Notes to Financial Statements
December 31, 2017 and 2016 (Compiled) and Year Ended December 31, 2017

NOTE A - DESCRIPTION OF PLAN

The following description of the Pro-Vigil 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of Pro-Vigil, Inc. (the Company, Plan Sponsor, and Plan Administrator) who have completed one month of service, have attained the age of 21, are not covered by a collective bargaining agreement, and are not non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to defer up to the lesser of 100% of their compensation as defined by the Plan on either a pre-tax or after-tax basis, or the maximum contribution allowable by law. The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year. Employees who have not declined participation in the Plan or completed a salary deferral agreement as of the date of their eligibility to participate in the Plan will be automatically enrolled in the Plan with a pre-tax deferral of 3% invested in a designated fund until changed by the participant. The Plan provides for a discretionary employer matching contribution for each participant, which was 50% of the first 6% of annual compensation (as defined by the Plan) that a participant contributed to the Plan for the year ended December 31, 2017. The Plan also provides for a discretionary employer profit sharing contribution. There was no discretionary employer profit sharing contribution during the year ended December 31, 2017. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). Participants direct the investment of their contributions into various options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company’s discretionary matching contributions, and an allocation of the Company’s discretionary profit sharing contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based upon participant account earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. Vesting in discretionary employer matching and discretionary employer profit sharing contributions plus actual earnings for all participants hired prior to October 1, 2015 is based on years of continuous service at a rate of 20% per year after the first year. Participants hired prior to October 1, 2015 are fully vested after six years of credited service. Vesting in discretionary employer matching and discretionary employer profit sharing contributions plus actual earnings thereon for all participants hired on or after October 1, 2015 is based on years of continuous service. Participants hired on or after October 1, 2015 are 100% vested upon completion of three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the participant's highest outstanding loan balance during the previous twelve months or 50% of their vested account balance subject to certain Department of Labor and Internal Revenue Service (IRS) requirements. Notes receivable terms range from 1 - 5 years or longer for the purchase of a primary residence. Notes receivable are secured by the balance in the participants' accounts and bear interest at the prime rate plus 1.00%. Interest rates on notes receivable ranged from 4.25% to 5.25% at December 31, 2017. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon reaching the age 59½ or termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, an annuity (only if invested in specific investments and only if elected), or in installments subject to Plan provisions. If the value of the vested benefits credited to the participant's account is $1,000 or less at the time of termination, the entire amount will be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than $1,000 but not exceeding $5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Sponsor.

Active participants may make hardship withdrawals of their pre-tax elective deferral portion of their account balances, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeited Accounts

Forfeitures are used to reduce administrative expenses or to offset discretionary employer contributions. Unallocated forfeiture balances as of December 31, 2017 and 2016 were $32,897 and $4,523, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be in default, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Investment Income Recognition
Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well during the year.

Contributions
Participant and employer contributions are recorded and credited to each participant's account when received by the custodian from the Company. Any contributions attributable to the Plan year but not received by the custodian by the last day of the Plan year are recorded as a receivable.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company adopted a volume submitter profit sharing plan with a cash or deferred arrangement which received an opinion letter from the IRS dated March 31, 2014 stating that the Plan was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2018, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation in the fair value of investments and interest income for the year ended December 31, 2017 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian.

NOTE D - FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodology used for assets measured at fair value. As of December 31, 2017 and 2016 the fair value of pooled separate accounts measured at net asset value was $819,174 and $391,697, respectively. There have been no changes in the methodology used as of December 31, 2017 and 2016.

Pooled separate accounts (see Note E) are valued at the net asset value of shares held by the Plan at year end. The net asset value, as provided by the custodian, is used as a practical expedient to estimate fair value. Net asset value is based on quoted market prices of the underlying investments, net of insurance company fees and expenses less their liabilities. This practical expedient is not used when it is determined to be probable that the accounts will sell the investments for an amount different than the reported net asset value.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE E - POOLED SEPARATE ACCOUNTS

The Plan has investments in Voya Retirement Insurance and Annuity Company's (VRIAC) pooled separate accounts. There are no restrictions on transfers or withdrawals from these accounts. The investment strategies of the pooled separate accounts of the Plan are as follows:

American Funds American Balanced Fund - Class R-6 seeks conservation of capital, current income, and long-term growth of capital and income by investing in a broad range of securities, including common stocks and investment-grade bonds. It also invests in securities issued and guaranteed by the U.S. Government and by federal agencies and instrumentalities.

American Funds New Perspective Fund - Class R-6 seeks long-term growth of capital with future income as a secondary objective by investing in common stocks of companies located around the world.

BlackRock LifePath Index 2020, 2025, 2030, 2035, 2040, 2045, 2050, and 2055 Funds - Class K seek to provide for retirement outcomes based on quantitatively measured risk by investing all of their assets in the Master Portfolio, a series of Master Investment Portfolios with substantially identical investment objectives, which allocates and reallocates their assets among a combination of equity and bond index funds and money market funds in proportions based on their own comprehensive investment strategies.

NOTE E - POOLED SEPARATE ACCOUNTS (CONTINUED)

ClearBridge International Value Fund - Class IS seeks total return on its assets from growth of capital and income by investing primarily in equity securities of foreign companies.

ClearBridge Large Cap Growth Fund - Class IS seeks long-term capital growth by investing at least 80% of its net assets in equity securities or other instruments with similar economic characteristics of U.S. companies with large market capitalizations.

ClearBridge Small Cap Growth Fund - Class IS seeks long-term growth of capital by investing at least 80% of its assets in equity securities of companies with small market capitalizations and related investments.

DFA Real Estate Securities Portfolio - Institutional Class seeks long-term capital appreciation by investing in equity securities of companies in certain real estate investment trusts and companies engaged in residential construction and firms, except partnerships, whose principal business is to develop commercial property.

DFA U.S. Targeted Value Portfolio - Institutional Class seeks long-term capital appreciation by investing in a broad and diverse group of readily marketable securities of U.S. small and mid cap companies that the advisor determines to be value stocks.

Invesco Comstock Fund - Class R6 seeks total return through growth of capital and current income by investing at least 80% of its net assets in common stocks, and in derivatives and other instruments that have economic characteristics similar to such securities.

Loomis Sayles Core Plus Bond Fund - Class N seeks high total investment return through a combination of current income and capital appreciation by investing at least 80% of its net assets in bonds, which include debt securities of any maturity.

PIMCO Real Return Fund - Institutional Class seeks maximum real return, consistent with preservation of capital and prudent investment management by investing at least 80% of its net assets in inflation-indexed bonds of varying maturities issued by the U.S. and non-U.S. governments, their agencies or instrumentalities, and corporations, which may be represented by forwards or derivatives such as options, futures contracts, or swap agreements.

Prudential QMA Mid-Cap Value Fund - Class Q seeks capital growth by investing at least 80% of the fund’s investable assets in equity and equity-related securities of mid-cap companies, which the advisor considers to be companies with market capitalizations within the market cap range of companies included in the Russell Midcap Index.

NOTE E - POOLED SEPARATE ACCOUNTS (CONTINUED)

USAA High Income Fund - Institutional Shares seeks to provide an attractive total return primarily through high current income and secondarily through capital appreciation primarily by investing its assets in a broad range of U.S. dollar denominated high-yield securities, including bonds, convertible securities, leveraged loans, or preferred stocks, with an emphasis on non-investment-grade debt securities.

Vanguard 500 Index Fund - Admiral (TM) Shares seeks to track the performance of a benchmark index that measures the investment return of large-capitalization stocks by employing an indexing investment approach designed to track the performance of the Standard & Poor's 500 Index, a widely recognized benchmark of U.S. stock market performance that is dominated by the stocks of large U.S. companies.

Vanguard Mid-Cap Index Fund - Admiral (TM) Shares seeks to track the performance of a benchmark index that measures the investment return of mid-capitalization stocks by employing an indexing investment approach designed to track the performance of the Center for Research Security Prices (CRSP) U.S. Mid Cap Index, a broadly diversified index of stocks of mid-size U.S companies.

Vanguard Small-Cap Index Fund - Admiral (TM) Shares seeks to track the performance of a benchmark index that measures the investment return of small-capitalization stocks by employing an indexing investment approach designed to track the performance of the CRSP U.S. Small Cap Index, a broadly diversified index of stocks of small U.S companies.

Victory Munder Mid-Cap Core Growth Fund - Class R6 seeks long-term capital appreciation by investing, under normal circumstances, at least 80% of the fund's net assets in equity securities of mid-capitalization companies.

Voya Government Money Market Fund - Class A seeks to provide investors with a high level of current income consistent with preservation of capital and liquidity and the maintenance of a stable $1.00 net asset value per share by investing at least 99.5% of its total assets in government securities, cash, and repurchase agreements collateralized fully by government securities or cash.

NOTE F - GUARANTEED INVESTMENT CONTRACT

The Plan has a traditional guaranteed investment contract with VRIAC totaling $2,173 and $1,114 at December 31, 2017 and 2016, respectively. Contributions from the Plan are maintained in VRIAC's general account. Under the contract, the Plan owns a promise by the issuer to pay interest at crediting rates which are announced in advance and declared on an annual basis.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations to the Plan may be affected by future economic and regulatory development.

The Plan Sponsor may terminate the contract at any time. If the Plan Sponsor terminates the contract, a market value adjustment may apply. Plan level transactions are subject to a restriction of 20% of the unallocated balance within the account as of January 1 of the calendar year. VRIAC may terminate the contract at any time after 5 years from the date the contract became effective with notice of 90 days. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500:

Net assets per Form 5500	$ 859,070	$ 408,611

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

Prior year employer contributions receivable	5,771
Net income per Form 5500	$ 450,459

Participant and employer contributions receivable are not recorded on the Form 5500 as contributions are recorded on a cash basis on Form 5500.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the investment in the funds of VRIAC, related investment income, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.
