We were engaged to audit the accompanying financial statements of Schneider Electric 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2017 and 2016, and for the year ended December 31, 2017, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Schneider Electric 401(k) Plan

Notes to Financial Statements

December 31, 2017

1. Description of the Plan

The following description of the Schneider Electric 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan, formed January 1, 2010, is designed as a defined contribution plan under Section 401(a) of the Internal Revenue Code (the Code) with a cash or deferred arrangement under Section 401(k). The Benefits Committee of Schneider Electric Holdings, Inc. (the Company) controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company (Vanguard or the Trustee) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective on the close of business on December 31, 2016, the Schneider Electric Telvent 401(k) Plan merged into the Plan. Assets totaling \$135,598,131 were transferred into the Plan and are included in the net transfers into the plan on the statement of changes in net assets available for benefits. All eligible Telvent employees became eligible to participate in the Plan effective January 1, 2017.

Eligibility and Vesting

Salaried and nonunion hourly employees of the Company are eligible to participate in the Plan on their first day of employment. Eligible participants hired on or after January 1, 2010, are automatically enrolled in the Plan unless they decline to participate. All actively employed participants as of or after January 1, 2010, are immediately vested in their own contributions, matching contributions, and any of the Company's nonelective contributions, plus actual earnings thereon. A predecessor plan participant who was not actively employed on January 1, 2010, and has not received distribution of all his or her account balance under the predecessor plan is subject to the vesting provisions of the applicable predecessor plan as in effect on December 31, 2009. Plan participants, as a result of a previous plan merger, are 100% vested in their accounts if they were actively employed at the time of their respective plan merger. Inactive participants at the time of their respective plan merger who had not taken a distribution of their account balances are subject to the vesting schedule as provided in their respective legacy plan.

Schneider Electric 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions

Each year, participants may contribute to the Plan 1% to 75% of their eligible gross earnings (as defined by the Plan), subject to limitations set by the Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. If automatically enrolled, a participant's deferral is set at 3% of eligible compensation until changed by the participant. Participants age 50 or more are eligible to make additional catch-up contributions of up to \$6,000 in 2017 and 2016. The Company will make matching contributions to participants' accounts based on their employee contributions in an amount equal to 100% of the first 6% of their compensation contributed to the Plan.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. In 2016, this included a self-directed brokerage feature. In 2017, this feature was no longer available. Participants can allocate their contributions and the Company's contributions to any of the Plan's funds (except for the Schneider Electric Stock Fund) in 1% increments, with the option to change their allocation daily. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

The Schneider Electric Holdings, Inc. Master Trust (the Master Trust) held the investment in the Schneider Electric Stock Fund. Schneider Electric is the parent company of the Plan's sponsor. The Plan and the Schneider Electric USA, Inc. Coordinated Bargaining Employees' Retirement Savings Plan participate in the Master Trust. The assets in the Master Trust consisted primarily of Schneider Electric common stock. The Schneider Electric Stock Fund was funded only by performance award contributions and had been closed to new contributions; however, participants may have made exchanges out of this fund at any time. Investment income or loss relating to the Master Trust was allocated to the individual plans based upon average monthly balances invested by each participating plan. The Schneider Electric Stock Fund was liquidated in March 2017.

Schneider Electric 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contribution, and the Company nonelective contributions, if any, and allocations of the Plan's earnings and is charged with an allocation of plan investment income/losses and any applicable administrative expenses. Allocations are based on participant contribution earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Distributions

Distributions are available in the event of separation from service for any reason, at age 59 1/2, or in situations involving financial hardship. Terminated employees may choose to leave their vested balance in the Plan if in excess of specified dollar amounts, as defined by the Plan. The form of payment is typically a lump-sum distribution; however, participants may elect to receive annual installment payments.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions. Unallocated forfeited balances as of December 31, 2017 and 2016, were \$4,636,000 and \$1,398,000, respectively.

Loans to Participants

Participants may borrow up to the lesser of \$50,000 or 50% of their vested balances, with a minimum loan amount of \$1,000. Loan repayments are made through payroll deductions over a period of one year to five years in one-year increments. The loans are secured by the balance in a participant's account, and the interest rate, at the prime rate plus 1% as reported by Reuters, is fixed for the life of the loan. A one-time Vanguard processing fee is deducted from the loan amount. In addition, an annual maintenance fee is deducted from any participant's account having a loan balance at the end of each year. The maintenance fee in effect at the time the loan is taken does not change for the life of the loan.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Master Trust Dissolution

Effective March 1, 2017, Schneider Electric investment fund lineup was changed. The Schneider Electric Stock Fund was eliminated and the Master Trust was dissolved. The stock fund assets were transferred into the Index Solutions funds and other investment options.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (U.S. GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan and Master Trust are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

See Note 7 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Schneider Electric 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

Administrative expenses incurred by the Plan are paid by the Company and participants. An annual record-keeping fee is charged directly to each participant. Through March 31, 2017 the annual fee was \$15, and effective April 1, 2017 the fee is \$38.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Recent Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with ASC 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. ASU 2018-09 is effective for entities for fiscal years beginning after December 15, 2019. Early application is permitted. Management has elected to not early adopt ASU 2018-09.

3. Investments

Certain information related to investments held for the Plan, the Master Trust, and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments cash and notes receivable from participants at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee. During 2017, the Master Trust was liquidated and all balances were moved to new investment options in the plan.

The following table presents the net assets of the Master Trust:

	December 31	
	2017	2016
Investments, at fair value:		
Schneider Electric common stock	<u>\$ –</u>	<u>\$ 30,423,427</u>
Plan's interest in Master Trust	<u>–%</u>	<u>79%</u>

Net investment gain of the Master Trust for the year ended December 31, 2017, is as follows:

Net depreciation in fair value of common	\$ (212,509)
Net investments	\$ (212,509)

4. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 2, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Schneider Electric 401(k) Plan

Notes to Financial Statements (continued)

4. Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plans are subject to routine audits by taxing jurisdictions; the Schneider Electric 401(k) Plan is currently undergoing a DOL examination of the Plan for the period beginning January 1, 2014. As the examination is ongoing, the ultimate outcome is uncertain; therefore, no adjustment has been reflected in the financial statements. The Plan Sponsor intends to cooperate with the DOL and make any corrections necessary to maintain the Plan's qualified tax status.

5. Related-Party and Party-in-Interest Transactions

Investments in the Master Trust consisted of shares of common stock of Schneider Electric SA, the parent company of the plan's sponsor. Certain plan investments are shares of mutual funds and units of common/collective trust funds managed by the Trustee. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. If the Plan terminates, participants will become 100% vested in their accounts.

7. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Schneider Electric 401(k) Plan

Notes to Financial Statements (continued)

7. Fair Value Measurements (continued)

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan:

Schneider Electric common stock: The Schneider Electric Stock Fund is a unitized fund consisting of Schneider Electric SA common stock and a small amount of a short-term investment fund to provide liquidity. The unitized value of the fund is based on quoted market prices of the underlying assets.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Schneider Electric 401(k) Plan

Notes to Financial Statements (continued)

7. Fair Value Measurements (continued)

Mutual funds: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Common/collective trust funds: Valued at the NAV provided by the administrator of the fund.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

^(a) This common/collective trust fund is designed to deliver safety and stability by preserving principal and accumulated earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Redemptions are permitted by participants on any business day and by the Plan within 12 months of written notice.

^(b) This category seeks to provide capital appreciation and current income consistent with its current asset allocation. These funds use an asset allocation strategy designed for investors planning to retire based on the investor's target year. The trusts' asset allocation will become more conservative over time. Redemptions are permitted by participants on any business day and by the Plan within 15 days of written notice.

^(c) This fund seeks to achieve long-term growth of capital by investing in a diversified portfolio of U.S. and non-U.S. equity, investment-grade and non-investment-grade debt, real estate, and unrated non-equity securities, and by maintaining exposure to commodity contracts and options positions that exhibit the potential for long-term growth. There are no redemption restrictions on this fund.

^(d) These funds seek to provide an income-oriented total return with some capital appreciation upside. The funds are diversified across a variety of income-oriented strategies, such as investment-grade debt, high-yield bonds, and real estate, to mitigate downside risk. There are no redemption restrictions on these funds.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 12, 2018, the date the accompanying financial statements were available to be issued.
