HOUSTON ASTROS, LLC 401(K) SAVINGS PLAN & TRUST

NOTES TO THE FINANCIAL STATEMENTS

A. DESCRIPTION OF THE PLAN

The following description of the Houston Astros, LLC 401(k) Savings Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Administration

The Plan is administered by trustees appointed by the Company. Charles Schwab serves as custodian of the Plan's investments. Duties of the custodian include, among others, receiving contributions, collecting income, reinvesting the trust fund and making payments from the trust fund as directed. The term "trust fund" refers to all assets of whatever kind of nature held from time to time by the custodian under the trust without distinction between contributions and income.

Participation

An eligible employee is an employee who has one year of service and is age 21 or older. Eligible employees enter the plan on the same date as both age and service requirements are met. All employees are eligible employees for this part of the Plan except (a) union employees; (b) non-resident alien employees; (c) leased employees; (d) temporary employees (unless such temporary employee works at least 1,000 hours of service in an eligibility computation period); (e) Puerto Rico based employees; (f) union employees covered by MLB plan or collective bargaining agreement; (g) interns; (h) employees primarily residing outside of the United States; (i) major league coaches covered by major league benefits; (j) minor league players; and (k) event staff employees scheduled for games/events by a member of the Astros FT Staff, however, if any event staff employee works 1,000 hours in an eligibility period, they shall be eligible to participate.

Contributions

Unless employees are subject to automatic enrollment, a Salary Deferral Agreement must be filed with the administrator before making 401(k) Contributions to the Plan. The Salary Deferral Agreement is where employees indicate the amount that should be withheld from compensation and contributed to the Plan on the employees behalf. Additionally, this is also where employees indicate if all or any part of the amount withheld is to be treated as a Roth 401(k) Contribution. Employees can elect to contribute a percentage or a flat dollar amount of compensation as a 401(k) Contribution.

After the initial election, employees can change their Salary Deferral Agreement by filing a new agreement with the administrator at any time. If employment terminates, the Salary Deferral Agreement will expire. Employees can also cancel their Salary Deferral Agreement at any time by giving written notice to the administrator. The cancellation will be implemented as soon as administratively possible after notice is received. If the agreement is canceled, employees will not be permitted to make a new election until the first available date that would otherwise be entitled to change an existing agreement as described in the preceding paragraph.

The administrator from time to time may establish additional administrative procedures (or change existing procedures) concerning deferral elections, in which case employees will be appropriately notified. The administrator can also temporarily suspend an employee's deferral agreement if they reach the maximum deferral amount that is permitted by law or by the Plan, or if the administrator believes the Plan may fail certain required non-discrimination tests. Employees will be notified if their deferral agreement is temporarily suspended.

A. DESCRIPTION OF THE PLAN - CONTINUED

Contributions - continued

The Company will make a matching contribution to the Plan (either annually or on a more frequent basis) for each eligible participant equal to 50% of the participant's 401(k) contributions that do not exceed 6% of compensation.

In order to satisfy certain testing requirements, the Company will make a safe harbor profit sharing contribution to the Plan that is equal to at least 3% of the compensation of each eligible participant for the allocation period.

The Company may also make non-safe harbor profit sharing contributions to the Plan. Making these contributions is totally discretionary, as is the amount should the Company decide to make them.

Participant's accounts

Each participant's account is credited with the participant's contribution, rollover contribution, if any, and matching contribution and allocations of Plan earnings or losses, net of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and rollover contributions, if any, plus actual earnings thereon. The vested interest in the matching contribution account and non-safe harbor profit sharing contributions is determined by the schedule following this paragraph, based on years of vesting service except (a) those that are credited prior to the date the participant reaches age 18; and (b) those that are credited during any period for which the Company did not maintain this plan or a predecessor plan. Any part of this account which is not vested will be forfeited when the participant receives a distribution (or after incurring 5 consecutive breaks in service, if earlier). Participants vest according to the following schedule:

Completed years of service	Vested Percentage
1 year	0%
2 years	0%
3 years	100%

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a benefit equal to the value of the participant's vested interest in his or her account, as defined by the Plan. The normal form of benefit is lump sum cash payment. In the event of an immediate and heavy financial need, as defined by the Plan, participants may request a hardship distribution of their elective or rollover contributions.

NOTES TO THE FINANCIAL STATEMENTS

A. DESCRIPTION OF THE PLAN - CONTINUED

Notes receivable from participants

Loans will be made only to actively-employed participants in accordance with the Loan Policy established by the administrator. Your vested account balance is used as security for the loan. Participants may borrow from their funds a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance (reduced by the excess of the highest outstanding loan balance during the prior 1-year period over the outstanding loan balance as of the day the loan is made). Participants may have maximum of one loan outstanding at a time. The loan term may not exceed 5 years, except that any loan used to purchase your principal residence may be repaid over a 10-year period. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. A loan fee of \$75 is charged to the participants to establish the loan.

Forfeited accounts

Forfeitures of non-safe harbor non-elective contributions are used to pay administrative expenses or reduce future employer contributions. At December 31, 2017 and 2016, the forfeiture balance was \$91,718 and \$27,296 respectively. Forfeitures of \$63,278 were used during 2017.

B. SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See Note C for a discussion of fair value measurements.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of contributions, benefit payments and expenses during the reporting period. Actual results could differ from those estimates.

B. SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES - CONTINUED

Investment valuation and income recognition

Investments are reported at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the plan are paid by the plan, unless otherwise paid by the company. Expenses that are paid by the company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The plan has evaluated subsequent events through October 4, 2018, the date the financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS

New accounting pronouncement

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early and, accordingly, the presentation of the financial statements and notes herein have been changed to reflect such adoption.

C. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The 3 levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

HOUSTON ASTROS, LLC 401(K) SAVINGS PLAN & TRUST

NOTES TO THE FINANCIAL STATEMENTS

C. FAIR VALUE MEASUREMENTS - CONTINUED

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common stocks, corporate bonds, and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-ended funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at fair value at December 31, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$15,468,278			\$15,468,278
Total assets at fair value	\$15,468,278			\$15,468,278

Assets at fair value at December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$10,045,878			\$10,045,878
Total assets at fair value	\$10,045,878			\$10,045,878

NOTES TO THE FINANCIAL STATEMENTS

D. COMMON/COLLECTIVE TRUST WITH METLIFE

For 2017 and 2016, the Plan was invested in a common/collective trust with MetLife. MetLife maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as to the Plan by Schwab Bank, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2017 and 2016 were \$775,430 and \$848,843, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reset on a monthly basis.

The guaranteed investment contract limits the circumstances under which the insurance company may terminate the contract. The insurance company may terminate the contract upon short notice upon the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events was to occur, the insurance company could terminate the wrap contract at the market value of the underlying bonds. In all other circumstances, the contracts for the guaranteed investment contract permit the insurance company to terminate their contract responsibilities only upon 2 to 3 years notice. Either the guaranteed investment contract can use this period to find a replacement wrap contract, or it can elect to change the investment strategy of the underlying investments to provide for a winding down of the insurance company's responsibilities at contract value over time.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTES TO THE FINANCIAL STATEMENTS

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

G. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated December 28, 1999, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and that the trust created there under is exempt from federal income tax. Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

H. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. CUSTODIAL CERTIFICATION

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications for the custodians that all of the information provided by them is complete and accurate. Information included in the accompanying financial statements and notes to financial statements as to investments, net appreciation in fair value of investments, and all the information on the schedule H, line 4i-schedule of assets (held at end of year) is presented in reliance solely upon those certifications. No auditing procedures were performed by the independent auditors with respect to this information.
