Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Gotham Operations, LLC 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Bank of America, N.A., the trustee of the assets of the Plan, except for

comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held for investment purposes as of December 31, 2017 and delinquent participant contributions for the year then ended are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management. Other than comparing the supplemental information to the information certified by the trustee, the supplemental schedules have not been subjected to auditing procedures, and accordingly, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. **General Description of the Plan**

The following description of the Gotham Operations, LLC 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Gotham Operations, LLC (the "Company"), formerly Gotham Construction Company, LLC, who have completed three months of service and have attained age 21. An employee can enroll in the Plan on the first day of the calendar quarter following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Participant-directed investments of the Plan are held by Bank of America, N.A. (the "Trustee"). The Trustee invests all contributions and allocates to each participant account its proportionate share of investment income or loss attributable to participant-directed investments.

Contributions - Employees may elect to defer up to 40% of their eligible compensation, subject to certain limitations. Employees may also contribute amounts representing distributions from other qualified plans. The Company may make discretionary matching contributions and/or discretionary profit sharing contributions. Employee and employer contributions are participant-directed. For 2017, the Company made matching contributions of $86,762 and profit sharing contributions of $119,476.

Participant accounts - Each participant's account is credited with the participant's contribution, Plan earnings and an allocation of Company contributions. For participant-directed investments, net investment gain or loss in each investment is allocated to each participant's account in proportion to account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective deferral contributions plus all earnings thereon. Vesting of Company contributions is based on years of credited vesting service, as defined, in accordance with the following schedule:

Years of Vesting Service	Vesting %
1	0%
2	20
3	40
4	60
5	80
6	100

A participant becomes 100% vested upon the attainment of normal retirement age (65), as defined in the Plan document.

Payment of benefits - Upon termination of service, participants are entitled to receive lump-sum or installment payments of the vested value in their account.

Notes receivable from participants - Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 (reduced by the highest outstanding loan balance the participant had during the previous twelve months) or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates as determined by the plan administrator. Notes must be fully repaid through payroll deductions within five years, unless the loan is for the purchase of a home, in which case the term may be longer.

Forfeited accounts and unallocated assets - When certain terminations of participants in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined by the Plan, the participant's account will be reinstated.

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $187,137 and $40,104, respectively. The Plan document requires that non-vested forfeitures be allocated to participants. Forfeitures must be used or allocated by the Plan in the year incurred. The Internal Revenue Service Code does not authorize forfeiture suspense accounts to hold unallocated monies beyond the plan year in which they arise. Generally this failure can be corrected by reallocating all forfeitures in the Plan's forfeiture suspense account to all Plan participants who should have received them had the forfeitures been allocated on time and pay any amounts due to terminated participants. The Company is in the process of correcting this mistake using the Employee Plans Compliance Resolution System. When using the Self-Correction Program, the mistake must generally be fixed within two years following the close of

the plan year in which it occurred. The Company intends to reallocate the 2017 forfeitures by December 31, 2018 to the participant accounts effective as of December 31, 2017.

2. Summary of Significant Accounting Policies

Basis of presentation - The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Valuation of investments and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of mutual funds and the collective trust are recorded on a trade-date basis. Dividends earned on the funds and trust are included in the unit value and, accordingly, are included in the net appreciation or depreciation in fair value of investments which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are reported at their unpaid principal balance plus accrued interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. Interest rates are 5.25% on outstanding notes receivable issued prior to 2017 and 6-6.25% on outstanding notes receivable issued during 2017.

Payment of benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through October 15, 2018, the date the financial statements were available to be issued.

3. Investments

Bank of America, N.A. has certified to the accuracy and completeness of the mutual fund and collective trust investments as well as notes receivable from participants and related income as reported in the accompanying financial statements and supplemental schedule.

The Invesco Stable Value Retirement Class 4 Fund (the "Fund") is a collective trust which holds synthetic guaranteed investment contracts (synthetic GICs or wrap contracts). The net asset value reported by the Fund is used by the Plan as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the Fund, the issuer reserves the right to require 24 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments. The risks associated with the Plan's investment in the Fund primarily relate to the financial stability of the issuing entities and their ability to fulfill the terms of the contracts. At December 31, 2017 there were no reserves established against contract values for credit risk.

The following is a summary of the financial data certified by the Trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017:

	2017	2016
Mutual funds, money market fund, collective trust and cash, at fair value	$11,267,015	$11,394,514
Notes receivable from participants	105,536	125,867
Net appreciation in fair value of investments	1,223,200	
Interest income	5,793	

4. Fair Value Measurements

FASB ASC 820, "Fair Value Measurement," establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of registered investment companies (mutual funds) which are

valued at the net asset value (NAV) of shares held by the Plan at year end where NAV is publicly available and cash.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

Investments at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total

Total investments at fair value	$ 8,022,696	$ -	$ -	$ 11,394,514

5. Plan Termination

Although it has not expressed any intent to do so, the Company has a right under the Plan to terminate the Plan subject to the provisions of ERISA.

6. Tax Status

The Plan adopted a Prototype Plan document sponsored by Merrill Lynch, Pierce, Fenner & Smith Incorporated, which received a favorable determination letter from the Internal Revenue Service ("IRS") dated March 31, 2014. The Plan was subsequently amended, and the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2014.

7. Risks and Uncertainties

The Plan's investments in mutual funds and the collective trust are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Party-In-Interest Transactions

The Company pays certain administrative expenses of the Plan. Certain services are rendered to the Plan by the Company at no cost to the Plan. Bank of America, N.A., the Plan's trustee, performs record-keeping services for the Plan. Additionally, certain recordkeeping fees for the Plan are paid directly to the recordkeeper from mutual fund companies whose investments are held by the Plan.

9. Prohibited Transaction

On fourteen occasions during the year ended December 31, 2017, the Company failed to transmit participant contributions in the amount of $78,622 to the Plan within the time period described in the Code of Federal Regulations. Late payments result in a prohibited transaction inasmuch as a late remittance is deemed to create a loan to the Company. The Company intends to file any required forms with the IRS and/or the Department of Labor. The amount of lost earnings has not been determined, however, management believes that the amount will not be material to the Plan's financial statements.

On four occasions during the year ended December 31, 2016, the Company failed to transmit participant contributions in the amount of $12,516 to the Plan within the time period described in the Code of Federal Regulations. Late payments result in a prohibited transaction inasmuch as a late remittance is deemed to create a loan to the Company. The Company intends to file any required forms with the IRS and/or the Department of Labor. The amount of lost earnings has not been determined, however, management believes that the amount will not be material to the Plan's financial statements.

On ten occasions during the year ended December 31, 2015, the Company failed to transmit participant contributions in the amount of $53,734 to the Plan within the time period described in the Code of Federal Regulations. Late payments result in a prohibited transaction inasmuch as a late remittance is deemed to create a loan to the Company. The Company intends to file any required forms with the IRS and/or the Department of Labor. The amount of lost earnings has not been determined, however, management believes that the amount will not be material to the Plan's financial statements.

On four occasions during the year ended December 31, 2014, the Company failed to transmit participant contributions in the amount of

$70,285 to the Plan within the time period described in the Code of Federal Regulations. Late payments result in a prohibited transaction inasmuch as a late remittance is deemed to create a loan to the Company. The Company intends to file any required forms with the IRS and/or the Department of Labor. The amount of lost earnings has not been determined, however, management believes that the amount will not be material to the Plan's financial statements.

REPORT OF INDEPENDENT AUDITORS

Gotham Operations, LLC 401(k) Profit Sharing Plan
New York, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Gotham Operations, LLC 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Bank of America, N.A., the trustee of the assets of the Plan, except for

comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held for investment purposes as of December 31, 2017 and delinquent participant contributions for the year then ended are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management. Other than comparing the supplemental information to the information certified by the trustee, the supplemental schedules have not been subjected to auditing procedures, and accordingly, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. **General Description of the Plan**

The following description of the Gotham Operations, LLC 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Gotham Operations, LLC (the "Company"), formerly Gotham Construction Company, LLC, who have completed three months of service and have attained age 21. An employee can enroll in the Plan on the first day of the calendar quarter following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Participant-directed investments of the Plan are held by Bank of America, N.A. (the "Trustee"). The Trustee invests all contributions and allocates to each participant account its proportionate share of investment income or loss attributable to participant-directed investments.

Contributions - Employees may elect to defer up to 40% of their eligible compensation, subject to certain limitations. Employees may also contribute amounts representing distributions from other qualified plans. The Company may make discretionary matching contributions and/or discretionary profit sharing contributions. Employee and employer contributions are participant-directed. For 2017, the Company made matching contributions of $86,762 and profit sharing contributions of $119,476.

Participant accounts - Each participant's account is credited with the participant's contribution, Plan earnings and an allocation of Company contributions. For participant-directed investments, net investment gain or loss in each investment is allocated to each participant's account in proportion to account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective deferral contributions plus all earnings thereon. Vesting of Company contributions is based on years of credited vesting service, as defined, in accordance with the following schedule:

Years of Vesting Service	Vesting %
1	0%
2	20
3	40
4	60
5	80
6	100

A participant becomes 100% vested upon the attainment of normal retirement age (65), as defined in the Plan document.

Payment of benefits - Upon termination of service, participants are entitled to receive lump-sum or installment payments of the vested value in their account.

Notes receivable from participants - Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 (reduced by the highest outstanding loan balance the participant had during the previous twelve months) or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates as determined by the plan administrator. Notes must be fully repaid through payroll deductions within five years, unless the loan is for the purchase of a home, in which case the term may be longer.

Forfeited accounts and unallocated assets - When certain terminations of participants in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined by the Plan, the participant's account will be reinstated.

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $187,137 and $40,104, respectively. The Plan document requires that non-vested forfeitures be allocated to participants. Forfeitures must be used or allocated by the Plan in the year incurred. The Internal Revenue Service Code does not authorize forfeiture suspense accounts to hold unallocated monies beyond the plan year in which they arise. Generally this failure can be corrected by reallocating all forfeitures in the Plan's forfeiture suspense account to all Plan participants who should have received them had the forfeitures been allocated on time and pay any amounts due to terminated participants. The Company is in the process of correcting this mistake using the Employee Plans Compliance Resolution System. When using the Self-Correction Program, the mistake must generally be fixed within two years following the close of

the plan year in which it occurred. The Company intends to reallocate the 2017 forfeitures by December 31, 2018 to the participant accounts effective as of December 31, 2017.

2. Summary of Significant Accounting Policies

Basis of presentation - The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Valuation of investments and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of mutual funds and the collective trust are recorded on a trade-date basis. Dividends earned on the funds and trust are included in the unit value and, accordingly, are included in the net appreciation or depreciation in fair value of investments which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are reported at their unpaid principal balance plus accrued interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. Interest rates are 5.25% on outstanding notes receivable issued prior to 2017 and 6-6.25% on outstanding notes receivable issued during 2017.

Payment of benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through October 15, 2018, the date the financial statements were available to be issued.

3. Investments

Bank of America, N.A. has certified to the accuracy and completeness of the mutual fund and collective trust investments as well as notes receivable from participants and related income as reported in the accompanying financial statements and supplemental schedule.

The Invesco Stable Value Retirement Class 4 Fund (the "Fund") is a collective trust which holds synthetic guaranteed investment contracts (synthetic GICs or wrap contracts). The net asset value reported by the Fund is used by the Plan as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the Fund, the issuer reserves the right to require 24 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments. The risks associated with the Plan's investment in the Fund primarily relate to the financial stability of the issuing entities and their ability to fulfill the terms of the contracts. At December 31, 2017 there were no reserves established against contract values for credit risk.

The following is a summary of the financial data certified by the Trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017:

	2017	2016
Mutual funds, money market fund, collective trust and cash, at fair value	$11,267,015	$11,394,514
Notes receivable from participants	105,536	125,867
Net appreciation in fair value of investments	1,223,200	
Interest income	5,793	

4. Fair Value Measurements

FASB ASC 820, "Fair Value Measurement," establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of registered investment companies (mutual funds) which are

valued at the net asset value (NAV) of shares held by the Plan at year end where NAV is publicly available and cash.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

Investments at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Investments in fair value hierarchy:

Stable value fund	-	-	-	3,371,818
Total investments at fair value	$ 8,022,696	$ -	$ -	$ 11,394,514

5. Plan Termination

Although it has not expressed any intent to do so, the Company has a right under the Plan to terminate the Plan subject to the provisions of ERISA.

6. Tax Status

The Plan adopted a Prototype Plan document sponsored by Merrill Lynch, Pierce, Fenner & Smith Incorporated, which received a favorable determination letter from the Internal Revenue Service ("IRS") dated March 31, 2014. The Plan was subsequently amended, and the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2014.

7. Risks and Uncertainties

The Plan's investments in mutual funds and the collective trust are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Party-In-Interest Transactions

The Company pays certain administrative expenses of the Plan. Certain services are rendered to the Plan by the Company at no cost to the Plan. Bank of America, N.A., the Plan's trustee, performs record-keeping services for the Plan. Additionally, certain recordkeeping fees for the Plan are paid directly to the recordkeeper from mutual fund companies whose investments are held by the Plan.

9. Prohibited Transaction

On fourteen occasions during the year ended December 31, 2017, the Company failed to transmit participant contributions in the amount of $78,622 to the Plan within the time period described in the Code of Federal Regulations. Late payments result in a prohibited transaction inasmuch as a late remittance is deemed to create a loan to the Company. The Company intends to file any required forms with the IRS and/or the Department of Labor. The amount of lost earnings has not been determined, however, management believes that the amount will not be material to the Plan's financial statements.

On four occasions during the year ended December 31, 2016, the Company failed to transmit participant contributions in the amount of $12,516 to the Plan within the time period described in the Code of Federal Regulations. Late payments result in a prohibited transaction inasmuch as a late remittance is deemed to create a loan to the Company. The Company intends to file any required forms with the IRS and/or the Department of Labor. The amount of lost earnings has not been determined, however, management believes that the amount will not be material to the Plan's financial statements.

On ten occasions during the year ended December 31, 2015, the Company failed to transmit participant contributions in the amount of $53,734 to the Plan within the time period described in the Code of Federal Regulations. Late payments result in a prohibited transaction inasmuch as a late remittance is deemed to create a loan to the Company. The Company intends to file any required forms with the IRS and/or the Department of Labor. The amount of lost earnings has not been determined, however, management believes that the amount will not be material to the Plan's financial statements.

On four occasions during the year ended December 31, 2014, the Company failed to transmit participant contributions in the amount of

$70,285 to the Plan within the time period described in the Code of Federal Regulations. Late payments result in a prohibited transaction inasmuch as a late remittance is deemed to create a loan to the Company. The Company intends to file any required forms with the IRS and/or the Department of Labor. The amount of lost earnings has not been determined, however, management believes that the amount will not be material to the Plan's financial statements.
