Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company provides a discretionary matching contribution based upon the contribution of the individual participants, as determined annually by the Company. The matching contribution for 2017 and 2016 was $.10 for each $1.00 contributed by a participant up to a maximum of 4% of the eligible participant's compensation. The Plan also provides for an additional discretionary Company contribution. The Company made no discretionary contributions in 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Under the provisions of the Plan, participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon vest as follows:

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Participant's Years of Service	Company Contributions Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

To earn a year of service, participants must be credited with at least 1,000 hours of service during a Plan year. The Plan contains specific rules for crediting hours of service for vesting purposes.

Payment of Benefits

A participant who terminates employment, or qualifies for withdrawal due to hardship, death, disability or upon reaching age 59-1/2, is entitled to receive the vested portion of his or her account in a lump sum payment of their entire vested account balance or a single-sum payment of a portion of their vested account balance.

If a terminating participant's vested account balance does not exceed $1,000, the Plan will distribute the benefit in a lump sum as soon as administratively practicable. Vested account balances exceeding $1,000 are paid at the participant's discretion.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $3,420 and $3,009, respectively. These amounts are to be used to reduce future Company contributions.

Investment Options

The assets of the Plan, both employee and employer, are allocated to the various funds at the direction of the participant. Participants are able to direct their account into a variety of pooled separate accounts and a fixed account selected by the Plan's trustees. Pooled separate accounts are invested in mutual funds.

Notes Receivable from Participants

A participant may borrow up to the lesser of $50,000 or 50% of his or her total vested account balance, with a minimum loan amount of $1,000. The loans are secured by the

balance in the participant's account and bear interest at 4.25% - 4.50%, which is commensurate with local prevailing rates as determined by the Plan administrator. Loans are repayable through payroll deductions over periods ranging up to 5 years, except for qualifying principal residential mortgage loans which must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans.

Subsequent Events

For the year ended December 31, 2017, the Plan has evaluated subsequent events for potential recognition and disclosure through October 10, 2018, the date the financial statements were available to be published.

Use of Estimates

The preparation of financial statements in conformity with generally-accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment

advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Refundable Contributions

Amounts payable to participants totaling $31,968 for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, with corresponding reduction to 2017 contributions. The Plan distributed the 2017 excess contributions prior to March 15, 2018.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31,

NOTE 3 – CERTIFIED INVESTMENTS (continued)

2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Retirement Insurance & Annuity Company (the trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 – The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 – The fair value of corporate bonds and U.S. government securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements at the End of the Reporting Period Using:		
December 31, 2017	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Other Observable Inputs (Level 2)**	**Fair Value**
Mutual Funds	$1,389,453	$ -	$1,389,453
Guaranteed investment contract	-	340,787	340,787
Investments at fair value	$1,389,453	$ 340,787	$1,730,240
December 31, 2016			
Mutual Funds	$1,163,839	$ -	$1,163,839
Guaranteed investment contract	-	307,299	307,299
Investments at fair value	$1,163,839	$ 307,299	$1,471,138

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2017, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

The Plan entered into a guaranteed investment contract with Voya Retirement Insurance & Annuity Company (VRIAC) for 2017 and 2016. VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The fixed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date (if any).

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya Retirement Insurance & Annuity Company (VRIAC). VRIAC is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Effective January 1, 2016, VRIAC provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and VRIAC. VRIAC receives revenue from mutual fund service providers for services VRIAC provides to the funds. This revenue is used to offset certain amounts owed to VRIAC for its administrative services to the Plan.

If the revenue received by VRIAC from such mutual fund service providers exceeds the amount owed under the MSA, VRIAC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2017 there were no excess amounts. The Plan or Plan sponsor may make a payment to VRIAC for administrative expenses not covered by revenue sharing.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan were to terminate, participants would become fully vested in their account balances.

NOTE 8 – INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated July 2, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments, including pooled separate accounts and a guaranteed investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.
