INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Jamestown Companies Retirement Plan & Trust

Report on the Financial Statements

We have audited the accompanying financial statements of the Jamestown Companies Retirement Plan & Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

KRESTON Member of Kreston International — a global network of independent accounting firms

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2017 and delinquent participant contributions for the year then ended, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Jamestown Companies Retirement Plan & Trust (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description, both of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan sponsored by Jamestown Metal Marine Sales, Inc. (the "Company") for the benefit of its full-time employees who have at least one year of service and are not excluded by certain provisions in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Amendment
Effective January 1, 2016, the Plan amended and restated its adoption agreement to ensure continued compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes. Participant benefits under the Plan were not significantly changed as a result of this adoption.

Contributions
Participants may contribute any amount of their eligible compensation, as defined in the plan document, without exceeding limitations prescribed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are contributing to the Plan, are allowed to make catch-up contributions, as defined in the plan document. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Company may also make contributions to the Plan in the form of matching or profit sharing contributions. These contributions are determined annually and are made at the discretion of the Company's management. Discretionary profit sharing contributions are allocated to each eligible participant's account in the same proportion that compensation plus compensation in excess of social security taxable wage base ("Excess Compensation") bears to the total compensation plus Excess Compensation of all eligible participants, provided the total to be allocated for the year does not exceed 5.7% of total eligible compensation plus Excess Compensation. Any remaining Company contributions are then allocated in the proportion of the total compensation paid to the participant for that plan year bears to the total compensation paid to all eligible participants for the same year.

On the anniversary date of the plan year in which they occur (or such time as shall be determined by the plan administrator), forfeitures of profit sharing contributions shall be credited to the Company's contribution accounts of the same participants who are entitled to share in the Company's contribution for the plan year and allocated in the same manner as the Company's contributions, as noted above. For purposes of determining eligibility for discretionary profit sharing contributions, participants must be employed on the last day of the plan year and have completed at least 1,000 hours of service during the plan year.

All contributions made by the Plan are subject to certain limitations as prescribed by the Internal Revenue Code (the "Code"). The Company did not make any discretionary matching or profit sharing contributions during the years ended December 31, 2017 and 2016.

Participant Accounts
Each participant's account is credited with the participant's contributions and Company matching contributions, if any, as well as allocations of the Company's profit sharing contribution, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN, CONTINUED

Participant Investment Account Options
The Plan currently offers various common collective trust funds as investment options for participants.

Vesting
Participants are vested immediately in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. All notes must be repaid to the Plan within five years, unless the funds are used for the purchase of the participant's primary residence in which case the repayment period may be longer. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
On termination of service due to death, disability, retirement, or other reasons, or qualifying under certain hardship rules as prescribed by the Internal Revenue Service ("IRS"), a participant is eligible to receive distributions from the Plan. Participants are also eligible for in-service distributions upon attaining 59 ½ years of age. Distributions greater than $5,000 may be in the form of one lump-sum payment, installment payments, an annuity, or a rollover into another qualified defined contribution or benefit plan or individual retirement account. Distributions less than $5,000 are only made in the form of a lump-sum payment.

Forfeited Accounts
At December 31, 2017 and 2016, forfeited non-vested accounts totaled $2,691 and $6,664, respectively. These amounts were allocated to participant accounts in the same manner as previously described for the Company's discretionary profit sharing contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Investment related expenses are also included in net appreciation in fair value of investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are expensed as incurred and are included in investment expense, which is netted with net appreciation in fair value of investments on the statements of changes in net assets available for benefits. If a participant ceases to make note repayments and the plan administrator deems the note to be in default, the remaining note balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative expenses of the Plan are paid by the Company and are not included on the statements of changes in net assets available for benefits. Other Plan related expenses, such as third party administrator fees, are paid by the Plan and are recorded as administrative expenses on the statements of changes in net assets available for benefits.

Reclassification
Certain line items from the 2016 financial statements have been reclassified to conform to the 2017 presentation. Such reclassifications have no effect on the Plan's net assets available for benefits or changes in net assets available for benefits.

Recent Accounting Pronouncement
In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)." The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value ("NAV") per share as a practical expedient provided by FASB Accounting Standards Codification ("ASC") 820 Fair Value Measurement. Disclosures about investments in certain entities that calculate NAV per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the NAV practical expedient. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. The Plan has adopted the provisions of this new standard. The adoption of this new standard did not have a material effect on the Plan's financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common Collective Trust Funds
Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable Value Common Collective Trust
A stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require advance notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methodologies described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS, CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

December 31,	2017	2016
Level I	$ -	$ -
Level II	-	-
Level III	-	-
Total assets in the fair value hierarchy	-	-
Investments measured at NAV *	13,420,193	12,805,040
Total	$ 13,420,193	$ 12,805,040

* In accordance with Subtopic 820-10, the common collective trust funds, which are valued at NAV, have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit a reconciliation of the fair value hierarchy to the line item presented on the statements of net assets available for benefits. The presentation of the December 31, 2016 table above has been changed to conform to the December 31, 2017 presentation.

NOTE 4 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in the custody of Matrix Trust Company (“Matrix”), the trustee of the Plan’s assets. Accordingly, transactions with Matrix qualify as party-in-interest. The Plan also utilizes Merrill Lynch Life Agency, Inc. (“Merrill Lynch”) as an investment consultant; therefore, transactions with Merrill Lynch also qualify as party-in-interest. Investment related expenses paid by the Plan to Matrix and Merrill Lynch during the years ended December 31, 2017 and 2016 amounted to $67,827 and $87,664, respectively. Investment related expenses are included in net appreciation in fair value of investments on the statements of changes in net assets available for benefits.

Retirement Strategies, Inc. (“RSI”) serves as the Plan’s third party administrator. Therefore, fees paid by the Plan to RSI also qualify as party-in-interest transactions and amounted to $28,720 and $27,516 for the years ended December 31, 2017 and 2016, respectively. These amounts have been recorded as administrative expenses on the statements of changes in net assets available for benefits.

The Company directly pays all other expenses related to the Plan’s operations.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan’s termination, participants would become 100% vested in the Company’s contributions.

NOTE 6 – TAX STATUS

The Company has adopted a volume submitter profit sharing plan provided by RSI. The IRS has issued an opinion letter to RSI dated September 30, 2014 stating that the volume submitter document is designed in accordance with applicable sections of the Code. Although the Plan has been amended since the date of this letter and has not applied for or received its own determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

NOTE 6 – TAX STATUS, CONTINUED

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a tax asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits in progress for any tax periods. The plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2014.

NOTE 7 – RISKS, UNCERTAINTIES, AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

At December 31, 2017 and 2016, approximately 51% and 55%, respectively, of the Plan's investments were invested in four funds.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Certain line items reported on Schedule H of Form 5500 have been reclassified in the financial statements. These reclassifications have no impact on net assets available for benefits at December 31, 2017 or 2016, or changes in net assets available for benefits for the years then ended.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS AND SUBSEQUENT EVENT

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company has remitted all participant contributions to the Plan, contributions aggregating $21,570 were not remitted during the required time frame during the year ended December 31, 2016. In October 2018, the Company remitted lost earnings to the Plan on behalf of affected participants.

NOTE 10 – SUBSEQUENT EVENTS

In April 2018, Reliance Trust Company replaced Matrix as the Plan's trustee, and Transamerica Retirement Solutions, LLC ("Transamerica") replaced Matrix as the Plan's custodian. Accordingly, other than funds invested in the Galliard Retirement Income Fund ("Galliard"), the Plan's investment assets were transferred into the custody of Transamerica. Funds invested in Galliard have remained in the custody of Matrix.

The Plan's management has evaluated subsequent events through October 12, 2018, which is the date the financial statements were available to be issued. Other than as disclosed above and in Note 9, no significant matters were identified for disclosure during this evaluation.
