Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of WILLIAMS BROTHERS CONSTRUCTION CO., INC. PROFIT SHARING & EMPLOYEE STOCK OWNERSHIP PLAN as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

NOTE 1: DESCRIPTION OF THE PLAN

General

The Williams Brothers Construction Co., Inc. Profit Sharing & Employee Stock Ownership Plan (the "Plan"), as amended February 1, 1981, was established February 1, 1964 as the Plan and Trust Agreement of the Williams Brothers Construction Co., Inc. Employee Profit Sharing Plan. The Plan operates as a defined contribution plan covering all of the eligible employees of Williams Brothers Construction Co., Inc. (the "Company", or "Plan Sponsor"). The Plan is a qualified plan as defined by Section 401(a) of the Internal Revenue Code. The purpose of the Plan is to enable participants to share in the profitability and growth of the Company and to provide a means for participants to accumulate capital and supplement retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

Eligibility

Employees of the Company are eligible to participate in the Plan on the date they complete 12 consecutive months of service with the Company, provided the employee has been credited with at least 1,000 hours of service during the 12 month period.

Employer Contributions

The Company, at the discretion of the Board of Directors, may make contributions to the Plan in cash and/or in shares of Company Stock to the Board of Trustees (the "Trustee") for each plan year in amounts to be determined by the Board of Directors. Contributions are allocated to individual participant's accounts on a pro-rata basis according to their earnings for the year. No participant shall be required or permitted to make contributions to the Plan. During 2018, the Board of Directors authorized the issuance of 23 shares or $204,219 to the Plan effective December 31, 2017. During 2017, the Board of Directors authorized the issuance of 25.63373 shares or $208,000 to the Plan effective December 31, 2016.

Participant Accounts

The plan is a defined contribution plan under which a separate individual account is established for each participant. The Plan provides that four separate accounts are to be maintained for each participant. A Stock Ownership Account is maintained for all employer contributions received in the Company's common stock, a Profit Sharing Account, Voluntary Account, and Other Investments Account are also maintained to reflect the interest of each participant under the Plan. Each participant's account is credited its pro-rata share of discretionary contributions,

NOTE 1: DESCRIPTION OF THE PLAN (*Continued*)

investment income or loss (including the net change in unrealized appreciation/depreciation on investments held at year end) and forfeitures during the year.

Vesting and Payment of Benefits

Company contributions vest according to the following schedule:

Years of Service	Percentage Vested
Less than 2	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years	100%

In the event of a participant's retirement, disability, or death, the participant's vested benefits become fully vested without regard to their credited service. Normal retirement age under the Plan is 65. In addition, nonvested benefits are forfeited after a five year continuous break in service. In the event of termination of service for other reasons, the distribution of a participant's vested benefits will commence after the anniversary date of the fifth plan year following the plan year in which their service terminated. Benefits are recorded when paid.

If a participant attains age 62, has terminated employment, and is not yet receiving his distributions, they may elect to begin receiving their distributions in five substantially equal installments. Their first installment will be paid in the plan year following the plan year in which the participant attains age 62.

If a participant attains age 70, they may elect to begin receiving their distributions in one of the following ways: (a) if they have terminated employment, and have not yet begun receiving distributions, they may elect to receive a single lump sum, to be paid in the plan year in which they attain age 70, (b) if they have terminated employment, and have previously begun receiving installment distributions, they may elect to receive the remaining balance in a final lump sum, to be paid in the plan year in which they attain age 70, (c) if they have not yet terminated employment, they may elect to receive their benefits in a lump sum, to be paid in the plan year in which they terminate employment.

All other benefits may be paid in one of the following ways: (a) lump sum – if a participant's account balance is $1,000 or less, the plan will distribute their benefits in the form of a single lump sum. In addition, as noted above, an eligible employee may make the age 70 election to receive their balance in a single lump sum payment. (b) Installments – If a participants account balance is greater than $1,000,

NOTE 1: DESCRIPTION OF THE PLAN (*Continued*)

the plan will distribute their benefits in five substantially equal annual installments unless that participant's company stock account meets certain requirements as mentioned in the plan documents.

During 2017 and 2016, the Company repurchased from participants 1,517 and 1,374 shares, respectively, at prices determined from the independent appraisal. At December 31, 2017, the amount eligible for distribution and allocated to accounts of participants who are withdrawing or diversifying the plan is approximately $13,126,000 and will be available for payment through December 2018.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value as of the anniversary date immediately preceding the beginning of each put option period. The Company may pay for the purchase with interest in a lump sum or in substantially equal, annual installments over a period not exceeding five years. Partial exercise of a put option is not permitted. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

A participant who has attained age 55 and has been eligible to receive at least ten annual allocations of Company contributions (after 1997) may elect to receive a distribution of a portion of their ESOP account in cash so that they may have the opportunity to move part of the value of their investment in the Company common stock into investments which are more diversified. The election will be made available to the participant for a six year period, beginning in the plan year following the year they first become eligible for the election. For each of the first five plan years, the eligible participant may elect to receive up to 25% of the value of their shares of company stock less any amounts previously received, In the sixth and final plan year, the eligible participant may elect to receive up to 50% of the value of their shares of company stock less any amounts previously received. In the event a participant is eligible in a single year to make a diversification election and also to receive an installment distribution, the participant will be afforded both the opportunity to make both the diversification election and to receive the distribution.

Forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account on a pro-rata basis according to their earnings for the year. Any portion of the final balances in a participant's account that is not vested (and does not become part of their capital accumulation) will become forfeited as of the last day of each

NOTE 1: DESCRIPTION OF THE PLAN (*Continued*)

plan year in which they incur a five-consecutive-year break in service. Total forfeitures of non-vested account balances allocated to remaining participants at December 31, 2017 and 2016 were $1,986,974 and $1,773,069, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and expenses during the reporting period. Actual results could differ from those estimates.

Investments

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Employer common stock has been valued by an independent professional appraiser. The net change in unrealized appreciation or depreciation on investments held at year end is allocated annually on a pro-rata basis to the participants' accounts. Purchases and sales of securities are recorded on a trade date basis.

NOTE 3: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 8, 2015, that the Plan is qualified and therefore tax exempt under the appropriate sections of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4: ADMINISTRATION OF PLAN ASSETS

The Plan's assets, excluding the Company's common stock, are held by Charles Schwab and Chase Bank, collectively "Financial Institutions". The Company's common stock is held by the Trustee. Among other duties, both the Financial Institutions and Trustee invest and reinvest the Plan's assets, collect income and makes distributions to participants. Certain administrative functions are performed by

NOTE 4: ADMINISTRATION OF PLAN ASSETS (*Continued*)

officers or employees of the Company. No such employee receives compensation from the Plan.

NOTE 5: FAIR VALUE MEASUREMENTS

FASB ASC 820-10 provides standards and disclosures for assets and liabilities that are measured and reported at fair value. As defined in FASB ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). FASB ASC 820-10 requires disclosure that establishes a framework for measuring fair value and expands disclosure about fair value measurements. The statement requires fair value measurements be classified and disclosed in one of the following categories:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Measured based upon inputs that are observable, either directly or indirectly, for the asset or liability other than quoted market prices included in Level 1. These inputs include: a) quoted prices for similar asset or liabilities in active markets b) quoted prices for identical or similar assets or liabilities in markets that are not active c) inputs other than quoted market prices that are observable and d) inputs that are derived primarily from or corroborated by observable market data by correlation or other means.

Level 3: Measured based on unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. This input includes management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include management's own data.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

Sponsor Company's common stock: Valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market, cost and income valuation techniques consistent with prior years. The appraiser took

NOTE 5: FAIR VALUE MEASUREMENTS (*Continued*)

into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of the Company's assets and liabilities.

As required by FASB ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement.

The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The following table summarizes the valuation of the Company's financial instruments by FASB ASC 820-10 pricing levels as of December 31, 2017:

	Quoted prices in active markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Fair value as of December 31, 2017

NOTE 5: FAIR VALUE MEASUREMENTS (*Continued*)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2017 and 2016:

	Rollforward of Level 3 Investments	
	2017	2016
Balance, beginning of year	$ 140,911,095	$ 140,407,070
Unrealized gain/(loss) on investments held at year end	12,081,812	10,830,614
Stock contributions received	208,000	-
Treasury stock purchased	(12,435,934)	(10,326,589)
Balance, end of year	$ 140,764,973	$ 140,911,095

NOTE 6: PARTY IN INTEREST

For the year ended December 31, 2017 and 2016, the Plan owned funds managed by Charles Schwab, the custodian and recordkeeper for the Plan. Angeles Investment Advisors is paid by the Plan for investment management services and JP Morgan Chase as a depository account. The Plan believes the fees charged by these parties-in-interest are no different than those that would be charged by other companies engaged in managing pension assets. Fees associated with these entities are presented in service fees on the statement of changes net assets available for benefits.

As of December 31, 2017 and 2016, the Company owed the Plan $90,848 and $115,917, respectively, for various transactions of the Company paid for by the Plan. Additionally, a portion of the Plan's assets are investments in the Company's common stock. As the Company is the Plan sponsor, transactions involving Williams Brothers Construction Co., Inc. common stock qualify as party in interest transactions. At December 31, 2017 and 2016, the Plan held 15,854 and 17,366 shares of the Company's common stock, respectively,

NOTE 7: RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. The Plan also invests in various investment securities which are exposed to the same risks. Due to the level of risk associated with the common stock and investment securities, it is reasonably possible that reduction in value can occur in the near term and that such changes could materially affect participants' account balances reported in the statement of net assets available for benefits.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

NOTE 9: RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements:

	2017	2016
Net assets, per statement of net assets available for benefits	$ 144,619,212	$ 144,619,986
Amounts allocated to withdrawing participants	(13,126,000)	(13,145,000)
Net assets, per Form 5500	$ 131,493,212	$ 131,474,986

NOTE 10: INCOME TAXES

The Plan did not have unrecognized tax benefits as of December 31, 2017 and does not expect this to change significantly over the next twelve months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2017, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 11: SUBSEQUENT EVENTS

Management evaluated the period from January 1, 2018 through October 15, 2018, which was the date the financial statements were available to be issued. The Plan noted no significant subsequent events.

INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR
WILLIAMS BROTHERS CONSTRUCTION CO., INC. PROFIT SHARING & EMPLOYEE STOCK OWNERSHIP PLAN
HOUSTON, TEXAS

We have audited the accompanying financial statements of WILLIAMS BROTHERS CONSTRUCTION CO., INC. PROFIT SHARING & EMPLOYEE STOCK OWNERSHIP PLAN, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of WILLIAMS BROTHERS CONSTRUCTION CO., INC. PROFIT SHARING & EMPLOYEE STOCK OWNERSHIP PLAN as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules as listed in the accompanying index, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1: DESCRIPTION OF THE PLAN

General

The Williams Brothers Construction Co., Inc. Profit Sharing & Employee Stock Ownership Plan (the "Plan"), as amended February 1, 1981, was established February 1, 1964 as the Plan and Trust Agreement of the Williams Brothers Construction Co., Inc. Employee Profit Sharing Plan. The Plan operates as a defined contribution plan covering all of the eligible employees of Williams Brothers Construction Co., Inc. (the "Company", or "Plan Sponsor"). The Plan is a qualified plan as defined by Section 401(a) of the Internal Revenue Code. The purpose of the Plan is to enable participants to share in the profitability and growth of the Company and to provide a means for participants to accumulate capital and supplement retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

Eligibility

Employees of the Company are eligible to participate in the Plan on the date they complete 12 consecutive months of service with the Company, provided the employee has been credited with at least 1,000 hours of service during the 12 month period.

Employer Contributions

The Company, at the discretion of the Board of Directors, may make contributions to the Plan in cash and/or in shares of Company Stock to the Board of Trustees (the "Trustee") for each plan year in amounts to be determined by the Board of Directors. Contributions are allocated to individual participant's accounts on a pro-rata basis according to their earnings for the year. No participant shall be required or permitted to make contributions to the Plan. During 2018, the Board of Directors authorized the issuance of 23 shares or $204,219 to the Plan effective December 31, 2017. During 2017, the Board of Directors authorized the issuance of 25.63373 shares or $208,000 to the Plan effective December 31, 2016.

Participant Accounts

The plan is a defined contribution plan under which a separate individual account is established for each participant. The Plan provides that four separate accounts are to be maintained for each participant. A Stock Ownership Account is maintained for all employer contributions received in the Company's common stock, a Profit Sharing Account, Voluntary Account, and Other Investments Account are also maintained to reflect the interest of each participant under the Plan. Each participant's account is credited its pro-rata share of discretionary contributions,

NOTE 1: DESCRIPTION OF THE PLAN (*Continued*)

investment income or loss (including the net change in unrealized appreciation/depreciation on investments held at year end) and forfeitures during the year.

Vesting and Payment of Benefits

Company contributions vest according to the following schedule:

Years of Service	Percentage Vested
Less than 2	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years	100%

In the event of a participant's retirement, disability, or death, the participant's vested benefits become fully vested without regard to their credited service. Normal retirement age under the Plan is 65. In addition, nonvested benefits are forfeited after a five year continuous break in service. In the event of termination of service for other reasons, the distribution of a participant's vested benefits will commence after the anniversary date of the fifth plan year following the plan year in which their service terminated. Benefits are recorded when paid.

If a participant attains age 62, has terminated employment, and is not yet receiving his distributions, they may elect to begin receiving their distributions in five substantially equal installments. Their first installment will be paid in the plan year following the plan year in which the participant attains age 62.

If a participant attains age 70, they may elect to begin receiving their distributions in one of the following ways: (a) if they have terminated employment, and have not yet begun receiving distributions, they may elect to receive a single lump sum, to be paid in the plan year in which they attain age 70, (b) if they have terminated employment, and have previously begun receiving installment distributions, they may elect to receive the remaining balance in a final lump sum, to be paid in the plan year in which they attain age 70, (c) if they have not yet terminated employment, they may elect to receive their benefits in a lump sum, to be paid in the plan year in which they terminate employment.

All other benefits may be paid in one of the following ways: (a) lump sum – if a participant's account balance is $1,000 or less, the plan will distribute their benefits in the form of a single lump sum. In addition, as noted above, an eligible employee may make the age 70 election to receive their balance in a single lump sum payment. (b) Installments – If a participants account balance is greater than $1,000,

NOTE 1: DESCRIPTION OF THE PLAN (*Continued*)

the plan will distribute their benefits in five substantially equal annual installments unless that participant's company stock account meets certain requirements as mentioned in the plan documents.

During 2017 and 2016, the Company repurchased from participants 1,517 and 1,374 shares, respectively, at prices determined from the independent appraisal. At December 31, 2017, the amount eligible for distribution and allocated to accounts of participants who are withdrawing or diversifying the plan is approximately $13,126,000 and will be available for payment through December 2018.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value as of the anniversary date immediately preceding the beginning of each put option period. The Company may pay for the purchase with interest in a lump sum or in substantially equal, annual installments over a period not exceeding five years. Partial exercise of a put option is not permitted. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

A participant who has attained age 55 and has been eligible to receive at least ten annual allocations of Company contributions (after 1997) may elect to receive a distribution of a portion of their ESOP account in cash so that they may have the opportunity to move part of the value of their investment in the Company common stock into investments which are more diversified. The election will be made available to the participant for a six year period, beginning in the plan year following the year they first become eligible for the election. For each of the first five plan years, the eligible participant may elect to receive up to 25% of the value of their shares of company stock less any amounts previously received, In the sixth and final plan year, the eligible participant may elect to receive up to 50% of the value of their shares of company stock less any amounts previously received. In the event a participant is eligible in a single year to make a diversification election and also to receive an installment distribution, the participant will be afforded both the opportunity to make both the diversification election and to receive the distribution.

Forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account on a pro-rata basis according to their earnings for the year. Any portion of the final balances in a participant's account that is not vested (and does not become part of their capital accumulation) will become forfeited as of the last day of each

NOTE 1: DESCRIPTION OF THE PLAN (*Continued*)

plan year in which they incur a five-consecutive-year break in service. Total forfeitures of non-vested account balances allocated to remaining participants at December 31, 2017 and 2016 were $1,986,974 and $1,773,069, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and expenses during the reporting period. Actual results could differ from those estimates.

Investments

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Employer common stock has been valued by an independent professional appraiser. The net change in unrealized appreciation or depreciation on investments held at year end is allocated annually on a pro-rata basis to the participants' accounts. Purchases and sales of securities are recorded on a trade date basis.

NOTE 3: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 8, 2015, that the Plan is qualified and therefore tax exempt under the appropriate sections of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4: ADMINISTRATION OF PLAN ASSETS

The Plan's assets, excluding the Company's common stock, are held by Charles Schwab and Chase Bank, collectively "Financial Institutions". The Company's common stock is held by the Trustee. Among other duties, both the Financial Institutions and Trustee invest and reinvest the Plan's assets, collect income and makes distributions to participants. Certain administrative functions are performed by

NOTE 4: ADMINISTRATION OF PLAN ASSETS (*Continued*)

officers or employees of the Company. No such employee receives compensation from the Plan.

NOTE 5: FAIR VALUE MEASUREMENTS

FASB ASC 820-10 provides standards and disclosures for assets and liabilities that are measured and reported at fair value. As defined in FASB ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). FASB ASC 820-10 requires disclosure that establishes a framework for measuring fair value and expands disclosure about fair value measurements. The statement requires fair value measurements be classified and disclosed in one of the following categories:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Measured based upon inputs that are observable, either directly or indirectly, for the asset or liability other than quoted market prices included in Level 1. These inputs include: a) quoted prices for similar asset or liabilities in active markets b) quoted prices for identical or similar assets or liabilities in markets that are not active c) inputs other than quoted market prices that are observable and d) inputs that are derived primarily from or corroborated by observable market data by correlation or other means.

Level 3: Measured based on unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. This input includes management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include management's own data.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

Sponsor Company's common stock: Valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market, cost and income valuation techniques consistent with prior years. The appraiser took

into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of the Company's assets and liabilities.

As required by FASB ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement.

The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The following table summarizes the valuation of the Company's financial instruments by FASB ASC 820-10 pricing levels as of December 31, 2017:

	Quoted prices in active markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Fair value as of December 31, 2017

NOTE 6: PARTY IN INTEREST

For the year ended December 31, 2017 and 2016, the Plan owned funds managed by Charles Schwab, the custodian and recordkeeper for the Plan. Angeles Investment Advisors is paid by the Plan for investment management services and JP Morgan Chase as a depository account. The Plan believes the fees charged by these parties-in-interest are no different than those that would be charged by other companies engaged in managing pension assets. Fees associated with these entities are presented in service fees on the statement of changes net assets available for benefits.

As of December 31, 2017 and 2016, the Company owed the Plan $90,848 and $115,917, respectively, for various transactions of the Company paid for by the Plan. Additionally, a portion of the Plan's assets are investments in the Company's common stock. As the Company is the Plan sponsor, transactions involving Williams Brothers Construction Co., Inc. common stock qualify as party in interest transactions. At December 31, 2017 and 2016, the Plan held 15,854 and 17,366 shares of the Company's common stock, respectively,

NOTE 7: RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. The Plan also invests in various investment securities which are exposed to the same risks. Due to the level of risk associated with the common stock and investment securities, it is reasonably possible that reduction in value can occur in the near term and that such changes could materially affect participants' account balances reported in the statement of net assets available for benefits.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

NOTE 9: RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements:

	2017	2016
Net assets, per statement of net assets available for benefits	$ 144,619,212	$ 144,619,986
Amounts allocated to withdrawing participants	(13,126,000)	(13,145,000)
Net assets, per Form 5500	$ 131,493,212	$ 131,474,986

NOTE 10: INCOME TAXES

The Plan did not have unrecognized tax benefits as of December 31, 2017 and does not expect this to change significantly over the next twelve months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2017, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 11: SUBSEQUENT EVENTS

Management evaluated the period from January 1, 2018 through October 15, 2018, which was the date the financial statements were available to be issued. The Plan noted no significant subsequent events.
