,901			
Total assets at fair value	$ 3,216,141			

The Stable Value Investment Contract that was measured at NAV has not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 4 – INVESTMENTS:

The Plan's investment trustee, Fidelity Management Trust Company (Fidelity), certified that the amounts included as investments at fair value, notes receivable from participants, interest and dividend income, and mutual fund gains and losses in the financial statements and supplementary schedule of assets held for investment are complete and accurate.

NOTE 5 – RELATED PARTY TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Fidelity and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $1,346 for the year ended December 31, 2017.

NOTE 6 – PLAN TERMINATION:

Although it has not expressed any intent to do so, Semersky has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 7 – TAX STATUS:

The Internal Revenue Service has determined and informed Semersky that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 8 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:

The following is a reconciliation of net assets available for benefits in the accompanying financial statements to Schedule H of Form 5500:

Net increase in net assets available per Schedule H of Form 5500	$ 489,934

NOTE 10 – SUBSEQUENT EVENTS:

Management has evaluated subsequent events through October 8, 2018, the date the financial statements were available to be issued, and identified no such events requiring disclosure.
