HAULOTTE BIL-JAX RETIREMENT SAVINGS INVESTMENT PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Haulotte Bil-Jax Retirement Savings Investment Plan* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering substantially all full-time employees of Haulotte U.S. and its participating subsidiaries (the “Company”) who are at least eighteen years of age and who have been employed by the Company for at least ninety days. Employees may enter the Plan on the first day of each month after they have met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Company has a 401(k) arrangement under the Plan whereby participants may make compensation deferral contributions on a pre-tax or after-tax (Roth) basis. Catch-up contributions are allowed for participants who have attained age 50 before the end of the Plan year. Participants may elect to change their contribution rate on the first day of each month. A participant may also transfer into the Plan a rollover contribution from another qualified retirement program, unless the balances are related to Roth contributions.

As a Safe Harbor plan, the Company makes matching contributions of 100% of each participant’s contributions up to 3% of compensation plus 50% of each participant’s contributions of the next 3% of compensation for a maximum match of 4.5% of compensation. The Company may also make qualified nonelective contributions which would be determined annually at the sole discretion of the Company. A participant must be employed on the last day of the Plan year and have worked at least 1,000 hours during the Plan year to receive the nonelective contributions. No nonelective contributions were made in 2017 or 2016.

All contributions described above may not exceed the limitations prescribed by the Internal Revenue Code (“IRC”).

Participant Accounts

Each participant directs the investment of all contributions to his or her account among the investment options available under the Plan, consisting of mutual funds and a common/collective trust, and may change the investment options selected at any time. Each participant’s account is credited with the participant’s contributions, employer matching contributions, and allocations of discretionary nonelective employer contributions (when made) based on eligible compensation. Investment income or loss is credited to each participant’s account based upon the performance of the investment options selected by the participant. Participants who initiate a loan or benefit payment are charged a fee for that transaction, which is deducted from the proceeds they receive. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements

Vesting

Participants are immediately vested in their voluntary deferral contributions and Safe Harbor matchings contributions, plus earnings thereon. Participants become vested in Company nonelective contributions at a rate of 20% for each of the first five years of credited service, becoming 100% vested after five years of credited service or upon death or permanent disability.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of the lesser of (1) \$50,000 reduced by the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan is made, or (2) 50% of the participant's vested balances under the Plan reduced by any outstanding loan balances. The term of the loan may not exceed five years unless the loan is used to acquire a principal residence, in which case the term may not exceed 15 years. Participants are allowed to have no more than two loans outstanding at any time. Loans bear interest at rates ranging from 4.25% to 5.25%, which represents 1% over *The Wall Street Journal* prime rate on the date the loans were originated. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, retirement, disability or death, the Plan provides for benefits to be paid in a single distribution at an elected date. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account. If the participant's account balance is \$1,000 or less, payment will be made in a lump-sum without the participant's consent. Hardship distributions are permitted from participants' elective deferral accounts. If a participant elects to take a hardship withdrawal, compensation deferral contributions are suspended for six months following receipt of the distribution. In-service distributions are permitted if the participant has attained the age of 59½.

Forfeited Accounts

Forfeitures are used to reduce employer contributions or to pay eligible administrative expenses. Employer cash contributions for 2017 and 2016 were reduced by \$1,050 and \$5,500, respectively from the forfeiture account. Unallocated forfeitures amounted to \$9,169 and \$1,356 at December 31, 2017 and 2016, respectively.

Administrative Expenses

Substantially all expenses associated with the administration of the Plan, including fees for professional services, are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fund management fees and operating expense are paid by the Plan and allocated to participants' accounts as a reduction of net appreciation in fair value of mutual funds. Loan fees and distribution fees are borne by the applicable participant. These expenses qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

HAULOTTE BIL-JAX RETIREMENT SAVINGS INVESTMENT PLAN

Notes to Financial Statements

Plan participants may elect to receive investment advice and managed account services. Under the managed account services program, participants' accounts are automatically monitored, rebalanced and reallocated every quarter. Managed account service fees are charged quarterly to the accounts of participants utilizing the services. These fees totaled \$47,965 in 2017 and \$45,489 in 2016.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Income from investments is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and the common/collective trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of net appreciation or an increase in net depreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Related fees are deducted from the loan proceeds. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default based upon terms in the Plan agreement, the note receivable is reduced and a deemed distribution is recorded.

Contributions

Participant contributions are recorded when they are withheld from compensation. Employer contributions are reported in the period in which they become obligations of the Company.

Notes to Financial Statements

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2017, the most recent statement of net assets available for benefits presented herein, through October 15, 2018, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fifth Third Bank, as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, (2) the December 31, 2017, schedule of assets (held at end of year), and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2017 and 2016. Fifth Third Bank has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2017 and 2016.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in markets that are not active;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

HAULOTTE BIL-JAX RETIREMENT SAVINGS INVESTMENT PLAN

Notes to Financial Statements

The fair value measurement level within the fair value hierarchy of each of the Plan's assets and liabilities is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: The common/collective trust is valued at the NAV of units of a bank collective trust. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value and, as a result, is classified as "other" and is not assigned a level in the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2017	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 11,453,746	\$ -	\$ -	\$ -	\$ 11,453,746

Total investments at fair value	\$ 11,453,746	\$ -	\$ -	\$ 292,281	\$ 11,746,027

HAULOTTE BIL-JAX RETIREMENT SAVINGS INVESTMENT PLAN

Notes to Financial Statements

(1) Certain investments are measured at NAV per share (or its equivalent) on a market that is not active and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets between levels for the years ended December 31, 2017 and 2016.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2017	2016			
Common/collective trust	\$ 292,281	\$ 327,800	\$ -	Daily	Daily

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fifth Third Bank is the trustee of the Plan and, therefore, transactions with Fifth Third Bank qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees paid by the Plan to Fifth Third, which represent fees for managed account services, amounted to \$61,339 in 2017 and \$45,489 in 2016. Fees paid by the Plan for investment management services are included as a reduction of net appreciation in fair value of investments.

5. INCOME TAX STATUS

The Plan is a prototype plan sponsored by Fifth Third Bank. The prototype plan received a favorable opinion letter dated March 31, 2008, from the Internal Revenue Service ("IRS") stating that the prototype plan, as designed, is qualified under Section 401(a) of the IRC and, therefore, plans operated according to the provisions of the prototype plan are not subject to tax under Section 401(a) of the IRC. The Plan has not sought a separate qualification determination from the IRS. The prototype plan has been amended since the date of the opinion letter, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan is qualified and the related trust is exempt from income taxes.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

HAULOTTE BIL-JAX RETIREMENT SAVINGS INVESTMENT PLAN

Notes to Financial Statements

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and their account balances would be distributed to them.

7. RISKS AND UNCERTAINTIES

The Plan invests in various mutual funds and a common/collective trust with the underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in value in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
