We have audited the accompanying financial statements of the LBMC Employment Partners, LLC 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in its net assets available for benefits for the year ended December 31, 2017 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

LBMC Employment Partners, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the LBMC Employment Partners, LLC 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and is sponsored by LBMC Employment Partners, LLC (the Company). Employees of the Company, its adopting affiliates, and other employers with whom the Company has entered into a co-employer relationship are eligible to participate. Employees become eligible when they have completed one year of service and have attained age 21 and can enter the Plan on the first day of Plan year quarter following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan qualifies as a multiple employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). The Plan allows other affiliated employers to participate in the Plan (Participating Employers), as it deems appropriate. All Participating Employers must adopt the Plan as written, including but not limited to, using the same trustee, incurring the same expense rate, and contributing at the same rates and same times. Participating Employers are: LBMC Employment Partners, LLC; LBMC Technology Solutions, LLC; LBMC Physician Business Solutions, LLC; LBMC Investment Advisors, LLC; LBMC Management Services, LLC; LBMC Information Security Services, LLC; LBMC Staffing Solutions, LLC; LBMC Business Process Solutions, LLC; LBMC WSquared, LLC; LBMC Procurement Solutions.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation up to the dollar limitation set forth in Section 402(g) of the IRC in effect at the beginning of the Plan year. After-tax Roth contributions are also allowed. Eligible employees who have attained age 50 before the close of the Plan year are allowed to make catch-up contributions up to the maximum allowed by the IRC. Contributions are subject to certain limitations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. A current description of the investment funds may be obtained from the Plan administrator.

The Company has elected to operate the Plan under a safe harbor provision whereby participants in the Plan receive a non-elective matching contribution of 100% of the first 3% of compensation and 50% of the next 2% of compensation contributed to the Plan.

The Company, at its discretion, may make profit-sharing contributions. Profit-sharing contributions are allocated to each participant's account based upon the participant's eligible compensation multiplied by a percentage determined by management.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses). Allocations are based on participant compensation, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. No discretionary contributions were made for the year ended December 31, 2017.

LBMC Employment Partners, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Payment of Benefits

A participant's contributions and employer contributions may be withdrawn upon retirement (on or after the attainment of normal retirement age), termination of employment, disability, or death. Distributions are paid in a lump-sum. Under certain qualifying circumstances, hardship withdrawals are permitted under the Plan.

Notes Receivable from Participants

Participants may borrow, from their fund accounts, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note receivable transactions are treated as a transfer between the investment fund(s) and the participant note receivable fund. The notes receivable from participants are secured by the balance in the participant's account and bear a reasonable rate of interest as defined by the Plan. Interest rates on all outstanding loans range from 4.25% to 5.25%. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years, unless the notes receivable were used to purchase a primary residence in which case the note receivable terms may exceed five years. Participants may only have one loan outstanding at a time.

Vesting

Participants are immediately vested in their contributions, all safe harbor employer contributions, plus actual earnings thereon. Vesting in the profit-sharing contribution is pro-rata over six years of credited service.

Forfeitures

There were no forfeited non-vested accounts at December 31, 2017 and 2016. Forfeitures from non-vested participants' accounts can be used to reduce future Company matching contributions or to pay for certain administrative expenses. During the year ended December 31, 2017, no forfeited funds were used to offset contributions or to reduce Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

LBMC Employment Partners, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition (cont.)

Purchases and sales are recorded on a trade-date-basis. Investment income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income earned by Plan participants.

Payment Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has evaluated subsequent events through October 3, 2018, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

LBMC Employment Partners, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

3. Fair Value Measurements (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money Market Account - Money market mutual fund is valued using the amortized cost method of valuation or penny-rounding method of pricing as permitted by Rule 2a-7 under the Investment Company Act of 1940, as amended, which approximates their fair value.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

<i>December 31, 2017</i>	Level 1	Level 2	Level 3	Total

4. Tax Status

The Plan is based on the Volume Submitter Profit Sharing Plan with CODA sponsored by The Retirement Plan Company, LLC (TRPC). The Internal Revenue Service (IRS) has opined and informed TRPC with an opinion letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with CODA is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Notes to Financial Statements

4. Tax Status (cont.)

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require provision for income taxes in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100% vested in their employer contributions.

6. Related Parties and Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Notes receivable from participants are also considered party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.
