Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2017 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Co. (the "Custodian" of the Plan), except for comparing such information with the related information included in the 2017 financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of and for the year ended December 31, 2017, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter-Supplemental Schedule

The supplemental schedule H, line 4i – Schedule of Assets (held at end of year) as of December 31, 2017 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

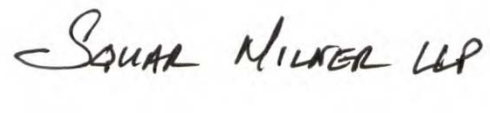

Other Matter-2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the Custodian. Their report, dated October 16, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2016 financial statements (b) the form and content of the information included in the 2016 financial statements other than that derived from the information certified by the asset custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

1. DESCRIPTION OF PLAN

The following description of the ARES Holding Corporation (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1996, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company is the Plan administrator and retains the services of a third party to assist in the administration of the Plan. Fidelity Management Trust Company (the "Trustee" or "Custodian") is the trustee of the Plan's assets and is responsible for maintaining the individual participant account balances and monitoring the investments.

Eligibility

Employees who have reached twenty-one years of age are eligible to participate in the Plan on the first day of each month following the participant's date of hire. If an employee terminates employment after becoming a participant and is later re-employed, they become eligible to participate in the Plan after completion of one hour of service. An employee may elect not to participate in the Plan. Residents of Puerto Rico, leased employee, nonresident aliens, and employees covered by a collective bargaining agreement are excluded from the Plan.

Participant Contributions

Through December 31, 2017, participants may elect to contribute up to the lesser of 80% of eligible compensation or $18,000 subject to the maximum allowed under section 401(k) of the Internal Revenue Code ("IRC"). Participants who have reached the age of 50 are eligible to make additional catch-up contributions of $6,000 under the IRC. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Participants direct the investment of their account balances into various investment options offered by the Plan. A participant may elect to increase or decrease their percentage as of each entry date defined as the first day of each month.

Employer Contributions

The Company's matching contribution for the current year was 50% of the participant's salary reduction, subject to a maximum of 6% of eligible compensation. The employer matching contribution is calculated based on each pay period. The participant must be employed as of the last day of the contribution period to be eligible for any matching contributions that may be made for that payroll period. Contributions are subject to certain limitations.

1. DESCRIPTION OF PLAN (continued)

Employer Contributions

The Company may make discretionary non-elective contributions in an amount to be determined by the Board of Directors for each Plan year. There were no discretionary contributions made for the year ended December 31, 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company contributions and allocations of Plan earnings and expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan provides for investments to be directed by participants into a number of investment options offered by the Plan and held by Fidelity. Some Plan investments are units of funds managed by Fidelity, therefore, these investments and most investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Vesting

Participants are fully vested in their contributions, as well as all earnings on those contributions. Participants hired after May 24, 2012 vest in the Company's matching and non-elective contributions upon the completion of a year of service over a three year period at 33% per year from year one through three. All employees hired prior to May 25, 2012 are 100% vested in employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest commensurate with a commercially reasonable rate of interest as determined by the Plan administrator. Loan terms range from one to five years, but may not exceed five years except for loans used for a purchase of a primary residence, which may be repaid over a longer period of up to ten years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or separation from service, participants may receive a lump sum payment equal to the value of the participant's vested interest in his or her account. If a participant's account is less than $1,000 in value, he or she will receive a lump-sum payment. If a participant's account exceeds $1,000 but is less than $5,000, the Plan may distribute the benefit to an Individual Retirement Account ("IRA"). If a participant's account exceeds $5,000 in value, he or she may elect to defer the distribution for a specified period of time ending no later than the participant's normal retirement age.

1. DESCRIPTION OF PLAN (continued)

Forfeitures

Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining forfeitures are then used to reduce employer contributions. Forfeitures remaining in the Plan as of December 31, 2017 and 2016 were approximately $14,000 and $51,000 respectively. For the year ended December 31, 2017, approximately $44,000 of Plan forfeitures were used to reduce employer contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Investment Valuation and Income Recognition

The investments in all of the funds, except the insurance contract, are presented at fair value, based on the quoted market prices of the underlying securities within each fund as of December 31, 2017 and 2016 (refer to Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Fair Value Measurements

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Net Appreciation (depreciation) in Fair Value of Investments

The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Administration Costs

During 2017, an amount of administrative fees were paid with funds from the forfeiture balance. The forfeitures used amounted to approximately $41,000. Loan set up costs were deducted directly from the participant accounts.

Subsequent Events

The Plan evaluated subsequent events for their potential impact on the financial statements and disclosures through October 12, 2018, which is the date the financial statements were available to be issued.

3. FAIR VALUE

The Plan performs fair value measurement in accordance with ASC 820, *Fair Value Measurements*. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The level in the fair value hierarchy is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The three levels of inputs used to measure fair value are as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies. The Plan had no Level 2 investments at December 31, 2017 and 2016.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk. The Plan had no Level 3 investments at December 31, 2017 and 2016.

3. FAIR VALUE (continued)

Mutual Funds: These investments are public investment securities valued using the Net Asset Value ("NAV"). The NAV is a quoted price in an active market and mutual funds are classified as a Level 1 investment.

Self-Directed: These investments primarily consist of cash equivalents and common and preferred stocks that are valued on the basis of readily determinable market prices and are actively traded.

Money Market: The money market fund is valued at cost plus accrued interest, which approximates fair value, and is classified as a Level 1 investment.

Common and Collective Trusts: These investments are public investment securities valued using the NAV. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments traded in an active market. As of December 31, 2017 and 2016, for the common and collective trust investments, there were no unfunded commitments, the redemption frequency was daily, and the redemption period was twelve months.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Asset Fair Value as of December 31, 2017	
Description	**Level 1**	**Total**
Mutual funds	$ 65,555,047	$ 65,555,047
Self-Directed:	10,235,542	10,235,542
Money market:	33,975	33,975
Total investments in the fair value hierarchy	$ 75,824,564	75,824,564
Common and collective trusts (1)		1,218,411
Total investments at fair value		$ 77,042,975

3. FAIR VALUE (continued)

Description	Asset Fair Value as of December 31, 2016 Level 1	Total
Mutual funds	$ 56,371,060	$ 56,371,060
Self-Directed:	9,475,322	9,475,322
Money market:	69,777	69,777
Total investments in the fair value hierarchy	$ 65,916,159	65,916,159
Common and collective trusts (1)		41,403
Total investments at fair value		$ 65,957,562

(1) In accordance with Accounting Standards Codification Topic 820, certain investments that were measured at net asset value per share as a practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of assets available for benefits.

During the years ended December 31, 2017 and 2016 there were no transfers between Level 1 and Level 2 or in or out of Level 3. There were no changes in fair value methodologies at December 31, 2017 and 2016.

4. STABLE VALUE FUND

As the stable value fund is a fully benefit-responsive fund, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. Contract value, as reported to the Plan by Fidelity, represents contributions made under the stable value fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2017 and 2016, there were no reserves against the contract value for credit risks of the issuer. The interest rates are based upon a formula agreed with the issuer and are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exception from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent auditors were instructed to not perform any auditing procedures with respect to this information certified by Fidelity Management Trust Co., the Custodian of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The following information, included in the financial statements and supplemental schedule was provided by and certified by Fidelity as complete and accurate:

- Investments at fair value as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Investment income and interest income from participants notes receivable as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

6. PARTY-IN-INTEREST TRANSACTIONS

The Trustee is a party-in-interest as defined by ERISA. The Trustee invests certain Plan assets in its investment funds and is paid administrative expenses. Such transactions qualify as party-in-interest transactions permitted by Department of Labor regulations. The Company is the Plan Sponsor, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions for which a statutory exception exists.

No prohibited transactions with parties-in-interest, as defined by ERISA, occurred during the Plan year ended December 31, 2017.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching account balances.

8. INCOME TAX STATUS

Effective April 10, 2017, the Plan adopted a standardized form of a prototype Volume Submitted Fidelity Basic plan. The prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations prior to 2014.

9. RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
ARES Holding Corporation 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ARES Holding Corporation 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2017 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Co. (the "Custodian" of the Plan), except for comparing such information with the related information included in the 2017 financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of and for the year ended December 31, 2017, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter-Supplemental Schedule

The supplemental schedule H, line 4i – Schedule of Assets (held at end of year) as of December 31, 2017 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

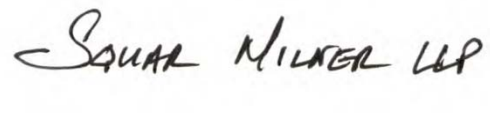

Other Matter-2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the Custodian. Their report, dated October 16, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2016 financial statements (b) the form and content of the information included in the 2016 financial statements other than that derived from the information certified by the asset custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the ARES Holding Corporation (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1996, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company is the Plan administrator and retains the services of a third party to assist in the administration of the Plan. Fidelity Management Trust Company (the "Trustee" or "Custodian") is the trustee of the Plan's assets and is responsible for maintaining the individual participant account balances and monitoring the investments.

Eligibility

Employees who have reached twenty-one years of age are eligible to participate in the Plan on the first day of each month following the participant's date of hire. If an employee terminates employment after becoming a participant and is later re-employed, they become eligible to participate in the Plan after completion of one hour of service. An employee may elect not to participate in the Plan. Residents of Puerto Rico, leased employee, nonresident aliens, and employees covered by a collective bargaining agreement are excluded from the Plan.

Participant Contributions

Through December 31, 2017, participants may elect to contribute up to the lesser of 80% of eligible compensation or $18,000 subject to the maximum allowed under section 401(k) of the Internal Revenue Code ("IRC"). Participants who have reached the age of 50 are eligible to make additional catch-up contributions of $6,000 under the IRC. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Participants direct the investment of their account balances into various investment options offered by the Plan. A participant may elect to increase or decrease their percentage as of each entry date defined as the first day of each month.

Employer Contributions

The Company's matching contribution for the current year was 50% of the participant's salary reduction, subject to a maximum of 6% of eligible compensation. The employer matching contribution is calculated based on each pay period. The participant must be employed as of the last day of the contribution period to be eligible for any matching contributions that may be made for that payroll period. Contributions are subject to certain limitations.

1. DESCRIPTION OF PLAN (continued)

Employer Contributions

The Company may make discretionary non-elective contributions in an amount to be determined by the Board of Directors for each Plan year. There were no discretionary contributions made for the year ended December 31, 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company contributions and allocations of Plan earnings and expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan provides for investments to be directed by participants into a number of investment options offered by the Plan and held by Fidelity. Some Plan investments are units of funds managed by Fidelity, therefore, these investments and most investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Vesting

Participants are fully vested in their contributions, as well as all earnings on those contributions. Participants hired after May 24, 2012 vest in the Company's matching and non-elective contributions upon the completion of a year of service over a three year period at 33% per year from year one through three. All employees hired prior to May 25, 2012 are 100% vested in employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest commensurate with a commercially reasonable rate of interest as determined by the Plan administrator. Loan terms range from one to five years, but may not exceed five years except for loans used for a purchase of a primary residence, which may be repaid over a longer period of up to ten years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or separation from service, participants may receive a lump sum payment equal to the value of the participant's vested interest in his or her account. If a participant's account is less than $1,000 in value, he or she will receive a lump-sum payment. If a participant's account exceeds $1,000 but is less than $5,000, the Plan may distribute the benefit to an Individual Retirement Account ("IRA"). If a participant's account exceeds $5,000 in value, he or she may elect to defer the distribution for a specified period of time ending no later than the participant's normal retirement age.

1. DESCRIPTION OF PLAN (continued)

Forfeitures

Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining forfeitures are then used to reduce employer contributions. Forfeitures remaining in the Plan as of December 31, 2017 and 2016 were approximately $14,000 and $51,000 respectively. For the year ended December 31, 2017, approximately $44,000 of Plan forfeitures were used to reduce employer contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Investment Valuation and Income Recognition

The investments in all of the funds, except the insurance contract, are presented at fair value, based on the quoted market prices of the underlying securities within each fund as of December 31, 2017 and 2016 (refer to Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Fair Value Measurements

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Net Appreciation (depreciation) in Fair Value of Investments

The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Administration Costs

During 2017, an amount of administrative fees were paid with funds from the forfeiture balance. The forfeitures used amounted to approximately $41,000. Loan set up costs were deducted directly from the participant accounts.

Subsequent Events

The Plan evaluated subsequent events for their potential impact on the financial statements and disclosures through October 12, 2018, which is the date the financial statements were available to be issued.

3. FAIR VALUE

The Plan performs fair value measurement in accordance with ASC 820, *Fair Value Measurements*. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The level in the fair value hierarchy is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The three levels of inputs used to measure fair value are as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies. The Plan had no Level 2 investments at December 31, 2017 and 2016.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk. The Plan had no Level 3 investments at December 31, 2017 and 2016.

3. FAIR VALUE (continued)

Mutual Funds: These investments are public investment securities valued using the Net Asset Value ("NAV"). The NAV is a quoted price in an active market and mutual funds are classified as a Level 1 investment.

Self-Directed: These investments primarily consist of cash equivalents and common and preferred stocks that are valued on the basis of readily determinable market prices and are actively traded.

Money Market: The money market fund is valued at cost plus accrued interest, which approximates fair value, and is classified as a Level 1 investment.

Common and Collective Trusts: These investments are public investment securities valued using the NAV. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments traded in an active market. As of December 31, 2017 and 2016, for the common and collective trust investments, there were no unfunded commitments, the redemption frequency was daily, and the redemption period was twelve months.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Asset Fair Value as of December 31, 2017	
Description	**Level 1**	**Total**
Mutual funds	$ 65,555,047	$ 65,555,047
Self-Directed:	10,235,542	10,235,542
Money market:	33,975	33,975
Total investments in the fair value hierarchy	$ 75,824,564	75,824,564
Common and collective trusts (1)		1,218,411
Total investments at fair value		$ 77,042,975

3. FAIR VALUE (continued)

Description	Asset Fair Value as of December 31, 2016 Level 1	Total
Mutual funds	$ 56,371,060	$ 56,371,060
Self-Directed:	9,475,322	9,475,322
Money market:	69,777	69,777
Total investments in the fair value hierarchy	$ 65,916,159	65,916,159
Common and collective trusts (1)		41,403
Total investments at fair value		$ 65,957,562

(1) In accordance with Accounting Standards Codification Topic 820, certain investments that were measured at net asset value per share as a practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of assets available for benefits.

During the years ended December 31, 2017 and 2016 there were no transfers between Level 1 and Level 2 or in or out of Level 3. There were no changes in fair value methodologies at December 31, 2017 and 2016.

4. STABLE VALUE FUND

As the stable value fund is a fully benefit-responsive fund, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. Contract value, as reported to the Plan by Fidelity, represents contributions made under the stable value fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2017 and 2016, there were no reserves against the contract value for credit risks of the issuer. The interest rates are based upon a formula agreed with the issuer and are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exception from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent auditors were instructed to not perform any auditing procedures with respect to this information certified by Fidelity Management Trust Co., the Custodian of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The following information, included in the financial statements and supplemental schedule was provided by and certified by Fidelity as complete and accurate:

- Investments at fair value as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Investment income and interest income from participants notes receivable as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

6. PARTY-IN-INTEREST TRANSACTIONS

The Trustee is a party-in-interest as defined by ERISA. The Trustee invests certain Plan assets in its investment funds and is paid administrative expenses. Such transactions qualify as party-in-interest transactions permitted by Department of Labor regulations. The Company is the Plan Sponsor, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions for which a statutory exception exists.

No prohibited transactions with parties-in-interest, as defined by ERISA, occurred during the Plan year ended December 31, 2017.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching account balances.

8. INCOME TAX STATUS

Effective April 10, 2017, the Plan adopted a standardized form of a prototype Volume Submitted Fidelity Basic plan. The prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations prior to 2014.

9. RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
