We were engaged to audit the accompanying financial statements of American Engineering & Development Corporation 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by SunTrust Retirement Services, the Custodian, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the Custodian as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

AMERICAN ENGINEERING & DEVELOPMENT CORPORATION
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

American Engineering & Development Corporation (the Company or Employer) sponsors American Engineering & Development Corporation 401(k) Profit Sharing Plan (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established effective May 1, 1987. The Plan is a defined contribution 401(k) savings and profit sharing plan covering all full-time employees of American Engineering & Development Corporation who have one year of service and are age twenty-one or older. An employee becomes eligible to participate on the entry date immediately following the date the employee completes the age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may contribute an amount not to exceed 25% of their pretax annual compensation within the limits prescribed by the Internal Revenue Service (the IRS). Additionally, participants may rollover amounts representing distributions from other qualified defined-benefit or contribution plans.

For the years ended December 31, 2017 and 2016, individual participants' contributions were limited to $18,000 each year. On an annual basis and for each of the years ended December 31, 2017 and 2016, participants who are age 50 and older may also contribute an additional $6,000 in each of those years. Matching contributions of $269,483 and $236,079 were made for the years ended December 31, 2017 and 2016, respectively. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the employer's contributions and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or duration of services, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Forfeitures

Forfeitures are used to reduce the Company's matching contributions and are accounted for as a component of employer contributions in the accompanying statements of changes in net assets available for plan benefits. During the years ended December 31, 2017 and 2016, forfeitures of approximately $9,000 and $8,000, respectively, were used to reduce the Company's matching contributions.

Allocation and vesting of benefits

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions portion on their account plus earnings or losses thereon is based on years of continuous service as listed below:

Note 1 – Description of Plan, Continued

Allocation and vesting of benefits, continued

Years of Service	Percent Vested
Less than 2	-
2	20
3	40
4	60
5	80
6 or more	100

Participant accounts become fully vested upon death, disability, or upon termination of the Plan.

Notes receivable from participants

Plan participants may borrow from their accounts a minimum of $1,000 and up to the lesser of $50,000 or 50% of the value of their account balance. Loan originations and repayments are treated as transfers between investment funds and the participant's loan fund. Loan terms may not exceed five years, except in the case of loans for the purchase of a primary residence which may have terms of up to 15 years. The loans are secured by the balance in a participant's account and bear interest at a rate of 4.25% to 5.25%. Principal and interest are collected ratably through payroll deductions.

Payment of benefits

Benefits are recorded when paid. On termination, a participant's account balance is distributed if the vested value of the participant's account is $1,000 or less. If the balance exceeds $1,000, the participant may leave the balance in the Plan or request payment. On termination of service, the Plan provides that the form of payment shall be either a lump sum cash payment or direct rollover to another qualified plan. The Plan also allows hardship withdrawals in certain circumstances.

Plan administration

The Company is the Plan Sponsor and the Administrator of the Plan, and as such, controls and manages the operations of the Plan. The Plan's assets are maintained by SunTrust Retirement Services (the Custodian) as of and for the years ended December 31, 2017 and 2016. The Company's contributions are held and managed by the Custodian who invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of the participants).

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

In accordance with the policy of stating investments at fair value, net appreciation or depreciation for the year is reflected in the statements of changes in net assets available for plan benefits and includes gains and losses on investments bought and sold, as well as held during the year.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Management estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to interest rate, market and credit risks. Due to the risks associated with investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Concentration of credit risk

The Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Payment of benefits

The Plan records benefit payments when paid.

Note 2 – Summary of Significant Accounting Policies, Continued

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the Internal Revenue Service (IRS). In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2017 that it would be unable to substantiate.

Fully benefit-responsive investments

While Plan investments are presented at fair value in the statements of net assets available for plan benefits, contract value is the relevant measurement attribute for that portion of the Plan's net assets available for plan benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals, and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 3 – Investment Information Prepared and Certified by the Custodian

The following investment information was obtained from data prepared and certified to as complete and accurate by the Custodian as of December 31, 2017 and 2016:

	2017	2016
Investments, at fair value:		
Mutual funds	$ 8,339,809	$ 6,801,863
Common collective trust	1,274,418	1,118,393
Total investments, at fair value	$ 9,614,227	$ 7,920,256

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for plan benefits as of December 31, 2017 and 2016;
- Net investment activity and interest income on participant notes receivable as shown in the statements of changes in net assets available for plan benefits for the years ended December 31, 2017 and 2016;
- Investment information included in the notes and supplemental schedule of assets held at end of year as of December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2017 and 2016. During the years ended December 31, 2017 and 2016, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Collective investment trust – is a stable value fund that is composed primarily of fully benefit responsive investment contracts that are valued at the net asset value ("NAV") of units of the collective investment trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Participant directed transfers into a competing investment option must be held in a noncompeting investment option for a minimum of 90 days. If the Plan initiates a full redemption of the collective investment trust, the issuer reserves the right to require 12 months notification in order to ensure that the securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of December 31, 2017 and 2016.

Mutual funds – Valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements, Continued

Investments measured at fair value on a recurring basis consist of the following types of instruments as of December 31:

	Fair Value Measurements as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds and total assets in the fair value hierarchy	$ 8,339,809	$ -	$ -	$ 8,339,809
Investment measured at net asset value *	-	-	-	1,274,418
Investments, at fair value	$ 8,339,809	$ -	$ -	$ 9,614,227

	Fair Value Measurements as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds and total assets in the fair value hierarchy	$ 6,801,863	$ -	$ -	$ 6,801,863
Investment measured at net asset value *	-	-	-	1,118,393
Investments, at fair value	$ 6,801,863	$ -	$ -	$ 7,920,256

* In accordance with Subtopic 820-10, certain investments that are measured at NAV per share are not classified in the fair value hierarchy. The fair value amounts presented in the table are intended to present the reconciliation of the fair value hierarchy to line items presented on the statements of net assets available for plan benefits.

Note 5 – Fair Value of Investments in Entities that use NAV Practical Expedient

The following table summarizes the investment measured at fair value based on NAV per share as of December 31:

Investment	2017	2016	Unfunded commitments	Redemption frequency	Redemption notice period
Columbia Trust Stable Income Fund	$ 1,274,418	$ 1,118,393	n/a	Daily	12 months

The Columbia Trust Stable Income Fund is composed primarily of fully benefit-responsive investment contracts and reports its NAV at both fair value and contract value. The Columbia Trust Stable Income Fund is presented at fair value in the accompanying financial statements.

Note 6 – Refunds Payable for Excess Contributions

The Plan received contributions from participants in excess of Plan and IRS limitations. Such amounts were refunded to participants in each subsequent year.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 8 – Party-In-Interest Transactions

Parties-in-interest are defined under the DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan's investments include shares of mutual funds maintained by Sun Trust Retirement Services which also serves as the Custodian. Therefore, related transactions qualify as party-in-interest.

Note 9 – Tax Status

The Company has established, and intends to maintain, the Plan as a qualified plan under Section 401 of the Internal Revenue Code (the Code) which provides for exemptions from federal income taxation. The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter, however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits as shown on Form 5500 at December 31, 2017 with the amount shown in the financial statements:

Net assets available for plan benefits – Form 5500	$ 9,772,392
Reconciling items:	
Refundable excess contributions	(10,821)
Net assets available for plan benefits – financial statements	$ 9,761,571

Note 11 – Subsequent Events

Management evaluated activity of the Plan subsequent to December 31, 2017 through October 1, 2018, the date on which the financial statements were available to be issued, for events that require recognition in the financial statements or disclosure in the notes thereto.
