Employer Services Corporation's 401(k) Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Employer Services Corporation's 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a profit sharing/401(k) Plan sponsored by Employer Services Corporation (the "Plan Sponsor"), and covers substantially all employees of the Plan Sponsor's participating business units. In accordance with the Plan agreement, the following classes of employees are excluded from eligibility:

- Non-resident aliens who receive no compensation from the Employer which constitutes U.S. source income; and
- Employees who are not considered Professional Employer Organization ("PEO") worksite employees.

The Plan, established effective September 1, 2010, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Each year, participants may elect to contribute up to 100% of their pretax annual compensation to the Plan, limited to the amount imposed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Matching and discretionary contributions are made at the sole discretion of the business units. Various matching and discretionary contributions were made for the years ended December 31, 2017 and 2016.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions, the participant's share of Plan earnings, and non-vested forfeited amounts. Participant accounts are decreased by participant distributions and the participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based on the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their salary deferral and rollover contributions and actual earnings thereon. Vesting in Plan Sponsor contributions, and actual earnings thereon, is based on years of service. Participants are vested in Plan Sponsor contributions 30% after two years of service, 60% after three years of service and become fully vested in Plan Sponsor contributions after four years of service.

Employer Services Corporation's 401(k) Retirement Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Forfeitures – Forfeitures from non-vested Plan Sponsor contributions will be used first to reduce the Plan's expenses and then used to reduce Plan Sponsor matching contributions. Forfeitures for the years ended December 31, 2017 and 2016 amounted to \$19,375 and \$18,530, respectively. Also, in 2017, employer contributions and administrative expenses were reduced by \$33,271 and \$12,284, respectively.

Notes Receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000, reduced by the highest outstanding note balance during the one-year period ending on the day before the note is made, or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime plus 1%. Repayment terms may not exceed five years, with the exception of a note used to purchase a primary residence, in which case repayment terms may not exceed ten years. Principal and interest is paid ratably through each payroll deduction. In the event of a default, death, disability, or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Any unpaid balance will be deemed a taxable distribution from the Plan.

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution equal to the value of his or her vested account. Hardship withdrawals as defined by the Internal Revenue IRC (the "IRC") are available to participants only from the vested portion of their account. If a hardship withdrawal is made, the participant's eligibility to make contributions to the Plan will be suspended for six months. In-service distributions are also permitted to participants who have attained age 59 ½.

During 2017 and 2016, participants deferred amounts in excess of maximum deferral limits. The amounts were refunded to the participants prior to April 15 of the year following the year of deferral, in accordance with IRS requirements. Corrective distributions amounted to \$101,029 and \$105,843 for the years ended December 31, 2017 and 2016, respectively.

Tax Status – The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated February 22, 2011, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Employer Services Corporation's 401(k) Retirement Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Accounting principles generally accepted in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of partial or complete Plan termination, participants will become fully vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – As of December 31, 2017 and 2016, the Plan's investments were stated at fair value, as determined by Massachusetts Mutual Life Insurance Company, the custodian of the Plan ("MassMutual" or the "Custodian") and Reliance Trust Company, the trustee of the Plan ("Reliance" or the "Trustee") except for its guaranteed interest account contract, which is valued at contract value (Note 6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair market value of the guaranteed interest account represents approximate contract value adjusted to reflect current market interest rates only to the extent such market rates exceed contract crediting rates. The fair market value of the self-directed brokerage account and mutual funds is based upon quoted market prices.

The Plan presents in the accompanying statement of changes in net assets available for benefits the net appreciation in fair value of investments, which includes both realized gains and losses, and unrealized appreciation in the fair value of investments. Realized gains and losses on disposition of investments were based upon actual costs and selling prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Employer Services Corporation's 401(k) Retirement Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain accounting and administrative expenses are paid for by the Plan Sponsor, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Expenses relating to investment activity are paid for by the Plan.

Party-in-Interest Transactions – Plan investments are a guaranteed interest account, self-directed brokerage account and shares of mutual funds managed by MassMutual. MassMutual is the custodian as defined by the Plan. Transactions involving MassMutual qualify as party-in-interest transactions.

Risks and Uncertainties – The Plan invests in various investment securities. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Use of Estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Subsequent Events – The Plan has evaluated the effects of all subsequent events, for recognition and disclosure, through October 15, 2018, the date the accompanying financial statements were available to be issued.

Reclassification – In order to facilitate comparison of financial information, certain amounts reported in the prior year have been reclassified to conform to the current year presentation.

3. Information Certified by the Custodian and Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian and the Trustee have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. Also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- *Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered by the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Self-Directed Brokerage Account:* Account primarily consists of cash, common stock and mutual funds that are valued on the basis of readily determined market prices.

Employer Services Corporation's 401(k) Retirement Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy, the Plan's assets measured at fair value at December 31, 2017 and 2016:

	<u>2017</u>	<u>2016</u>
Level 1		
Mutual funds	\$ 52,888,112	\$ 41,322,301
Level 2		
Self-directed brokerage account	<u>356,592</u>	<u>305,811</u>
	<u>\$ 53,244,704</u>	<u>\$ 41,628,112</u>

6. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive group annuity insurance contract with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the accompanying financial statements at contract value at December 31, 2017 and 2016. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed income fund does not allow the issuer to terminate the contract which would require the Plan to settle at an amount different than contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete and partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The Plan Administrator believes that any events that limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the contract.
