## **WESTERN WASHINGTON MEDICAL GROUP 401(k) RETIREMENT PLAN AND TRUST**

### **Notes to Financial Statements For the Year Ended December 31, 2017**

---

#### **Note 1 - Description of the Plan**

**General** - The following description of the Western Washington Medical Group 401(k) Retirement Plan and Trust (the Plan) provides only general information about the Plan. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan covering all employees of Western Washington Medical Group, Inc., P.S. and North Puget Sound Center for Sleep Disorders, LLC (the Sleep Center), collectively referred to as the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective June 30, 2017 the Sleep Center was dissolved and is no longer a participating employer in the plan.

**Eligibility** - Employees are eligible to participate in the salary deferral portion of the Plan after they have attained age 21 and completed 1,000 hours of service. Employees are eligible to receive employer matching and profit sharing contributions after they have attained age 21 and completed 1,000 hours of service in a 12 month period.

**Contributions** - Eligible participants may elect to defer up to 100% of their annual compensation on either a pre-tax or after-tax (Roth) basis. Roth contributions and earnings thereon will be separately identified in the participant account balance records to facilitate compliance with the regulations prescribed for the tax treatment of distributions.

Once an employee fulfills the eligibility requirements, the Employer matches 50% of deferrals up to 6% of eligible compensation. The Employer may also provide a discretionary profit sharing contribution based on job classification. Participants must complete 1,000 hours of service during the plan year and be employed on the last day of the plan year to be eligible to receive profit sharing contributions. For the year ended December 31, 2017, the Employer authorized and paid a profit sharing contribution to eligible participants between 3.67% up to 11% of eligible compensation based on the care center at which the employee worked and the position the employee held during the year. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

**Participant Accounts** - Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of employer profit sharing contributions and plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service or upon death, disability or attainment of normal retirement age.

**Forfeitures** - Forfeitures of matching and profit sharing contributions may be used to reduce the Employer's future matching contributions, pay plan expenses, or allocated as additional profit sharing contributions. During the year ended December 31, 2017, the Employer used approximately \$72,000 in forfeitures to offset employer matching, profit sharing and top heavy contributions. At December 31, 2017 and 2016, there were \$10,011 and \$11,142, respectively, in unallocated forfeitures available for the Employer to use as described above.

### **Notes to Financial Statements For the Year Ended December 31, 2017**

---

#### **Note 1 - Continued**

**Notes Receivable From Participants** - A participant may borrow the lesser of \$50,000 or 50% of his or her vested balance, with a minimum loan of \$1,000. Loans are payable through payroll deductions over periods ranging from 60 months (longer if loan proceeds are used to purchase a principal residence). The interest rate is based on the prime rate of interest as provided in the Wall Street Journal plus 1% as of the date the loan is approved. Principal and interest are paid ratably through payroll deductions.

**Payment of Benefits** - Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive a lump-sum or installment payment equal to the value of the participant's vested interest in his or her account. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan allows for hardship withdrawals in accordance with provisions specified in the plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan at any time.

#### **Note 2 - Significant Accounting Policies**

**Basis of Accounting** - The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates** - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable From Participants** - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Payment of Benefits** - Benefits are recorded when paid.

**Administrative Expenses** - Administration fees are charged to the Plan, as allowed under the applicable guidance of ERISA and the rules and regulations published by the Department of Labor. Several of the investment fund options are subject to investment management fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly to the fund's performance and thus are not separately disclosed in the accompanying financial statements. The Plan pays for certain investment management expenses, custodial, recordkeeping, and audit fees. The Employer pays for certain other expenses associated with sponsoring the Plan.

## WESTERN WASHINGTON MEDICAL GROUP 401(k) RETIREMENT PLAN AND TRUST

### Notes to Financial Statements For the Year Ended December 31, 2017

---

#### Note 2 - Continued

The Plan maintains a fee recapture account which was established to capture excess revenue sharing generated from plan investment holdings. The plan administrator also collects fees from participant accounts on a per capita basis which are held in the same unallocated account as the revenue sharing amounts. Excess revenue sharing and per capita fees are collectively used to pay administrative services provided to the Plan. During 2017, the Plan received \$29,947 in revenue sharing and \$119,196 in per capita fees from participants and used these amounts to pay \$181,530 in eligible administrative expenses of the Plan. The balance in the fee recapture account was \$55,931 and \$76,608 as of December 31, 2017 and 2016, respectively.

**Subsequent Events** - The Plan's management has evaluated subsequent events through October 11, 2018, the date on which the Plan's financial statements were available to be issued.

#### Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund - A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

### Note 3 - Continued

**Self-Directed Brokerage Accounts** - Accounts primarily consist of mutual funds, exchange-traded funds, and common stock. Common stocks are valued at the closing price reported on the active market in which the individual securities are traded. Mutual funds and exchange-traded funds are valued at the daily closing price as reported by the fund. Mutual funds and exchange-traded funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish NAV and to transact at that price. The mutual funds and exchange-traded funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Fair Value Measurements as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 47,659,950	\$ -	\$ -	\$ 47,659,950

Investments measured at NAV <sup>(a)</sup>				4,947,233
<b>Total Investments at Fair Value</b>				<b>\$ 54,654,989</b>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

### Notes to Financial Statements For the Year Ended December 31, 2017

#### Note 3 - Continued

The following table summarizes investments measured at fair value based on the NAV per share as of December 31:

	2017 Fair Value	2016 Fair Value	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund- WTRISC MetLife Stable Value Fund	\$ 4,825,515	\$ 4,947,233	Daily	None

#### Note 4 - Information Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2017 and 2016, and investment income or loss and transactions for the year ended December 31, 2017, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

#### Note 5 - Party-in-Interest Transactions

The Plan has contracted with third party service providers for record keeping, investment management and investment advisory duties. As such, fees paid by the Plan to such providers qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

#### Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

#### Note 7 - Tax Status

The IRS has determined and informed the Employer by a letter dated October 15, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Employer and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

#### Note 8 - Risks and Uncertainties

Plan assets invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
