Report of Independent Auditors

Plan Administrator for Torchy's Tacos 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Torchy's Tacos 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained a certification as of December 31, 2017and for the year then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017, is presented for purposes of additional analysis and is not a required part of the financial

Torchy's Tacos 401(k) Plan

Notes to Financial Statements

December 31, 2017

1. Description of Plan

The following description of the Torchy's Tacos 401(k) Plan (the Plan) provides general information about the Plan's provisions. Success Foods Management, LLC (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan was effective January 1, 2017 and is a defined contribution plan covering all eligible employees of the Company. Eligible employees can become a participant the first day of the quarter coinciding with or next following date of hire and attaining age 21. The Plan is for the exclusive benefit of participants and their beneficiaries and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). MassMutual is the trustee/custodian and administers the participant recordkeeping functions of the Plan. The Company is the administrator of the Plan with Nova 401(k) Associates as a third-party administrator.

Contributions

Effective August 1, 2017, participants may contribute up to 90% of annual compensation, as defined in the Plan, as pre-tax and Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Company makes a discretionary match, which in 2017 was 50% for all managers and above, including all corporate level employees, and 25% for all other employees, of the first 5% of compensation that a participant contributes to the Plan. Additional discretionary matching contributions may be contributed at the discretion of the Company's board of directors. No such amounts were contributed for 2017. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options at any time. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions and allocations of plan earnings and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. A participant is vested on a 5 year graded schedule, 1 year – 20%, 2 years – 40%, 3 years – 60%, 4 years – 80%, 5 years – 100%.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts can be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. Unallocated forfeited balances as of December 31, 2017 were $378 and no forfeitures were used to reduce Company contributions for 2017.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, but not less than $1,000. Loan terms range from 1–5 years or longer for the purchase of a principal residence, at the Administrators discretion. A participant may not have more than one loan outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a rate of 2% above the prime rate. Once set, the interest rate shall remain fixed for the entire duration of the loan. Principal and interest is paid ratably through bi-weekly payroll deductions over not more than five years, except for loans to purchase a principal residence. If a participant terminates employment with the Company loans become due and payable in full immediately. There were no loans outstanding as of December 31, 2017.

1. Description of Plan (continued)

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds $5,000 may elect to receive either a lump-sum or may elect partial withdrawals. A participant whose vested account balance is $5,000 or less will receive a lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan (except for the fully benefit-responsive investment contract) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

The fully benefit-responsive investment contract is stated at contract value. Contract value is the relevant measurement as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, plus credited interest less participant withdrawals and fees.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2017 and net appreciation in fair value of investments and dividends for the year ended December 31, 2017, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee of the Plan.

4. Fair Value Measurements

ASC 820 defines fair value, establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States, and expands disclosures about fair value measurements. ASC 820 prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. Level 1 is quoted prices in active markets for identical assets and liabilities. Level 2 is significant inputs other than quoted prices in active markets that are either directly or indirectly observable. Level 3 is unobservable inputs for which little or no market data exists.

Pooled separate accounts have readily determinable fair values and are valued using quoted prices in an active market. This method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The amount of loss due to credit risk that the Company would incur due to failed financial instruments is limited to the amount invested.

The pooled separate accounts have underlying investments in mutual funds and are not direct filing entities for Form 5500 purposes.

4. Fair Value Measurements (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts	$ 281,984	$ -	$ -	$ 281,984

5. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract that meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, plus earnings, less participant withdrawals and administrative expenses. The traditional investment contract had a contract value of $464 at December 31, 2017.

The traditional investment contract held by the Plan is a guaranteed investment contract that is designed to accrue interest based on crediting rates established by the contract issuers. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments. In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value.

5. Fully Benefit-Responsive Investment Contract (continued)

Certain events that might limit the ability of the Plan to transact at contract value with the contract issuers or to allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value are:

- The Plan or Plan trust fails to maintain its special tax qualified or exempt status under 401(a) of the Code;
- The Company fails to provide the issuer information necessary for them to perform the duties of the Plan and the Company fails to remedy the failure within 31 days from the date notified;
- The Plan trust is amended in a way that adversely affects the issuers obligations under the Plan;
- All group variable funding agreements in this class of business are amended, changed or altered due to changes in any applicable laws and the issuer determines that their obligations under the Plan or ability to maintain a certain class of business are thereby materially affected;
- The assets held, or the participants covered under the Plan are less than the amount required for the Plan to be a group funding agreement under any applicable insurance law;
- The Company changes such that they are no longer considered to be an entity which is authorized or eligible to sponsor the Plan;
- No contributions are made to the issuer during any consecutive 12-month period; or
- At any time, the contributions or balances are less than the amount required for this class of business under the issuers underwriting standards in effect as of the Plan's effective date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code ("the Code") and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with he Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related-Party and Party-in-Interest Transactions

The Plan holds units of pooled separate accounts and a fully benefit-responsive investment contract managed by MassMutual, the trustee/custodian of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 12, 2018, the date the financial statements were issued.
