Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

FLORIDA PHYSICIAN SPECIALISTS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Florida Physician Specialists (the "Company" or "Plan Sponsor") 401(k) Plan (the "Plan") provides only general information. The Plan was formerly known as "ICON, LLC 401(k) Plan". The Plan was amended on January 1, 2013 to change the name to Florida Physician Specialists 401(k) Plan. The Plan was amended on November 1, 2016 to incorporate auto enrollment. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan (401(k)) covering all full-time employees who have completed six months of service and are age twenty-one or older. Years of service with any medical practice operated by a physician immediately prior to the physician becoming a member of the Company are recognized. John Hancock Life Insurance Company (the "Custodian") served as the Custodian of the Plan from January 1, 2016 to October 31, 2016. The Principal Financial Group (the "Custodian") serves as a custodian of the Plan from November 1, 2016 to current. US Bank (the "Custodian") serves as a Custodian of the Plan from January 1, 2016 to current. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants generally may contribute up to 80 percent of their annual compensation, as defined in the Plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also contribute amounts on an after-tax basis.

Beginning on November 1, 2016, every qualified employee will be auto enrolled at a 3% contribution rate or at their previous elected contribution rate, if higher than 3%. The amount of their automatic enrollment will increase by 1% in the second through seventh years to a maximum of a 10% contribution rate. The qualified employee must file an election to "receive cash in lieu of elective deferrals" before auto enrollment begins or within the 60 day period thereafter if they want to decline to participate in the Plan. The Participant shall not receive a refund of any elective deferral made.

The Company may make discretionary matching contributions equal to a uniform percentage of participant salary reductions. The Company may also elect to make "safe harbor" contributions, but

1. **DESCRIPTION OF PLAN** – (Continued)

Contributions – (Continued)

is under no obligation to do so. The "safe harbor" contribution is equal to 3% of total eligible compensation for the Plan year. If the Company elects to satisfy the "safe harbor", then the discretionary matching contribution will not exceed 6% of compensation of a participant who is eligible to share in the discretionary matching contribution for the Plan year. The Company may also make discretionary profit sharing contributions.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan's investment options include mutual funds and money market funds as investment options for participants. In addition, participants may utilize an individual self-directed brokerage option, through which participants are able to invest in a variety of securities including stocks, bonds, mutual funds, and government securities in accordance with the Plan document.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and Plan earnings or losses. Additionally, each participant account is charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also 100% vested in the Company's "safe harbor" contributions and qualified non-elective contributions contributed to the Plan. Vesting in the Company's match and profit sharing portion of their accounts plus actual earnings thereon is based on years of continuous service. A year of service is based on 1,000 hours of service in a particular Plan year. A participant is 100% vested after six years of credited service. The vesting schedule is as follows:

Years of Service	Vesting %
Less than 2 years	0
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
Over 6 years	100

Distributions

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount as provided by the Plan. In-service distributions, as provided by the Plan, may be made upon demonstration of financial hardship, disability, or after participants reach the age of 59.5 years.

Hardship Distributions

Participants who have incurred certain hardship conditions as specified by provisions of the Internal Revenue Code may elect to receive a distribution from his/her elective contribution account.

Forfeited Accounts

At December 31, 2017 and 2016, there were $17,472 and $7,125, respectively, in forfeited non-vested accounts. These accounts are used to reduce employer contributions and then administrative expenses. During 2017 and 2016, no forfeitures were used.

1. **DESCRIPTION OF PLAN** – (Continued)

Participant Loans

Participants may, pursuant to the provisions in the Plan document, borrow from their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate. At December 31, 2017 and 2016, outstanding loans bore interest rates of 3.25% or 3.50%. Principal and interest is paid ratably through payroll deductions.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Howard & Company
CERTIFIED PUBLIC ACCOUNTANTS, P.A.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** – (Continued)

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate fluctuations, market changes, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants (participant loans) are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account. Fees associated with the audit for the Plan were paid by the Plan Sponsor and are not included in expenses in these financial statements. During the years ended December 31, 2017 and 2016, expenses and fees were $83,382 and $45,056, respectively.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** – (Continued)

New Accounting Pronouncements

The Plan adopted Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit responsive investment contracts and provides certain disclosures. Contract value is the only required measure for fully benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation and depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregate investments that are measured at fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristic and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows a plan to measure its investments and investment-related accounts using the month end closest to its fiscal year-end. Parts I and II have been applied retrospectively.

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, Fair Value Measurement (Topic 820) Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net value (NAV) per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure fair value using the practical expedient. ASU 2015-07 is to be applied retrospectively, and for nonpublic filers is effective for years beginning after December 15, 2016. ASU 2015-07 has been applied retrospectively.

Howard & Company
CERTIFIED PUBLIC ACCOUNTANTS, P.A.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

4. TAX STATUS

On January 31, 2006, the Plan's volume submitter practitioner submitted a volume submitter Plan document to the Internal Revenue Service (the "IRS") which the Plan is utilizing. The IRS has determined and informed the Plan's volume submitter practitioner by a letter dated March 31, 2008 that the volume submitter Plan document was designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan was amended on March 1, 2006 and was informed by a letter from the IRS dated June 19, 2007 that the Plan and related trust are designed in accordance with the applicable sections of the IRC for the Plan amendment executed on March 1, 2006. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax provisions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The tax years 2014, 2015, 2016, and 2017 are subject to examination.

5. CONCENTRATION OF CREDIT RISK

Contributions receivable from Plan participants as of December 31, 2017 and 2016 were $146,059 and $154,837, respectively. Contributions receivable from the Plan Sponsor as of December 31, 2017 and 2016 were $878,720 and $859,494, respectively.

Howard & Company
CERTIFIED PUBLIC ACCOUNTANTS, P.A.

6. FAIR VALUE MEASUREMENTS

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices within Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets. Level 2 may also include insignificant adjustments to market observable inputs.
- Level 3: Unobservable inputs used for valuing the asset or liability. Unobservable inputs are those that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances.

Following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2017 and 2016.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Principal Life Insurance Company Guaranteed Investment Contract: Valued at contract value (principal plus accumulated earnings). See note 8 for more information.

6. FAIR VALUE MEASUREMENTS – (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017, and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Fair Value as of December 31, 2017

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 2,092,890	$ 2,092,890	$ -	$ -
Total assets in the fair value hierarchy	2,092,890	$ 2,092,890	$ -	$ -

6. FAIR VALUE MEASUREMENTS – (Continued)

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarized investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017, and 2016, respectively. There are no particular redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Fund	12/31/17 Fair Value	12/31/16 Fair Value	Unfunded Commitments	Redemption Frequency ("if Currently	Redemption Notice Period
U.S. Bank Money Market	$ 166	$ 500,287	N/A	Daily	None
Collective Investment Trusts	7,170,689	6,636,131			
Pooled separate accounts	2,799,203	1,755,058			
	$ 9,970,058	$ 8,891,476			

7. GROUP ANNUITY CONTRACTS WITH PRINCIPAL LIFE INSURANCE COMPANY

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (the "Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The crediting rate at December 31, 2017 was 1.25%. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully-benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

7 **GROUP ANNUITY CONTRACTS WITH PRINCIPAL LIFE INSURANCE COMPANY** – (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

An employer-level liquidation or employer initiated transfer of the Plan's interest in the Principal Fixed Income Guaranteed Option will be subject to either a 12-month advance notice or a 5% surrender charge, whichever the employer chooses. Notification of a plan's intent to terminate its interest may be revoked within 90 days of our receipt of such notice, after which time, notice becomes irrevocable.

A 5% surrender charge will also apply if the cumulative of participant transfers from the Principal Fixed Income Guaranteed Option exceeds 20% of the Plan's interest in the contract during the 12 month period immediately preceding the employer-level surrender or the Plan's interest in the contract. If this scenario occurs, the surrender charge will be billed to the employer. Refer to the contract for a full description of the Surrender Charge.

8 NON EXEMPT PARTY-IN-INTEREST TRANSACTION

As described in the Statement of Delinquent Participant Contributions (included in the supplemental information), the Company did not remit certain contributions to the Plan in a timely manner, as defined by ERISA. During the 2017 and 2016 Plan years, there were unintentional delays by the Company in submitting participant contributions to the custodian in the amounts of $-0- and $53,831, respectively. These late contributions are considered non-exempt party-in-interest transactions, which are prohibited transactions, and may result in an imposition of a 15% excise tax on the amount of the transaction. The tax status opinion of the Plan is not affected by these non-exempt transactions. If assessed, the Company intends to pay all fines that may be imposed. At December 31, 2017 and 2016, management estimates approximately $-0- and $225, respectively, in lost income due to the delays.

9 SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2017, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is October 8, 2018, which is the date on which the financial statements were available to be issued.

10. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts managed by Principal Life Insurance Company. The Principal Life Insurance Company transactions qualify as party-in-interest transactions and have been identified as such within the supplemental information.

Certain Plan investments are managed by Principal Life Insurance Company. It is the trustee/custodian for the Plan and, therefore, these transactions qualify as party in interest transactions.

During the year ended December 31, 2017 and 2016, Principal Life Insurance Company, Principal Securities, Inc., Pencor, Inc., Keola Elobt, and Charles Perry received advisory fees and/or administrative fees. Fees paid for these services are included in the Plan expense. These transactions also qualify as party-in-interest transactions for which there is a statutory exemption.
