Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) *Rules and Regulations for Reporting and Disclosure* under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 1, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter – 2016 Financial Statements

The financial statement of the Plan as of December 31, 2016 was audited by other auditors (Hein & Associates LLP). As permitted by 29 CFR 2520.103-8 of the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee (or custodian). Their report, dated October 6, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statement, and (b) the form and content of the information included in the financial statement other than that derived from the certified investment information was presented in compliance with the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA.

Emphasis of Matter

As discussed in Note 1 to the financial statements, on December 4, 2017, the administrator of The Noble Energy Inc. 401(k) Plan ("Noble Energy Plan") elected to merge the Plan into the Noble Energy Plan effective January 1, 2018. Our disclaimer of opinion has not been modified with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2017 financial statements, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the *DOL's Rules and Regulations for Reporting and Disclosure* under the ERISA.

Note 1. Description of the Plan

The following description of the Clayton Williams Energy, Inc. (the "Company" or "CWEI") 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated, is a defined contribution plan established by CWEI under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company who become entitled to participate in the Plan. Employees who have 90 days of service and are age 21 or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

In April 2017, the Company was acquired by Noble Energy, Inc. Effective January 1, 2018, the Plan was merged into the Noble Energy, Inc. 401(k) Plan (the "Noble Energy Plan"). The Plan assets were liquidated on December 29, 2017. The employer securities were received by the Noble Energy Plan as of December 31, 2017 and the non-employer securities were received by the Noble Energy Plan on January 2, 2018. In January 2018, all participants of the Plan became participants of the Noble Energy Plan.

Plan Administration

The Plan is administered by the Company. ADP Retirement Service, Inc. ("ADP") is the Plan's recordkeeper and holds the Plan's assets. Reliance Trust Company is the Trustee and is responsible for accepting funds, managing them and distributing them to beneficiaries.

Certified Assets

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosures* under ERISA. Accordingly, Reliance Trust Company LLC (the Trustee) has certified to the completeness and accuracy of investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016 and the net appreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017.

Contributions

The Plan requires that the amounts of all participant and Company contributions comply with limitations established by the IRC. Subject to these limitations, participants may contribute to the Plan up to 100% of pre-tax annual compensation, as defined by the Plan, and the Company, in its sole discretion, may provide a matching contribution equal to a percentage of participants' contributions. The Company makes matching contributions equal to 100% of participants' contributions, limited to 6% of compensation. The Company may also make discretionary profit-sharing contributions to the Plan which are allocated to participants' accounts based on each participant's compensation as a percentage of total compensation.

Vesting

Participants are fully vested in their contributions and the earnings thereon. The Plan has been established as a safe-harbor plan; therefore, participants are fully vested in Company matching and discretionary contributions upon entry into the Plan.

Benefits

Upon termination of service due to death, disability or retirement, participants may request and receive a lump-sum distribution in an amount equal to the value of the vested interest in their respective accounts. Participants may also receive hardship withdrawals of their accounts, subject to certain limitations, as defined by the IRC.

Participant Accounts

Individual accounts are maintained to reflect each participant's allocated share of the Plan's income, the Plan's administrative expenses, the Company's contributions, and the participant's contributions. Allocation of investment income is based on participant account balances.

Investment Options

As directed by participants, the Plan purchases units of participation in eighteen distinct investment portfolios sponsored and administered by ADP. In addition, the Plan makes participant-directed investments and matching contributions in the Company's common stock. Under the Plan, participants are allowed to transfer funds between any investment options, including the Company stock fund.

Administrative Expenses

At its discretion, the Company may pay all or any portion of administrative expenses on behalf of the Plan. Administrative expenses paid by the Company were not significant.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements and supplemental schedule are prepared on the accrual basis of accounting.

Payment of Benefits

Benefit payments are recognized when paid. Benefits due to participants who have elected to withdraw from the Plan but have not been paid are deducted from net assets available for benefits. At December 31, 2017 and 2016, there were no amounts allocated to withdrawing participants.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value. Securities traded in public markets are valued at their quoted market prices. Purchases and sales of securities are reflected on a trade-date basis. Changes in the market value of investments from one period to the next, combined with realized gains and losses based on differences between revalued costs and market value of investments on the trade date are recognized as net appreciation or depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Reinvested income is reflected as additions to the cost basis of investments.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Note 3. Fair Value Measurements

Financial Accounting Standards Board ASC Topic 820 ("ASC 820"), *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded;

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Stable value fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued using the net asset value practical expedient (NAV practical expedient), an estimate of fair value. This NAV practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2017, assets within the Plan were liquidated and therefore were zero. The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Fair Value Measurements Using			
	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value Measurement
December 31, 2016				
Mutual Funds	$ 32,016,105	$ —	$ —	$ 32,016,105
Clayton Williams Energy, Inc. Common	15,787,406	—	—	15,787,406
Investments measured at NAV (practical expedient)				10,537,222
Total Investments, at Fair Value	$ 47,803,511	$ —	$ —	$ 58,340,733

Note 4. Exempt Party-in-Interest Transactions

As of December 31, 2017 and 2016, the Plan's following party-in-interest investments which were either administered by the Trustee or holdings of CWEI.

	2017	2016
CWEI Common Stock	$ —	$ 15,787,406

The Participants paid $3,887 and $2,054 in 2017 and 2016, respectively, to ADP for administrative fees related to distributions. The Company pays other administrative expenses of the Plan.

Note 5. Tax Status

ADP obtained a favorable opinion letter from the Internal Revenue Service on July 16, 2014, stating that the prototype plan, which was adopted by the Plan in 2004, is a qualified plan under the IRC. The Plan has not been amended since this time. As such, management believes the Plan is in compliance with the applicable requirements of the IRC to remain tax-exempt.
