INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
EthosEnergy Pension Plan for Ravenswood Union Employees

Report on the Financial Statements

We have audited the accompanying financial statements of EthosEnergy Pension Plan for Ravenswood Union Employees (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017, the related statement of changes in net assets available for benefits for the period June 3, 2017 (inception) through December 31, 2017, and the statement of accumulated plan benefits as of June 3, 2017 (inception) and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Plan's net assets available for benefits as of December 31, 2017 and changes therein for the period June 3, 2017 (inception) through December 31, 2017, and its financial status as of June 3, 2017 (inception) in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 – PLAN DESCRIPTION

General

EthosEnergy Pension Plan for Ravenswood Union Employees (the "Plan") was created on June 3, 2017. The Plan is a defined benefit plan which provides for retirement and death benefits to employees of EthosEnergy USA Holdings, LLC (the "Plan Sponsor" or "Employer") who are a member of the Local 1-2 Utility Workers Union of America AFL-CIO, as described in the Plan document. The Plan is a continuation of the participation and benefits provided for participants under two predecessor pension plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Employer is the administrator of the Plan. The primary responsibility of the Plan administrator is to administer the Plan for the exclusive benefit of the participants and their beneficiaries, subject to the specific terms of the Plan.

Eligibility

Any employee who 1) is a member of the Local 1-2 Utility Workers Union of America AFL-CIO; 2) is working for EthosEnergy USA Holdings, LLC; 3) has completed 1,000 hours of service within 12 consecutive months of service; and 4) has attained age 21 is eligible to participate in the Plan. The accrued benefit payable under this Plan is intended to be calculated including all benefit service recognized under prior emplopyers.

Vesting

The Plan generally provides 100% vesting to participants for the earlier of 5 years of credited service or obtaining retirement age, as defined. The Plan also allows for a top-heavy vesting schedule if the Plan ever becomes a top heavy Plan upon completing 3 years of service. Participants should refer to the Plan document for a more complete description of the Plan's vesting provisions including top heavy Plan years.

Funding Policy

The Plan's funding policy is for the Employer to contribute an amount based on liquidity needs of the Plan. During the period ended December 31, 2017, the Employer made no contributions.

Termination of the Plan

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Retirement Benefits

Normal retirement benefit

The amount of monthly retirement benefit to be provided for each participant who retires on the participant's normal retirement date (attained the age of 65 or the 5th anniversary of joining the Plan, if later) shall be equal to the participant's accrued benefit. Final average pay is the highest of 60 consecutive months of the last 120 months, divided by 60. The annual amount formula of pension will be equal to: (i) 1.50% of the participant's final average pay for each year of weekly service (accredited service as defined in the Plan document) up to and including 24 years; plus (ii) 2.00% of the participant's final average pay for each of the participant's years of weekly service from and including the 25th to and including the 30th year; plus, (iii) 0.50% of the participant's final average pay for each of the participant's years of weekly service in excess of 30 years. The Plan document contains further details for the alternative calculations for previous employees of the Consolidated Edison Pension and Benefits Plan.

Early Retirement

A participant may elect to retire on an early retirement date when the sum of their age and benefit service are at least 75. In the event that a participant makes such an election, such participant shall be entitled to receive an early retirement benefit equal to the participant's accrued benefit payable at the participant's normal retirement date. However, if a participant so elects, such participant may receive payment of an early retirement benefit commencing on the first day of the month coinciding with or next following the participant's early retirement date, which early retirement benefit shall equal the actuarial equivalent of the participant's accrued benefit.

Death and Disability Benefits

The death benefit provided under this Plan shall be the minimum spouse's death benefit provided per the Plan document. The beneficiary of the death benefit shall be the participant's spouse, who shall receive such benefit in the form of a pre-retirement survivor annuity, as defined in the Plan document. The disability benefit provided under this Plan shall be when the participant's active employment with the Employer ceases because of a disability prior to the participant's normal retirement date. The pension will be determined as if the participant worked until the normal retirement date.

Distribution of Benefits

Unless otherwise elected as provided, a participant who is married on the date monthly benefit payments commence and who does not die before the date monthly benefit payments commence, shall receive monthly retirement benefits in the form of a joint and survivor annuity. The joint and survivor annuity is an annuity that commences immediately and shall be the actuarial equivalent of the participant's accrued benefit. Such joint and survivor benefits following the participant's death shall continue to the spouse during the spouse's lifetime at a rate equal to 50% of the rate at which such benefits were payable to the participant.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded upon distribution.

Plan Expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses that are paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in appreciation/(depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events Measurement Date

The Plan monitored and evaluated any subsequent events for footnote disclosures or adjustments required in its financial statements for the Plan period ended December 31, 2017 through October 10, 2018, the date on which financial statements were available to be issued.

NOTE 3 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (*a*) retired or terminated employees or their beneficiaries, (*b*) beneficiaries of employees who have died, and (*c*) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' vested months of credited service. The accumulated Plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits. The actuarial present value of accumulated Plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of June 3, 2017 were (*a*) life expectancy of participants using the RP 2014 Mortality Table for males and females with generational mortality using Scale MP 2014 and projected with Scape MP-2017, (*b*) retirement age assumptions (the assumed average retirement age was 65), and (*c*) investment return. The interest rate used to discount the obligation for 2017 was 6.00% percent, which included anticipated administrative expenses associated with providing benefits. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 4 – PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1) to provide pensions to retired participants who have retired under the Plan prior to its termination without reference to the order of retirement; to provide normal retirement benefits to participants who have reached their normal retirement dates but have not retired on the date of termination, without reference to the order in which they shall have reached their normal retirement date;

2) to provide normal retirement benefits to participants who have not yet reached their normal retirement date on the date of termination, without reference to the order in which they will reach their normal retirement date. Such benefits will be based upon accrued benefits as of the date of termination. The balance, if any, of the assets due to erroneous actuarial computation held by the trust fund after such allocation shall be returned to the Employer, but only after the satisfaction of all liabilities with respect to Participants and pensions under the Plan.

3) to provide normal retirement benefits to participants who have not yet reached their normal retirement date on the date of termination, without reference to the order in which they will reach their normal retirement date. Such benefits will be based upon accrued benefits as of the date of termination. The balance, if any, of the assets due to erroneous actuarial computation held by the trust fund after such allocation shall be returned to the Employer, but only after the satisfaction of all liabilities with respect to Participants and pensions under the Plan.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE 5 – RISKS AND UNCERTAINTIES

Plan contributions are made, and the actuarial present value of accumulated Plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 6 – TAX STATUS

The Plan administrator believes that the Plan is in compliance with the applicable requirements of the Internal Revenue Code ("IRC") and is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – ADJUSTED FUNDING TARGET ATTAINMENT PERCENTAGE

The Pension Protection Act of 2006 as amended by the Worker, Retiree and Employer Recovery Act of 2008 imposes certain benefit restrictions for qualified defined benefit plans that do not meet certain funding thresholds. The "At-Risk" status is referred to as the Funding Target Attainment Percentage. A plan's funded percentage is referred to as the Adjusted Funding Target Attainment Percentage ("AFTAP"). The December 31, 2017 AFTAP for the Plan is -0-%. Although the Plan's AFTAP is below 60%, the Plan is not subject to any benefit restrictions for the first 5 years since it is a new plan. However, the restriction on lump sum payments above $5,000 does apply and a participant notice is required to be sent within 30 days. Based on IRS regulations and current Plan provisions, the AFTAP for the 2018 Plan year will be presumed to remain at -0-% until October 1, 2018 or the date of the next AFTAP certification, if earlier.

Other Assumptions

Form of Payment	100% of all future retirees, deaths, and disabilities are assumed to elect a 50% Joint and Survivor annuity. 50% of future withdrawals are assumed to elect a Voluntary Cash Out, and 50% are assumed to elect 50% Joint and Survivor annuity payable at age 62.
Change in Assumptions	Not applicable

Methods

Valuation Date	June 3, 2017 (first day of plan year)
Asset Valuation Method	The value of plan assets is equal to the fair value. For the ERISA funding valuation, discounted receivable contributions are added to the fair value of assets.
Unit Credit Actuarial Cost Method	The Unit Credit Actuarial Cost Method is used to determine the Funding Target (FT) for PPA funding purposes. The normal cost for each employee is the present value of the benefit which accrues during that current year. The total normal cost is the sum of the normal costs for all active participants plus an estimate of the annual administrative expenses expected to be paid from the Trust.

SCHEDULE SB, PART V – SUMMARY OF PLAN PROVISIONS

Effective Date	June 3, 2017
Coverage	Eligible union employees who are members of Local 1-2 Utility Workers Union of America AFL-CIO and whose employment is governed under the terms of a collective bargaining agreement participate upon hire.
Vesting Service	A year of service is credited for any plan year in which six consecutive months are worked, including service under the Prior Plans, calculated from date of hire.
Benefit Service	A year of service is credited for each calendar year of employment. Service under the Prior Plans is included under the plan.
Compensation	Basic straight time compensation based on the regular stated rate of pay plus 50% of any premium pay.
Prior Plans	TransCanada USA Services, Inc. Retirement Plan and Consolidated Edison Retirement Plan.
Retirement Dates:	
➢ Normal	The first day of the month next following the later of the participant's 65th birthday.
➢ Early	A participant may elect to retire early on the first day of any month after the sum of his age and benefit service are at least 75.
➢ Late	The first day of the month coincident with or next following the date the participant terminates employment, if such termination occurs after his Normal Retirement Date.

SCHEDULE SB, PART V – SUMMARY OF PLAN PROVISIONS

Monthly Accrued Benefit

Basic Formula	Final Average Pay: Highest 60 consecutive months out of the last 120 months, divided by 60. Formula: 1.5% of Final Average Pay for service up to 24 years, plus 2.0% of Final Average Pay for service from 25 to 30 years, plus 0.5% of Final Average Pay for service above 30.
Alternative Formula	Available to certain former ConEd employees. These employees receive the greater of the Basic and Alternative Formulas. Total Pay: Compensation in the year of termination and in each of the 14 prior years, plus Compensation equal to that of the 14th prior year for years of service before the 14th prior year, with a maximum of 30 total considered years of service. Formula: 2.2% of Total Pay, plus 1.5% of service in excess of 30 years multiplied by 2.2% of Total Pay.
Minimum Benefits	$4.40 per month per year of service to 25 years; $110 per month plus $5.50 per month per year of service from 35 to 30 years; $137.50 per month with 30 or more years of service. These minimums apply to pensions first payable on or after age 62 (or Normal Retirement Date for disability).
Offsets	The resulting all-service benefit determined above is offset by the benefit accrued in the TransCanada USA Services, Inc. Retirement Plan and is also offset, for applicable employees, by the benefit accrued in the Consolidated Edison Retirement Plan.

SCHEDULE SB, PART V – SUMMARY OF PLAN PROVISIONS

Early Retirement Benefit	Age 60 with 75 points: unreduced. With 30 years of service: unreduced. With 75 points: reduced 1.5% per year prior to age 60 until age 55, reduced actuarially for commencement prior to age 55. Offsets are reduced according to the terms of their respective plans. Participants who previously received a lump sum payment of their ConEd offset will have their accrued benefit reduced by the ConEd benefit prior to any reduction for early retirement.
Late Retirement Benefit	The Monthly Accrued Benefit as of actual retirement.
Benefit Upon Termination	If a participant terminates employment after completing at least five years of Vesting Service with less than 75 points, he will be entitled to his full Accrued Benefit payable at age 65. Participants with fewer than 75 points may elect a Voluntary Cash Out based on the actuarially reduced benefit. If the participant reaches 75 points prior to age 65, he may commence an Early Retirement Benefit. For purposes of the Voluntary Cash Out, each 417(e) interest rate is modified to account for the Cost of Living Adjustment as follows: (1) Divide the applicable segment rate by 100 (2) Add 1.000 to the result of (1) (3) Divide the result of (2) by the smaller of (i) 0.9694 + 0.7194 * the result of (1) (ii) 1.0300 (4) Subtract 1.0000 from the result of (3) (5) Multiply the result of (4) by 100 If this modification results in an increased rate, the modification does not apply.

SCHEDULE SB, PART V – SUMMARY OF PLAN PROVISIONS

Disability Benefit	A Participant whose active employment with the Employer ceases because of a Disability prior to the Participant's Normal Retirement Date shall be eligible for a deferred pension beginning at Normal Retirement Date. Such pension will be determined as if the participant worked until Normal Retirement Date at the annual Basic Straight Time Compensation as of the date of Disability.
Cost of Living Adjustments	A cost of living adjustment will be provided each April for pension annuities which commenced before December 31st of the prior year. Each annual adjustment shall equal 75% of the percentage increase rounded to the nearest 1/10% in the Consumer Price index, all urban consumers-US city average for the preceding December over the index for the next-preceding December. The adjustment cannot exceed 3% or be less than 0%. However, the resulting annuity cannot be larger than the original annuity multiplied by the Index for the prior December divided by the Index in the month prior to the original benefit commencement date.
