INDEPENDENT AUDITORS' REPORT

To: The Plan Administrator and Participants
Carl Construction Company, Inc. 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **Carl Construction Company, Inc. 401(k) Profit Sharing Plan** (the "Plan"), which are comprised of the statements of net assets available for plan benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by Principal Life Insurance Company, the asset custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the asset custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the asset custodian as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the asset custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of delinquent participant contributions and assets (held at year end) as of December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the asset custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

(1) Description of the plan

Effective January 1, 1994, Carl Construction Company, Inc. (the "Sponsor") adopted the Carl Construction Company, Inc. 401(k) Profit Sharing Plan (the "Plan") to provide retirement benefits for all eligible employees. Related employers who also participate in the Plan include The Gainsborough Corporation, Northwest Gessner Service Center, Inc., Texas Outhouse, Inc., William Carl Realtors, Inc., Triton Properties, Inc., and Reinking Equipment & Transport, Inc. ("Participating Employers"). The financial statements and related notes include the Sponsor and Participating Employers and are collectively referred to as the "Company". The Plan was amended and restated effective September 20, 2014. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible individuals who have been employed by the Company for one year (defined as 1,000 hours of service) and who are at least 21 years old. Upon satisfying the eligibility requirements, an employee can enter the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Asset custodian and administration

The Plan's assets are held by Principal Life Insurance Company, the asset custodian of the Plan, and are invested through participant-directed accounts in various mutual funds or other investments offered by the asset custodian. Duties of the asset custodian include, among others, recordkeeping, receiving and investing cash contributions and investment income, and making payments from the Plan funds as directed by the participants and the Plan administrator.

Administrative functions are performed by officers or employees of the Company. Certain administrative services and costs are incurred by the Company without cost to the Plan. No officer or employee of the Company receives compensation from the Plan.

Contributions

Participants may make contributions to the Plan under a 401(k) salary deferral arrangement up to the maximum percentage (100%) of annual W-2 compensation, as defined by the Plan, and the dollar amount permitted under section 402(g) of the Internal Revenue Code not to exceed $18,000 in 2017. Additionally, participants who are at least 50 years of age as of December 31, 2017 are permitted to make catch-up contributions up to $6,000 for 2017. Participants are also allowed to contribute amounts representing distributions from other qualified defined benefit or contribution plans.

During 2017, the Company made a safe harbor matching contribution equal to 100% of each participant's elective salary deferral up to 3%, and 50% of each participant's elective salary deferral from 3% to 5% for a total match not to exceed 4% of compensation. At its discretion, the Company may also make discretionary contributions. The Plan did not make a discretionary contribution in 2017.

Participant accounts

Each participant's account is valued on a daily basis and credited with the participant's contribution, his or her portion of the Company's matching and discretionary contributions and account earnings and is charged with applicable withdrawals and an allocation of certain administrative expenses as determined by the different investment options he or she directs the Plan asset custodian to make on his or her behalf. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of the plan (continued)

Vesting

Participants are immediately fully vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on continuous service. Participants are vested in the Company's discretionary contributions based on the following table:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investments

Upon enrollment in the Plan, a participant may direct the allocation of their contributions and Company contributions among a range of investment funds approved by the Plan's asset custodian. Each participant can choose to deposit all contributions in one fund or split the investment among the investment options in any whole percentages. The funds are invested in a broad range of stocks and bonds with varying risks. The allocation of investment income for each of the investment options is based on the ratio that each participant's account balance bears to the total balance of all eligible participants.

Participant loans receivable

Under provisions of the Plan, participants may borrow a minimum of $1,000 or up to a maximum of the lesser of $50,000 or 50% from the vested portion of their account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loans may be repaid up to a maximum of five years. The loans are collateralized by the balance in the participants' accounts and bear interest at rates comparable to the rate a lending institution would charge on a similar loan. Interest rates on participant loans outstanding at December 31, 2017 ranged from 4.25% to 5.50%. Principal and interest are paid ratably through periodic payroll deductions.

Payment of benefits

On termination of service, a participant who has a vested interest in his account which is less than or equal to $5,000 shall receive a lump sum equal to the vested interest of his account. A participant who has a vested interest in his account which exceeds $5,000 may elect to leave his account balance in the Plan or receive either a single lump sum or partial payment.

Under the terms of the Plan, participants who attain retirement age or become totally disabled prior to their retirement date will receive all amounts credited to their accounts. Upon the death of the participant while actively employed, the distribution is made in accordance with the participant's previous direction. All participants will receive their account balance in either a lump sum or in installments equal to the value of their account.

Withdrawals

Once a participant has reached the age of 55 and has 6 years of service, he may withdraw in a lump sum up to 100% of the vested interest in his account. Hardship distributions are available in a lump sum up to 100% of the vested interest of the Participant's account to pay for a financial hardship as defined by the Plan.

(2) Summary of significant accounting policies

Basis of statement preparation

The Plan's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant loans receivable

Loans to participants are reported as participant loans receivable at the unpaid principal balance plus any accrued but unpaid interest.

Payment of benefits

Benefits are recorded when paid.

Federal income tax

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 740, *Income Taxes*, provides detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an entity's financial statements and requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2017, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2014 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent events

The Plan has evaluated subsequent events through October 15, 2018, the date financial statements were available to be issued. No subsequent events occurred which would require adjustment or disclosure to the financial statements at December 31, 2017.

(3) Information certified by the asset custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Company of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The assets of the Plan are held by the asset custodian. Accordingly, the asset custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

a. Investments and participant loans receivable, as shown in the statements of net assets available for Plan benefits as of December 31, 2017 and 2016.

b. Investment activity, as shown in the statement of changes in net assets available for Plan benefits for the year ended December 31, 2017.

c. The information in the supplemental schedule of assets (held at year end) at December 31, 2017.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. Fair value measurements are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources while unobservable inputs reflect the Plan's view of market assumptions in the absence of observable market information. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. In determining fair value, the Plan uses various methods including market, income and cost approaches.

The Plan categorizes its fair value measurements into a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Unadjusted quoted prices accessible in active markets for identical assets or liabilities at the measurement date and mutual funds where the value per share (unit) is determined and published daily and is the basis for current transactions.

- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Unadjusted quoted prices for similar assets or liabilities in active markets or inputs (other than quoted prices) that are observable or that are derived principally from or corroborated by observable market data through correlation or other means. Primary inputs to this valuation technique may include comparative trades, bid/asks, interest rate movements, U.S. Treasury rates, London Interbank Offered Rate ("LIBOR"), prime rates, cash flows, maturity dates, call ability, estimated prepayments, and/or underlying collateral values.

(4) Fair value measurements (continued)

- Level 3 – Unobservable inputs for the asset or liability. Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Inputs reflect management's best estimate about the assumptions market participants would use at the measurement date in pricing the asset or liability. Consideration is given to the risk inherent in both the method of valuation and the valuation inputs. Primary inputs to this valuation technique include broker quotes and comparative trades.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common/collective trusts

Common/collective trust investment funds are valued at the fair value of the underlying assets in the common/collective trust fund at year end.

Pooled separate accounts

Pooled separate accounts consist of mutual funds that are valued at fair value by the asset custodian of the funds based upon the net asset value of the underlying investments held by the Plan at year end.

Registered investment companies

Registered investment companies consist of mutual funds that are valued at fair value by the asset custodian based upon the net asset value of the underlying investments held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

	2017			
	Fair Value	Level 1	Level 2	Level 3
Common/collective trusts	$ 186,330	$ -	$ 186,330	$ -
Pooled separate accounts	3,909,812	-	3,909,812	-
Registered investment companies	352,500	352,500	-	-
	$ 4,448,642	$ 352,500	$ 4,096,142	$ -

(4) Fair value measurements (continued)

	2016			
	Fair Value	Level 1	Level 2	Level 3
Common/collective trusts	$ 178,205	$ -	$ 178,205	$ -
Pooled separate accounts	3,056,885	-	3,056,885	-
Registered investment companies	286,985	286,985	-	-
	$ 3,522,075	$ 286,985	$ 3,235,090	$ -

There were no significant transfers in and/or out of the fair value categories during 2017 and 2016.

(5) Related party transactions

Certain Plan investments are shares of mutual funds managed by Principal Life Insurance Company. Principal Life Insurance Company is the asset custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan has participant loans at December 31, 2017 and 2016. As a result, these investments, the participant loans and all related transactions qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan to the asset custodian and the third-party administrator for administrative services amounted to $10,024 for the year ended December 31, 2017.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon receipt of the determination letter, the asset custodian will then distribute the Plan assets to the participants as soon as practicable. All participants will have a 100% vested interest in their accounts as of the date of termination.

(7) Tax status

The Plan was established under a volume submitter profit sharing 401(k) plan, which received its most recent determination letter on March 31, 2014, in which the Internal Revenue Service stated that its plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan administrator believes the Plan was qualified and was tax exempt as of the financial statement dates.

(8) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(9) Prohibited transactions

Department of Labor ("DOL") Regulation 29 CFR 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to a 401(k) plan as soon as they can be reasonably segregated from the employer's general assets. Any contributions and loan repayments remitted to the plan beyond the time frame set forth by this criteria was considered a prohibited transaction and in violation of the provisions of ERISA and the Internal Revenue Code.

As reported on Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions totaling $8,599 were not remitted to the Plan within the time frame specified by the DOL's Regulation 29 CFR 2510.3-102, thus constituting prohibited transactions between the Plan and the Company during the 2013 plan year. The Company plans to correct the delinquent contributions by remitting funds to the Plan trustee outside of the DOL's Voluntary Fiduciary Correction Program. Costs incurred for penalties and interest will be borne by the Plan Sponsor. The Plan Sponsor believes that with the completion of these corrections, the Plan will continue to be in compliance with applicable requirements of the Internal Revenue Code.
