(1) Plan Description

The following is a brief description of the Foundation Partners Group, LLC Retirement Savings Plan (the "Plan") and is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined-contribution plan established on October 1, 2015, that covers eligible employees of Foundation Partners Group, LLC (the "Company" or the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Full time employees become eligible to participate in the Plan in the month following their completion of three months of service, and attaining the age of 21. Part time employees, interns, and apprentices become eligible to participate in the Plan in the month following their completion of 1,000 hours of service, and attaining the age of 21. Leased employees, nonresident aliens, non-common law employees, and employees covered by a collective bargaining agreement are not eligible to participate in the Plan.

Effective October 1, 2015, the Plan adopted the Volume Submitter Defined Contribution Plan document of Fidelity Management Trust Company ("FMTC"), the trustee of the Plan.

(b) Contributions

Participants may elect to contribute up to 90% of their eligible compensation as defined up to a maximum of $18,000 for the year ended December 31, 2017. The Plan allows for post-tax Roth 401(k) contributions. The Plan also provides for "catch-up" contributions subject to Internal Revenue Service ("IRS") limitations, $6,000 for the year ended December 31, 2017.

The Company may make a discretionary employer matching contribution to eligible participants in the Plan employed by the Company based on participants' deferrals. The Company's discretionary match contribution was 75% of the first 6% contributed by participants for the years ended December 31, 2017 and 2016. After a participant achieves six years of service, the discretionary matching contribution increases to 100% of the first 6% contributed. The Company may also make non-elective contributions to eligible employees who have worked at least 1,000 hours and are employed on the last day of the contribution period. No such contributions were made for the year ended December 31, 2017.

The Plan also accepts rollovers and direct transfers from other tax-qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings. A separate account is maintained for each investment option selected by the participant. Earnings and losses of the Plan are allocated to each participant based upon the ratio of their account to the total of all participants' accounts. All allocations are made on a daily basis.

(1) Plan Description - Continued

(d) Vesting

Participants are immediately vested in their own salary deferrals and rollover contributions, plus actual earnings thereon. Participants become vested in discretionary employer contributions and non-elective employer contributions based on the following table:

Less than two years	0%
Two years but less than three	20%
Three years but less than four	40%
Four years but less than five	60%
Five years but less than six	80%
Six years or more	100%

Participants also become fully vested upon reaching their normal retirement age (age 65) or upon death or disability.

(e) Notes Receivable from Participants

Participants may borrow from their account a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years and are collateralized by the respective participant's vested account balance and are evidenced by a note which bears interest based on prevailing market rates. Interest rates on outstanding loans ranged from 4.25% to 5.25% at December 31, 2017. Principal and interest are paid ratably through payroll deductions. All loans shall be repaid within five years, unless the loan qualifies as a home loan.

(f) Hardship Withdrawals

The Plan allows participants to withdraw a portion of their vested account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need but shall be for no less than $500, and must qualify with respect to Plan provisions.

(g) Benefit Payments

On termination of service due to death, permanent disability, retirement, or in the event of termination of employment with the Company, a participant shall be entitled to benefits equal to the value of the participant's vested interest in his or her account. Plan directed distributions are processed on an annual basis. The Plan allows withdrawals from vested account balances by participants who have reached age 59 ½. If the vested account balance payable to an individual is less than or equal to the cash out limited utilized by the Plan, such Account will be automatically distributed to the participant or rolled into an IRA on the participant's behalf.

(1) Plan Description - Continued

(h) Forfeitures

Forfeitures from the Plan are used to reduce future employer contributions or to reduce administrative expenses. There were approximately $300 and $0 of forfeitures available for reduction of future employer contributions at December 31, 2017 and 2016, respectively. The Company used approximately $54,900 of forfeitures to reduce employer contributions for the year ended December 31, 2017.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan are presented on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(c) Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(d) Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end based on quoted market prices.

The Fidelity Managed Income Portfolio Fund (“MIP”) is a fund that invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions. The assets of the MIP are invested in fixed income securities and shares of money market funds. The MIP is priced daily by Fidelity, with the price being based on the contract value of the underlying investments. There were no unfunded commitments relating to the MIP at December 31, 2017 and 2016. Participants are able to redeem balances from the MIP fund daily and there is no notice period for redemptions.

(2) Summary of Significant Accounting Policies - Continued

(d) Investment Valuation and Income Recognition - Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(e) Administrative Expenses

Substantially all expenses of the Plan are paid by the Company and are not included in the accompanying statement of changes in net assets available for benefits. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are not included in administrative expenses. Investment related expenses are included as an offset to net appreciation in fair value of investments.

(f) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(3) Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

(4) Tax Status

The Plan has adopted a volume submitter plan document. The volume submitter plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Subsequent to this determination by the IRS, the prototype plan has been amended. The plan administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

(4) Tax Status - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2017 and 2016;
- Total investment income and related investment activity, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2017;
- The Schedule of Assets (Held at End of Year), as shown in the supplemental schedule, as of December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

(6) Parties-in-Interest

The Plan invests in registered investment companies and collective trust managed by FMTC. FMTC acts as the investment trustee for only those investments as defined by the Plan. Fidelity Workplace Services, an affiliate of FMTC, provides recordkeeping services. Plan expenses include $2,250 paid to Fidelity Workplace Services for recordkeeping services for the year ended December 31, 2017. These transactions, in addition to participant loan transactions, qualify as party-in-interest transactions, but are exempt from prohibited transaction rules.

(7) Fair Value Measurements

The Plan applies the provisions of Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement* ("ASC 820"), in measuring fair value. ASC 820 established a three tier fair value hierarchy which prioritizes the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets;

(7) Fair Value Measurements - Continued

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered Investment Companies

Registered investment companies are valued at quoted market prices, which represent net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

Self-Directed Brokerage Account

Self-directed brokerage accounts are comprised of cash and mutual funds, and are valued based on the underlying net asset values of the investments and are classified as Level 1 investments.

Collective Trust

The collective trust is based on the net asset value of units held by the Plan at year end, as valued by Fidelity at year end.

As of December 31, 2017, the Plan's investments measured at fair value on a recurring basis were as follows:

		Fair Value Measurements at December 31, 2017		
Description	Assets Measured at Fair Value at December 31, 2017	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 7,389,883	7,389,883	-	-
Collective trust at NAV	6,576 **(a)**			
Total investments	$ 7,396,459			

(7) Fair Value Measurements - Continued

As of December 31, 2016, the Plan's investments measured at fair value on a recurring basis were as follows:

		Fair Value Measurements at December 31, 2016		
Description	Assets Measured at Fair Value at December 31, 2016	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 5,465,198	5,465,198	-	-
Self-directed brokerage account	125,746	125,746	-	-
	5,590,944	5,590,944	-	-
Collective trust at NAV	1,491 **(a)**			
Total investments	$ 5,592,435			

(a) *In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of the net assets available for benefits.*

(8) Reconciliation of Financial Statements to Schedule H of Form 5500

Following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to Schedule H of Form 5500:

(10) Subsequent Events

In preparing these financial statements, plan management has evaluated events and transactions for potential recognition or disclosure through October 12, 2018, the date the financial statements were available to be issued.

Effective April 9, 2018, the Plan was amended to remove the provision allowing participants to contribute a flat dollar amount to the Plan each pay period as opposed to a percentage of compensation.

Effective April 23, 2018, the Plan was amended to add a provision whereby newly eligible employees are automatically enrolled in the Plan at a pre-tax deferral rate of 1%. This rate will increase each year on January 2, until a deferral rate of 6% is reached. This provision applies only to employees hired after April 23, 2018.

(1) Plan Description

The following is a brief description of the Foundation Partners Group, LLC Retirement Savings Plan (the "Plan") and is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined-contribution plan established on October 1, 2015, that covers eligible employees of Foundation Partners Group, LLC (the "Company" or the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Full time employees become eligible to participate in the Plan in the month following their completion of three months of service, and attaining the age of 21. Part time employees, interns, and apprentices become eligible to participate in the Plan in the month following their completion of 1,000 hours of service, and attaining the age of 21. Leased employees, nonresident aliens, non-common law employees, and employees covered by a collective bargaining agreement are not eligible to participate in the Plan.

Effective October 1, 2015, the Plan adopted the Volume Submitter Defined Contribution Plan document of Fidelity Management Trust Company ("FMTC"), the trustee of the Plan.

(b) Contributions

Participants may elect to contribute up to 90% of their eligible compensation as defined up to a maximum of $18,000 for the year ended December 31, 2017. The Plan allows for post-tax Roth 401(k) contributions. The Plan also provides for "catch-up" contributions subject to Internal Revenue Service ("IRS") limitations, $6,000 for the year ended December 31, 2017.

The Company may make a discretionary employer matching contribution to eligible participants in the Plan employed by the Company based on participants' deferrals. The Company's discretionary match contribution was 75% of the first 6% contributed by participants for the years ended December 31, 2017 and 2016. After a participant achieves six years of service, the discretionary matching contribution increases to 100% of the first 6% contributed. The Company may also make non-elective contributions to eligible employees who have worked at least 1,000 hours and are employed on the last day of the contribution period. No such contributions were made for the year ended December 31, 2017.

The Plan also accepts rollovers and direct transfers from other tax-qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings. A separate account is maintained for each investment option selected by the participant. Earnings and losses of the Plan are allocated to each participant based upon the ratio of their account to the total of all participants' accounts. All allocations are made on a daily basis.

(1) Plan Description - Continued

(d) Vesting

Participants are immediately vested in their own salary deferrals and rollover contributions, plus actual earnings thereon. Participants become vested in discretionary employer contributions and non-elective employer contributions based on the following table:

Less than two years	0%
Two years but less than three	20%
Three years but less than four	40%
Four years but less than five	60%
Five years but less than six	80%
Six years or more	100%

Participants also become fully vested upon reaching their normal retirement age (age 65) or upon death or disability.

(e) Notes Receivable from Participants

Participants may borrow from their account a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years and are collateralized by the respective participant's vested account balance and are evidenced by a note which bears interest based on prevailing market rates. Interest rates on outstanding loans ranged from 4.25% to 5.25% at December 31, 2017. Principal and interest are paid ratably through payroll deductions. All loans shall be repaid within five years, unless the loan qualifies as a home loan.

(f) Hardship Withdrawals

The Plan allows participants to withdraw a portion of their vested account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need but shall be for no less than $500, and must qualify with respect to Plan provisions.

(g) Benefit Payments

On termination of service due to death, permanent disability, retirement, or in the event of termination of employment with the Company, a participant shall be entitled to benefits equal to the value of the participant's vested interest in his or her account. Plan directed distributions are processed on an annual basis. The Plan allows withdrawals from vested account balances by participants who have reached age 59 ½. If the vested account balance payable to an individual is less than or equal to the cash out limited utilized by the Plan, such Account will be automatically distributed to the participant or rolled into an IRA on the participant's behalf.

(1) Plan Description - Continued

(h) Forfeitures

Forfeitures from the Plan are used to reduce future employer contributions or to reduce administrative expenses. There were approximately $300 and $0 of forfeitures available for reduction of future employer contributions at December 31, 2017 and 2016, respectively. The Company used approximately $54,900 of forfeitures to reduce employer contributions for the year ended December 31, 2017.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan are presented on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(c) Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(d) Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end based on quoted market prices.

The Fidelity Managed Income Portfolio Fund (“MIP”) is a fund that invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions. The assets of the MIP are invested in fixed income securities and shares of money market funds. The MIP is priced daily by Fidelity, with the price being based on the contract value of the underlying investments. There were no unfunded commitments relating to the MIP at December 31, 2017 and 2016. Participants are able to redeem balances from the MIP fund daily and there is no notice period for redemptions.

(2) Summary of Significant Accounting Policies - Continued

(d) Investment Valuation and Income Recognition - Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(e) Administrative Expenses

Substantially all expenses of the Plan are paid by the Company and are not included in the accompanying statement of changes in net assets available for benefits. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are not included in administrative expenses. Investment related expenses are included as an offset to net appreciation in fair value of investments.

(f) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(3) Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

(4) Tax Status

The Plan has adopted a volume submitter plan document. The volume submitter plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Subsequent to this determination by the IRS, the prototype plan has been amended. The plan administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

(4) Tax Status - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2017 and 2016;
- Total investment income and related investment activity, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2017;
- The Schedule of Assets (Held at End of Year), as shown in the supplemental schedule, as of December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

(6) Parties-in-Interest

The Plan invests in registered investment companies and collective trust managed by FMTC. FMTC acts as the investment trustee for only those investments as defined by the Plan. Fidelity Workplace Services, an affiliate of FMTC, provides recordkeeping services. Plan expenses include $2,250 paid to Fidelity Workplace Services for recordkeeping services for the year ended December 31, 2017. These transactions, in addition to participant loan transactions, qualify as party-in-interest transactions, but are exempt from prohibited transaction rules.

(7) Fair Value Measurements

The Plan applies the provisions of Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement* ("ASC 820"), in measuring fair value. ASC 820 established a three tier fair value hierarchy which prioritizes the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets;

(7) Fair Value Measurements - Continued

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered Investment Companies

Registered investment companies are valued at quoted market prices, which represent net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

Self-Directed Brokerage Account

Self-directed brokerage accounts are comprised of cash and mutual funds, and are valued based on the underlying net asset values of the investments and are classified as Level 1 investments.

Collective Trust

The collective trust is based on the net asset value of units held by the Plan at year end, as valued by Fidelity at year end.

As of December 31, 2017, the Plan's investments measured at fair value on a recurring basis were as follows:

		Fair Value Measurements at December 31, 2017		
Description	Assets Measured at Fair Value at December 31, 2017	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 7,389,883	7,389,883	-	-
Collective trust at NAV	6,576 **(a)**			
Total investments	$ 7,396,459			

(7) Fair Value Measurements - Continued

As of December 31, 2016, the Plan's investments measured at fair value on a recurring basis were as follows:

		Fair Value Measurements at December 31, 2016		
Description	Assets Measured at Fair Value at December 31, 2016	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 5,465,198	5,465,198	-	-
Self-directed brokerage account	125,746	125,746	-	-
	5,590,944	5,590,944	-	-
Collective trust at NAV	1,491 **(a)**			
Total investments	$ 5,592,435			

(a) *In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of the net assets available for benefits.*

In preparing these financial statements, plan management has evaluated events and transactions for potential recognition or disclosure through October 12, 2018, the date the financial statements were available to be issued.

Effective April 9, 2018, the Plan was amended to remove the provision allowing participants to contribute a flat dollar amount to the Plan each pay period as opposed to a percentage of compensation.

Effective April 23, 2018, the Plan was amended to add a provision whereby newly eligible employees are automatically enrolled in the Plan at a pre-tax deferral rate of 1%. This rate will increase each year on January 2, until a deferral rate of 6% is reached. This provision applies only to employees hired after April 23, 2018.

(1) Plan Description

The following is a brief description of the Foundation Partners Group, LLC Retirement Savings Plan (the "Plan") and is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined-contribution plan established on October 1, 2015, that covers eligible employees of Foundation Partners Group, LLC (the "Company" or the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Full time employees become eligible to participate in the Plan in the month following their completion of three months of service, and attaining the age of 21. Part time employees, interns, and apprentices become eligible to participate in the Plan in the month following their completion of 1,000 hours of service, and attaining the age of 21. Leased employees, nonresident aliens, non-common law employees, and employees covered by a collective bargaining agreement are not eligible to participate in the Plan.

Effective October 1, 2015, the Plan adopted the Volume Submitter Defined Contribution Plan document of Fidelity Management Trust Company ("FMTC"), the trustee of the Plan.

(b) Contributions

Participants may elect to contribute up to 90% of their eligible compensation as defined up to a maximum of $18,000 for the year ended December 31, 2017. The Plan allows for post-tax Roth 401(k) contributions. The Plan also provides for "catch-up" contributions subject to Internal Revenue Service ("IRS") limitations, $6,000 for the year ended December 31, 2017.

The Company may make a discretionary employer matching contribution to eligible participants in the Plan employed by the Company based on participants' deferrals. The Company's discretionary match contribution was 75% of the first 6% contributed by participants for the years ended December 31, 2017 and 2016. After a participant achieves six years of service, the discretionary matching contribution increases to 100% of the first 6% contributed. The Company may also make non-elective contributions to eligible employees who have worked at least 1,000 hours and are employed on the last day of the contribution period. No such contributions were made for the year ended December 31, 2017.

The Plan also accepts rollovers and direct transfers from other tax-qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings. A separate account is maintained for each investment option selected by the participant. Earnings and losses of the Plan are allocated to each participant based upon the ratio of their account to the total of all participants' accounts. All allocations are made on a daily basis.

(1) Plan Description - Continued

(d) Vesting

Participants are immediately vested in their own salary deferrals and rollover contributions, plus actual earnings thereon. Participants become vested in discretionary employer contributions and non-elective employer contributions based on the following table:

Less than two years	0%
Two years but less than three	20%
Three years but less than four	40%
Four years but less than five	60%
Five years but less than six	80%
Six years or more	100%

Participants also become fully vested upon reaching their normal retirement age (age 65) or upon death or disability.

(e) Notes Receivable from Participants

Participants may borrow from their account a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years and are collateralized by the respective participant's vested account balance and are evidenced by a note which bears interest based on prevailing market rates. Interest rates on outstanding loans ranged from 4.25% to 5.25% at December 31, 2017. Principal and interest are paid ratably through payroll deductions. All loans shall be repaid within five years, unless the loan qualifies as a home loan.

(f) Hardship Withdrawals

The Plan allows participants to withdraw a portion of their vested account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need but shall be for no less than $500, and must qualify with respect to Plan provisions.

(g) Benefit Payments

On termination of service due to death, permanent disability, retirement, or in the event of termination of employment with the Company, a participant shall be entitled to benefits equal to the value of the participant's vested interest in his or her account. Plan directed distributions are processed on an annual basis. The Plan allows withdrawals from vested account balances by participants who have reached age 59 ½. If the vested account balance payable to an individual is less than or equal to the cash out limited utilized by the Plan, such Account will be automatically distributed to the participant or rolled into an IRA on the participant's behalf.

(1) Plan Description - Continued

(h) Forfeitures

Forfeitures from the Plan are used to reduce future employer contributions or to reduce administrative expenses. There were approximately $300 and $0 of forfeitures available for reduction of future employer contributions at December 31, 2017 and 2016, respectively. The Company used approximately $54,900 of forfeitures to reduce employer contributions for the year ended December 31, 2017.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan are presented on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(c) Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(d) Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end based on quoted market prices.

The Fidelity Managed Income Portfolio Fund (“MIP”) is a fund that invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions. The assets of the MIP are invested in fixed income securities and shares of money market funds. The MIP is priced daily by Fidelity, with the price being based on the contract value of the underlying investments. There were no unfunded commitments relating to the MIP at December 31, 2017 and 2016. Participants are able to redeem balances from the MIP fund daily and there is no notice period for redemptions.

(2) Summary of Significant Accounting Policies - Continued

(d) Investment Valuation and Income Recognition - Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(e) Administrative Expenses

Substantially all expenses of the Plan are paid by the Company and are not included in the accompanying statement of changes in net assets available for benefits. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are not included in administrative expenses. Investment related expenses are included as an offset to net appreciation in fair value of investments.

(f) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(3) Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

(4) Tax Status

The Plan has adopted a volume submitter plan document. The volume submitter plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Subsequent to this determination by the IRS, the prototype plan has been amended. The plan administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

(4) Tax Status - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2017 and 2016;
- Total investment income and related investment activity, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2017;
- The Schedule of Assets (Held at End of Year), as shown in the supplemental schedule, as of December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

(6) Parties-in-Interest

The Plan invests in registered investment companies and collective trust managed by FMTC. FMTC acts as the investment trustee for only those investments as defined by the Plan. Fidelity Workplace Services, an affiliate of FMTC, provides recordkeeping services. Plan expenses include $2,250 paid to Fidelity Workplace Services for recordkeeping services for the year ended December 31, 2017. These transactions, in addition to participant loan transactions, qualify as party-in-interest transactions, but are exempt from prohibited transaction rules.

(7) Fair Value Measurements

The Plan applies the provisions of Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement* ("ASC 820"), in measuring fair value. ASC 820 established a three tier fair value hierarchy which prioritizes the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets;

(7) Fair Value Measurements - Continued

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered Investment Companies

Registered investment companies are valued at quoted market prices, which represent net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

Self-Directed Brokerage Account

Self-directed brokerage accounts are comprised of cash and mutual funds, and are valued based on the underlying net asset values of the investments and are classified as Level 1 investments.

Collective Trust

The collective trust is based on the net asset value of units held by the Plan at year end, as valued by Fidelity at year end.

As of December 31, 2017, the Plan's investments measured at fair value on a recurring basis were as follows:

		Fair Value Measurements at December 31, 2017		
Description	Assets Measured at Fair Value at December 31, 2017	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 7,389,883	7,389,883	-	-
Collective trust at NAV	6,576 **(a)**			
Total investments	$ 7,396,459			

(7) Fair Value Measurements - Continued

As of December 31, 2016, the Plan's investments measured at fair value on a recurring basis were as follows:

		Fair Value Measurements at December 31, 2016		
Description	Assets Measured at Fair Value at December 31, 2016	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 5,465,198	5,465,198	-	-
Self-directed brokerage account	125,746	125,746	-	-
	5,590,944	5,590,944	-	-
Collective trust at NAV	1,491 **(a)**			
Total investments	$ 5,592,435			

(a) *In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of the net assets available for benefits.*

In preparing these financial statements, plan management has evaluated events and transactions for potential recognition or disclosure through October 12, 2018, the date the financial statements were available to be issued.

Effective April 9, 2018, the Plan was amended to remove the provision allowing participants to contribute a flat dollar amount to the Plan each pay period as opposed to a percentage of compensation.

Effective April 23, 2018, the Plan was amended to add a provision whereby newly eligible employees are automatically enrolled in the Plan at a pre-tax deferral rate of 1%. This rate will increase each year on January 2, until a deferral rate of 6% is reached. This provision applies only to employees hired after April 23, 2018.
