Independent Auditors' Report

The Plan Administrator
KDC USA 401(k) Plan:

We were engaged to audit the accompanying financial statements of the KDC USA 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2017 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2016 Financial Statement

The financial statements of the plan as of and for the year ended December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report dated July 14, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with Department of Labor's Rules and Regulations

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KDC USA 401(k) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(1) Description of Plan

The following description of the KDC USA 401(k) Plan (formerly Kolmar Laboratories, Inc. Savings Incentive Plan) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan covers eligible employees of Kolmar Laboratories, Inc. (Kolmar), Tri-Tech Laboratories, Inc. (Tri-Tech), Acupac Packaging, Inc. (Acupac), Cosmetics Technologies, LLC (Cosmetic), ChemAid Laboratories, Inc. (ChemAid), and Thibiant International, Inc. (Thibiant) (collectively, the Companies or Plan Sponsor). The Companies own directly or indirectly all of the U.S. affiliates of Knowlton Development Corporation (Knowlton or KDC), including Kolmar, Tri-Tech, Acupac, Cosmetic, ChemAid and Thibiant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective September 1, 2017, the Kolmar Laboratories, Inc., Savings Incentive Plan, which covered eligible employees of Kolmar Laboratories, Inc., and the Thibiant International, Inc. Retirement Savings Plan, ChemAid Employees Profit Sharing Plan, Cosmetics Technologies LLC 401(k) Profit Sharing Plan and Trust, and Tri-Tech 401(k) Retirement Benefit Plan, which covered eligible employees of Thibiant, ChemAid, Cosmetics, and Tri-Tech were merged into the Plan. Assets transferred into the Plan as a result of these mergers were approximately \$18.1 million.

(a) General

The Plan is a defined contribution plan covering all employees of the Companies who are age 21 and have at least two months of service within a twelve month period.

(b) Contributions

Participating employees may contribute, through payroll deductions, up to 75% of eligible compensation, as defined, or \$18,000 (plus an extra \$6,000 for age 50 or older), to be invested, at their discretion, in one or more of the eligible funds maintained by the Plan trustee. The Companies, at the discretion of the Board of Directors, may make matching contributions based on a percentage of employees' pretax contributions to the Plan.

Forfeitures of participants' nonvested contributions of the Companies will be used to pay administrative expenses. Any remaining amounts will be used to reduce future contributions of the Companies payable under the Plan.

(c) Participant Accounts

Each participant's account is credited with their respective contributions, any rollover contributions, employer matching contributions, and an allocation of the Companies' discretionary contribution and Plan earnings, net of investment management fees. Allocations are based on participant earnings or account balances.

KDC USA 401(k) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(d) Vesting

Participants are vested immediately in their contributions plus actual earnings or losses thereon. Vesting in the Companies' contribution portion of their accounts is based on service completed. A participant is 100% vested after three years of credited service. Vesting is earned by participants on a pro-rata basis over the three years of credited service.

(e) Participant Loans

Participants may borrow up to 50% of their vested account balance, up to a maximum of \$50,000, with the minimum loan amount being \$1,000. A participant is allowed to have one loan outstanding at any given time. Loan transactions are treated as a transfer between the investment fund and the loan fund. Loan terms must be no more than five years or ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prevailing interest rates. Principal and interest is paid ratably through payroll deductions, made no less frequently than quarterly.

Participant loans are recorded at amortized cost and are presented as "Notes receivable from participants" in the statements of net assets available for benefits.

(f) Payment of Benefits

On termination or retirement, participants may elect to receive a lump-sum payment equal to the value of their vested account, or defer receipt of distributions if their vested account balance is greater than \$5,000.

The Plan provides payment of benefits at an early retirement age of 55 with at least three years vesting service.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Benefit payments are recognized as reductions of Plan assets upon disbursement.

(b) Tax Status

The Plan sponsor has adopted a volume submitter plan. The Internal Revenue Service (IRS) informed the volume submitter plan sponsor, in an opinion letter dated March 31, 2014, that the form of the plan is acceptable under the requirements of the Internal Revenue Code (IRC). An employer may rely on a favorable opinion letter issued to a volume submitter plan sponsor as evidence that the plan is qualified under Code Section 401(a) as provided in Revenue Procedure 2015-36. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC so that the Plan is qualified and the related trust is tax-exempt.

(c) Subsequent Events

Plan management has evaluated subsequent events through October 15, 2018, the date the financial statements were available to be issued.

KDC USA 401(k) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(d) Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value as determined by the Fidelity Management Trust Company, the trustee of the Plan, except that the FA Stable Value Fund is stated at contract value, which approximates fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the investment contract at contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Also, see note 10 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Administrative Expenses

Substantially all administrative expenses are paid by the Plan. The balance of such expenses, if any, is paid by the Companies. The Companies provide certain administrative services and use of facilities to the Plan at no cost to the Plan.

(g) Accounting for Uncertainty in Income Taxes

In accordance with guidance issued by the Financial Accounting Standards Board (FASB) on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. Management believes that the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2013.

(3) Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

KDC USA 401(k) PLAN
Notes to Financial Statements
December 31, 2017 and 2016

(4) Party-In-Interest Transactions

The Plan's assets include investments in funds managed by Fidelity Investments. Fidelity Investments Institutional Operations Company is the transfer agent that performs processing, recordkeeping and shareholder servicing functions for institutional investors that invest in Fidelity mutual funds, and Fidelity Management Trust Company is the trustee of the Plan. As such, transactions with Fidelity qualify as party-in-interest transactions. Usual and customary transaction fees are charged against the investment accounts by Fidelity for investment management and recordkeeping services.

The Companies provide certain administrative services to the Plan for which no fees are charged.

(5) Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

(6) Legal Matters

According to the Plan's Trustee and legal counsel, the Plan is not a party to any litigation, the outcome of which would have a material effect on these financial statements.

(7) Investment Information Certified by Trustee – (Unaudited)

The Plan's assets are held by a trust fund administered by the trustee. The following is a summary of assets and changes in net assets certified as complete and accurate by the trustee as of and for the years ended December 31, 2017 and 2016.

	<u>2017</u>	<u>2016</u>

Increase in net assets per the Form 5500	<u>\$ 4,511,219</u>	<u>863,446</u>

(9) Stable Value Fund

The plan maintains an investment in the Fidelity Advisor Stable Value Fund which is an investment contract sponsored by Fidelity Management Trust Company (Fidelity). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The interest in the Stable Value Fund for a particular participant is equal to the sum of the participant's invested capital and all accrued interest.

As described in note 2, the Fidelity Advisor Stable Value Fund is valued at contract value which approximates fair value. Contract value, as reported to the plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2017 and 2016 was \$4,304,280 and \$3,669,354, respectively.

The yield credited to participants of the Stable Value Fund was 1.39% and 1.19% for 2017 and 2016, respectively. The yield is based on actual earnings of the Stable Value Fund which was 2.25% and 2.00% in 2017 and 2016, respectively.

(10) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices of identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for an asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

(a) Mutual Funds

Valued at the net asset value (NAV) of shares held by the Plan, based on the closing price reported in the active market in which the fund is traded.

(b) Stable Value Fund

Valued at contract value which approximates fair value, as discussed in note 9.

KDC USA 401(k) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

The following table sets forth by level, within the fair value hierarchy, of the Plan's investment assets at fair value as of December 31, 2017 and 2016:

Assets at fair value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 37,554,003	—	—	37,554,003
Total investments in the fair value hierarchy	37,554,003	—	—	37,554,003
Investments measured at NAV	—	—	—	4,307,016
Total assets at fair value	\$ 37,554,003	—	—	41,861,019

Assets at fair value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,238,438	—	—	16,238,438
Total investments in the fair value hierarchy	16,238,438	—	—	16,238,438
Investments measured at NAV	—	—	—	3,652,887
Total assets at fair value	\$ 16,238,438	—	—	19,891,325

In accordance with FASB Accounting Standards Codification (ASC) Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statements of net assets available for benefits.

(c) Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.
