To the Plan Administrative Committee of
TRC 401(k) Retirement and Savings Plan
Windsor, Connecticut

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of TRC 401(k) Retirement and Savings Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements referred to in the first paragraph.

Other Matter—Supplemental Schedules

The supplemental schedule of assets held at end of year as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter—2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the Trustee of the Plan. Their report, dated October 13, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2017

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TRC 401(k) RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2017 AND 2016 AND FOR THE YEAR ENDED DECEMBER 31, 2017

1. DESCRIPTION OF THE PLAN

The following description of the TRC 401(k) Retirement and Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for more information.

General – The Plan is a defined contribution plan covering substantially all employees of TRC Companies, Inc. (the “Company”) which is the Plan Sponsor. The Plan Administrative Committee of the Company controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (the “Trustee”) serves as the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective July 1, 2009, the Plan document was amended to allow participation in the Plan of all eligible employees age 18 or older, regardless of service length. The Plan offers an automatic enrollment feature for all newly eligible participants. Effective January 1, 2016, participants that are new hires or re-hires are automatically enrolled into the Plan with a 6% salary deferral; however, the participants have the option to change their deferral rate or opt out of the Plan at any time.

Contributions – Each year, participants may contribute up to 90% of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. Effective January 1, 2016, the Company matching contribution formula is a basic match of up to 50% of each participant’s first 6% of contributed compensation. Prior to January 1, 2016 the Company matching formula had two components: (1) a basic discretionary match of up to 50% of each participant’s first 4% of contributed compensation; and, (2) a discretionary match based on the Company’s performance for the previous fiscal year.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions, and Plan earnings. Participant accounts are charged with withdrawals, loan administrative fees and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments – Participants direct the investment of their contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. Company matching contributions are allocated to investment options at the direction of the participant. The Plan also had previously offered an investment in TRC Companies, Inc. stock fund, which was composed primarily of common stock of TRC Companies, Inc., the sponsoring employer; investment in the TRC Companies, Inc. stock fund was closed as of June 30, 2009. In June 2017, all of the issued and outstanding common stock of the Company were acquired by a third party for \$17.55 per share. On June 23, 2017, all of the common stock held in the TRC Companies, Inc. Stock Fund in the Plan were liquidated for \$17.55 per share and the proceeds reallocated to each participant shareholder’s account into a target date fund intended to match the participants expected normal retirement date.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Effective July 1, 2009, participants are immediately vested in employer matching contributions. Prior to July 1, 2009 participants vest over 3 or 5 years based on employment class as defined by the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the vested portion of the fair value of their account balance on the date of request, whichever is less. Loan terms range from 1 to 5 years for general participant loans or up to 15 years for participant loans taken for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time the funds are borrowed as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2017, participant loans have maturities through 2039 at interest rates from 3.25% to 9.25%

Payment of Benefits – On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants can elect to defer payment until age 70 ½ if the account balance is greater than \$5,000. If the balance is over \$1,000, but less than \$5,000, Fidelity will open up an IRA account separate from the Plan and transfer the balance into the account. If a participant's balance is less than \$1,000, Fidelity will issue a check to be mailed to a participant's home address and 20% will be withheld in taxes.

Other In-Service Withdrawals – The Plan permits payment of benefits to participants to satisfy a financial need, such as medical or educational expenses and the purchase of a principal residence. In the case of an in-service withdrawal, payment is limited to the amount of the participant's vested account balance.

Forfeited Accounts – When certain terminations of participants in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to offset Plan administrative expenses paid by the Company or to reduce future Company contributions. At December 31, 2017 and 2016, forfeited non-vested accounts related to contributions in years where there was a time-vesting requirement in the Company match, totaled \$49,842 and \$25,676, respectively. During the Plan year ended December 31, 2017, \$25,683 of forfeitures were used to offset additional employer match (True-Up Contribution) and \$0 was used to offset Qualified Non-Elective Contribution (QNEC) payments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan offers various investment instruments, including registered investment companies/mutual funds and a common collective trust/stable value fund. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company’s common stock was valued at the closing price reported on the New York Stock Exchange on the last business day of the Plan year. Shares of registered investment companies/mutual funds are valued at quoted market prices that represent the net asset value (NAV) of shares held by the Plan at year-end. The fair value of the common collective trust/stable value fund is estimated based on the net asset value of the fund, which is based on the fair value of the underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses – Fees and expenses related to the administration of the Plan can be paid by the Plan or the Plan sponsor as provided in the Plan document. Management fees and operating expenses charged to the Plan for investments in registered investment companies/mutual funds and the stable value fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits – Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were \$0 as of December 31, 2017 and 2016.

Subsequent Events – Subsequent events were evaluated through October 15, 2018, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENT

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Methodologies – Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common Stocks — Valued at the closing price reported on the active market on which the individual securities are traded.

Registered Investment Companies/Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust/Stable Value Fund — Composed primarily of fully benefit-responsive investment contracts and is reported at fair value using net asset value (NAV) as a practical expedient. The stable value fund calculates NAV per share in a manner consistent with the measurement principles in FASB Accounting Standards Codification Topic 946 *Financial Services—Investment Companies*. Those measurement principles indicate that, in the determination of a stable value fund's NAV, the relevant measurement is net assets which include the fully benefit-responsive investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust/stable value fund, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2017 and 2016:

	December 31,	
	2017	2016
Active Markets for Identical Assets (Level 1):		
TRC stock fund	\$ -	\$ 1,555,957
Registered investment companies/mutual funds	320,751,692	247,808,070
Total assets in the fair value hierarchy	\$ 320,751,692	\$ 249,364,027
Investments measured at NAV/stable value fund	23,591,052	21,850,569
Total investments	\$ 344,342,744	\$ 271,214,596

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2017 and 2016, there were no transfers between levels.

The following tables set forth a summary of the Plan's investments with a reported NAV at December 31, 2017 and 2016:

<u>Investment</u>	Fair Value Estimated Using Net Asset Value per Share					
	2017	2016	Unfunded	Redemption	Other	Redemption
	Fair Value	Fair Value	Commitment	Frequency	Redemption	Notice
					Restrictions	Period
Fidelity Managed Income Portfolio	\$23,591,052	\$21,850,569	\$ -	Daily	None	None

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. STABLE VALUE FUND

The Fidelity Managed Income Portfolio (the "Fund") is a collective trust fund sponsored by Fidelity Management Trust Company. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant NAV of \$1 per unit. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value:

Restrictions on the Plan – Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- A failure of the Plan or its Trustee to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund;
- Any transfer of assets from the Fund directly into a competing investment option;
- The establishment of a defined contribution plan that competes with the Plan for employee contributions; and,
- Complete or partial termination of the Plan or its merger with another plan.

Circumstances that Impact the Fund — The Fund invests in assets, typically fixed income securities or bond funds, and enters into “wrap” contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company to make payments to the Fund in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The wrap contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modification of the Fund or the administration of the Fund that is not consented to by the wrap issuer;
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund’s cash flow; and,
- Employer-initiated transactions by participating plans as described above.

In the event the wrap contract fails to perform as intended, the Fund’s NAV may decline if the market value of its assets declines. The Fund’s ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer’s ability to meet their financial obligations. The wrap issuer’s ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Fund’s inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are a limited number of wrap issuers. The Fund may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies/mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

At December 31, 2017 and 2016, the Plan held 0 and 146,788 shares of the TRC Companies, Inc. stock fund, which is composed primarily of common stock of TRC Companies, Inc., the sponsoring employer, with a cost basis of \$0 and \$1,856,909, and fair value of \$0 and \$1,555,957, respectively. During the year ended December 31, 2017, the Plan earned \$0 dividend income from the TRC Companies, Inc. stock fund.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, any un-vested amounts would become 100% vested.

7. FEDERAL INCOME TAX STATUS

The Plan uses a non-standardized prototype plan document sponsored by Fidelity Management Trust Company. Fidelity Management Trust Company received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Fidelity Management Trust Company, the Trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate.

Independent Auditor's Report

To the Plan Administrative Committee of
TRC 401(k) Retirement and Savings Plan
Windsor, Connecticut

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of TRC 401(k) Retirement and Savings Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements referred to in the first paragraph.

Other Matter—Supplemental Schedules

The supplemental schedule of assets held at end of year as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter—2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the Trustee of the Plan. Their report, dated October 13, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2017

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TRC 401(k) RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2017 AND 2016 AND FOR THE YEAR ENDED DECEMBER 31, 2017

1. DESCRIPTION OF THE PLAN

The following description of the TRC 401(k) Retirement and Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for more information.

General – The Plan is a defined contribution plan covering substantially all employees of TRC Companies, Inc. (the “Company”) which is the Plan Sponsor. The Plan Administrative Committee of the Company controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (the “Trustee”) serves as the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective July 1, 2009, the Plan document was amended to allow participation in the Plan of all eligible employees age 18 or older, regardless of service length. The Plan offers an automatic enrollment feature for all newly eligible participants. Effective January 1, 2016, participants that are new hires or re-hires are automatically enrolled into the Plan with a 6% salary deferral; however, the participants have the option to change their deferral rate or opt out of the Plan at any time.

Contributions – Each year, participants may contribute up to 90% of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. Effective January 1, 2016, the Company matching contribution formula is a basic match of up to 50% of each participant’s first 6% of contributed compensation. Prior to January 1, 2016 the Company matching formula had two components: (1) a basic discretionary match of up to 50% of each participant’s first 4% of contributed compensation; and, (2) a discretionary match based on the Company’s performance for the previous fiscal year.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions, and Plan earnings. Participant accounts are charged with withdrawals, loan administrative fees and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments – Participants direct the investment of their contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. Company matching contributions are allocated to investment options at the direction of the participant. The Plan also had previously offered an investment in TRC Companies, Inc. stock fund, which was composed primarily of common stock of TRC Companies, Inc., the sponsoring employer; investment in the TRC Companies, Inc. stock fund was closed as of June 30, 2009. In June 2017, all of the issued and outstanding common stock of the Company were acquired by a third party for \$17.55 per share. On June 23, 2017, all of the common stock held in the TRC Companies, Inc. Stock Fund in the Plan were liquidated for \$17.55 per share and the proceeds reallocated to each participant shareholder’s account into a target date fund intended to match the participants expected normal retirement date.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Effective July 1, 2009, participants are immediately vested in employer matching contributions. Prior to July 1, 2009 participants vest over 3 or 5 years based on employment class as defined by the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the vested portion of the fair value of their account balance on the date of request, whichever is less. Loan terms range from 1 to 5 years for general participant loans or up to 15 years for participant loans taken for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time the funds are borrowed as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2017, participant loans have maturities through 2039 at interest rates from 3.25% to 9.25%

Payment of Benefits – On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants can elect to defer payment until age 70 ½ if the account balance is greater than \$5,000. If the balance is over \$1,000, but less than \$5,000, Fidelity will open up an IRA account separate from the Plan and transfer the balance into the account. If a participant's balance is less than \$1,000, Fidelity will issue a check to be mailed to a participant's home address and 20% will be withheld in taxes.

Other In-Service Withdrawals – The Plan permits payment of benefits to participants to satisfy a financial need, such as medical or educational expenses and the purchase of a principal residence. In the case of an in-service withdrawal, payment is limited to the amount of the participant's vested account balance.

Forfeited Accounts – When certain terminations of participants in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to offset Plan administrative expenses paid by the Company or to reduce future Company contributions. At December 31, 2017 and 2016, forfeited non-vested accounts related to contributions in years where there was a time-vesting requirement in the Company match, totaled \$49,842 and \$25,676, respectively. During the Plan year ended December 31, 2017, \$25,683 of forfeitures were used to offset additional employer match (True-Up Contribution) and \$0 was used to offset Qualified Non-Elective Contribution (QNEC) payments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan offers various investment instruments, including registered investment companies/mutual funds and a common collective trust/stable value fund. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company’s common stock was valued at the closing price reported on the New York Stock Exchange on the last business day of the Plan year. Shares of registered investment companies/mutual funds are valued at quoted market prices that represent the net asset value (NAV) of shares held by the Plan at year-end. The fair value of the common collective trust/stable value fund is estimated based on the net asset value of the fund, which is based on the fair value of the underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses – Fees and expenses related to the administration of the Plan can be paid by the Plan or the Plan sponsor as provided in the Plan document. Management fees and operating expenses charged to the Plan for investments in registered investment companies/mutual funds and the stable value fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits – Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were \$0 as of December 31, 2017 and 2016.

Subsequent Events – Subsequent events were evaluated through October 15, 2018, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENT

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Methodologies – Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common Stocks — Valued at the closing price reported on the active market on which the individual securities are traded.

Registered Investment Companies/Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust/Stable Value Fund — Composed primarily of fully benefit-responsive investment contracts and is reported at fair value using net asset value (NAV) as a practical expedient. The stable value fund calculates NAV per share in a manner consistent with the measurement principles in FASB Accounting Standards Codification Topic 946 *Financial Services—Investment Companies*. Those measurement principles indicate that, in the determination of a stable value fund's NAV, the relevant measurement is net assets which include the fully benefit-responsive investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust/stable value fund, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2017 and 2016:

	December 31,	
	2017	2016
Active Markets for Identical Assets (Level 1):		
TRC stock fund	\$ -	\$ 1,555,957
Registered investment companies/mutual funds	320,751,692	247,808,070
Total assets in the fair value hierarchy	\$ 320,751,692	\$ 249,364,027
Investments measured at NAV/stable value fund	23,591,052	21,850,569
Total investments	\$ 344,342,744	\$ 271,214,596

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2017 and 2016, there were no transfers between levels.

The following tables set forth a summary of the Plan's investments with a reported NAV at December 31, 2017 and 2016:

<u>Investment</u>	Fair Value Estimated Using Net Asset Value per Share					
	2017 Fair Value	2016 Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Fidelity Managed Income Portfolio	<u>\$23,591,052</u>	<u>\$21,850,569</u>	<u>\$ -</u>	Daily	None	None

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. STABLE VALUE FUND

The Fidelity Managed Income Portfolio (the "Fund") is a collective trust fund sponsored by Fidelity Management Trust Company. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant NAV of \$1 per unit. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value:

Restrictions on the Plan – Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- A failure of the Plan or its Trustee to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund;
- Any transfer of assets from the Fund directly into a competing investment option;
- The establishment of a defined contribution plan that competes with the Plan for employee contributions; and,
- Complete or partial termination of the Plan or its merger with another plan.

Circumstances that Impact the Fund — The Fund invests in assets, typically fixed income securities or bond funds, and enters into “wrap” contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company to make payments to the Fund in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The wrap contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modification of the Fund or the administration of the Fund that is not consented to by the wrap issuer;
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund’s cash flow; and,
- Employer-initiated transactions by participating plans as described above.

In the event the wrap contract fails to perform as intended, the Fund’s NAV may decline if the market value of its assets declines. The Fund’s ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer’s ability to meet their financial obligations. The wrap issuer’s ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Fund’s inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are a limited number of wrap issuers. The Fund may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies/mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

At December 31, 2017 and 2016, the Plan held 0 and 146,788 shares of the TRC Companies, Inc. stock fund, which is composed primarily of common stock of TRC Companies, Inc., the sponsoring employer, with a cost basis of \$0 and \$1,856,909, and fair value of \$0 and \$1,555,957, respectively. During the year ended December 31, 2017, the Plan earned \$0 dividend income from the TRC Companies, Inc. stock fund.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, any un-vested amounts would become 100% vested.

7. FEDERAL INCOME TAX STATUS

The Plan uses a non-standardized prototype plan document sponsored by Fidelity Management Trust Company. Fidelity Management Trust Company received an opinion letter from the Internal Revenue Service (“IRS”), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan’s management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. INFORMATION CERTIFIED BY THE TRUSTEE
