Robert H. Peterson Co. 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Robert H. Peterson Co. 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (the Trustee), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ROBERT H. PETERSON CO. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

General:

The Robert H. Peterson Co. 401(k) Retirement Plan (the Plan) was established effective as of December 15, 2011 to provide benefits to employees of R. H. Peterson Co. and XEQ, LLC (R. H. Peterson Co. and XEQ, LLC are collectively referred to as the Company).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility:

Employees become eligible to participate after one-half year of employment, as of the first day of the next calendar quarter. Employees covered by a collective bargaining agreement, which does not provide for coverage under the Plan and employees who are nonresident aliens with no U.S. source of income are excluded from participating.

Contributions:

The Plan is a defined-contribution Section 401(k) salary deferral plan. A participant may contribute to the Plan up to the maximum percentage of compensation allowable by law. In addition, the Company will make non-discretionary matching contributions of 25% of participant contributions, not to exceed $1,000 and non-elective employer contributions of $100 or $200 per quarter to eligible participants, as defined in the amendments to the Plan documents. The Plan also allows for discretionary non-elective employer contributions.

Forfeitures are used to reduce the employer contributions. Participants self-direct their contributions and their share of the Company's contribution among the investment options available under the Plan.

Vesting:

Participants' elective deferral account balances are fully vested at all times. Non-discretionary matching and non-elective employer contributions are both vested after five years of service.

1. Description of the Plan (continued)

Participant loans:

A participant may borrow from their fund accounts amounts not to exceed the lesser of $50,000 or 50% of the vested portion of the balance with the minimum loan amount being $1,000. The term of all loans shall be 60 months or less, unless the loan is for the purchase of a primary residence, in which case, the loan may be up to 120 months. Only one outstanding loan is allowable at any time for each participant. The loans are secured by the balance in the participants' accounts and bear interest at Prime (4.50% and 3.75% as of December 31, 2017 and 2016, respectively) plus 1.00% at the time of issuance. Interest rates on outstanding loans ranged from 4.25% to 6.50% at December 31, 2017 and 2016. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

A participant becomes entitled to benefits under the Plan upon reaching normal retirement age (as defined by the Plan), death, permanent disability or resignation from the Company, to be paid in a manner specified in the Plan. Upon death, disability or reaching normal retirement age, a participant's account balance becomes fully vested. Upon resignation, participants are entitled to receive the vested portion of their account balance.

The Plan also allows in-service withdrawals from a participant's elective deferral account balance for hardship withdrawals or from all vested account balances upon attaining age 59 1/2.

Forfeited accounts:

Employer matching amounts forfeited by participants are accumulated into a forfeiture account and can be used as discretionary contributions, reduce the Company's future required contributions or offset expenses of the Plan. The amounts used from forfeited nonvested accounts to reduce employer contributions were $19,282 the year ended December 31, 2017. At December 31, 2017 and 2016, forfeited nonvested accounts totaled $27,464 and $19,228, respectively.

2. Summary of significant accounting policies

Basis of accounting:

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Shares of mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Units of the common collective trust fund are valued based on the NAV per share as a practical expedient.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

As described in Note 1, the Plan allows participants to borrow against their vested account balance and the loans are secured by the participants' account balances. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are repaid ratably through regular payroll deductions and loan defaults are treated as distributions. The Plan is required to review the collectibility of the outstanding loan balances and record an allowance for loans determined to be uncollectible. As of December 31, 2017 and 2016, no allowance for uncollectible loans was deemed necessary.

Payment of benefits:

Benefits are recorded when paid.

2. Summary of significant accounting policies (continued)

Expenses of the Plan:

Third-party administration, audit fees and other operating expenses of the Plan are paid by the employer.

Transaction fees are paid by participants.

Expense offset arrangements:

Certain fees incurred by the Plan for investment management services and recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of the end of the Plan year and the reported amounts of changes in net assets available for benefits during the year. Accordingly, actual results could differ from those estimates.

3. Investments (information prepared and certified by the Trustee)

The following information included in these financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company (the Trustee) as of December 31, 2017 and 2016.

December 31,	**2017**	2016
Investments at fair value:		
Mutual funds	**$ 6,856,651**	$ 5,481,660
Common collective trust fund	**4,595,603**	4,338,604
Total investments at fair value	**$ 11,452,254**	$ 9,820,264

The Trustee certified to the completeness and accuracy of the dividends and interest income of $355,007, interest on participant loans of $16,734 and net appreciation in the fair value of investments of $759,761 for the year ended December 31, 2017.

Notes receivable from participants of $464,687 and $306,924 are also certified by the Trustee at December 31, 2017 and 2016, respectively.

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of investments and notes receivable from participants included in net assets available for benefits as of December 31, 2017 and 2016, the schedule of assets (held at end of year) as of December 31, 2017 and related investment activity and interest on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

4. Fair value measurements

There are three levels of inputs used to measure fair value. The definition of each input is described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ● quoted prices for similar assets or liabilities in active markets; ● quoted prices for identical or similar assets or liabilities in inactive markets; ● inputs other than quoted prices that are observable for the asset or liability; ● inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair value measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust fund: Valued at the NAV of the units held by the Plan. The Fund invests in fully benefit-responsive investment contracts that are held at contract value. NAV is determined to be contract value, the value at which participants ordinarily transact. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at fair value as of December 31, 2017:

December 31, 2017	Level 1	Total
Mutual funds	**$ 6,856,651**	**$ 6,856,651**
		6,856,651
Common collective trust fund measured at NAV*		**4,595,603**
Total investments at fair value		**$ 11,452,254**

4. Fair value measurements (continued)

Assets at fair value as of December 31, 2016:

December 31, 2016	Level 1	Total
Mutual funds	$ 5,481,660	$ 5,481,660
		5,481,660
Common collective trust fund measured at NAV*		4,338,604
Total investments at fair value		$ 9,820,264

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016.

Investment	**2017**	2016	Unfunded commitment	Redemption frequency	Redemption notice period
Common collective trust fund	**$ 4,595,603**	$ 4,338,604	N/A	Daily	None

5. Party-in-interest transactions

The Plan investments are shares of mutual funds managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions.

6. Related plans

Certain employees of the Company are also covered by the Carylon Corporation Defined Benefit Pension Plan. Employees were eligible to participate upon completing two years of service with the Company and attaining age 21 prior to February 15, 1999. Effective February 15, 1999, benefits under the plan were frozen. Accordingly, as of that date, no further employees were eligible to participate in the plan. The Company elected to terminate the defined-benefit pension plan effective April 30, 2017 in accordance with the PBGC provisions and reporting requirements. The net assets of the Plan will be allocated, as prescribed by the Employee Retirement Income Security Act of 1974 (ERISA) and its related regulations. As of the effective date of the termination, participants are 100% vested in defined-benefit pension plan benefits.

7. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Income taxes

The Plan is exempt from federal income tax under Section 401 of the Internal Revenue Code (the Code). The Plan is a prototype plan. The Internal Revenue Service has determined and informed the prototype sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

9. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. Reconciliation of Financial Statements to the Form 5500

Contributions are recorded on the accrual basis for financial statement purposes and on the cash basis for tax purposes.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	**2017**	2016
Net assets available for benefits per the financial statements	**$ 12,209,412**	$ 10,413,213
Employee contributions in transit	**(80,696)**	(71,344)
Employer contributions in transit	**(211,775)**	(214,681)
Net assets available for benefits per the Form 5500	**$ 11,916,941**	$ 10,127,188

The following is a reconciliation of contributions per the financial statements to the Form 5500:

Year ended December 31, 2017	
Contributions per the financial statements	$ 1,103,633
Contributions in transit at the beginning of the year	286,025
Contributions in transit at the end of the year	(292,471)
Contributions per the Form 5500	$ 1,097,187

11. Subsequent events

The Plan Administrator has reviewed and evaluated subsequent events from December 31, 2017, the financial statement date, through October 15, 2018, the date the financial statements were available to be issued.

Effective January 1, 2018, the Plan was amended to change the employer matching calculation to a discretionary calculation of 100% of the first $1,000, 50% of the next $2,000, and 25% of the following $2,000 contributed by the participants to the Plan. Under the new formula, the Company may contribute a maximum employer matching contribution of $2,500 annually.
