NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

1. DESCRIPTION OF PLAN

The following description of the Aventics 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering eligible employees of the Aventics Corporation (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Aventics Corporation 401(k) Plan for Bargaining Unit Employees was merged into the Plan effective December 1, 2017. Net assets available for benefits of \$4,867,341 were transferred to the Plan on the date of the merger. As a result of the merger, bargaining unit employees of the Company became eligible to participate in the Plan.

Ascensus Trust Company was the trustee of the Plan through December 1, 2017, the date when the Plan switched to Fidelity Management Trust Company. As part of the transition, the plan's name was changed from Rexroth Pneumatics 401(k) Retirement Plan to Aventics 401(k) Retirement Plan.

Eligibility:

Full-time employees may join the Plan on the first day of the month following their date of hire. Part-time employees must complete at least 1,000 hours of service to become eligible.

Contributions:

The Plan is funded by both pre-tax and Roth salary deductions and employer matching and profit sharing contributions. Newly eligible employees will be automatically enrolled in the Plan and will begin making pre-tax deferrals of 5% of their compensation with the exception of certain hourly employees and members of the International Brotherhood of Teamsters Local 651 for whom this provision does not apply. Participants may elect to defer up to 85% of their compensation up to Internal Revenue Code annual limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified employee benefit plans.

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

The plan sponsor makes discretionary matching contributions for all participants at a rate that is determined each year. In 2017, the employer matched up to 75% of the first 9% of eligible compensation contributed by the participant. Profit sharing contributions are determined by the participant's age and percent of the participant's compensation as shown in the table below:

Age of participant as of December 31	Allocation rate
Under 30	2.5%
30 to 34	3.0%
35 to 39	3.5%
40 to 44	4.0%
45 to 49	4.5%
50 to 54	5.0%
55 to 59	5.5%
60 to 64	6.0%
65 and older	6.5%

Investment Options:

Participants may, upon enrollment in the Plan, elect to invest their contributions and the employer contributions in various investment options currently offered by the Plan. The Plan currently offers approximately twenty core investment funds inclusive of mutual funds and common/collective trusts. Periodic transfers among funds of certain accumulated account balances and directions of future employee deferral and employer contributions are permitted.

Participant Accounts:

Each participant's account is credited with the participant's contributions and allocations of (a) the employer's contribution, and (b) Plan earnings (losses), and charged with the participant's withdrawals and an allocation of administrative expenses. Allocations of the employer's contributions are based upon participant earnings or account balances, as defined in the Plan's provisions. Allocations of Plan earnings are based on the specific investment performance of each participant's investment account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately 100% vested in their contributions plus actual earnings thereon. With the exception of certain classes of employees who transferred from the Aventics Corporation 401(k) Plan for Bargaining Unit Employees, vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as outlined in the following table:

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Years of service	Percent of non-forfeitable interest
Less than 3 years	0%
3 years or more	100%

Notes Receivable from Participants:

Participants may borrow from their accounts up to the lesser of one-half (50%) of their vested account balance, or \$50,000 (subject to certain limitations as defined in the Plan document). The minimum loan is \$1,000. Participants may only have one outstanding loan at any time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan Fund. Loan terms generally range from one to five years. The loans are secured by the balance in the participant's account and bear interest at 4.25%-5.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits:

Upon termination of service due to death, disability, retirement, or termination of employment, or attainment of age 59 ½, a participant or participant's beneficiary (in the event of a participant's death) may elect to receive the entire value of his or her account in a lump sum payment, annual or installments, or a rollover into an Individual Retirement Account (IRA) or the participant's new employer's qualified plan if it accepts rollovers.

In the event of financial hardship, the employer may allow a participant to withdraw from his or her account. The amount may not exceed the amount contributed by the participant, or the participant contribution account, if less. Employee deferral contributions to the Plan, and any other employer-sponsored matching contributions, are suspended for six months after a participant receives a hardship withdrawal.

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts are used towards future Company contributions or plan fees. At December 31, 2017 and 2016, there were approximately \$58,000 and \$23,000 of forfeited nonvested accounts, respectively. Forfeitures of approximately \$12,000 were used to reduce fees for the year ended December 31, 2017.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in the understanding of the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the accompanying financial statements.

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits:

Benefits are recorded when paid.

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Administrative Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Additionally, the Plan is not charged for accounting and administrative services performed on its behalf by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included as a reduction of the return earned on each fund.

Subsequent Events:

The Plan has evaluated subsequent events through the date the financial statements were available to be issued, which is October 15, 2018.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company and Fidelity Management Trust Company, the trustees of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market mutual funds: Generally transact subscription and redemption activity at \$1 stable net asset value (NAV) however, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of securities held in the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Public investment securities valued using the net asset value (NAV) provided by the respective investment manager via audited financial statements of the funds. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. The investment strategies of the common/collective trust vary based on investment objectives of the asset class of which they are a part. Such strategies include investments in equity securities for long-term capital appreciation, investment portfolios that replicate fixed income, and investments that follow an asset allocation glide path to offer an appropriate level of exposure to risk and return as investors progress toward retirement.

Stable value fund: This consists of the Goldman Sachs Stable Value Investor Series Class 1 Fund, which is a common collective trust fund and is considered to be a stable value fund with the underlying investments in insurance contracts. This guarantees that participant-

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

initiated withdrawals from the fund will be covered at contract value. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 1,160,376	\$ 1,160,376	\$ -0-	\$ -0-
Total assets in the fair value hierarchy	1,160,376	1,160,376	-0-	-0-
Stable value fund ^(a)	57,706	-0-	-0-	-0-
Common/collective trust funds ^(a)	18,108,201	-0-	-0-	-0-
Total investments, at fair value	<u>\$ 19,326,283</u>	<u>\$ 1,160,376</u>	<u>\$ -0-</u>	<u>\$ -0-</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or it's equivalent) have not been classified in the fair value hierarchy. The fair value amounts present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statement of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Fair Value	Level 1	Level 2	Level 3
Money market mutual funds	\$ 1,082,586	\$ -0-	\$ 1,082,586	\$ -0-
Mutual funds	10,684,084	10,684,084	-0-	-0-
Total investments, at fair value	<u>\$ 11,766,670</u>	<u>\$ 10,684,084</u>	<u>\$ 1,082,586</u>	<u>\$ -0-</u>

The Plan's policy is to recognize transfers between levels as of the end of the reporting period. There were no transfers of investments between levels during 2017 or 2016.

5. EXEMPT PARTIES-IN-INTEREST TRANSACTIONS

Notes receivable from participants qualify as exempt party-in-interest transactions. Ascensus Trust Company and Fidelity Management Trust Company served as trustees for the Plan and, therefore, transactions with trustees qualify as party-in-interest transactions. Avondale Partners provides advisory consulting services for the Plan. Blue & Co., LLC serves as the auditor for the Plan. Certain operating expenses of the Plan are paid by the Plan sponsor including fees for the Plan's advisory services and audit fees.

6. NONEXEMPT PARTIES-IN-INTEREST TRANSACTIONS

During 2017, the Company failed to remit contributions totaling \$163,077 in a timely manner, as defined by ERISA. The delay in remitting the contributions to the trustee was due to an administrative error, and the Plan sponsor agreed to credit the participant's account with the amount of the participant's withheld contributions and investment income that would have been earned had the participant's contributions been remitted on a timely basis.

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

7. TAX STATUS

The Plan is designed as a volume submitter profit sharing plan administered by Fidelity Management Trust Company. Although the Plan has not obtained a favorable determination letter from the Internal Revenue Service (IRS), the prototype plan has received a favorable opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since receiving the opinion letter. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, no provision for income taxes has been made in the Plan's financial statements as of December 31, 2017 and 2016.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will be entitled to 100% of the value of their accounts.

In the event of any merger or consolidation of the Plan with, or transfer of assets of the Plan to any other Plan, each participant's account, immediately after such event, would equal the market value of the account prior to such event.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

1. DESCRIPTION OF PLAN

The following description of the Aventics 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering eligible employees of the Aventics Corporation (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Aventics Corporation 401(k) Plan for Bargaining Unit Employees was merged into the Plan effective December 1, 2017. Net assets available for benefits of \$4,867,341 were transferred to the Plan on the date of the merger. As a result of the merger, bargaining unit employees of the Company became eligible to participate in the Plan.

Ascensus Trust Company was the trustee of the Plan through December 1, 2017, the date when the Plan switched to Fidelity Management Trust Company. As part of the transition, the plan's name was changed from Rexroth Pneumatics 401(k) Retirement Plan to Aventics 401(k) Retirement Plan.

Eligibility:

Full-time employees may join the Plan on the first day of the month following their date of hire. Part-time employees must complete at least 1,000 hours of service to become eligible.

Contributions:

The Plan is funded by both pre-tax and Roth salary deductions and employer matching and profit sharing contributions. Newly eligible employees will be automatically enrolled in the Plan and will begin making pre-tax deferrals of 5% of their compensation with the exception of certain hourly employees and members of the International Brotherhood of Teamsters Local 651 for whom this provision does not apply. Participants may elect to defer up to 85% of their compensation up to Internal Revenue Code annual limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified employee benefit plans.

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

The plan sponsor makes discretionary matching contributions for all participants at a rate that is determined each year. In 2017, the employer matched up to 75% of the first 9% of eligible compensation contributed by the participant. Profit sharing contributions are determined by the participant's age and percent of the participant's compensation as shown in the table below:

Age of participant as of December 31	Allocation rate
Under 30	2.5%
30 to 34	3.0%
35 to 39	3.5%
40 to 44	4.0%
45 to 49	4.5%
50 to 54	5.0%
55 to 59	5.5%
60 to 64	6.0%
65 and older	6.5%

Investment Options:

Participants may, upon enrollment in the Plan, elect to invest their contributions and the employer contributions in various investment options currently offered by the Plan. The Plan currently offers approximately twenty core investment funds inclusive of mutual funds and common/collective trusts. Periodic transfers among funds of certain accumulated account balances and directions of future employee deferral and employer contributions are permitted.

Participant Accounts:

Each participant's account is credited with the participant's contributions and allocations of (a) the employer's contribution, and (b) Plan earnings (losses), and charged with the participant's withdrawals and an allocation of administrative expenses. Allocations of the employer's contributions are based upon participant earnings or account balances, as defined in the Plan's provisions. Allocations of Plan earnings are based on the specific investment performance of each participant's investment account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately 100% vested in their contributions plus actual earnings thereon. With the exception of certain classes of employees who transferred from the Aventics Corporation 401(k) Plan for Bargaining Unit Employees, vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as outlined in the following table:

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Years of service	Percent of non-forfeitable interest
Less than 3 years	0%
3 years or more	100%

Notes Receivable from Participants:

Participants may borrow from their accounts up to the lesser of one-half (50%) of their vested account balance, or \$50,000 (subject to certain limitations as defined in the Plan document). The minimum loan is \$1,000. Participants may only have one outstanding loan at any time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan Fund. Loan terms generally range from one to five years. The loans are secured by the balance in the participant's account and bear interest at 4.25%-5.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits:

Upon termination of service due to death, disability, retirement, or termination of employment, or attainment of age 59 ½, a participant or participant's beneficiary (in the event of a participant's death) may elect to receive the entire value of his or her account in a lump sum payment, annual or installments, or a rollover into an Individual Retirement Account (IRA) or the participant's new employer's qualified plan if it accepts rollovers.

In the event of financial hardship, the employer may allow a participant to withdraw from his or her account. The amount may not exceed the amount contributed by the participant, or the participant contribution account, if less. Employee deferral contributions to the Plan, and any other employer-sponsored matching contributions, are suspended for six months after a participant receives a hardship withdrawal.

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts are used towards future Company contributions or plan fees. At December 31, 2017 and 2016, there were approximately \$58,000 and \$23,000 of forfeited nonvested accounts, respectively. Forfeitures of approximately \$12,000 were used to reduce fees for the year ended December 31, 2017.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in the understanding of the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the accompanying financial statements.

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits:

Benefits are recorded when paid.

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Administrative Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Additionally, the Plan is not charged for accounting and administrative services performed on its behalf by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included as a reduction of the return earned on each fund.

Subsequent Events:

The Plan has evaluated subsequent events through the date the financial statements were available to be issued, which is October 15, 2018.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company and Fidelity Management Trust Company, the trustees of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market mutual funds: Generally transact subscription and redemption activity at \$1 stable net asset value (NAV) however, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of securities held in the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Public investment securities valued using the net asset value (NAV) provided by the respective investment manager via audited financial statements of the funds. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. The investment strategies of the common/collective trust vary based on investment objectives of the asset class of which they are a part. Such strategies include investments in equity securities for long-term capital appreciation, investment portfolios that replicate fixed income, and investments that follow an asset allocation glide path to offer an appropriate level of exposure to risk and return as investors progress toward retirement.

Stable value fund: This consists of the Goldman Sachs Stable Value Investor Series Class 1 Fund, which is a common collective trust fund and is considered to be a stable value fund with the underlying investments in insurance contracts. This guarantees that participant-

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

initiated withdrawals from the fund will be covered at contract value. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 1,160,376	\$ 1,160,376	\$ -0-	\$ -0-
Total assets in the fair value hierarchy	1,160,376	1,160,376	-0-	-0-
Stable value fund ^(a)	57,706	-0-	-0-	-0-
Common/collective trust funds ^(a)	18,108,201	-0-	-0-	-0-
Total investments, at fair value	<u>\$ 19,326,283</u>	<u>\$ 1,160,376</u>	<u>\$ -0-</u>	<u>\$ -0-</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or it's equivalent) have not been classified in the fair value hierarchy. The fair value amounts present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statement of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Fair Value	Level 1	Level 2	Level 3
Money market mutual funds	\$ 1,082,586	\$ -0-	\$ 1,082,586	\$ -0-
Mutual funds	10,684,084	10,684,084	-0-	-0-
Total investments, at fair value	<u>\$ 11,766,670</u>	<u>\$ 10,684,084</u>	<u>\$ 1,082,586</u>	<u>\$ -0-</u>

The Plan's policy is to recognize transfers between levels as of the end of the reporting period. There were no transfers of investments between levels during 2017 or 2016.

5. EXEMPT PARTIES-IN-INTEREST TRANSACTIONS

Notes receivable from participants qualify as exempt party-in-interest transactions. Ascensus Trust Company and Fidelity Management Trust Company served as trustees for the Plan and, therefore, transactions with trustees qualify as party-in-interest transactions. Avondale Partners provides advisory consulting services for the Plan. Blue & Co., LLC serves as the auditor for the Plan. Certain operating expenses of the Plan are paid by the Plan sponsor including fees for the Plan's advisory services and audit fees.

6. NONEXEMPT PARTIES-IN-INTEREST TRANSACTIONS

During 2017, the Company failed to remit contributions totaling \$163,077 in a timely manner, as defined by ERISA. The delay in remitting the contributions to the trustee was due to an administrative error, and the Plan sponsor agreed to credit the participant's account with the amount of the participant's withheld contributions and investment income that would have been earned had the participant's contributions been remitted on a timely basis.

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

7. TAX STATUS

The Plan is designed as a volume submitter profit sharing plan administered by Fidelity Management Trust Company. Although the Plan has not obtained a favorable determination letter from the Internal Revenue Service (IRS), the prototype plan has received a favorable opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since receiving the opinion letter. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, no provision for income taxes has been made in the Plan's financial statements as of December 31, 2017 and 2016.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will be entitled to 100% of the value of their accounts.

In the event of any merger or consolidation of the Plan with, or transfer of assets of the Plan to any other Plan, each participant's account, immediately after such event, would equal the market value of the account prior to such event.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan is a defined contribution plan covering eligible employees of the Aventics Corporation (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Aventics Corporation 401(k) Plan for Bargaining Unit Employees was merged into the Plan effective December 1, 2017. Net assets available for benefits of \$4,867,341 were transferred to the Plan on the date of the merger. As a result of the merger, bargaining unit employees of the Company became eligible to participate in the Plan.

Ascensus Trust Company was the trustee of the Plan through December 1, 2017, the date when the Plan switched to Fidelity Management Trust Company. As part of the transition, the plan's name was changed from Rexroth Pneumatics 401(k) Retirement Plan to Aventics 401(k) Retirement Plan.

Eligibility:

Full-time employees may join the Plan on the first day of the month following their date of hire. Part-time employees must complete at least 1,000 hours of service to become eligible.

Contributions:

The Plan is funded by both pre-tax and Roth salary deductions and employer matching and profit sharing contributions. Newly eligible employees will be automatically enrolled in the Plan and will begin making pre-tax deferrals of 5% of their compensation with the exception of certain hourly employees and members of the International Brotherhood of Teamsters Local 651 for whom this provision does not apply. Participants may elect to defer up to 85% of their compensation up to Internal Revenue Code annual limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified employee benefit plans.

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

The plan sponsor makes discretionary matching contributions for all participants at a rate that is determined each year. In 2017, the employer matched up to 75% of the first 9% of eligible compensation contributed by the participant. Profit sharing contributions are determined by the participant's age and percent of the participant's compensation as shown in the table below:

Age of participant as of December 31	Allocation rate
Under 30	2.5%
30 to 34	3.0%
35 to 39	3.5%
40 to 44	4.0%
45 to 49	4.5%
50 to 54	5.0%
55 to 59	5.5%
60 to 64	6.0%
65 and older	6.5%

Investment Options:

Participants may, upon enrollment in the Plan, elect to invest their contributions and the employer contributions in various investment options currently offered by the Plan. The Plan currently offers approximately twenty core investment funds inclusive of mutual funds and common/collective trusts. Periodic transfers among funds of certain accumulated account balances and directions of future employee deferral and employer contributions are permitted.

Participant Accounts:

Each participant's account is credited with the participant's contributions and allocations of (a) the employer's contribution, and (b) Plan earnings (losses), and charged with the participant's withdrawals and an allocation of administrative expenses. Allocations of the employer's contributions are based upon participant earnings or account balances, as defined in the Plan's provisions. Allocations of Plan earnings are based on the specific investment performance of each participant's investment account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately 100% vested in their contributions plus actual earnings thereon. With the exception of certain classes of employees who transferred from the Aventics Corporation 401(k) Plan for Bargaining Unit Employees, vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as outlined in the following table:

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Years of service	Percent of non-forfeitable interest
Less than 3 years	0%
3 years or more	100%

Notes Receivable from Participants:

Participants may borrow from their accounts up to the lesser of one-half (50%) of their vested account balance, or \$50,000 (subject to certain limitations as defined in the Plan document). The minimum loan is \$1,000. Participants may only have one outstanding loan at any time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan Fund. Loan terms generally range from one to five years. The loans are secured by the balance in the participant's account and bear interest at 4.25%-5.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits:

Upon termination of service due to death, disability, retirement, or termination of employment, or attainment of age 59 ½, a participant or participant's beneficiary (in the event of a participant's death) may elect to receive the entire value of his or her account in a lump sum payment, annual or installments, or a rollover into an Individual Retirement Account (IRA) or the participant's new employer's qualified plan if it accepts rollovers.

In the event of financial hardship, the employer may allow a participant to withdraw from his or her account. The amount may not exceed the amount contributed by the participant, or the participant contribution account, if less. Employee deferral contributions to the Plan, and any other employer-sponsored matching contributions, are suspended for six months after a participant receives a hardship withdrawal.

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts are used towards future Company contributions or plan fees. At December 31, 2017 and 2016, there were approximately \$58,000 and \$23,000 of forfeited nonvested accounts, respectively. Forfeitures of approximately \$12,000 were used to reduce fees for the year ended December 31, 2017.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in the understanding of the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the accompanying financial statements.

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits:

Benefits are recorded when paid.

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Administrative Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Additionally, the Plan is not charged for accounting and administrative services performed on its behalf by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included as a reduction of the return earned on each fund.

Subsequent Events:

The Plan has evaluated subsequent events through the date the financial statements were available to be issued, which is October 15, 2018.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company and Fidelity Management Trust Company, the trustees of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market mutual funds: Generally transact subscription and redemption activity at \$1 stable net asset value (NAV) however, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of securities held in the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Public investment securities valued using the net asset value (NAV) provided by the respective investment manager via audited financial statements of the funds. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. The investment strategies of the common/collective trust vary based on investment objectives of the asset class of which they are a part. Such strategies include investments in equity securities for long-term capital appreciation, investment portfolios that replicate fixed income, and investments that follow an asset allocation glide path to offer an appropriate level of exposure to risk and return as investors progress toward retirement.

Stable value fund: This consists of the Goldman Sachs Stable Value Investor Series Class 1 Fund, which is a common collective trust fund and is considered to be a stable value fund with the underlying investments in insurance contracts. This guarantees that participant-

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

initiated withdrawals from the fund will be covered at contract value. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 1,160,376	\$ 1,160,376	\$ -0-	\$ -0-
Total assets in the fair value hierarchy	1,160,376	1,160,376	-0-	-0-
Stable value fund ^(a)	57,706	-0-	-0-	-0-
Common/collective trust funds ^(a)	18,108,201	-0-	-0-	-0-
Total investments, at fair value	<u>\$ 19,326,283</u>	<u>\$ 1,160,376</u>	<u>\$ -0-</u>	<u>\$ -0-</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or it's equivalent) have not been classified in the fair value hierarchy. The fair value amounts present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statement of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Fair Value	Level 1	Level 2	Level 3
Money market mutual funds	\$ 1,082,586	\$ -0-	\$ 1,082,586	\$ -0-
Mutual funds	10,684,084	10,684,084	-0-	-0-
Total investments, at fair value	<u>\$ 11,766,670</u>	<u>\$ 10,684,084</u>	<u>\$ 1,082,586</u>	<u>\$ -0-</u>

The Plan's policy is to recognize transfers between levels as of the end of the reporting period. There were no transfers of investments between levels during 2017 or 2016.

5. EXEMPT PARTIES-IN-INTEREST TRANSACTIONS

Notes receivable from participants qualify as exempt party-in-interest transactions. Ascensus Trust Company and Fidelity Management Trust Company served as trustees for the Plan and, therefore, transactions with trustees qualify as party-in-interest transactions. Avondale Partners provides advisory consulting services for the Plan. Blue & Co., LLC serves as the auditor for the Plan. Certain operating expenses of the Plan are paid by the Plan sponsor including fees for the Plan's advisory services and audit fees.

6. NONEXEMPT PARTIES-IN-INTEREST TRANSACTIONS

During 2017, the Company failed to remit contributions totaling \$163,077 in a timely manner, as defined by ERISA. The delay in remitting the contributions to the trustee was due to an administrative error, and the Plan sponsor agreed to credit the participant's account with the amount of the participant's withheld contributions and investment income that would have been earned had the participant's contributions been remitted on a timely basis.

AVENTICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

7. TAX STATUS

The Plan is designed as a volume submitter profit sharing plan administered by Fidelity Management Trust Company. Although the Plan has not obtained a favorable determination letter from the Internal Revenue Service (IRS), the prototype plan has received a favorable opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since receiving the opinion letter. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, no provision for income taxes has been made in the Plan's financial statements as of December 31, 2017 and 2016.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will be entitled to 100% of the value of their accounts.

In the event of any merger or consolidation of the Plan with, or transfer of assets of the Plan to any other Plan, each participant's account, immediately after such event, would equal the market value of the account prior to such event.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
