## NOTE A - DESCRIPTION OF PLAN

The following description of 21st Century Oncology, Inc. Profit Sharing 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General:**
21st Century Oncology, Inc. (the plan sponsor) established the Plan to provide employees with a systematic means of saving and investing for the future. The Plan is a defined contribution 401(k) plan covering all eligible employees of the plan sponsor, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All permissible employees of the plan sponsor are eligible to enroll after completing thirty one days of service and reaching the age of twenty-one. An employee shall not be eligible to participate if the employee is part of a collective bargaining agreement, is a non-resident alien, is a leased employee or is a resident of Puerto Rico.

**Plan Contributions:**
Each year, participants may contribute a portion of their salary or wages through payroll deduction contributions, subject to certain dollar limits established by the current applicable section of the IRS Code. Each participant is permitted to defer up to 60% of his or her compensation. The total annual participant deferral contribution is limited to $18,000 for both 2017 and 2016, ($24,000 for 2017 and 2016, for employees of the age of fifty or older).

The Plan provides for an automatic election to have employee elective deferral contributions made. The automatic elective deferral contribution shall be pre-tax elective deferral contributions and shall be 4% of compensation. The participant may affirmatively elect a different percentage or elect not to make elective deferral contributions. The automatic election shall apply when a participant first becomes eligible to make elective deferral contributions or again becomes eligible after a period during which the participant was not an active participant.

Employer contributions are discretionary; wherein the plan sponsor may contribute on behalf of each participant a matching contribution equal to a discretionary percentage of a participant's compensation contributed as an elective deferral contribution with respect to each plan year. The discretionary employer match was $3,610,723 for the year ended December 31, 2017. The 2017 employer match receivable amount of $3,610,688 was remitted to the Plan on April 11, 2018.

The Plan allows new employees to rollover amounts into the Plan from other qualified plans. The rollover contribution is permitted, provided the trust from which the funds are to be transferred permits the transfer to be made and such transfer will not jeopardize the tax exempt status of the Plan or create adverse tax consequences for the company.

**Allocations:**
Participants' contributions to the Plan are submitted to the trustee who invests the contributions and investment earnings as directed by the participants. Brokerage fees incurred pursuant to participant-directed investments are paid solely with the funds from the individual account of the participant.

## NOTE A - DESCRIPTION OF PLAN (CONTINUED)

**Benefits and Vesting:**
Participants or their beneficiaries are eligible to receive benefits under the Plan upon normal retirement, termination of employment, death or permanent disability or attainment, while in service, at age 59 ½. Subject to vesting requirements, participants or their beneficiaries will receive a lump sum payment or annuity form of payment as defined. Furthermore, participants may withdraw funds from their accounts for financial hardship.

Participants are immediately vested in their elective contributions plus actual earnings thereon as well as any qualified non-elective contributions made by the plan sponsor. Matching and discretionary contributions vest based on years of service as detailed in the vesting schedule below:

| Years of Service | Percentage Vested |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

**Forfeited Accounts:**
Forfeitures of the nonvested portion of terminated participants' account balances related to the plan sponsor's contributions may first be used to pay the administrative expenses of the Plan. Forfeitures of matching contributions in excess of those used to pay administrative expenses reduce matching contributions and discretionary contributions made. During the years ended December 31, 2017 and 2016, forfeitures totaling $43,275 and $55,589, respectively, were used to reduce administrative expenses. At December 31, 2017 and 2016, forfeited nonvested accounts totaled $340,501 and $231,918, respectively.

**Notes Receivable from Participants:**
Notes receivable are limited to the lesser of (a) $50,000, reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made or (b) the greater of 50% of the participant's vested account balance, reduced by any outstanding loan balance on the date the new loan is made. Notes receivable must be a minimum of $1,000. The notes receivable are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. Participants can have only one note receivable outstanding at a time. Additionally, no more than one loan shall be approved for any participant in any twelve month period.

## NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting:**
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

## NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Use of Estimates:**
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of certain assets, liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

**Participant Notes Receivable:**
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

**Investment Valuation and Income Recognition:**
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value) as determined by Principal Trust Company and Bank of America, N.A. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

**Excess Contributions Payable:**
Amounts payable to participants totaling $94,119 and $21,530 for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable at December 31, 2017 and 2016, respectively, with a corresponding reduction to contributions. The Plan distributed the 2017 and 2016 excess contributions on March 14, 2018 and March 10, 2017, respectively.

**Distributions:**
Distributions are recorded when paid. At December 31, 2017, there were no distributions processed and approved for payment, but not paid.

**Expenses:**
Expenses of the Plan, to the extent that the employer does not pay such expenses, may be paid out of the assets of the Plan provided that such payment is compliant with ERISA provisions. Such expenses include, but are not limited to, expenses for bonding required by ERISA; expenses for recordkeeping and other administrative services; fees and expenses of the Trustee or Annuity Contract; expenses for investment education service; and direct costs that the employer incurs with respect to the Plan.

## NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Risks and Uncertainties:**
The Plan provides for investment options in various investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE C - CERTIFICATION FROM THE TRUSTEES

The plan administrator has elected the method of compliance permitted pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosure under the Employment Retirement Income Security Act of 1974. Accordingly, Principal Trust Company and Bank of America, N.A., the plan trustees, have certified that all of the investments and investment-related activity and the participant notes receivable and related income presented in the statements of net assets available for benefits, statement of changes in net assets available for benefits and supplemental schedule of assets held for investment purposes as of December 31, 2017 and 2016, and for the year ended December 31, 2017 are complete and accurate. Such information has not been audited by independent auditors except for comparing such information with the related information included in the financial statements and supplemental schedules as of December 31, 2017 and 2016 and for the year ended December 31, 2017.

## NOTE D - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is created with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2017 and 2016 was $14,609,769 and $17,739,173, respectively. The crediting interest is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974.

## NOTE D - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

In 2017, the Plan changed third-party administrators. The Plan provided notice to Principal of their intention to terminate the Plan's interest in the guaranteed investment contract on May 3, 2017. As notice of the intention to terminate was provided May 3, 2017, the Plan's interest in the guaranteed investment contract did not terminate until May 2, 2018. Pursuant to the guaranteed investment contract, a surrender charge is not assessed if the cumulative transfer percentage for each of the twelve (12) month periods preceding the month of termination does not exceed 20%. If the cumulative transfer percentage does exceed 20% for the twelve (12) month period preceding the month of termination, a surrender charge of 5% applies. Through the date of termination, the cumulative transfer percentage did not reach 20%. As such, no penalty was assessed on the balance in the investment.

## NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustees. These transactions qualify as party-in-interest transactions. Recordkeeping, custodial, and other expenses paid by the Plan were incurred with parties-in-interest as defined in Section 3(14) of ERISA.

## NOTE F - INCOME TAX STATUS

As of December 31, 2017, the Plan has not applied for an individual determination letter with the Internal Revenue Service (IRS). Per Revenue Procedure 2018-4, the IRS does not accept Form 5307 individual Determination Letter applications for pre-approved prototype plans. Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC as they relate to prototype plans and therefore, believe that the Plan is qualified.

## NOTE G - PLAN TERMINATION

Although it has not expressed any intention to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. No such action may deprive any participant or beneficiary under the Plan of any vested right.

## NOTE H - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**NOTE H - FAIR VALUE MEASUREMENTS (CONTINUED)**

- Level 2 – Inputs to the valuation methodology include

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Registered investment companies:* Valued at the quoted market price available on an active market at the Plan year-end.

*Self-directed brokerage accounts:* Balances within the Plan's self-directed brokerage accounts are comprised of cash, investments in registered investment companies, and investments in common stock. As such, self-directed brokerage accounts have been properly included in the Level 1 category of investments within the fair value hierarchy.

*Common collective trust:* This investment is valued at the net asset value ("NAV") of units held by the Plan at year-end as provided by the trustees. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund, net of the management fee. The investment management fee is deducted prior to setting the daily unit value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
