NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016 AND THE YEAR ENDED DECEMBER 31, 2017

1. DESCRIPTION OF PLAN

The following description of the Hissong Group, Inc. & Subsidiaries 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Hissong Group, Inc. and Subsidiaries (the "Company") who have completed six months of service and attained the age of 21 within the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Participant Accounts – Each participant's account is credited with his or her elective deferrals, the Company's matching contributions, and an allocation of the Company's profit sharing contributions, if any, and Plan earnings, and is charged with an allocation of administrative expenses. Upon enrollment in the Plan, participants may direct contributions among investment choices and may change their investment options on any normal business day. Allocations by the Plan are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions – Participants may make pre-tax contributions in any percentage of their compensation as defined by the Plan up to the maximum amount set by the law. The Plan allows for catch-up contributions for participants who attain the age of 50 before year end. The Company may make discretionary matching and profit sharing contributions. During 2017, the Company's discretionary matching contributions were 100% of the first 3% of participants' compensation that participants contributed to the Plan. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code).

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances.

The notes receivable are secured by the balances in the participants' accounts and bear interest at rates ranging from 5.25%, to 6.25% at December 31, 2017. Principal and interest is paid ratably through weekly payroll deductions. All expenses associated with the establishment and administration of the loan will be paid by or charged to the participants' accounts. Repayments of principal and interest are credited to the participants' separate accounts within the funds as elected by the participants. Until such repayments are received, the notes receivable are accounted for in the participant loan fund.

Payment of Benefits – Benefits will be paid from the Plan in a lump-sum upon the occurrence of any of the following events:

Retirement -- A participant, upon retirement from employment with the Company at either normal retirement date (age 65) or at any time thereafter, shall be entitled to receive the entire balance in his or her account.

Disability -- In the event a participant becomes totally disabled, the participant shall be entitled to receive the entire balance in his or her account.

Death -- Upon death of a participant, the beneficiary of the participant shall be entitled to receive the entire balance in his or her account remaining at death.

In-Service Withdrawals – Upon attaining the age of 59½, a participant may take in-service withdrawals.

Termination of Employment -- Upon termination of employment with the Company for any reason other than death, retirement, or total disability, a participant shall be entitled to the vested balance in his or her account. If the value of vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will automatically be distributed to the participant without the participant's consent in the form of a direct rollover to an individual retirement account as designated by the plan administrator.

Hardship – A participant shall be entitled to a hardship withdrawal of the participant's share of salary deferrals and employer matching contributions after maximum participant loans have been withdrawn. The participant will not be allowed to make salary deferral contributions for a period of six months after receiving a hardship distribution.

Vesting – Each participant has a 100% non-forfeitable vested interest in his or her elective deferral contributions. Vesting in the participants' shares of Company matching and profit sharing contributions is based upon years of continuous service according to a six-year graduated scale. Participants will be 20% vested after two years of service and will vest an additional 20% for each year thereafter. A participant is 100% vested after six years of credited service or in the event of death, disability, or retirement.

Forfeitures – The Company has the option to use forfeited employer matching contributions to reduce future employer matching contributions or pay Plan expenses. Forfeited employer profit sharing contributions will be added to any employer discretionary contribution and allocated to participants in the same manner. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$604 and \$0, respectively. During 2017, \$5,331 of forfeited non-vested accounts were used to pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

Adoption of New Accounting Standard – In May 2015, the Financial Accounting Standards Board (FASB) issued an Accounting Standards Update (ASU) which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. The ASU is effective retrospectively for fiscal years beginning after December 15, 2016. The Plan adopted this ASU for the year ended December 31, 2017 and applied the changes retroactively to the notes to the financial statements as of December 31, 2016.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan’s valuation policies utilizing information provided by the trustee. The change in the difference between fair value and the cost of investments and gain or loss on the sale of investments is reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The cost of investments sold is based on the average cost of the investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2017 or 2016. If a participant ceases to make repayments and the plan administrator deems the note receivable to be in default, the balance on the note receivable is reclassified to benefits paid to participants in accordance with Plan provisions.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed \$27,075 in excess contributions at December 31, 2016 to the applicable participants prior to March 15, 2017.

Benefit Payments – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants’ accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Accounting Estimates – Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of changes in net assets. Actual results could vary from the estimates that were used.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Huntington National Bank, the trustee of the Plan, held the Plan’s investment assets and executed transactions therein as of December 31, 2017 and 2016 and for the year ended December 31, 2017. The following is a summary of the Plan’s financial information certified by the trustee as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Plan assets certified by the trustee at December 31, 2017 and 2016 includes the following:

	December 31,	
	2017	2016
Investments, at fair value:		
Mutual funds	\$ 4,024,060	\$ 3,211,554
Common/collective trust	258,672	220,352
Notes receivable from participants	49,009	41,901

Plan income certified by the trustee for the year ended December 31, 2017 includes the following:

Investment income	\$ 703,027
Interest income on notes receivable from participants	2,143

4. VALUATION OF INVESTMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term) the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds – Valued at the net asset value of shares held by the plan at year-end, as measured on the active markets in which the investments are traded.

Common/collective trust – Valued at the net asset value of shares held by the Plan at year end. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the trust's underlying assets less its liabilities. The practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Total
<u>December 31, 2017</u>		
Mutual funds	\$ 4,024,060	\$ 4,024,060
Total investments in the fair value hierarchy	<u>\$ 4,024,060</u>	4,024,060
Investments measured at net asset value		<u>258,672</u>
Total investments at fair value		<u>\$ 4,282,732</u>
	Level 1	Total
<u>December 31, 2016</u>		
Mutual funds	\$ 3,211,554	\$ 3,211,554
Total investments in the fair value hierarchy	<u>\$ 3,211,554</u>	3,211,554
Investments measured at net asset value		<u>220,352</u>
Total investments at fair value		<u>\$ 3,431,906</u>

5. COMMON/COLLECTIVE TRUST

The Plan has an investment in Federated Capital Preservation Fund (the Fund) which is a common/collective trust fund. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances within the Fund to non-competing investments. Transfers to competing investments require a 12 month advance notice.

6. PLAN TERMINATION

Although they have not expressed an intent to do so, the Company has the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Huntington National Bank. Huntington National Bank is the trustee of the Plan and therefore these transactions qualify as party-in-interest transactions.

9. TAX MATTERS

The Company adopted a volume submitter profit sharing plan with cash or deferred arrangement which received a favorable opinion letter from the IRS dated February 29, 2017 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United State of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has determined that the Plan does not have any uncertain tax positions and the associated unrecognized benefits that materially impact the financial statements or related disclosures. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

10. SUBSEQUENT EVENTS

Subsequent events are those events or transactions that occur following the statement of net assets available for benefits date, but before the financial statements are issued, or are available to be issued. FASB ASC Section 855, *Subsequent Events*, requires disclosure regarding the date through which subsequent events have been evaluated and the basis for determining that date. Subsequent events have been evaluated through October 12, 2018, which is the date the financial statement were available to be issued.
