MEDSPEED, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 1 - Description of the Plan

The following description of the MedSpeed, LLC 401(k) Plan (the "plan") provides only general information. Participants should refer to the plan's summary plan description for a more complete description of the plan's provisions.

General

The plan is a defined contribution plan established by MedSpeed, LLC (the "company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, covering all employees who have completed at least six months of service with the company, as defined by the plan. Upon enrollment in the plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The company matches 20% of employee contributions for contributions up to 5% of the participant's compensation. Additional company contributions may be contributed at the company's discretion. No discretionary contribution was made for the year ended December 31, 2017. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions, and an allocation of the company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction and rollover contributions plus earnings thereon. Participants who leave the plan because of death, early or normal retirement, or disability retirement, as defined in the plan, are considered 100% vested. Company contributions and earnings thereon vest in accordance with provisions of the plan as follows:

Vesting Years of Service	Percentage Vested
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 1 - Description of the Plan (cont.)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest at 3.25%-5.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the plan agreement. The plan provides for normal retirement at age 65 or the fifth anniversary of joining the plan, if later. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments, or an annuity. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the plan.

Forfeited Accounts

As of December 31, 2017 and 2016, forfeited nonvested accounts totaled $746 and $817, respectively. These accounts will be used to reduce future company contributions. In 2017, company contributions were not reduced by forfeited nonvested accounts.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's Investment Committee determines the plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance companies. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses have been recorded as of December 31, 2017 and 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Expenses

Certain expenses of maintaining the plan are paid by the plan, unless otherwise paid by the company. Expenses that are paid by the company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the plan at year-end.

The plan sponsor is responsible for the determination of fair value. Accordingly, it performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no investments at fair value within the fair value hierarchy as of December 31, 2017 and 2016.

NOTE 3 - Fair Value Measurements (cont.)

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

	Assets at Fair Value as of December 31, 2017			
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts (a)	$ 5,085,038	None	Daily	N/A

	Assets at Fair Value as of December 31, 2016			
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts (a)	$ 3,616,658	None	Daily	N/A

(a) This class includes investments in mutual funds, including large cap equity, mid cap equity, small cap equity, international, fixed-income, and other equity funds. These funds also invest in domestic and international stocks and bonds. The fair values of the investments in this class have been estimated using the net asset value per share of the investments. The investment strategies of the funds in this class vary for each of the funds disclosed in the supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year).

NOTE 4 - Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2017 and 2016. Accordingly, John Hancock Life Insurance Company, the trustee of the plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.

NOTE 5 - Amount Owed to Participants Withdrawing From the Plan

There were no amounts owed to participants who have withdrawn from the plan as of December 31, 2017 and 2016.

NOTE 6 - Related Party and Party In Interest Transactions

Certain plan investments are managed by the trustee as defined by the plan, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the plan for the investment manager services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the plan issues loans to participants, which are secured by the participant's account balances. These transaction qualify as party in interest transactions.

Certain administrative functions of the plan are performed by officers or employees of the company. No such officer or employee receives compensation from the plan.

NOTE 7 - Plan Termination

Although it has not expressed any intent to do so, the company has the right to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their company contributions.

NOTE 8 - Tax Status

The IRS has determined and informed the company by a letter dated April 10, 2014, that the plan and related trust are designed in accordance with applicable sections of the IRC. Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2017, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2017 and 2016, the plan had investments of $1,852,968 and $2,150,210, that were concentrated in three and five funds, respectively.

NOTE 10 - Administration of Plan Assets

The plan's assets are administered under a contract with John Hancock Life Insurance Company, the trustee of the plan. The trustee invests funds received from contributions, investment sales, interest, and dividend income and make distribution payments to participants.

NOTE 11 - Excess Contributions

The plan is subject to certain nondiscrimination provisions, which require annual compliance testing. As a result of testing performed for 2017, it was determined that excess participant contributions of $56,806 were made to the plan during the year, for which a liability is included in the plan's statement of net assets available for benefits at December 31, 2017.

NOTE 12 - Subsequent Events

The plan has evaluated subsequent events through October 12, 2018, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the plan's financial statements.
