401K RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2017 and 2016

(1) Description of Plan

The following description of CJ AMERICA, CJ GROUP, TMI 401K RETIREMENT PLAN (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all full-time employees of CJ AMERICA, INC. (the “Company” or the “Plan Sponsor”) and its affiliates, other than union employees and nonresident aliens with no U.S. source income, who have at least three months of service and are at age 21 or older. A part-time, temporary or seasonal employees who are regularly scheduled to work less than 1,000 hours and ex-pats from Korea on a rotating basis are not eligible to participate in the Plan.

Effective January 1, 2017, the Plan Sponsor amended the Plan to discontinue contributions to former employees of CJ Logistics USA Corp. and to authorize the transfer of related participant accounts from the Plan. On February 1, 2017, Plan assets totaling \$1,739,248 (including outstanding loan balances) were transferred from the Plan to the new defined contribution plan established by CJ Logistics USA Corp. The Plan Sponsor is in the process of transferring plan assets in the amount of \$218,749 to CJ Logistics USA Corp.

The administration of the Plan is the responsibility of the administrator appointed by the Board of Directors of the Company. The Plan's trustee is Reliance Trust Company (“Reliance”), and the record keeper is Automatic Data Processing, Inc. (“ADP”). The Plan began on August 1, 2000, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

(b) Contributions

Each year, participant may contribute up to 90% of his or her eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,000 in 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“Rollover”). Participants direct the investment of their contributions into various investment options offered by the Plan. The total contributions in any taxable year may not exceed the dollar limit set by the Internal Revenue Service (“IRS”), which is \$18,000 for 2017.

The Company made an employer matching contribution in an amount equal to 100% of the first 3% of eligible compensation that a participant contributes to the Plan until December 31, 2016. Effective January 1, 2017, the Company converted the Plan into the safe harbor plan and began making a safe harbor contribution in an amount equal to 5% of eligible compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. To become eligible for the Company's profit sharing contributions, participant must complete one year of service. For the year ended December 31, 2017, no profit sharing contributions were made by the Company.

(c) Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

CJ AMERICA, CJ GROUP, TMI
401K RETIREMENT PLAN

Notes to Financial Statements

December 31, 2017 and 2016

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are always 100% vested in their employee contributions, rollover contributions and safe harbor contributions, plus actual earnings thereon. Vesting in the employer matching contribution made prior to January 1, 2017 and profit sharing contribution portion of their accounts is based on years of continuous service. Participants become vested in the employer matching contributions and profit sharing contributions at varying rates depending on the length of continuous service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	33%
1	66%
2 or more	100%

To earn a year of service, participants must be credited with at least 1,000 hours of service during a plan year.

Certain events, such as death, disability, or normal retirement results in immediate full vesting if such event occurs while the participant is employed by the Company.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The interest rate is the prime rate as published in the Wall Street Journal plus 1.00% per annum, which is fixed at the time of the loan. Loans along with interest must be fully repaid ratably through biweekly or monthly payroll deductions for up to five (up to thirty only if loan for principal residence) years. Participants have to repay any outstanding loan before a new loan can be made and repayment of the loan is secured by participants' account balances.

(f) Distribution of Benefits

On termination of service due to death, all amounts credited to participant's account become fully vested and distribution will be made to the designated beneficiary in a single lump-sum payment. If death benefit exceeds \$5,000, however, beneficiary may elect to have the benefit paid in a single lump-sum payment in cash or annual installments at least equal to the required minimum distribution amount.

On termination of service due to other reasons, including attainment of normal retirement age of 65, a participant may receive the value of the vested interest pursuant to the election of the participant or beneficiary. Participants will become 100% vested in all of the accounts under the Plan if employed on or after your normal retirement age. If the vested account balance exceeds \$5,000, participant consent is required to distribute account balance before reaching normal retirement age. If the vested account balance does not exceed \$5,000, however, a distribution of your account balance will be made

401K RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2017 and 2016

to participants, regardless of whether to consent, as soon as administratively feasible following termination of employment.

For termination of service due to disability, all amounts credited to participant's account become fully vested and distribution will be made to the participant or beneficiary. The Plan will distribute account balance in the same manner as for any other non-death related termination.

If a participant is a more than 5% owner, distributions are required to begin by the April 1st following the year in which a participant reaches age 70 ½, even if he or she is still employed at the time. If a participant is not a 5% owner, he or she must begin to receive benefits no later than the April 1st following the later of the year in which a participant reaches age 70 ½ or terminate employment.

Participants may withdraw all or part of their vested account balance once an age of 59 ½ is reached. Participants may also withdraw any or part of their rollover contribution account that may be held in their account in the Plan at any time and at any age.

(g) Forfeitures

If a participant terminates employment before becoming 100% vested in his or her account balance, the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. As of December 31, 2017 and 2016, there were forfeited non-vested accounts of \$1,617 and \$9,989, respectively. Forfeitures of non-vested matching contributions are used first to pay the Plan expenses, which would otherwise be paid by the Company, and then to reduce future employer contributions to the Plan. The amount of forfeitures applied for the year ended December 31, 2017 was \$13,537.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying statements of net assets available for benefits and changes in net assets available for benefits have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities at the financial statement date. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued using quoted prices. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sales of investments are computed using the participant's cost basis in the investments aggregated at the Plan level. Net changes in unrealized appreciation (depreciation) in investments represents the difference between the fair values of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

**CJ AMERICA, CJ GROUP, TMI
401K RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2017 and 2016

(d) Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent loans are treated as distributions based upon the terms of the Plan document.

(e) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 and 2016 excess contributions in the amount of \$3,760 and \$5,081 to the applicable participant prior to March 15, 2018 and 2017, respectively.

(f) Payments of Benefits

Benefit payments to participants and beneficiaries are recorded when paid.

(g) Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(h) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan may indirectly invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

(i) New Accounting Pronouncements

On May 1, 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU No. 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU No. 2015-07 is effective for public business entities for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. The effective date for all other entities is fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is

CJ AMERICA, CJ GROUP, TMI
401K RETIREMENT PLAN

Notes to Financial Statements

December 31, 2017 and 2016

permitted for all entities. In 2016, the Plan Sponsor adopted the provision of this update and has concluded that it does not impact the financial statement disclosures.

On July 31, 2015, the FASB issued ASU No. 2015-12, *(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient - consensus of the Emerging Issues Task Force*. ASU No. 2015-12 (1) requires defined contribution plans to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplifies certain investment disclosure requirements for employee benefit plans, and (3) provides employee benefit plans with a measurement-date practical expedient on a month-end date that is nearest to the fiscal year end, when the fiscal year end does not coincide with a month-end. ASU No. 2015-12 is effective for fiscal years beginning after December 15, 2015 and Part I and II are required to be applied retrospectively and Part III is required to be applied prospectively. Early adoption is permitted. In 2016, the Plan administrator adopted the provision of this update and applied the provisions retroactively. As a result, the presentation of the financial statements and certain disclosure was changed to reflect the adoption of this update.

(3) Financial Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information and notes receivable from participants certified by Reliance, the trustee of the Plan, as of December 31, 2017 and 2016, and for the year ended December 31, 2017 as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

(4) Investments

For the year ended December 31, 2017, the Plan investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,201,927.

(5) Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The framework provides a fair value hierarchy that prioritizes the inputs to those valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and to minimize the use of unobservable inputs. U.S. GAAP describes three levels of inputs that may be used to measure fair value:

**CJ AMERICA, CJ GROUP, TMI
401K RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2017 and 2016

Level 1 measurements	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2 measurements	Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3 measurements	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Fair value estimates are made at a specific point in time, based on available market information and other observable inputs. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. In addition, the disclosed fair value may not be realized in the ultimate settlement of the financial asset as these values do not represent any premium or discount that could result from selling an entire holding of a particular financial asset at one time. Other expenses that would be incurred in an actual sale or settlement are not included in the amounts disclosed.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in methodologies to determine the fair value of investments at December 31, 2017 and 2016.

The following table presents the fair value hierarchy levels of the Plan's investments measured at fair value on a recurring basis as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

401K RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2017 and 2016

The Plan does not have any liabilities that are measured at fair value on a recurring basis as of December 31, 2017 and 2016.

(6) Notes Receivable from Participants

The notes receivable from participants bear interest at a rate between 4.25% and 5.95% as of December 31, 2017 and 2016, and have original maturities that range from one to six years. For the year ended December 31, 2017, interest income on loans receivable from participants amounted to \$13,298.

(7) Related Party Transactions

Certain Plan investments are managed by affiliates of Reliance. Reliance is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

(9) Tax Status

The Plan document is a prototype document that the Company adopted with specific provisions customized to meet the needs of the Plan Sponsor and the participants. The prototype document has received a favorable opinion letter from the IRS that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the original opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The IRS is one of the primary tax oversight bodies of the Plan and generally has the ability to examine the Plan's tax returns for the years 2014 through 2017; however, there are currently no audits for any tax periods in progress.

During 2018, the Plan Sponsor discovered some inconsistency in the application of the terms in the plan document relating to enrollment process. The Plan Sponsor is in the process of correcting these errors in accordance with IRS's Employee Plans Compliance Resolution System ("EPCRS") and will deposit the total correction amounts, plus earnings, into the participant account in 2018. These amounts are recorded as employer contribution receivable in the amount of \$566,286 on the statement of net assets available for benefits as of December 31, 2017. The operational errors do not have a material impact on the Plan's net assets available for benefits, and the Plan Sponsor does not expect the corrections to impair the Plan's tax status.

Notes to Financial Statements

December 31, 2017 and 2016

(10) Subsequent Events

Effective January 1, 2018, the Plan Sponsor amended the Plan to exclude short-term disability benefits, family event compensation (i.e. marriage, bereavement and etc.) and penalty (i.e. break violation) from the definition of the eligible compensation and exclude interns from eligible employees to the Plan.

The Plan Sponsor has evaluated subsequent events from the balance sheet date through October 9, 2018, the date at which the financial statements were available to be issued, and has determined that there are no other items to disclose.
