We have been informed by the plan administrator that the custodian holds the Plan's investments and executes investment transactions. The plan administrator has obtained certifications from the agent on behalf of the custodian as of and for the years ended December 31, 2017 and 2016 that the information provided to the plan administrator by the agent for the custodian is complete and accurate.

AIR POWER DYNAMICS, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Air Power Dynamics, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Air Power Dynamics, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Investment options: The Plan is funded through a group annuity contract (the "Contract") issued by The Hartford Life Insurance Company ("Hartford"), custodian of the Plan's assets. The Contract offers several variable investment options (mutual funds) through Hartford pooled separate accounts. Each investment sub-account is invested by Hartford exclusively in shares of the specific mutual fund directed by the participant. Amounts allocated to a variable investment account are credited to a participant's account in the form of accumulation units.

Eligibility: To be eligible to participate in the Plan, an employee must have completed at least one year of service and have attained the age of 21. Employees are eligible for participation in the Plan on the first day of the month after meeting the eligibility requirements.

Contributions: Participants may make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations for the Plan year. Plan participants over the age of 50 are also permitted to make additional pre-tax and Roth catch-up contributions to a maximum of \$6,000 in 2017. The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Company matches 50% of the first 2% of a participant's contribution. Participants are eligible for the Company match as soon as they are eligible and elect to participate in the Plan. In addition, the Company may make an additional discretionary matching contribution for each eligible employee. No additional discretionary matching contributions were contributed by the Company in 2017.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) Company contributions, if any, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be drawn from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and earnings thereon. Vesting in the employer matching and discretionary employer matching contributions is based on years of service with the Company, based on the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 1	0%
1 but less than 2 years	20%
2 but less than 3 years	40%
3 but less than 4 years	60%
4 but less than 5 years	80%
5 or more years	100%

Participants are immediately vested in matching contributions if employed at age 65, at time of death, or upon becoming disabled.

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's account balance with a minimum of \$1,000; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through weekly or biweekly payroll deductions. The loans bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator at the date of loan issuance. All unpaid loan balances in excess of 90 days past due are deemed to be in default.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Distributions from a participant's account are not permitted before the normal age of retirement except in the event of death, disability, termination of employment, or financial hardship, as defined by the Plan. Distributions to retired participants will begin as soon as administratively feasible. The participant may elect among various forms of benefit payments.

Forfeitures: Forfeited non-vested accounts are applied first to payment of plan administrative expenses, with any remaining forfeitures used to reduce future employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$2,855 and \$2,459, respectively. During 2017, amounts forfeited from accounts totaled \$396. No forfeitures were used to pay plan administrative expenses or reduce employer contributions in 2017.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written off when deemed uncollectible.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

Purchases and sales of investments, including gains and losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits paid: Benefit payments to participants are recorded when paid.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Plan, unless paid by the Company at its discretion. During 2017, substantially all Plan related expenses were paid by the Company.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 12, 2018, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

1. Pooled-separate accounts: Valued at the net asset value of shares of the underlying assets held by the Plan at year end. The pooled-separate accounts do not have finite lives, unfunded commitments relating to these type of investments, or significant restrictions on redemptions. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value:				
Pooled separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 1,640,478
Total	\$ -	\$ -	\$ -	\$ 1,640,478

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value:				
Pooled separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 1,338,741
Total	\$ -	\$ -	\$ -	\$ 1,338,741

- (a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2017 and 2016.

NOTE 4 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the Plan are followed. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants totaling \$2,423 and \$7,097 for contributions in excess of amounts allowed by the IRS were recorded as excess contributions payable at December 31, 2017 and 2016 with a corresponding reduction to 2017 and 2016 contributions, respectively. The Plan distributed the 2017 and 2016 excess contributions prior to March 15, 2018 and 2017, respectively.

NOTE 6 – INFORMATION CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Massachusetts Mutual Life Insurance Company, as agent for Hartford Life Insurance Company, the custodian of the Plan, as of and for the years ended December 31, 2017 and 2016:

	<u>2017</u>	<u>2016</u>
Net assets available for benefits:		
Investments, at fair value	\$ 1,640,478	\$ 1,338,741
Participant notes receivable	<u>84,203</u>	<u>66,974</u>
	<u>\$ 1,724,681</u>	<u>\$ 1,405,715</u>
Additions to net assets:		
Net appreciation in fair value of investments	\$ 245,221	
Interest income on participant notes receivable	1,948	

NOTE 7 – RELATED PARTY TRANSACTIONS

Plan investments are held in a pooled separate account under a group annuity contract issued by Hartford Life Insurance Company and managed by an affiliated entity. Hartford Life Insurance Company is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associates with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PLAN TERMINATION

Although the Plan's management has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 10 – PROHIBITED TRANSACTIONS

During the Plan years 2017 and 2016, the Company failed to remit participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such contributions, which totaled \$74,371 and \$17,587, respectively, for the years then ended, were remitted during the 2017 and 2016 Plan years and are summarized on the Schedule of Delinquent Participant Contributions. Lost earnings related to the late remittances for Plan year 2016, which totaled \$43, were remitted to the Plan and credited to participant's accounts in 2017. Lost earnings related to Plan year 2017 totaled \$78, of which \$70 had been remitted as of December 31, 2017 and credited to participant's accounts. The remaining lost earnings were remitted and credited to participant's accounts in January 2018.

NOTE 11 – SUBSEQUENT EVENT

In 2018, the plan was amended to allow for automatic enrollment upon eligibility and, accordingly, employees are treated as having elected to contribute 3% of their earnings as a pre-tax 401(k) contribution with a 1% annual increase each year until the participant reaches a contribution level equal to 6% of compensation, unless an election is made for a different amount or an election is made not to participate.

AIR POWER DYNAMICS, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Air Power Dynamics, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Air Power Dynamics, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Investment options: The Plan is funded through a group annuity contract (the "Contract") issued by The Hartford Life Insurance Company ("Hartford"), custodian of the Plan's assets. The Contract offers several variable investment options (mutual funds) through Hartford pooled separate accounts. Each investment sub-account is invested by Hartford exclusively in shares of the specific mutual fund directed by the participant. Amounts allocated to a variable investment account are credited to a participant's account in the form of accumulation units.

Eligibility: To be eligible to participate in the Plan, an employee must have completed at least one year of service and have attained the age of 21. Employees are eligible for participation in the Plan on the first day of the month after meeting the eligibility requirements.

Contributions: Participants may make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations for the Plan year. Plan participants over the age of 50 are also permitted to make additional pre-tax and Roth catch-up contributions to a maximum of \$6,000 in 2017. The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Company matches 50% of the first 2% of a participant's contribution. Participants are eligible for the Company match as soon as they are eligible and elect to participate in the Plan. In addition, the Company may make an additional discretionary matching contribution for each eligible employee. No additional discretionary matching contributions were contributed by the Company in 2017.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) Company contributions, if any, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be drawn from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and earnings thereon. Vesting in the employer matching and discretionary employer matching contributions is based on years of service with the Company, based on the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 1	0%
1 but less than 2 years	20%
2 but less than 3 years	40%
3 but less than 4 years	60%
4 but less than 5 years	80%
5 or more years	100%

Participants are immediately vested in matching contributions if employed at age 65, at time of death, or upon becoming disabled.

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's account balance with a minimum of \$1,000; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through weekly or biweekly payroll deductions. The loans bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator at the date of loan issuance. All unpaid loan balances in excess of 90 days past due are deemed to be in default.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Distributions from a participant's account are not permitted before the normal age of retirement except in the event of death, disability, termination of employment, or financial hardship, as defined by the Plan. Distributions to retired participants will begin as soon as administratively feasible. The participant may elect among various forms of benefit payments.

Forfeitures: Forfeited non-vested accounts are applied first to payment of plan administrative expenses, with any remaining forfeitures used to reduce future employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$2,855 and \$2,459, respectively. During 2017, amounts forfeited from accounts totaled \$396. No forfeitures were used to pay plan administrative expenses or reduce employer contributions in 2017.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written off when deemed uncollectible.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

Purchases and sales of investments, including gains and losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits paid: Benefit payments to participants are recorded when paid.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Plan, unless paid by the Company at its discretion. During 2017, substantially all Plan related expenses were paid by the Company.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 12, 2018, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

1. Pooled-separate accounts: Valued at the net asset value of shares of the underlying assets held by the Plan at year end. The pooled-separate accounts do not have finite lives, unfunded commitments relating to these type of investments, or significant restrictions on redemptions. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value:				
Pooled separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 1,640,478
Total	\$ -	\$ -	\$ -	\$ 1,640,478

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value:				
Pooled separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 1,338,741
Total	\$ -	\$ -	\$ -	\$ 1,338,741

- (a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2017 and 2016.

NOTE 4 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the Plan are followed. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants totaling \$2,423 and \$7,097 for contributions in excess of amounts allowed by the IRS were recorded as excess contributions payable at December 31, 2017 and 2016 with a corresponding reduction to 2017 and 2016 contributions, respectively. The Plan distributed the 2017 and 2016 excess contributions prior to March 15, 2018 and 2017, respectively.

NOTE 6 – INFORMATION CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Massachusetts Mutual Life Insurance Company, as agent for Hartford Life Insurance Company, the custodian of the Plan, as of and for the years ended December 31, 2017 and 2016:

	<u>2017</u>	<u>2016</u>
Net assets available for benefits:		
Investments, at fair value	\$ 1,640,478	\$ 1,338,741
Participant notes receivable	<u>84,203</u>	<u>66,974</u>
	<u>\$ 1,724,681</u>	<u>\$ 1,405,715</u>
Additions to net assets:		
Net appreciation in fair value of investments	\$ 245,221	
Interest income on participant notes receivable	1,948	

NOTE 7 – RELATED PARTY TRANSACTIONS

Plan investments are held in a pooled separate account under a group annuity contract issued by Hartford Life Insurance Company and managed by an affiliated entity. Hartford Life Insurance Company is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PLAN TERMINATION

Although the Plan's management has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 10 – PROHIBITED TRANSACTIONS

During the Plan years 2017 and 2016, the Company failed to remit participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such contributions, which totaled \$74,371 and \$17,587, respectively, for the years then ended, were remitted during the 2017 and 2016 Plan years and are summarized on the Schedule of Delinquent Participant Contributions. Lost earnings related to the late remittances for Plan year 2016, which totaled \$43, were remitted to the Plan and credited to participant's accounts in 2017. Lost earnings related to Plan year 2017 totaled \$78, of which \$70 had been remitted as of December 31, 2017 and credited to participant's accounts. The remaining lost earnings were remitted and credited to participant's accounts in January 2018.

NOTE 11 – SUBSEQUENT EVENT

In 2018, the plan was amended to allow for automatic enrollment upon eligibility and, accordingly, employees are treated as having elected to contribute 3% of their earnings as a pre-tax 401(k) contribution with a 1% annual increase each year until the participant reaches a contribution level equal to 6% of compensation, unless an election is made for a different amount or an election is made not to participate.
