The Accompanying Notes are an Integral Part of the Financial Statements.

Note 1 - Plan Description:

The Guardian Bus Company, Inc. 401(k) Plan (the "Plan") is the profit sharing plan for Guardian Bus Company, Inc. and Professional Bus Service Maintenance, Inc. (collectively the "Company"). The following description provides only general information. The Plan Document should be consulted for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan with a 401(k) feature covering all employees of the Company. Employees are eligible to make elective deferrals and receive employer contributions on the first day of the calendar quarter following their completion of one year of service (consisting of 1,000 hours of service within one employment year). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions - Each year, participants may contribute eligible pretax compensation, as defined by the Plan, up to the maximum allowed by law. Participants may also contribute distributions from other qualified plans (rollovers) excluding from a designated Roth account. The Plan, in accordance with a union agreement, provides for an employer match for union mechanics or non-union office personnel in an amount of 50% of their elective deferrals up to 5% of their eligible compensation. The union agreement also requires that any participants that are union drivers/escorts receive a fixed contribution of $2 for each day worked. All contributions are participant directed and can be redirected daily.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's matching and allocations of discretionary contributions and Plan earnings and charged with the participant's withdrawals or distributions and an allocation of administrative expenses. Allocations are based on participant account balances as defined. The benefit to which a participant is entitled is the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants' vesting of Company contributions plus actual earnings thereon is based on years of service. A participant vests 20% after one year of credited service and each year thereafter, until 100% vested after five years of credited service. Upon death, disability, or retirement, as defined by the Plan Document, a participant will become fully vested.

Participants' Notes Receivable - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans require repayment within no more than 5 years, or up to 30 years if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest must be paid ratably through payroll deductions or otherwise in at least equal quarterly installments.

Forfeited Accounts - The Plan provides that forfeitures may first be used to reduce administrative expenses, then employer matching contributions. For the year ended December 31, 2017, $655 of forfeitures was used to pay Plan administrative expenses and $359 of forfeitures was used to reduce employer matching contributions. There was $1,011 of forfeitures during the year ended December 31, 2017. As of December 31, 2017, forfeitures available to reduce administrative expenses totaled $2.

Note 1 - Plan Description (Continued):

Payment of Benefits - Upon termination of service due to disability or retirement, a participant, or his or her beneficiary, may elect to receive one of the following forms of payment equal to the value of the participant's vested interest in his or her account: 1) Lump sum; 2) Life annuity; 3) Survivor annuity; or 4) partial distribution. In those cases where the vested balance, excluding rollovers, is less than $5,000, a participant will receive the value of the vested interest as a lump sum distribution. Death benefits paid to a beneficiary will be paid in a lump sum distribution.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Accounting Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends and other interest are recorded as received into the Plan. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. See Note 5 for discussion of fair value measurements.

Participants' Notes Receivable - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Expenses - Professional fees and other administrative expenses are paid by the Plan, unless paid by the Company.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The Company evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure. The accompanying financial statements consider events through October 4, 2018, the date the financial statements were available to be issued.

Note 3 - Party-In-Interest Transactions:

As of December 31, 2017 and 2016, Plan assets include funds held in pooled separate accounts as well as common collective trusts managed by Principal Life Insurance Company, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services for the years ended December 31, 2017 and 2016 amounted to $14,101 and $9,168, respectively, and are include in administrative expenses.

All of the party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 4 - Information Prepared and Certified by Custodian:

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2017 and 2016 was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2017	2016
Fair Value of Investments in:		
Common Collective Trusts	$ 852,521	$ 511,149
Pooled Separate Accounts	140,841	118,741
	$ 993,362	$ 629,890

Note 5 - Fair Value Measurements:

FASB ASC 820, *Fair Value Measurement,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 1 or 3 inputs for the years presented.

Level 2 Fair Value Measurements - The fair value of the pooled separate accounts as well as the common collective trusts are based on observable inputs including quoted net asset values for similar assets or liabilities in active or non-active markets.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

		Fair Value Measurements Using:
	Fair Value	Significant Other Observable Inputs (Level 2)
December 31, 2017:		
Common Collective Trusts	$ 852,521	$ 852,521
Pooled Separate Accounts	140,841	140,841
Total	$ 993,362	$ 993,362
December 31, 2016:		
Common Collective Trusts	$ 511,149	$ 511,149
Pooled Separate Accounts	118,741	118,741
Total	$ 629,890	$ 629,890

Note 5 - Fair Value Measurements (Continued):

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investments.

Note 6 - Tax Status:

The Plan was designed in accordance with a prototype plan developed by the Plan trust. The Internal Revenue Service has determined by a letter dated December 10, 2009, that the prototype plan and its related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and the related trust was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan Document, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. In the case of a partial termination, only those who separate from service will become fully vested.

Note 8 - Current Vulnerability Due to Concentrations of Credit Risk:

The Plan may invest in various types of investment securities. Investment securities are exposed to various market risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.
