1. Description of Plan

The following description of the San Jose Country Club ("Company") Pension Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Company adopted the plan on January 1, 1976, and as amended on January 1, 2016. The Plan is a 401(k) defined contribution plan covering all full-time employees of the Company who have completed at least one year of service with a minimum of 1,000 hours and are age eighteen or older. The Company's management serves as administrator and the Plan's trustee and custodian is John Hancock Life Insurance Company USA (the "Trustee"). Bates and Company, Inc. acts as the Plan's third party administrator (the "TPA"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, but participants cannot exceed the maximum limits set by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a series of various risk mutual funds and collective trust funds as investment options for participants. The Company will determine in its sole discretion how much if any, it will make as a matching contribution.

Participant Account

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) charged with withdrawals and administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may choose to invest their accounts in one or more funds established by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on a 5-year cliff vesting schedule. A participant is 100% vested in employer contributions upon disability or death.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the present value of vested portion of the participant's vested aggregate account. The loans are secured by the balance in the participant's account and bear interest at the New York prime rate reported in the Wall Street Journal, plus 2%. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution.

Forfeited Accounts
At December 31, 2017 and 2016, forfeited nonvested accounts totaled $4,065 and $0 respectively and employer contributions were reduced by $0 and $0 from forfeited nonvested accounts. These forfeitures are used to reduce employer contributions and administrative expenses.

Investment Options
Upon enrollment in the Plan, a participant may choose several investment options, which are offered through John Hancock Life Insurance Company USA. Those investment options consist of guaranteed interest accounts and pooled separate accounts. Pooled separate accounts are investment funds shared by several owners that are separate from the other assets owned by John Hancock.

Administrative Expenses
Administrative expenses, except for certain custodial expenses of the Plan, are paid by the Company or paid by forfeiture credits.

2. Summary of Significant Accounting Policies

Date of Management's Review
Subsequent events were evaluated through October 12, 2018, which is the date the financial statements were available to be issued.

Basis of Accounting
The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan. Interest income on notes receivable from participants is recorded when it is earned. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Income Taxes
The Internal Revenue Service has determined and informed the Plan by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is a qualified plan as described in Section 401(a) of the Internal Revenue Code and is therefore exempt from federal and state income taxes. Income generated by activities that would be considered unrelated to the Plan's purpose would be subject to tax which, if incurred, would be recognized as current expense. No such tax has been recognized as of December 31, 2017.

The federal annual returns of the Plan for 2016 through 2014 are subject to examination by the IRS, generally three years after they were filed.

Operating Expenses
All expenses of maintaining the Plan are paid by the Plan or the Company as provided in the Plan document.

Implementation of Accounting Principle
In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share*. ASU No. 2015-07 permits a reporting entity, as a practical expedient, to measure fair value of certain investments using the net asset value per share of the investment and provide guidance on required disclosure for such investments. The standard is effective for annual reporting periods beginning after December 15, 2016. Management has adopted this accounting guidance. The updated disclosure is included in Note 4 and did not have a material impact on the Plan's financial statements.

3. Investments

The following table presents fair value of investments measured on a recurring basis at December 31, 2017 and 2016.

	2017	2016

Pooled Separate Accounts -

Aggressive Growth	$ 79,195
Growth	121,116
Growth & Income	56,496
Income	27,820
Conservative	8,790
Asset Allocation - Lifestyle	11,764
Guaranteed interest accounts	(486)
	$ 304,695

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value using Net Asset Value (NAV) per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The Plan uses the NAV to determine the fair value of pooled separate account funds which: (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with measurement principles of an investment company or have the attributes of an investment company.

The following table presents the financial instruments carried at fair value as of December 31, 2017 and 2016:

		Fair Value at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2017				
Guaranteed interest accounts	$ 5,473	$ -	$ -	$ 5,473
Investments at net asset values				
Pooled separate accounts:

Asset Allocation - Lifestyle	134,920	-	-	-
	$ 2,144,933	$ -	$ -	$ 5,473

December 31, 2016	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Guaranteed interest accounts	$ 70,558	$ -	$ -	$ 70,558
Investments at net asset values				
Pooled separate accounts:				
Aggressive Growth	$ 424,040	$ -	$ -	$ -
Growth	638,816	-	-	-
Growth and Income	439,985	-	-	-
Income	280,616	-	-	-
Conservative	197,805	-	-	-
	$ 2,051,820	$ -	$ -	$ 70,558

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2017 and 2016:

	Guaranteed Interest Accounts	
	2017	2016
Beginning balance	$ 70,558	$ 20,624
Contributions	3,856	56,750
Interest credited	292	379
Loan repayment	1,238	1,552
Transfers	(69,692)	-
Purchases, issuances and settlements	(779)	(8,747)
Ending balance	$ 5,473	$ 70,558

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation

techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 3 Fair Value Measurements

The Plan provides an investment option to invest in investment contracts held in the guaranteed interest account with John Hancock Life Insurance Company USA. John Hancock Life Insurance Company USA maintains the contributions in a general account that is credited with a guaranteed and fixed rate of return. The guaranteed interest account is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan by John Hancock Life Insurance Company USA. Access to funds is substantially restricted by contract provisions; therefore, the investment contracts held by the Plan are not considered to be fully benefit-responsive. The guaranteed interest accounts are included in the financial statements at fair value. The guaranteed interest account does not permit John Hancock Life Insurance Company USA to terminate the agreement prior to the schedule maturity date.

5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company USA. The value of these mutual funds was $1,339,994 and $1,219,653 at December 31, 2017 and 2016 respectively. John Hancock Life Insurance Company USA is the trustee and custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $12,325 for the year ended December 31, 2017. The party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

The Company provided certain accounting, administrative, and investment management services to the Plan for which no fees are charged. Any other administrative fees will be paid by the Company on behalf of the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Information Certified by the Plan's Custodian

The investments included in the statement of net assets available for benefits as of December 31, 2017 and 2016, and the net appreciation in fair value of investments, interest and dividends included in the statement of changes in net assets available for benefits for the year ended December 31, 2017 have been derived from information certified as complete and accurate by John Hancock Life

Insurance Company USA, trustee and custodian of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The trustees of the Plan hold the Plan's investment assets and execute investment transactions. Financial information related to those assets is included in the accompanying financial statements and supplemental schedules, and such information has been derived from reports prepared and certified by the trustees. 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Contingences

ERISA requires that the Plan maintain continuous coverage under a fidelity bond, equal to the lesser of 10% of the funds handled or $500,000. The Plan had sufficient coverage in place during the year, thus fulfilling ERISA's requirement.
