EASTBAY EQUITIES, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2017 AND 2016

NOTE 1 – DESCRIPTION OF PLAN

The following description of the EastBay Equities, Inc. (Company) 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan commenced on January 1, 2000 and is a defined contribution plan covering eligible employees of the Company. Eligible employees must be at least 21 years of age and have completed one year of service, as defined in the Plan document. Employees may participate in the Plan on the first day of the month immediately following completion of the age and service requirements. The Plan document defines a year of service as a 12-month period in which the employee works a minimum of 1,000 hours. The first eligibility service period starts on the employee's first day of employment with the Company. After the first 12-month eligibility service period, the Plan measures the employee's eligibility service period on a Plan year basis.

Contributions – Eligible participants may contribute up to 50% of their eligible compensation to the Plan, not to exceed the maximum allowed by the Internal Revenue Service. The Company makes matching contributions to the Plan equal to 50% of employee salary deferrals up to a maximum of $1,000, plus any additional discretionary contributions.

Discretionary Company contributions are determined by the Board of Directors on a year-to-year basis. The Company made no discretionary contribution for the 2017 or 2016 Plan years.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Such loans are secured by the balances in the participants' accounts and bear interest at rates ranging from 5% to 8% which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are repaid through participant payroll deductions. Interest is recognized with each payment received. Unpaid loans for terminated employees are considered deemed distributions.

Rollovers and transfers – Participants who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the Internal Revenue Code, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the Internal Revenue Code.

NOTE 1 – DESCRIPTION OF PLAN *(continued)*

Vesting – Employee deferral contributions are fully vested when contributed. Matching and discretionary contributions become fully vested over a period of six years of service as follows.

Years of Service	Vesting Schedule
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment options – Upon enrollment in the Plan, a participant may direct employee and employer contributions to be invested into various funds offered by the Plan. Investments in these funds do not have guaranteed income or principal. Participants may change their deferral percentages at any time, and may change their investment options by contacting the third party administrator directly, or through accessing the third party administrator's internet site.

Payment of benefits – Upon a participant's termination of employment, death or disability, the participant (or the participant's beneficiary in the event of death) may elect to receive a lump sum distribution equal to the value of his or her account, or equal installment payments over the period of the life expectancy of the participant or the life expectancy of the participant and a designated beneficiary.

Additionally, the Plan allows participants to make withdrawals on account for hardship.

Forfeitures – Forfeited nonvested accounts are used to offset future Company matching contributions. At December 31, 2017 and 2016, there were no forfeited nonvested accounts.

Distributions during employment – As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Company.

Plan expenses – The expenses of operating and maintaining the Plan have been paid by the Company and through utilization of forfeited accounts. In the event the Company does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants' account balances.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of accounting – The annual financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates – The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates include the fair value of investments.

Income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Certified investments – Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan. The contract value of the guaranteed investment contract was certified by the trustee.

Financial instruments – Financial instruments included in the Plan's statements of net assets available for benefits include investments and receivables. For receivables, the carrying amounts represent a reasonable estimate of the corresponding fair values. Investments are reflected in the accompanying statements of net assets available for benefits at their estimated fair values using methodologies described below.

Fair value measurements – The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES *(continued)*

The three-level hierarchy for fair value measurements is defined as follows:

Level 1 – Valuation is based on observable inputs using quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 – Valuation is based on inputs from sources other than quoted prices in active markets that are either directly or indirectly observable as of the reporting date. This may include quoted prices for similar assets in an active market, quoted prices for similar assets in a market that is not active, or valuation methods using models, interest rates and yield curves as observable inputs.

Level 3 – Valuation is based on unobservable inputs for the assets or liabilities, reflecting the Plan's assumptions that a market participant would use in pricing the asset or liability, to the extent that observable inputs (Levels 1 and 2) are not available. Level 3 assets and liabilities include situations where there is little or no market activity for the assets or liabilities, and significant management judgment or estimates are required.

Investments consist of mutual funds, interest bearing cash and common/collective trusts. Mutual funds and interest bearing cash are classified as Level 1 of the fair value hierarchy because they are valued using quoted market prices, broker dealer quotations or alternative pricing sources with reasonable levels of price transparency. Common/collective trusts are classified as Level 2 because they are valued using quoted prices for similar assets in an active market.

While the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at reporting date. Those estimated values may differ significantly from the values that would have been used had a readily available market for such assets and liabilities existed, or had such assets and liabilities been liquidated, and these differences could be material to the financial statements.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the plan document. As of December 31, 2017 and 2016, $8,012 and $6,988 was recorded as interest income, respectively, and is included as part of notes receivable from participants in the accompanying statements of net assets available for benefits.

Payment of benefits – Benefits are recognized when paid to participants.

Administrative expenses – Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and, accordingly, are not reflected in the accompanying financial statements of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Income tax – GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Company did not identify any uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

Recently Adopted Accounting Principles – Effective January 1, 2016, the Plan adopted Part II of Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962)*, Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts,* (Part II) *Plan Investment Disclosures,* and (Part III) *Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). Under Part I of the new ASU, fully benefit-responsive investment contracts are to be measured, presented, and disclosed at contract value only. Part II of the ASU eliminates the disclosure requirements for 1) individual investments that represent 5 percent or more of net assets available for benefits, 2) the net appreciation or depreciation for investment by general type (disclosure in the aggregate is still required), for both participant-directed investments and nonparticipant-directed investments and 3) disaggregation of investments by nature, characteristics and risks (disclosure in aggregate by type is still required). Part III of the ASU permits the election of a practical expedient to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with the month-end. Any significant contribution, distribution, or other event that occurs between these two measurement dates is required to be disclosed. Part III is not applicable to this Plan. The Plan Sponsor implemented the standard in the year ended December 31, 2016.

Subsequent events – The Company evaluates events that occur subsequent to the balance sheet date of periodic reports, but before financial statements are issued for periods ending on such balance sheet dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Company's financial statements are electronically prepared for filing with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. For the financial statements as of and for the period ended December 31, 2017, this date was October 11, 2018.

NOTE 3 – INVESTMENTS (UNAUDITED)

During 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $113,900 as follows:

Mutual funds	$ 69,937
Common/collective trust funds	43,963
	$ 113,900

NOTE 3 – INVESTMENTS (UNAUDITED) *(continued)*

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act. Accordingly, Reliance Trust Company, the trustee of certain Plan assets, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits, as of December 31, 2017 and 2016.
- Dividends and net appreciation in fair value of investments, as shown in the statements of changes in net assets available for benefits, for the year ended December 31, 2017 and 2016.
- The schedule of assets held for investment purposes at end of year as of December 31, 2017, as shown in the attached schedule at page 13.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENT

The following table presents the fair value of investments on the accompanying statements of net assets available for benefits at December 31 by fair value hierarchy.

	2017		
Investments	**Level 1**	**Level 2**	**Total**
Mutual funds	$ 1,053,753	$ -	$ 1,053,753
Common/collective trust funds (at contract value)	-	126,755	126,755
	$ 1,053,753	$ 126,755	$ 1,180,508

	2016

Mutual funds	$ 618,195	$ -	$ 618,195
Common/collective trust funds (at contract value)	-	438,565	438,565
	$ 618,195	$ 438,565	$ 1,056,760

NOTE 5 – NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2017 and 2016.

NOTE 6 – RELATED PARTY TRANSACTIONS

The Sponsor paid certain Plan expenses totaling $5,052 and $5,144 in 2017 and 2016, respectively, for administrative fees and other charges from the Custodian.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of termination, the full value of each participant's account shall, to the extent funded, be fully vested on the date of such termination.

NOTE 8 – TAX STATUS

The Company has adopted a prototype plan which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008. The IRS made a favorable determination that the Plan document is in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. GAAP requires The Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 9 – FIDELITY BOND

The plan was covered by a fidelity bond which automatically increases that limit of liability to equal the amount required under ERISA at the beginning of the Insured Plan's fiscal year or $500,000, whichever is less during 2017. For the year ended December 31, 2017, 10% of beginning plan assets were approximately $118,000 and as a result the Company was in compliance with the ERISA bonding requirements.

NOTE 11 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds held by State Street Bank & Trust Company, overseen by the trustee which is Reliance Trust Company. State Street Bank & Trust Company is the sub-custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions and are identified on page 13. Investment management fees are paid to the trustee by the Company.

NOTE 12 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

EASTBAY EQUITIES, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2017 AND 2016

NOTE 1 – DESCRIPTION OF PLAN

The following description of the EastBay Equities, Inc. (Company) 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan commenced on January 1, 2000 and is a defined contribution plan covering eligible employees of the Company. Eligible employees must be at least 21 years of age and have completed one year of service, as defined in the Plan document. Employees may participate in the Plan on the first day of the month immediately following completion of the age and service requirements. The Plan document defines a year of service as a 12-month period in which the employee works a minimum of 1,000 hours. The first eligibility service period starts on the employee's first day of employment with the Company. After the first 12-month eligibility service period, the Plan measures the employee's eligibility service period on a Plan year basis.

Contributions – Eligible participants may contribute up to 50% of their eligible compensation to the Plan, not to exceed the maximum allowed by the Internal Revenue Service. The Company makes matching contributions to the Plan equal to 50% of employee salary deferrals up to a maximum of $1,000, plus any additional discretionary contributions.

Discretionary Company contributions are determined by the Board of Directors on a year-to-year basis. The Company made no discretionary contribution for the 2017 or 2016 Plan years.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Such loans are secured by the balances in the participants' accounts and bear interest at rates ranging from 5% to 8% which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are repaid through participant payroll deductions. Interest is recognized with each payment received. Unpaid loans for terminated employees are considered deemed distributions.

Rollovers and transfers – Participants who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the Internal Revenue Code, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the Internal Revenue Code.

NOTE 1 – DESCRIPTION OF PLAN *(continued)*

Vesting – Employee deferral contributions are fully vested when contributed. Matching and discretionary contributions become fully vested over a period of six years of service as follows.

Years of Service	Vesting Schedule
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment options – Upon enrollment in the Plan, a participant may direct employee and employer contributions to be invested into various funds offered by the Plan. Investments in these funds do not have guaranteed income or principal. Participants may change their deferral percentages at any time, and may change their investment options by contacting the third party administrator directly, or through accessing the third party administrator's internet site.

Payment of benefits – Upon a participant's termination of employment, death or disability, the participant (or the participant's beneficiary in the event of death) may elect to receive a lump sum distribution equal to the value of his or her account, or equal installment payments over the period of the life expectancy of the participant or the life expectancy of the participant and a designated beneficiary.

Additionally, the Plan allows participants to make withdrawals on account for hardship.

Forfeitures – Forfeited nonvested accounts are used to offset future Company matching contributions. At December 31, 2017 and 2016, there were no forfeited nonvested accounts.

Distributions during employment – As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Company.

Plan expenses – The expenses of operating and maintaining the Plan have been paid by the Company and through utilization of forfeited accounts. In the event the Company does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants' account balances.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of accounting – The annual financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates – The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates include the fair value of investments.

Income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Certified investments – Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan. The contract value of the guaranteed investment contract was certified by the trustee.

Financial instruments – Financial instruments included in the Plan's statements of net assets available for benefits include investments and receivables. For receivables, the carrying amounts represent a reasonable estimate of the corresponding fair values. Investments are reflected in the accompanying statements of net assets available for benefits at their estimated fair values using methodologies described below.

Fair value measurements – The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES *(continued)*

The three-level hierarchy for fair value measurements is defined as follows:

Level 1 – Valuation is based on observable inputs using quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 – Valuation is based on inputs from sources other than quoted prices in active markets that are either directly or indirectly observable as of the reporting date. This may include quoted prices for similar assets in an active market, quoted prices for similar assets in a market that is not active, or valuation methods using models, interest rates and yield curves as observable inputs.

Level 3 – Valuation is based on unobservable inputs for the assets or liabilities, reflecting the Plan's assumptions that a market participant would use in pricing the asset or liability, to the extent that observable inputs (Levels 1 and 2) are not available. Level 3 assets and liabilities include situations where there is little or no market activity for the assets or liabilities, and significant management judgment or estimates are required.

Investments consist of mutual funds, interest bearing cash and common/collective trusts. Mutual funds and interest bearing cash are classified as Level 1 of the fair value hierarchy because they are valued using quoted market prices, broker dealer quotations or alternative pricing sources with reasonable levels of price transparency. Common/collective trusts are classified as Level 2 because they are valued using quoted prices for similar assets in an active market.

While the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at reporting date. Those estimated values may differ significantly from the values that would have been used had a readily available market for such assets and liabilities existed, or had such assets and liabilities been liquidated, and these differences could be material to the financial statements.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the plan document. As of December 31, 2017 and 2016, $8,012 and $6,988 was recorded as interest income, respectively, and is included as part of notes receivable from participants in the accompanying statements of net assets available for benefits.

Payment of benefits – Benefits are recognized when paid to participants.

Administrative expenses – Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and, accordingly, are not reflected in the accompanying financial statements of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Income tax – GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Company did not identify any uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

Recently Adopted Accounting Principles – Effective January 1, 2016, the Plan adopted Part II of Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962)*, Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts,* (Part II) *Plan Investment Disclosures,* and (Part III) *Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). Under Part I of the new ASU, fully benefit-responsive investment contracts are to be measured, presented, and disclosed at contract value only. Part II of the ASU eliminates the disclosure requirements for 1) individual investments that represent 5 percent or more of net assets available for benefits, 2) the net appreciation or depreciation for investment by general type (disclosure in the aggregate is still required), for both participant-directed investments and nonparticipant-directed investments and 3) disaggregation of investments by nature, characteristics and risks (disclosure in aggregate by type is still required). Part III of the ASU permits the election of a practical expedient to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with the month-end. Any significant contribution, distribution, or other event that occurs between these two measurement dates is required to be disclosed. Part III is not applicable to this Plan. The Plan Sponsor implemented the standard in the year ended December 31, 2016.

Subsequent events – The Company evaluates events that occur subsequent to the balance sheet date of periodic reports, but before financial statements are issued for periods ending on such balance sheet dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Company's financial statements are electronically prepared for filing with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. For the financial statements as of and for the period ended December 31, 2017, this date was October 11, 2018.

NOTE 3 – INVESTMENTS (UNAUDITED)

During 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $113,900 as follows:

Mutual funds	$ 69,937
Common/collective trust funds	43,963
	$ 113,900

NOTE 3 – INVESTMENTS (UNAUDITED) *(continued)*

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act. Accordingly, Reliance Trust Company, the trustee of certain Plan assets, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits, as of December 31, 2017 and 2016.
- Dividends and net appreciation in fair value of investments, as shown in the statements of changes in net assets available for benefits, for the year ended December 31, 2017 and 2016.
- The schedule of assets held for investment purposes at end of year as of December 31, 2017, as shown in the attached schedule at page 13.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENT

The following table presents the fair value of investments on the accompanying statements of net assets available for benefits at December 31 by fair value hierarchy.

	2017		
Investments	**Level 1**	**Level 2**	**Total**
Mutual funds	$ 1,053,753	$ -	$ 1,053,753
Common/collective trust funds (at contract value)	-	126,755	126,755
	$ 1,053,753	$ 126,755	$ 1,180,508

Mutual funds	$ 618,195	$ -	$ 618,195
Common/collective trust funds (at contract value)	-	438,565	438,565
	$ 618,195	$ 438,565	$ 1,056,760

NOTE 5 – NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2017 and 2016.

NOTE 6 – RELATED PARTY TRANSACTIONS

The Sponsor paid certain Plan expenses totaling $5,052 and $5,144 in 2017 and 2016, respectively, for administrative fees and other charges from the Custodian.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of termination, the full value of each participant's account shall, to the extent funded, be fully vested on the date of such termination.

NOTE 8 – TAX STATUS

The Company has adopted a prototype plan which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008. The IRS made a favorable determination that the Plan document is in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. GAAP requires The Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 9 – FIDELITY BOND

The plan was covered by a fidelity bond which automatically increases that limit of liability to equal the amount required under ERISA at the beginning of the Insured Plan's fiscal year or $500,000, whichever is less during 2017. For the year ended December 31, 2017, 10% of beginning plan assets were approximately $118,000 and as a result the Company was in compliance with the ERISA bonding requirements.

NOTE 11 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds held by State Street Bank & Trust Company, overseen by the trustee which is Reliance Trust Company. State Street Bank & Trust Company is the sub-custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions and are identified on page 13. Investment management fees are paid to the trustee by the Company.

NOTE 12 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
