The Plan is a multiple-employer 401(k) defined contribution plan covering all full-time employees of Signum, LLC and its adopting employers (collectively, the “Plan Sponsor” or the “Company”). Signum, LLC is a professional employer organization that leases employees and provides human resource administrative services to over 200 employers in South Carolina, North Carolina, and Georgia, certain of which have adopted the provisions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is self-trusted by Mr. T. Kris Barnes, Vice President of the Company. John Hancock Life Insurance Company (“John Hancock”) is the custodian of the Plan’s investments.

The Plan document was restated effective January 1, 2016 to conform to recent legislative and regulatory changes.

Employees of the Company may enter the Plan immediately after satisfying the age and service eligibility conditions selected by the participating employer.

Contributions

Each year participants may contribute up to 100% of their pretax annual compensation to the Plan, as defined by the Plan document, subject to the limitations as defined in the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, up to the maximum annual amount permitted by statute. Rollover and transfer contributions to the Plan are permitted upon meeting certain requirements. Employer matching and profit sharing contributions are determined annually by the Boards of Directors of Signum, LLC and its adopting employers. Employer matching contributions cannot exceed 5% of an individual participant's annual compensation.

The Plan allows adopting employers to elect safe harbor provisions. Under provisions of the Plan, to satisfy the safe harbor rules, the adopting employer may (a) make an annual non-elective contribution equal to at least 3% of an employee's compensation regardless of whether the employee contributes to the Plan, (b) make a matching contribution equal to 100% of a participant's contributions to the Plan up to 3% of the participant's compensation plus 50% of the participant's contributions to the Plan between 3% and 5% of the participant's compensation, (c) make a matching contribution equal to 100% of a participant's contributions to the Plan up to 4% of the participant's compensation, or (d) make a matching contribution equal to 100% of a participant's contributions to the Plan up to 5% of the participant's compensation.

1. Description of Plan (continued)

Contributions (continued)

Eligible participants received matching contributions of approximately \$586,000 and \$412,000 for the years ended December 31, 2017 and 2016, respectively. There were no profit sharing contributions made for the years ended December 31, 2017 and 2016.

Qualified non-elective contributions may be made by the Company in order to satisfy the nondiscrimination tests described in the IRC. Qualified non-elective contributions are allocated to every non-highly compensated plan participant who was active in the Plan during the year. There were no qualified non-elective contributions for the years ended December 31, 2017 and 2016, respectively

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor, matching and profit sharing contributions, and allocations of (a) the Company's non-elective contributions, (b) plan expenses, and (c) plan earnings or losses. Allocations are based on participant earnings or account balances as defined. Earnings or losses are allocated by fund based on the ratio of a participants' account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. Participants are vested on a graduated basis until completion of five or six years of continuous service based on the vesting schedule selected by the participating employer.

Upon reaching minimum retirement age (65) or if termination is due to death or permanent disability, the participant becomes 100% vested in all contributions.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions, the Company's matching, profit sharing, safe harbor, and qualified non-elective contributions, if any, in a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options at any time.

1. Description of Plan (continued)

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts, subject to certain restrictions. All loans must be adequately secured and bear a reasonable interest rate. Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loans are secured by the balance in the participants' account. Active outstanding loans as of December 31, 2017 bear interest ranging from 4.25% to 5.25%, which is similar to the rates charged for a loan made under similar circumstances by banks or other financial institutions. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, disability, death, termination of service, or attainment of age 59 1/2, participants or their beneficiaries may elect to receive the value of the participant's vested interest in their account in the form of a lump sum distribution or roll over the vested account balance into an individual retirement account or other qualified plan. At its discretion, the Plan may make mandatory distributions to participants who have terminated services if their vested account balance is below \$5,000.

Participants still employed may withdraw from their pre-tax elective deferral, excluding earnings, upon furnishing proof of financial hardship, however, not more than once per plan year.

Forfeitures

Forfeited employer matching contributions may be used at the discretion of the Plan administrator to reduce any employer contributions. Available forfeited employer matching contributions totaled \$13,470 and \$729 as of December 31, 2017 and 2016, respectively. Forfeitures used to reduce employer matching contributions totaled \$90 and \$7,271 for the years ended December 31, 2017 and 2016, respectively.

Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts as of the date of termination.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Employee contributions and Company matching contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings. Company profit sharing, safe harbor, and qualified non-elective contributions are accrued and paid based on amounts to be funded for each year under the Plan's provisions and the applicable requirements of the IRC.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment income includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain administrative expenses, including recordkeeping fees, are allocated and charged to individual participants' accounts. Any expenses not paid by the Plan are paid by the Company.

3. Fair Value Measurements

The Plan's investments, all of which are participant directed, are reported at fair value in the accompanying statements of net assets available for plan benefits. The methods used to measure fair value may produce amounts that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although plan management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. All of the Plan's mutual fund investments were valued using Level 1 inputs, based on quoted net asset values of the shares held by the Plan.

3. Fair Value Measurements (continued)

The Plan's other investments include The John Hancock Stable Value Fund ("SVF"), a sub account, which is an investment option within the group annuity contract, the John Hancock Stable Value Fund Collective Investment Trust ("CIT"). The SVF directly invests in the CIT, which invests primarily in diversified fixed-income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock, and in contract value stabilizing agreements offered by high-quality financial institutions. The underlying CIT is valued at the net asset value ("NAV") of units of the account. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held, less the account's liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the account, the account provider reserves the right to temporarily delay withdrawal from the accounts in order to ensure that security liquidations will be carried out in an orderly business manner.

Gains and losses (realized and unrealized) included in the statements of changes in net assets available for plan benefits for the years ended December 31, 2017 and 2016 are reported in net investment income.

4. Party-in-Interest Transactions

The Plan has contracted with the custodian and recordkeeper to provide custodial and administrative recordkeeping services to the Plan. Fees paid by the Plan to these parties for such services amounted to approximately \$10,000 and \$17,000 for the years ended December 31, 2017 and 2016, respectively.

Party-in-interest transactions also include notes receivable from participants.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. Income Tax Status

The Plan is a prototype non-standardized profit sharing plan, designed to be in compliance with the applicable requirements of the IRC. The Internal Revenue Service (“IRS”) issued an opinion letter for the prototype plan dated March 31, 2014 stating that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended and restated since the date of the letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires the Plan administrator to evaluate certain tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities are identified at December 31, 2017 and 2016. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

6. Transfer of Plan Assets

During the year ended December 31, 2017, assets of approximately \$8,297,000, attributable to a new employer entering the Plan, were transferred into the Plan from another qualified plan.

During the year ended December 31, 2016, plan assets of approximately \$731,000, attributable to a new employer entering the Plan, were transferred into the Plan from another qualified plan.

7. Subsequent Events

The Plan administrator evaluated events and transactions after December 31, 2017 through October 15, 2018, the date the financial statements were available to be issued, and determined there were no subsequent events to report during that period.
