Report on the financial statements

We were engaged to audit the accompanying financial statements of Overhead Door Corporation Retirement Plan for Hourly Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities as of December 31, 2017 and 2016, and for the year ended December 31, 2017, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedule of assets (held at end of year) as of December 31, 2017 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2017 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note 3, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the Overhead Door Corporation Retirement Plan for Hourly Employees (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(a) General

The Overhead Door Corporation Retirement Plan for Hourly Employees is a defined contribution plan that covers substantially all bargaining unit hourly employees of Overhead Door Corporation (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Information about the Plan agreement and the vesting and benefit provisions are contained in the *Overhead Door Corporation Retirement Plan for Hourly Employees-Summary Plan Description* (the “SPD”). Copies of the SPD are available from the Pension Plans Administrative Committee.

(b) Plan Document

Since December 2012, the Plan has used the Prudential Bank & Trust Company prototype plan document.

(c) Plan Administration

The Plan is administered by a committee (the “Pension Plans Administrative Committee”) whose members are appointed by the Company’s board of directors. Under the Plan document, Prudential Bank & Trust Company, FSB (the “Trustee”) is responsible for the custody of all trust asset and trust financial matters. Recordkeeping for the Plan members is performed by Prudential Retirement and Insurance and Annuity Company (“PRIAC” or “Custodian”). UBS Financial Services Inc. was hired as an investment consultant in 2013.

(d) Eligibility

Hourly employees represented by a bargaining agreement who have bargained to participate in the Plan are eligible to participate in the Plan on the first January 1 on which they are employed by the Company.

(e) Contributions

Each year, participants may make pretax or Roth 401(k) contributions from 1% to 50% of their annual compensation, as defined, to the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. There is no company match provision in the Plan; however, the Company makes quarterly contributions based on each participant’s compensated hours or compensation during a quarter at a rate defined in the adoption agreement.

As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

Participants direct the investment of their employee contributions, rollover contributions and any Company contributions into a variety of registered investment company funds, multi-asset funds, the Guaranteed Income Fund and Target Funds offered through the Plan.

(f) Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(g) Vesting

Participants are vested immediately in their contributions and rollover contributions, plus actual earnings thereon. Vesting of Company contributions and related earnings begins at 20% after completion of two years of service and at 20% per year thereafter until fully vested after six years.

(h) Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested account balances totaled \$75,592 and \$70,598, respectively. Amounts are to be used to pay for administrative expenses and then to reduce employer contributions. During 2017, \$3,816 of forfeitures was used for participant contribution and earnings adjustments and \$45,000 was used as Company contributions.

(i) Payment of Benefits

Participants have the right to withdraw, as a lump-sum distribution, the vested portion of their account balance upon retirement, termination, death, or disability, subject to Plan provisions. Participants also may make withdrawals due to financial hardship, as defined by the Plan.

(j) Notes Receivable From Participants

Participants with a vested deferral account balance of at least \$2,000 may borrow from their deferral account a minimum of \$1,000 up to a maximum of the lesser of \$50,000 less the highest outstanding loan balance in the previous 12 months or 50% of their vested savings account balance. Participants may have up to two loans outstanding at any time. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate plus 1%, as defined in the Plan document. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years from the date of the loan, unless used to acquire a principal residence. As of December 31, 2017, interest rates range from 4.25% to 5.25%. Maturity dates on outstanding loans at December 31, 2017, are from various dates through August 2027.

(k) Investment Contract with Insurance Company

The Guaranteed Income Fund is the Plan's fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company (the "Investment Contract with Insurance Company"). At December 31, 2017, there were no events that allowed the Investment Contract with Insurance Company to terminate the contract. The insurance company is obligated to pay the contract value no later than 90 days from the date the Plan provides notice to discontinue and pays interest at guaranteed crediting rates that are determined in advance. Contract value represents contributions made under the contract, plus earnings at the guaranteed crediting rates, less losses, participant withdrawals, and administrative expenses. Investment Contract with Insurance Company is carried at contract value because that is the amount equal to the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

(l) Prudential Day One IncomeFlex Target Funds

The Prudential Day One IncomeFlex Target Funds are multi-asset class funds which allow participants to accumulate assets and for an additional fee convert their assets into an income stream supported by the general account of PRIAC. These funds provide no guarantees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are recorded at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 for a discussion of the fair value measurements.

OVERHEAD DOOR CORPORATION
RETIREMENT PLAN FOR HOURLY EMPLOYEES
Notes to Financial Statements
As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

Purchases and sales of securities are recorded on a trade-date basis.

Interest is recorded as earned and dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year, as well as, any changes in the value of the investments held at the end of the year.

(d) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. No allowance for credit losses has been recorded as of December 31, 2017, or 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(e) Payment of Benefits

Benefit payments to participants are recorded upon distribution from the Plan.

(f) Administrative Expenses

Certain administrative expenses of the Plan may be paid by the Company at its discretion and, if not paid by the Company, shall be paid by the Plan. During 2017, Trustee and investment fees were paid by the Plan and remaining fees were paid by the Company.

(g) Reclassification

Certain reclassifications have been made to the prior year's financial statements to conform to the current year's presentation. These reclassifications had no effect on previously reported results.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the information which was certified by the Trustee and Custodian as being complete and accurate:

- Investments at fair value and contract value and notes receivable from participants reported in the statements of net assets available for plan benefits as of December 31, 2017 and 2016,
- Total investment income and interest income on notes receivable from participants, as reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2017,

OVERHEAD DOOR CORPORATION
RETIREMENT PLAN FOR HOURLY EMPLOYEES
Notes to Financial Statements
As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

- All information presented in the schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2017.

The Plan's auditors performed no auditing procedures other than agreeing these amounts to the certified trustee statements.

4. FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

OVERHEAD DOOR CORPORATION
RETIREMENT PLAN FOR HOURLY EMPLOYEES
Notes to Financial Statements
As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

Prudential Day One IncomeFlex Target Funds: Plan assets are represented by a “unit of account” and a per unit value whose value is the result of the accumulated values of underlying investments. The underlying investments are valued in the following ways:

Equity securities (stock): Valued at the closing price reported on the active market on which individual securities are traded.

Bonds: Securities are priced by industry standard vendors, such as Interactive Data Corporation, using inputs such as benchmark yields, reported trades, broker/dealer quotes, and issuer spreads. The pricing vendor also monitors market indices and industry and economic events, including credit rating agency actions. Prices are reviewed to ensure comfort and can be challenged with the vendor and/or overridden if the advisor believes that the different price would be more reflective of fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2017:

Assets at Fair Value as of December 31, 2017

5. FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2017 and 2016, respectively.

Type	Year Ended	Net Asset Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Separate Account	12/31/2017	\$14,304,256	None	Daily	Daily
Separate Account	12/31/2016	\$12,616,781	None	Daily	Daily

The Fund is intended to provide a disciplined and diversified investment solution for defined contribution plan participants. The Fund's asset allocation is designed to maximize the potential that the participant's account balance, in conjunction with insurance and annuity guarantees, will provide a reliable source of lifetime income.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2012, the Plan entered into an Investment Contract with Insurance Company which is maintained by PRIAC. PRIAC holds the contributions in a general account and is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis.

The table below outlines the contract value held by the Plan at December 31.

	2017	2016
Traditional investment contract	\$ 294,535	\$ 313,459

Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. The contract is directly between the Plan and PRIAC. The repayment of principal and interest credited to participants is a financial obligation of PRIAC. Given these provisions, PRIAC considers this contract to be benefit-responsive. Generally there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time. PRIAC may not terminate the contract or require the Plan to settle at an amount different than the contract value.

Generally there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time. PRIAC may not terminate the contract or require the Plan to settle at an amount different than the contract value.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of registered mutual fund investment companies, pooled separate accounts, and annuity contracts managed by the Trustee or Custodian; therefore, these transactions qualify as party-in-interest with respect to the Plan. Administrative expenses include trustee fees paid to the Trustee, and therefore, these payments qualify as party-in-interest. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the Internal Revenue Code (the "Code").

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants become fully vested and the net assets of the Plan are to be distributed by the Trustee in accordance with the provisions of ERISA.

10. INCOME TAX STATUS AND PLAN AMENDMENTS

By letter dated April 29, 2014, the Internal Revenue Service ("IRS") determined that the prototype sponsored by Prudential Insurance Company of America, and adopted by the Plan, was qualified under Section 401(a) of the IRC and is entitled to favorable tax treatment. The Plan was restated as of October 1, 2015. The Plan itself has not received a determination letter

11. PROHIBITED TRANSACTIONS

The United States Department of Labor (“DOL”) considers late participant contributions to be prohibited transactions. The Company is required to remit participant contributions to the Plan as of the earliest date on which such amounts can reasonably be segregated from the Company’s general assets, but in no event later than fifteen business days after the end of the month in which the contributions were withheld. Therefore, any amount remitted after such number of days is considered late. It was determined the Plan Sponsor inadvertently failed to make deposits of \$41,256 of 2017 participant contributions within the reasonable timeframe required. Participant accounts were properly credited with the amount of investment income for prior earnings that would have been earned had the participant contributions been remitted within the required DOL timeframe.

12. SUBSEQUENT EVENTS

Subsequent events have been evaluated up to October 12, 2018, the date the financial statements were available to be issued. There were no events requiring recognition or additional disclosure in these financial statements.

Report on the financial statements

We were engaged to audit the accompanying financial statements of Overhead Door Corporation Retirement Plan for Hourly Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities as of December 31, 2017 and 2016, and for the year ended December 31, 2017, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedule of assets (held at end of year) as of December 31, 2017 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2017 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note 3, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the Overhead Door Corporation Retirement Plan for Hourly Employees (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(a) General

The Overhead Door Corporation Retirement Plan for Hourly Employees is a defined contribution plan that covers substantially all bargaining unit hourly employees of Overhead Door Corporation (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Information about the Plan agreement and the vesting and benefit provisions are contained in the *Overhead Door Corporation Retirement Plan for Hourly Employees-Summary Plan Description* (the “SPD”). Copies of the SPD are available from the Pension Plans Administrative Committee.

(b) Plan Document

Since December 2012, the Plan has used the Prudential Bank & Trust Company prototype plan document.

(c) Plan Administration

The Plan is administered by a committee (the “Pension Plans Administrative Committee”) whose members are appointed by the Company’s board of directors. Under the Plan document, Prudential Bank & Trust Company, FSB (the “Trustee”) is responsible for the custody of all trust asset and trust financial matters. Recordkeeping for the Plan members is performed by Prudential Retirement and Insurance and Annuity Company (“PRIAC” or “Custodian”). UBS Financial Services Inc. was hired as an investment consultant in 2013.

(d) Eligibility

Hourly employees represented by a bargaining agreement who have bargained to participate in the Plan are eligible to participate in the Plan on the first January 1 on which they are employed by the Company.

(e) Contributions

Each year, participants may make pretax or Roth 401(k) contributions from 1% to 50% of their annual compensation, as defined, to the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. There is no company match provision in the Plan; however, the Company makes quarterly contributions based on each participant’s compensated hours or compensation during a quarter at a rate defined in the adoption agreement.

As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

Participants direct the investment of their employee contributions, rollover contributions and any Company contributions into a variety of registered investment company funds, multi-asset funds, the Guaranteed Income Fund and Target Funds offered through the Plan.

(f) Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(g) Vesting

Participants are vested immediately in their contributions and rollover contributions, plus actual earnings thereon. Vesting of Company contributions and related earnings begins at 20% after completion of two years of service and at 20% per year thereafter until fully vested after six years.

(h) Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested account balances totaled \$75,592 and \$70,598, respectively. Amounts are to be used to pay for administrative expenses and then to reduce employer contributions. During 2017, \$3,816 of forfeitures was used for participant contribution and earnings adjustments and \$45,000 was used as Company contributions.

(i) Payment of Benefits

Participants have the right to withdraw, as a lump-sum distribution, the vested portion of their account balance upon retirement, termination, death, or disability, subject to Plan provisions. Participants also may make withdrawals due to financial hardship, as defined by the Plan.

(j) Notes Receivable From Participants

Participants with a vested deferral account balance of at least \$2,000 may borrow from their deferral account a minimum of \$1,000 up to a maximum of the lesser of \$50,000 less the highest outstanding loan balance in the previous 12 months or 50% of their vested savings account balance. Participants may have up to two loans outstanding at any time. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate plus 1%, as defined in the Plan document. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years from the date of the loan, unless used to acquire a principal residence. As of December 31, 2017, interest rates range from 4.25% to 5.25%. Maturity dates on outstanding loans at December 31, 2017, are from various dates through August 2027.

(k) Investment Contract with Insurance Company

The Guaranteed Income Fund is the Plan's fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company (the "Investment Contract with Insurance Company"). At December 31, 2017, there were no events that allowed the Investment Contract with Insurance Company to terminate the contract. The insurance company is obligated to pay the contract value no later than 90 days from the date the Plan provides notice to discontinue and pays interest at guaranteed crediting rates that are determined in advance. Contract value represents contributions made under the contract, plus earnings at the guaranteed crediting rates, less losses, participant withdrawals, and administrative expenses. Investment Contract with Insurance Company is carried at contract value because that is the amount equal to the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

(l) Prudential Day One IncomeFlex Target Funds

The Prudential Day One IncomeFlex Target Funds are multi-asset class funds which allow participants to accumulate assets and for an additional fee convert their assets into an income stream supported by the general account of PRIAC. These funds provide no guarantees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are recorded at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 for a discussion of the fair value measurements.

OVERHEAD DOOR CORPORATION
RETIREMENT PLAN FOR HOURLY EMPLOYEES
Notes to Financial Statements
As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

Purchases and sales of securities are recorded on a trade-date basis.

Interest is recorded as earned and dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year, as well as, any changes in the value of the investments held at the end of the year.

(d) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. No allowance for credit losses has been recorded as of December 31, 2017, or 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(e) Payment of Benefits

Benefit payments to participants are recorded upon distribution from the Plan.

(f) Administrative Expenses

Certain administrative expenses of the Plan may be paid by the Company at its discretion and, if not paid by the Company, shall be paid by the Plan. During 2017, Trustee and investment fees were paid by the Plan and remaining fees were paid by the Company.

(g) Reclassification

Certain reclassifications have been made to the prior year's financial statements to conform to the current year's presentation. These reclassifications had no effect on previously reported results.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the information which was certified by the Trustee and Custodian as being complete and accurate:

- Investments at fair value and contract value and notes receivable from participants reported in the statements of net assets available for plan benefits as of December 31, 2017 and 2016,
- Total investment income and interest income on notes receivable from participants, as reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2017,

OVERHEAD DOOR CORPORATION
RETIREMENT PLAN FOR HOURLY EMPLOYEES
Notes to Financial Statements
As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

- All information presented in the schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2017.

The Plan's auditors performed no auditing procedures other than agreeing these amounts to the certified trustee statements.

4. FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

OVERHEAD DOOR CORPORATION
RETIREMENT PLAN FOR HOURLY EMPLOYEES
Notes to Financial Statements
As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

Prudential Day One IncomeFlex Target Funds: Plan assets are represented by a “unit of account” and a per unit value whose value is the result of the accumulated values of underlying investments. The underlying investments are valued in the following ways:

Equity securities (stock): Valued at the closing price reported on the active market on which individual securities are traded.

Bonds: Securities are priced by industry standard vendors, such as Interactive Data Corporation, using inputs such as benchmark yields, reported trades, broker/dealer quotes, and issuer spreads. The pricing vendor also monitors market indices and industry and economic events, including credit rating agency actions. Prices are reviewed to ensure comfort and can be challenged with the vendor and/or overridden if the advisor believes that the different price would be more reflective of fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2017:

Assets at Fair Value as of December 31, 2017

5. FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2017 and 2016, respectively.

Type	Year Ended	Net Asset Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Separate Account	12/31/2017	\$14,304,256	None	Daily	Daily
Separate Account	12/31/2016	\$12,616,781	None	Daily	Daily

The Fund is intended to provide a disciplined and diversified investment solution for defined contribution plan participants. The Fund's asset allocation is designed to maximize the potential that the participant's account balance, in conjunction with insurance and annuity guarantees, will provide a reliable source of lifetime income.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2012, the Plan entered into an Investment Contract with Insurance Company which is maintained by PRIAC. PRIAC holds the contributions in a general account and is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis.

The table below outlines the contract value held by the Plan at December 31.

	2017	2016
Traditional investment contract	\$ 294,535	\$ 313,459

Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. The contract is directly between the Plan and PRIAC. The repayment of principal and interest credited to participants is a financial obligation of PRIAC. Given these provisions, PRIAC considers this contract to be benefit-responsive. Generally there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time. PRIAC may not terminate the contract or require the Plan to settle at an amount different than the contract value.

Generally there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time. PRIAC may not terminate the contract or require the Plan to settle at an amount different than the contract value.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of registered mutual fund investment companies, pooled separate accounts, and annuity contracts managed by the Trustee or Custodian; therefore, these transactions qualify as party-in-interest with respect to the Plan. Administrative expenses include trustee fees paid to the Trustee, and therefore, these payments qualify as party-in-interest. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the Internal Revenue Code (the "Code").

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants become fully vested and the net assets of the Plan are to be distributed by the Trustee in accordance with the provisions of ERISA.

10. INCOME TAX STATUS AND PLAN AMENDMENTS

By letter dated April 29, 2014, the Internal Revenue Service ("IRS") determined that the prototype sponsored by Prudential Insurance Company of America, and adopted by the Plan, was qualified under Section 401(a) of the IRC and is entitled to favorable tax treatment. The Plan was restated as of October 1, 2015. The Plan itself has not received a determination letter

11. PROHIBITED TRANSACTIONS

The United States Department of Labor (“DOL”) considers late participant contributions to be prohibited transactions. The Company is required to remit participant contributions to the Plan as of the earliest date on which such amounts can reasonably be segregated from the Company’s general assets, but in no event later than fifteen business days after the end of the month in which the contributions were withheld. Therefore, any amount remitted after such number of days is considered late. It was determined the Plan Sponsor inadvertently failed to make deposits of \$41,256 of 2017 participant contributions within the reasonable timeframe required. Participant accounts were properly credited with the amount of investment income for prior earnings that would have been earned had the participant contributions been remitted within the required DOL timeframe.

12. SUBSEQUENT EVENTS

Subsequent events have been evaluated up to October 12, 2018, the date the financial statements were available to be issued. There were no events requiring recognition or additional disclosure in these financial statements.

Report on the financial statements

We were engaged to audit the accompanying financial statements of Overhead Door Corporation Retirement Plan for Hourly Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities as of December 31, 2017 and 2016, and for the year ended December 31, 2017, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedule of assets (held at end of year) as of December 31, 2017 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2017 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note 3, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the Overhead Door Corporation Retirement Plan for Hourly Employees (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(a) General

The Overhead Door Corporation Retirement Plan for Hourly Employees is a defined contribution plan that covers substantially all bargaining unit hourly employees of Overhead Door Corporation (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Information about the Plan agreement and the vesting and benefit provisions are contained in the *Overhead Door Corporation Retirement Plan for Hourly Employees-Summary Plan Description* (the “SPD”). Copies of the SPD are available from the Pension Plans Administrative Committee.

(b) Plan Document

Since December 2012, the Plan has used the Prudential Bank & Trust Company prototype plan document.

(c) Plan Administration

The Plan is administered by a committee (the “Pension Plans Administrative Committee”) whose members are appointed by the Company’s board of directors. Under the Plan document, Prudential Bank & Trust Company, FSB (the “Trustee”) is responsible for the custody of all trust asset and trust financial matters. Recordkeeping for the Plan members is performed by Prudential Retirement and Insurance and Annuity Company (“PRIAC” or “Custodian”). UBS Financial Services Inc. was hired as an investment consultant in 2013.

(d) Eligibility

Hourly employees represented by a bargaining agreement who have bargained to participate in the Plan are eligible to participate in the Plan on the first January 1 on which they are employed by the Company.

(e) Contributions

Each year, participants may make pretax or Roth 401(k) contributions from 1% to 50% of their annual compensation, as defined, to the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. There is no company match provision in the Plan; however, the Company makes quarterly contributions based on each participant’s compensated hours or compensation during a quarter at a rate defined in the adoption agreement.

As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

Participants direct the investment of their employee contributions, rollover contributions and any Company contributions into a variety of registered investment company funds, multi-asset funds, the Guaranteed Income Fund and Target Funds offered through the Plan.

(f) Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(g) Vesting

Participants are vested immediately in their contributions and rollover contributions, plus actual earnings thereon. Vesting of Company contributions and related earnings begins at 20% after completion of two years of service and at 20% per year thereafter until fully vested after six years.

(h) Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested account balances totaled \$75,592 and \$70,598, respectively. Amounts are to be used to pay for administrative expenses and then to reduce employer contributions. During 2017, \$3,816 of forfeitures was used for participant contribution and earnings adjustments and \$45,000 was used as Company contributions.

(i) Payment of Benefits

Participants have the right to withdraw, as a lump-sum distribution, the vested portion of their account balance upon retirement, termination, death, or disability, subject to Plan provisions. Participants also may make withdrawals due to financial hardship, as defined by the Plan.

(j) Notes Receivable From Participants

Participants with a vested deferral account balance of at least \$2,000 may borrow from their deferral account a minimum of \$1,000 up to a maximum of the lesser of \$50,000 less the highest outstanding loan balance in the previous 12 months or 50% of their vested savings account balance. Participants may have up to two loans outstanding at any time. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate plus 1%, as defined in the Plan document. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years from the date of the loan, unless used to acquire a principal residence. As of December 31, 2017, interest rates range from 4.25% to 5.25%. Maturity dates on outstanding loans at December 31, 2017, are from various dates through August 2027.

(k) Investment Contract with Insurance Company

The Guaranteed Income Fund is the Plan's fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company (the "Investment Contract with Insurance Company"). At December 31, 2017, there were no events that allowed the Investment Contract with Insurance Company to terminate the contract. The insurance company is obligated to pay the contract value no later than 90 days from the date the Plan provides notice to discontinue and pays interest at guaranteed crediting rates that are determined in advance. Contract value represents contributions made under the contract, plus earnings at the guaranteed crediting rates, less losses, participant withdrawals, and administrative expenses. Investment Contract with Insurance Company is carried at contract value because that is the amount equal to the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

(l) Prudential Day One IncomeFlex Target Funds

The Prudential Day One IncomeFlex Target Funds are multi-asset class funds which allow participants to accumulate assets and for an additional fee convert their assets into an income stream supported by the general account of PRIAC. These funds provide no guarantees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are recorded at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 for a discussion of the fair value measurements.

OVERHEAD DOOR CORPORATION
RETIREMENT PLAN FOR HOURLY EMPLOYEES
Notes to Financial Statements
As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

Purchases and sales of securities are recorded on a trade-date basis.

Interest is recorded as earned and dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year, as well as, any changes in the value of the investments held at the end of the year.

(d) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. No allowance for credit losses has been recorded as of December 31, 2017, or 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(e) Payment of Benefits

Benefit payments to participants are recorded upon distribution from the Plan.

(f) Administrative Expenses

Certain administrative expenses of the Plan may be paid by the Company at its discretion and, if not paid by the Company, shall be paid by the Plan. During 2017, Trustee and investment fees were paid by the Plan and remaining fees were paid by the Company.

(g) Reclassification

Certain reclassifications have been made to the prior year's financial statements to conform to the current year's presentation. These reclassifications had no effect on previously reported results.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the information which was certified by the Trustee and Custodian as being complete and accurate:

- Investments at fair value and contract value and notes receivable from participants reported in the statements of net assets available for plan benefits as of December 31, 2017 and 2016,
- Total investment income and interest income on notes receivable from participants, as reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2017,

OVERHEAD DOOR CORPORATION
RETIREMENT PLAN FOR HOURLY EMPLOYEES
Notes to Financial Statements
As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

- All information presented in the schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2017.

The Plan's auditors performed no auditing procedures other than agreeing these amounts to the certified trustee statements.

4. FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

OVERHEAD DOOR CORPORATION
RETIREMENT PLAN FOR HOURLY EMPLOYEES
Notes to Financial Statements
As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

Prudential Day One IncomeFlex Target Funds: Plan assets are represented by a “unit of account” and a per unit value whose value is the result of the accumulated values of underlying investments. The underlying investments are valued in the following ways:

Equity securities (stock): Valued at the closing price reported on the active market on which individual securities are traded.

Bonds: Securities are priced by industry standard vendors, such as Interactive Data Corporation, using inputs such as benchmark yields, reported trades, broker/dealer quotes, and issuer spreads. The pricing vendor also monitors market indices and industry and economic events, including credit rating agency actions. Prices are reviewed to ensure comfort and can be challenged with the vendor and/or overridden if the advisor believes that the different price would be more reflective of fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2017:

Assets at Fair Value as of December 31, 2017

5. FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2017 and 2016, respectively.

Type	Year Ended	Net Asset Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Separate Account	12/31/2017	\$14,304,256	None	Daily	Daily
Separate Account	12/31/2016	\$12,616,781	None	Daily	Daily

The Fund is intended to provide a disciplined and diversified investment solution for defined contribution plan participants. The Fund's asset allocation is designed to maximize the potential that the participant's account balance, in conjunction with insurance and annuity guarantees, will provide a reliable source of lifetime income.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2012, the Plan entered into an Investment Contract with Insurance Company which is maintained by PRIAC. PRIAC holds the contributions in a general account and is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis.

The table below outlines the contract value held by the Plan at December 31.

	2017	2016
Traditional investment contract	\$ 294,535	\$ 313,459

Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. The contract is directly between the Plan and PRIAC. The repayment of principal and interest credited to participants is a financial obligation of PRIAC. Given these provisions, PRIAC considers this contract to be benefit-responsive. Generally there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time. PRIAC may not terminate the contract or require the Plan to settle at an amount different than the contract value.

Generally there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time. PRIAC may not terminate the contract or require the Plan to settle at an amount different than the contract value.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of registered mutual fund investment companies, pooled separate accounts, and annuity contracts managed by the Trustee or Custodian; therefore, these transactions qualify as party-in-interest with respect to the Plan. Administrative expenses include trustee fees paid to the Trustee, and therefore, these payments qualify as party-in-interest. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the Internal Revenue Code (the "Code").

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants become fully vested and the net assets of the Plan are to be distributed by the Trustee in accordance with the provisions of ERISA.

10. INCOME TAX STATUS AND PLAN AMENDMENTS

By letter dated April 29, 2014, the Internal Revenue Service ("IRS") determined that the prototype sponsored by Prudential Insurance Company of America, and adopted by the Plan, was qualified under Section 401(a) of the IRC and is entitled to favorable tax treatment. The Plan was restated as of October 1, 2015. The Plan itself has not received a determination letter

11. PROHIBITED TRANSACTIONS

The United States Department of Labor (“DOL”) considers late participant contributions to be prohibited transactions. The Company is required to remit participant contributions to the Plan as of the earliest date on which such amounts can reasonably be segregated from the Company’s general assets, but in no event later than fifteen business days after the end of the month in which the contributions were withheld. Therefore, any amount remitted after such number of days is considered late. It was determined the Plan Sponsor inadvertently failed to make deposits of \$41,256 of 2017 participant contributions within the reasonable timeframe required. Participant accounts were properly credited with the amount of investment income for prior earnings that would have been earned had the participant contributions been remitted within the required DOL timeframe.

12. SUBSEQUENT EVENTS

Subsequent events have been evaluated up to October 12, 2018, the date the financial statements were available to be issued. There were no events requiring recognition or additional disclosure in these financial statements.

Report on the financial statements

We were engaged to audit the accompanying financial statements of Overhead Door Corporation Retirement Plan for Hourly Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities as of December 31, 2017 and 2016, and for the year ended December 31, 2017, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedule of assets (held at end of year) as of December 31, 2017 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2017 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note 3, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the Overhead Door Corporation Retirement Plan for Hourly Employees (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(a) General

The Overhead Door Corporation Retirement Plan for Hourly Employees is a defined contribution plan that covers substantially all bargaining unit hourly employees of Overhead Door Corporation (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Information about the Plan agreement and the vesting and benefit provisions are contained in the *Overhead Door Corporation Retirement Plan for Hourly Employees-Summary Plan Description* (the “SPD”). Copies of the SPD are available from the Pension Plans Administrative Committee.

(b) Plan Document

Since December 2012, the Plan has used the Prudential Bank & Trust Company prototype plan document.

(c) Plan Administration

The Plan is administered by a committee (the “Pension Plans Administrative Committee”) whose members are appointed by the Company’s board of directors. Under the Plan document, Prudential Bank & Trust Company, FSB (the “Trustee”) is responsible for the custody of all trust asset and trust financial matters. Recordkeeping for the Plan members is performed by Prudential Retirement and Insurance and Annuity Company (“PRIAC” or “Custodian”). UBS Financial Services Inc. was hired as an investment consultant in 2013.

(d) Eligibility

Hourly employees represented by a bargaining agreement who have bargained to participate in the Plan are eligible to participate in the Plan on the first January 1 on which they are employed by the Company.

(e) Contributions

Each year, participants may make pretax or Roth 401(k) contributions from 1% to 50% of their annual compensation, as defined, to the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. There is no company match provision in the Plan; however, the Company makes quarterly contributions based on each participant’s compensated hours or compensation during a quarter at a rate defined in the adoption agreement.

And for the Year Ended December 31, 2017

Participants direct the investment of their employee contributions, rollover contributions and any Company contributions into a variety of registered investment company funds, multi-asset funds, the Guaranteed Income Fund and Target Funds offered through the Plan.

(f) Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(g) Vesting

Participants are vested immediately in their contributions and rollover contributions, plus actual earnings thereon. Vesting of Company contributions and related earnings begins at 20% after completion of two years of service and at 20% per year thereafter until fully vested after six years.

(h) Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested account balances totaled \$75,592 and \$70,598, respectively. Amounts are to be used to pay for administrative expenses and then to reduce employer contributions. During 2017, \$3,816 of forfeitures was used for participant contribution and earnings adjustments and \$45,000 was used as Company contributions.

(i) Payment of Benefits

Participants have the right to withdraw, as a lump-sum distribution, the vested portion of their account balance upon retirement, termination, death, or disability, subject to Plan provisions. Participants also may make withdrawals due to financial hardship, as defined by the Plan.

(j) Notes Receivable From Participants

Participants with a vested deferral account balance of at least \$2,000 may borrow from their deferral account a minimum of \$1,000 up to a maximum of the lesser of \$50,000 less the highest outstanding loan balance in the previous 12 months or 50% of their vested savings account balance. Participants may have up to two loans outstanding at any time. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate plus 1%, as defined in the Plan document. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years from the date of the loan, unless used to acquire a principal residence. As of December 31, 2017, interest rates range from 4.25% to 5.25%. Maturity dates on outstanding loans at December 31, 2017, are from various dates through August 2027.

(k) Investment Contract with Insurance Company

The Guaranteed Income Fund is the Plan's fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company (the "Investment Contract with Insurance Company"). At December 31, 2017, there were no events that allowed the Investment Contract with Insurance Company to terminate the contract. The insurance company is obligated to pay the contract value no later than 90 days from the date the Plan provides notice to discontinue and pays interest at guaranteed crediting rates that are determined in advance. Contract value represents contributions made under the contract, plus earnings at the guaranteed crediting rates, less losses, participant withdrawals, and administrative expenses. Investment Contract with Insurance Company is carried at contract value because that is the amount equal to the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

(l) Prudential Day One IncomeFlex Target Funds

The Prudential Day One IncomeFlex Target Funds are multi-asset class funds which allow participants to accumulate assets and for an additional fee convert their assets into an income stream supported by the general account of PRIAC. These funds provide no guarantees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are recorded at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 for a discussion of the fair value measurements.

OVERHEAD DOOR CORPORATION
RETIREMENT PLAN FOR HOURLY EMPLOYEES
Notes to Financial Statements
As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

Purchases and sales of securities are recorded on a trade-date basis.

Interest is recorded as earned and dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year, as well as, any changes in the value of the investments held at the end of the year.

(d) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. No allowance for credit losses has been recorded as of December 31, 2017, or 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(e) Payment of Benefits

Benefit payments to participants are recorded upon distribution from the Plan.

(f) Administrative Expenses

Certain administrative expenses of the Plan may be paid by the Company at its discretion and, if not paid by the Company, shall be paid by the Plan. During 2017, Trustee and investment fees were paid by the Plan and remaining fees were paid by the Company.

(g) Reclassification

Certain reclassifications have been made to the prior year's financial statements to conform to the current year's presentation. These reclassifications had no effect on previously reported results.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the information which was certified by the Trustee and Custodian as being complete and accurate:

- Investments at fair value and contract value and notes receivable from participants reported in the statements of net assets available for plan benefits as of December 31, 2017 and 2016,
- Total investment income and interest income on notes receivable from participants, as reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2017,

OVERHEAD DOOR CORPORATION
RETIREMENT PLAN FOR HOURLY EMPLOYEES
Notes to Financial Statements
As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

- All information presented in the schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2017.

The Plan's auditors performed no auditing procedures other than agreeing these amounts to the certified trustee statements.

4. FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

OVERHEAD DOOR CORPORATION
RETIREMENT PLAN FOR HOURLY EMPLOYEES
Notes to Financial Statements
As of December 31, 2017 and 2016
And for the Year Ended December 31, 2017

Prudential Day One IncomeFlex Target Funds: Plan assets are represented by a “unit of account” and a per unit value whose value is the result of the accumulated values of underlying investments. The underlying investments are valued in the following ways:

Equity securities (stock): Valued at the closing price reported on the active market on which individual securities are traded.

Bonds: Securities are priced by industry standard vendors, such as Interactive Data Corporation, using inputs such as benchmark yields, reported trades, broker/dealer quotes, and issuer spreads. The pricing vendor also monitors market indices and industry and economic events, including credit rating agency actions. Prices are reviewed to ensure comfort and can be challenged with the vendor and/or overridden if the advisor believes that the different price would be more reflective of fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2017:

Assets at Fair Value as of December 31, 2017

5. FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2017 and 2016, respectively.

Type	Year Ended	Net Asset Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Separate Account	12/31/2017	\$14,304,256	None	Daily	Daily
Separate Account	12/31/2016	\$12,616,781	None	Daily	Daily

The Fund is intended to provide a disciplined and diversified investment solution for defined contribution plan participants. The Fund's asset allocation is designed to maximize the potential that the participant's account balance, in conjunction with insurance and annuity guarantees, will provide a reliable source of lifetime income.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2012, the Plan entered into an Investment Contract with Insurance Company which is maintained by PRIAC. PRIAC holds the contributions in a general account and is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis.

The table below outlines the contract value held by the Plan at December 31.

	2017	2016
Traditional investment contract	\$ 294,535	\$ 313,459

Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. The contract is directly between the Plan and PRIAC. The repayment of principal and interest credited to participants is a financial obligation of PRIAC. Given these provisions, PRIAC considers this contract to be benefit-responsive. Generally there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time. PRIAC may not terminate the contract or require the Plan to settle at an amount different than the contract value.

Generally there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time. PRIAC may not terminate the contract or require the Plan to settle at an amount different than the contract value.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of registered mutual fund investment companies, pooled separate accounts, and annuity contracts managed by the Trustee or Custodian; therefore, these transactions qualify as party-in-interest with respect to the Plan. Administrative expenses include trustee fees paid to the Trustee, and therefore, these payments qualify as party-in-interest. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the Internal Revenue Code (the "Code").

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants become fully vested and the net assets of the Plan are to be distributed by the Trustee in accordance with the provisions of ERISA.

10. INCOME TAX STATUS AND PLAN AMENDMENTS

By letter dated April 29, 2014, the Internal Revenue Service ("IRS") determined that the prototype sponsored by Prudential Insurance Company of America, and adopted by the Plan, was qualified under Section 401(a) of the IRC and is entitled to favorable tax treatment. The Plan was restated as of October 1, 2015. The Plan itself has not received a determination letter

11. PROHIBITED TRANSACTIONS

The United States Department of Labor (“DOL”) considers late participant contributions to be prohibited transactions. The Company is required to remit participant contributions to the Plan as of the earliest date on which such amounts can reasonably be segregated from the Company’s general assets, but in no event later than fifteen business days after the end of the month in which the contributions were withheld. Therefore, any amount remitted after such number of days is considered late. It was determined the Plan Sponsor inadvertently failed to make deposits of \$41,256 of 2017 participant contributions within the reasonable timeframe required. Participant accounts were properly credited with the amount of investment income for prior earnings that would have been earned had the participant contributions been remitted within the required DOL timeframe.

12. SUBSEQUENT EVENTS

Subsequent events have been evaluated up to October 12, 2018, the date the financial statements were available to be issued. There were no events requiring recognition or additional disclosure in these financial statements.
