American Plastics 401k Plan
St. Louis, Missouri

We were engaged to audit the accompanying financial statements of American Plastics 401k Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the period October 15, 2017 through December 31, 2017, and the related notes to the financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

***Basis for Disclaimer of Opinion***

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 3, which was certified by Principal, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule.

We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the period October 15, 2017 through December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

***Disclaimer of Opinion***

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

***Other Matter***

The supplemental schedule of assets held as of December 31, 2017 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

***Report on Form and Content in Compliance With DOL Rules and Regulations***

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

## 1. Plan Description

The following description of American Plastics 401k Plan (the "Plan") is provided for financial reporting purposes only. Participants of the Plan should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

### General

The Plan was established October 15, 2017, and is a prototype defined contribution safe harbor plan as defined by Section 401 of the Internal Revenue Code ("IRC") covering all eligible employees of American Plastics 401k Plan (the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

### Eligibility

Employees may become participants following three months of service and attaining 18 years of age. Plan entry dates are the first day of the month following their three months of service requirement.

### Contributions

Participants may contribute pretax or after-tax annual eligible compensation, as defined in the plan document, not to exceed certain dollar limits established by the IRC. The automatic elective deferral contribution rate is three percent of qualified wages. Unless changed by the participant, the deferral contribution percentage will automatically increase each April 1 by one percent, up to a maximum of 10 percent. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides for a discretionary employer matching contribution at a percentage of their choice and shall apply to all eligible persons for the entire plan year. These contributions may be suspended or discontinued at any time. The Plan Sponsor did not make any matching contributions to the Plan in 2017.

In 2017, American Plastics, LLC hired some participants from a defunct 401(k) Plan. These participants became 100 percent vested in the defunct plan and were provided the option to have their account balance rolled into any qualified plan (including the Plan) or IRA, or to receive a distribution. An aggregate of $2,509,628 was rolled into the Plan, during the period ended December 31, 2017. These balances are included in rollovers on the Statement of Changes in Net Assets Available for Benefits.

### Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. All Plan investments are participant-directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting and Forfeitures

All contributions to participant accounts are fully vested at all times; therefore, there were no forfeited, non-vested accounts at December 31, 2017.

### Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50 percent of their vested account balance, reduced by the highest outstanding loan balance from the Plan during the prior 12-month period. The maximum number of loans available to any participant is three. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 5.25 percent, which is determined by the plan administrator and is based on the rates available for similar loans from commercial lending institutions. The loan repayment period is dictated by the plan document based on the original use of the funds. Principal and interest are paid ratably through payroll deductions over the term of the loan, generally ranging from one to five years.

### Payment of Benefits

Prior to separation from service with the Plan Sponsor, a participant may request a distribution of rollover contributions. In the event of a financial hardship, certain participant funds, as defined in the plan document, may be requested for distribution. In-service distributions may also be requested by participants who are at least age 59 1/2.

Upon attainment of normal retirement age, total disability, or death, the amount credited to a participant's account is payable in a lump sum or installments. Upon termination of employment, for reasons other than retirement, total disability, or death, the participant's account balance will be distributed in a manner based on the value of the account. If a separated participant's account does not exceed $5,000 or if a form of distribution is not selected, the benefit will be distributed in a lump sum within a reasonable time after termination of employment. If the participant's account balance exceeds $5,000, the participant may elect to receive the benefit in a lump sum or installments in accordance with the plan document.

At December 31, 2017, net assets available for plan benefits included approximately $445,000 for distributions to participants who have requested a distribution from the Plan, prior to the end of the Plan period.

## 2. Summary of Significant Accounting Policies

### Basis of Presentation

The financial statements of the Plan have been prepared in accordance with the provisions of the Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC. The accompanying financial statements have been prepared on the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### Investment Valuation and Income Recognition

With the exception of fully benefit-reponsive investment contracts, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fully benefit-responsive investment contracts are reported at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan and contract.

The Statement of Net Assets Available for Benefits presents the fair value of mutual funds, common collective trusts (CCTs comingled pool), and insurance company pooled separate accounts; whereas, for insurance company general account funds, the contract value is presented.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Fair Value Measurements

The Plan follows guidance issued by the FASB on fair value measurements, which establishes a framework for measuring fair value, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2017. Delinquent loans are treated as distributions based upon the terms of the plan document.

### Payment of Benefits

Benefits are recorded when paid.

### Administrative Expenses

The Plan permits the payment of Plan expenses from Plan assets. If the Plan Sponsor does not pay these expenses from its own assets, then the expenses paid using Plan assets will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense. Such expenses may also be paid out of forfeitures from participant accounts, if any.

### Subsequent Events

The Plan has evaluated subsequent events through October 15, 2018, the date the financial statements were available to be issued.

### Recent Accounting Pronouncements

### Defined Contribution Pension Plans

In July 2015, the FASB issued Accounting Standards Update ("ASU") 2015-12, Defined Contribution Pension Plans (Topic 962), which states that contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts ("FBRIC"). Additionally, disclosures about fair value are no longer required for FBRICs. The Plan adopted ASU 2015-12.

## 3. Information Certified by the Trustee

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Principal Life Insurance Company ("Principal"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017.
- Investment income, including interest and dividends earned and net appreciation (depreciation) in the fair value of investments, as shown in the Statement of Changes in Net Assets Available for Benefits for the period October 15, 2017 through December 31, 2017.
- Assets held for investment purposes, as shown in the Schedule of Assets (Held at End of Period) as of December 31, 2017.

## 4. Fair Value Measurements

The framework for measuring fair value establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2, and 3. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical instruments in active markets. |
| Level 2 | Inputs to the valuation methodology to include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the instrument, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The instruments' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Carrying amounts of certain financial instruments such as cash and accounts receivable approximate fair value due to their short maturities or because the terms are similar to market terms. There have been no changes in the methodologies used at December 31, 2017.

Following is a description of the valuation methodologies used for instruments measured at fair value.

Level 1 Investments consist of publicly traded mutual funds and pooled separate accounts. These securities are valued at the net asset value (NAV) of shares held by the Plan at year-end. The pooled separate accounts are actively-managed equity-based separate securities. The NAV is used as a practical expedient to estimate fair value.

In accordance with Subtopic 820-10, certain investments (Common Collective Trusts) that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The fair value of investments is measured as of December 31, 2017 as follows:

| | 2017 | | | |
|---|---|---|---|---|
| | Fair Value Measurements | | | |
| | Total | Level 1 | Level 2 | Level 3 |
| Pooled separate accounts | $ 24,278 | $ 24,278 | $ - | $ - |
| Mutual funds | 66,991 | 66,991 | - | - |
| Total assets in fair value hierarchy | 91,269 | $ 91,269 | $ - | $ - |
| Investments measured at NAV | 2,350,393 | | | |
| | $ 2,441,662 | | | |

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

## 5. Guaranteed Investment Contract

The Plan holds a traditional guaranteed investment contract in an insurance company general account. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan does not own the underlying assets of a traditional investment contract. With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The contract cannot be terminated before the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: the Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC; the establishment of a defined contribution plan that competes with the Plan for employee contributions; any change in law, regulation or administrative rulings applicable to the Plan that could have a material adverse effect on the guaranteed investment contract's cash flow; any communication given to unitholders by the Plan Sponsor, any other Plan fiduciary or Principal that is designed to induce or influence unitholders not to invest in the guaranteed investment contract or to transfer assets out of the guaranteed investment contract; any transfer of assets from the guaranteed investment contract to a competing investment option; or withdrawals initiated by the Plan Sponsor. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit Principal to terminate the agreement prior to the scheduled maturity date.

## 6. Related Party and Party-in-Interest Transactions

At December 31, 2017, Plan investments are shares of mutual funds, pooled separate accounts, a guaranteed investment contract in an insurance company general account, and units of a common collective trust commingled pool managed by Principal. Principal provides trustee, reporting, and related services to the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services totaled $7,972 for the period October 15, 2017 through December 31, 2017.

During 2017, the Plan Sponsor paid certain administrative and other operating expenses of the Plan.

The Chief Financial Office ("CFO") of the Plan Sponsor has discretionary authority over the financial activities of the Plan Sponsor. The Plan Sponsor and the CFO are deemed fiduciaries to the Plan. As fiduciaries, the Plan Sponsor and the CFO are also deemed a party-in-interest to the Plan.

## 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Plan Sponsor contribution portion of their account.

## 8. Tax Status of Plan

The Plan adopted a prototype plan provided by Principal. The prototype plan received a favorable opinion letter from the IRS on March 31, 2014 stating that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. Plan Sponsor management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

In accordance with GAAP, the Plan Sponsor is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan Sponsor believes the Plan is subject to income tax examinations for periods since inception of the Plan. The Plan is also subject to routine audits by the Department of Labor, generally for six years after the statutory due date of the annual information return. There are currently no audits in progress for any tax periods.

## 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 to Form 5500:

| | |
|---|---|
| Net assets available for benefits per the financial statements | $ 2,572,230 |
| Plus: benefit payment adjustments | 4,914 |
| Net assets available for benefits per the Form 5500 | $ 2,577,144 |

The following is a reconciliation of benefit payment adjustments per the financial statements for the period October 15, 2017 through December 31, 2017 to Form 5500:

| | |
|---|---|
| Increase in net assets available for benefits per the financial statements | $ 2,572,230 |
| Add:benefit payment adjustments | 4,914 |
| Increase in net assets available for benefits per Form 5500 | $ 2,577,144 |
