1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of *The Productivity Team, LLC 401(k) Profit Sharing Plan and Trust* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of *The Productivity Team, LLC* (the “Company”) who have worked at least 6 months in a Plan year and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year participants may contribute up to 92% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). During 2017, the Company made safe-harbor matching contributions of 100% of each participants' contributions, up to the first 3% of eligible compensation plus 50% of each participants' contributions up to the next 2% of eligible compensation. The Company, at its discretion, may make an additional matching or profit sharing contributions to the Plan at amounts equal to a percentage of each participant's eligible compensation. No such matching or profit sharing contribution was made in 2017. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, common collective trusts, and a fully benefit-responsive investment contract with an insurance company as investment options for participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

During 2017 the Plan Sponsor contributed an amount in excess of the Plan's required safe harbor match. The Plan Sponsor withdrew the excess employer contribution from participant's accounts in 2017 and applied the funds towards the 2018 safe harbor matching contributions. This amount was netted against employer contributions and is recognized in the Plan's 2017 statement of net assets available for benefits as “excess employer contributions payable.”

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and an allocation of (a) the Company's profit sharing contribution (when made), (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses, if any. Participants who initiate a loan or benefit payment are charged a fee for that transaction. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

THE PRODUCTIVITY TEAM, LLC

401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Vesting

Participants are immediately vested in their 401(k) voluntary contributions and employer matching contributions plus actual earnings thereon. Participants begin vesting in the Company profit sharing contributions after two years of credited service, becoming fully vested after six years.

Note Receivable from Participant

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The resulting notes receivable are secured by the balance in the participant's account and bear interest at a rate of prime plus 1.25% at the time of origination. Principal and interest is collected ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement if the participant's balance is greater than \$5,000. If the participant's account balance is \$1,000 or less, payment will be made in an immediate lump-sum without the participant's consent. If the account balance is greater than \$1,000 but less than \$5,000, payment will be made to an individual retirement account at the custodian, or such other provider as the Company designates in accordance with Department of Labor ("DOL") guidelines, unless the participant requests a different disposition of his or her account balance within the applicable election period.

In-service withdrawals of vested participant contributions and rollover contribution balances may be elected by participants who have reached 59 ½ years of age and qualify for disability or a qualified reservist distribution as defined by the Plan agreement. Vested employer matching and profit sharing contributions are not permitted for in-service withdrawals.

Hardship distributions are not permitted by the Plan.

Forfeited Accounts

Forfeited nonvested accounts can be used at the discretion of the Company. There have been no forfeited participant accounts since the Plan's inception.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to Plan administration, and audit, legal, and consulting costs, are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to certain distribution types. These transactions qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the contracts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and common collective trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation in the aggregate fair value of such investments.

Note Receivable from Participant

Note receivable from participant is measured at its unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. If the participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

THE PRODUCTIVITY TEAM, LLC

401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2017, the most recent statement of net assets available for benefits presented herein, through October 15, 2018, the date these financial statements were available to be issued. No such significant events or transactions were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company d/b/a Empower Retirement ("Great-West") as custodian, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statement of net assets available for benefits as of December 31, 2017, (2) the December 31, 2017, schedule of assets (held at end of year), (3) the related investment activity reflected in the statements of changes in net assets available for benefits for the period from August 8, 2017 through December 31, 2017, and (4) the information presented in Note 4. Great-West has also certified the completeness and accuracy of notes receivable from participants and the related interest income for the period from August 8, 2017 through December 31, 2017.

THE PRODUCTIVITY TEAM, LLC

401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Prior to August 8, 2017, the Plan's investment assets and note receivable from participant were held by Mid Atlantic Trust Company ("MATC"), the former custodian of the Plan. MATC has not certified the completeness and accuracy of the investment information reflected in the December 31, 2016 statement of net assets available for benefits or the following related investment activity for the period from January 1, 2017 through August 7, 2017, reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

	Activity Not Certified January 1 - August 7, 2017
Additions to net assets:	
Employer contributions	\$ 53,812
Employee contributions	81,706
Investment income	1,296
Total additions not certified	136,814
Deductions from net assets:	
Benefits paid to participants	40,990
Administrative expenses	1,276
Total deductions not certified	42,266
Net appreciation in fair value of investments	20,155
Net increase not certified	\$ 114,703

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

THE PRODUCTIVITY TEAM, LLC 401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value (NAV) of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value and, as a result, are not assigned a level in the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

THE PRODUCTIVITY TEAM, LLC

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31:

2017	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 290,613	\$ -	\$ -	\$ -	\$ 290,613
Common collective trusts	-	-	-	55,367	55,367
Total investments at fair value	\$ 290,613	\$ -	\$ -	\$ 55,367	\$ 345,980
2016	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 123,617	\$ -	\$ -	\$ -	\$ 123,617
Total investments at fair value	\$ 123,617	\$ -	\$ -	\$ -	\$ 123,617

(1) Certain investments are measured at NAV per share (or its equivalent) on a non-active market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

THE PRODUCTIVITY TEAM, LLC

Notes to Financial Statements

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets between levels for the year ended December 31, 2017.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2017:

Investment Type	2017			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 55,367	\$ -	Daily	Daily

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a traditional fully benefit-responsive investment contract with Great-West. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the contracts. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include:

- 1) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
- 2) Premature termination of the contracts.
- 3) Amendments to the Plan (including complete or partial Plan termination or merger with another Plan).
- 4) Changes to the Plan's prohibition on competing investment options.
- 5) Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

THE PRODUCTIVITY TEAM, LLC

Notes to Financial Statements

Plan management believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include:

- 1) An uncured violation of the Plan's investment guidelines,
- 2) A breach of material obligation under the contract,
- 3) A material misrepresentation, or;
- 4) A material amendment to the agreement without the consent of the issuer.

5. RELATED PARTY AND PART-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by Paychex, Inc., the recordkeeper of the Plan prior to August 8, 2017 and Great-West, the custodian and recordkeeper of the Plan beginning August 8, 2017. Transactions with these entities qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for custodial and record keeping services amounted to \$1,696 for 2017. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments and dividend and interest income, as they are paid through revenue sharing, rather than a direct payment.

6. TAX STATUS

The Company's Board of Directors adopted the MBC Retirement Services Inc. Volume Submitter Profit Sharing Plan with CODA. The prototype plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

THE PRODUCTIVITY TEAM, LLC

Notes to Financial Statements

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2017, the Company was untimely in remitting certain participant contributions in the amount of \$68,161. Late remittances of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Company remitted the delinquent participant contributions, as well as the related Company matching contributions in 2017. In addition, the Company will reimburse the Plan for any lost earnings in 2018.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, including mutual funds, common collective trusts and an investment contract with an insurance company. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits reported in these financial statements to the amounts reported on Schedule H of the Forms 5500 at December 31, 2017:

Net assets available for benefits reported in these financial statements	\$ 348,842
Add excess employer contribution payable	<u>12,993</u>
Net assets available for benefits reported on Schedule H of Form 5500	<u>\$ 361,835</u>

The following is a reconciliation of net changes in assets available for benefits reported in these financial statements to the amounts reported on Schedule H of the Form 5500 for the years ended December 31, 2017:

Net increase per the financial statements	\$ 225,225
