Independent Auditor's Report

To the Plan Administrator and Plan Participants
Rexam Retirement Savings Plan for Collectively Bargained Employees
Westminster, Colorado

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Rexam Retirement Savings Plan for Collectively Bargained Employees (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2017 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of assets (held at end of year) as of December 31, 2017 and delinquent participant contributions for the year ended December 31, 2017 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Other Matters – 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 10, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Emphasis of Matter – Transfer of Assets

As discussed in Note 1 of the financial statements, certain assets of the Plan were transferred to other plans during the year ended December 31, 2017. Our opinion has not been modified with respect to those events.

Report on Form and Content in Compliance With DOL Rules and Regulations 2017

The form and content of the information included in the 2017 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Rexam Retirement Savings Plan for Collectively Bargained Employees

Notes to Financial Statements

Year Ended December 31, 2017

Note 1 - Description of the Plan

The following description of the Rexam Retirement Savings Plan for Collectively Bargained Employees (the "Plan") is provided for general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1994 by the Plan's former Sponsor, American National Can Company ("ANCC") and was most recently restated January 1, 2015. On July 31, 2000, ANCC was acquired by Rexam Inc., a wholly-owned subsidiary of Rexam PLC. On June 30, 2016, Ball Corporation ("Company") completed its acquisition of Rexam PLC. The Plan Sponsor changed from Rexam Inc. to Ball Inc. effective November 1, 2016 and is now a wholly-owned subsidiary of Ball Corporation. The Plan transferred approximately \$32,300,000 to the Ardagh North America Bargaining 401(k) Plan in January 2017 and approximately \$350,000 to other plans sponsored by Ball Inc. during 2017.

The Plan provides benefits to eligible union hourly associates of Rexam Beverage Can Company. The Plan is a voluntary defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is not insured by the Pension Benefit Guaranty Corporation. The Employee Benefits Administration Committee (the "Committee") of Ball Corporation is responsible for oversight of the Plan. The Benefit Plans Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plant Closures

On August 30, 2017, Ball Corporation announced it will cease production at the Birmingham, Alabama, Chatsworth, California and Longview, Texas plants. The Birmingham, Alabama plant closed on June 30, 2018, the Chatsworth, California plant closed on August 17, 2018 and the Longview, Texas plant is scheduled to close on September 30, 2018. The Plan experienced a partial plan termination in 2018 due to the plant shutdowns. As a result of the partial plan termination, all participants not fully vested were 100% vested at the closure date. The Plan vesting schedule indicates all participants are 100% vested in their contributions so there is no significant impact to the Plan as a result of the partial plan termination.

Trustee and Recordkeeper of the Plan

The Trustee of the Plan is Vanguard Fiduciary Trust Company (the "Trustee" or "Vanguard"). The Trustee holds all assets of the Plan in accordance with provisions of the agreement with the Company. Vanguard is also the recordkeeper of the Plan.

Eligibility

Eligibility to participate in the Plan is obtained for all employees the first day of the month following or coincident with the completion of 30 days of service. However, employees who are considered temporary or seasonal only become eligible upon completion of 1,000 hours of service in a computation period, as defined by the Plan agreement. Once a temporary or seasonal employee becomes eligible they remain eligible for all future periods of service.

Contributions

Participants may elect to make contributions up to 50% of their eligible compensation on a pre-tax or after-tax basis, not to exceed the maximum annual contribution limit allowed by the Internal Revenue Code (the "IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans.

Notes to Financial Statements

Year Ended December 31, 2017

The Plan has an auto-enrollment and auto-escalation feature for participants that do not make a different contribution election or decline participation in the Plan. Participants are automatically enrolled 60 days after their hire date. For participants that are automatically enrolled in the Plan, enrollment begins at a before-tax contribution rate of 3% of eligible pay. The contribution rate will increase by one percentage point each June until it reaches 15%, subject to IRC limits. The contributions are invested in the date-specific Vanguard Target Retirement Funds closest to the date the participant will reach age 65, unless directed otherwise by the participant. The Target Retirement Funds will gradually shift its emphasis from more aggressive investments to more conservative ones based on the participant's target retirement date. No active employee groups allow for Company contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution; the Company's matching contribution and discretionary contribution, if applicable, and an allocation of Plan earnings and losses. Plan earnings and losses are allocated to individuals' account based on each participant's account balance in their respective investment options selected.

Vesting

Participants are immediately 100% vested in their contributions and the related Company contributions plus actual earnings thereon. Except certain employee groups as defined in plan agreements may have other vesting provisions.

Forfeitures

Forfeitures of nonvested accounts are used to reduce Company contributions and/or to pay the Plan's administrative expenses. The balances are included within the investment accounts. Forfeitures available at December 31, 2017 and 2016 were \$3,702 and \$800, respectively. Forfeitures to pay Plan administrative expenses for the year ended December 31, 2017 were \$1,319.

Notes Receivable from Participants

Participants may borrow from their fully vested accounts up to the lesser of 50% of their vested account balance or \$50,000 (minus highest outstanding note balance during the last 12 month period). Interest income is recorded on the accrual basis. Notes must be repaid over a period of no more than 5 years, or up to 15 years if the note is used to purchase a primary residence. All notes become due and payable within 90 days upon termination of employment. The notes are collateralized by the balances in the participant's account and currently bear an interest rate of 1% over the prime interest rate and are fixed for the term of the loan. At December 31, 2017, interest rates on outstanding notes receivable from participants ranged from 4.25% to 6.00%. Principal and interest are paid ratably through payroll deductions. Interest income from notes receivable from participants was \$81,701 for the year ended December 31, 2017.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount, receive installment payments, leave the funds in the Plan, or roll funds over to another employer's eligible plan or an individual retirement account ("IRA"). If a participant's vested account balance is \$5,000 or less, it cannot be left in the Plan. If the balance is \$1,000 or less, the balance will be distributed in a lump sum payment. If the balance is more than \$1,000 but less than or equal to \$5,000, the amount will be transferred to a Vanguard IRA, unless a distribution is requested. Withdrawals for qualified emergencies of eligible contributions are permitted.

Notes to Financial Statements

Year Ended December 31, 2017

Rollovers

Eligible employees are permitted to rollover distributions from other qualified plans to their account at any time during the Plan year. Total rollovers from other qualified plans were \$102,552 in 2017.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Accordingly, income is recognized when earned, and expenses are recognized when incurred. Distributions to participants are recorded when paid.

Contributions

Participant contributions and Company contributions are recorded in the period payroll deductions are made, or earned. Contributions are credited in the year in which the participant receives the paycheck from which the contributions are deducted.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value, which is described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefit Plans Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Net Appreciation/(Depreciation) in Fair Value of Investments and Investment Income

Presented in the statement of changes in net assets available for benefits is the net appreciation/(depreciation) in the fair value or losses in fair value of the Plan's investments, which consists of the realized gains and losses and the unrealized appreciation/(depreciation) in value of those investments. Capital gains/losses are included in the net appreciation in the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Administrative Expenses

Trustee fees and expenses and costs of administration of the Plan are shared between the Company and Plan participants. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation

of fair value of investments. A plan recordkeeping fee of \$52 per participant annually is paid by Plan participants. This fee is automatically deducted from the Plan account balance quarterly.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-07, Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value ("NAV") per Share (or Its Equivalent), ("ASU 2015-07"). The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments in ASU 2015-07 are effective for non-public business entities for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. The Plan adopted ASU 2015-07 for the 2017 financial statements, retrospective for 2016, which was not material to the Plan's financial statements.

Note 3 - Investments

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016;
- Interest and dividend income, net appreciation in the fair value of investments and interest earned on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the supplemental Schedule, Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2017.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Rexam Retirement Savings Plan for Collectively Bargained Employees

Notes to Financial Statements

Year Ended December 31, 2017

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities observable in active markets.
Level 2	Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the Net Asset Value ("NAV") of shares held by the Plan at year end. The mutual funds are exchange-traded open-ended funds.

Collective investment trusts: The investments include lifecycle (targeted maturity funds) and a stable value fund. The fair values of the Plan's interest in the funds are based on the NAV reported by the fund managers as of the financial statement dates and recent transaction prices. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner.

Generally, under ordinary market conditions, all collective investment trust positions provide daily market liquidity to plan participants and the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017		
	Level 1	Level 2	Total
Mutual funds	\$ 22,349,101	\$ -	\$ 22,349,101
Total investments in the fair value hierarchy table	<u>\$ 22,349,101</u>	<u>\$ -</u>	<u>\$ 22,349,101</u>
Collective investment trusts (measured at net asset value) (a)			<u>21,893,189</u>
Total investments at fair value			<u>\$ 44,242,290</u>

	Investments at Fair Value as of December 31, 2016

Collective investment trusts (measured at net asset value) (a)			<u>9,065,527</u>
Total investments at fair value			<u>\$ 71,832,110</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2017, there were no transfers in or out of levels 1, 2, or 3, except as required by the implementation of ASU 2015-07.

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2017 and 2016.

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period (plan level)
	2017	2016

Note 5 - Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated November 6, 2015 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain plan investments are shares of mutual funds and units of collective investment trusts managed by Vanguard. Vanguard is the trustee as defined by the Plan. The plan administrator, Ball Inc., pays the Trustee administration expenses in accordance with the Plan agreement. Notes receivable are secured by the vested balance of participant accounts. Fees paid by the plan for the investment management services are included in net appreciation in fair value of investments. These transactions qualify as party-in-interest transactions that are allowable under ERISA.

Vanguard receives revenue from mutual fund and collective investment trust fund service providers for services Vanguard provides to the funds. The revenue may be applied to offset certain amounts owed to Vanguard for its administrative services to the Plan. If the revenue received exceeds the amount owed under the Master Plan Services Agreement, Vanguard remits the excess to the Plan's trust on an annual basis. During 2017, there were no excess amounts. The Plan or the Company may make a payment to Vanguard for administrative expenses not covered by revenue sharing.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, all amounts credited to a participant's account will become fully vested and distributed as defined in the Plan agreement.

Note 8 – Concentrations, Risks and Uncertainties

Investments that represent 10% or more of Plan assets at year end are as follows:

	December 31, 2017	December 31, 2016
Vanguard Institutional Index Fund Plus Shares (a)	\$7,708,595	\$13,176,875
Vanguard Wellington Fund Admiral Shares (a)	7,725,712	12,579,442
Vanguard Retirement Savings Trust II (a)	5,256,551	9,065,528

(a) party-in interest

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Market values of investments may decline for a number of reasons, including changes in prevailing market prices and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in values of investment securities in the near term could materially affect the participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 - Subsequent Events

Management has evaluated subsequent events through the date these financial statements were issued, and determined that there were no events or transactions which require recognition or disclosure in these financial statements, except as noted below.

The Company and Platinum Equity announced on June 21, 2018 they have entered into a joint venture and definitive purchase agreements to form Ball Metalpack, a new packaging company that manufactures steel containers for aerosol products, food, household consumables, pet food, nutritional and other products in the United States. Platinum Equity will own 51 percent of Ball Metalpack and the Company will own 49 percent. Ball Corporation will contribute its U.S. steel food and aerosol packaging manufacturing assets to the joint venture. These include the following tinplate steel assets: Canton (Brookline and Warner Rd.) and Columbus, Ohio; Milwaukee and Deforest, Wisconsin; Chestnut Hill, Tennessee; Horsham, Pennsylvania; Springdale, Arkansas, and Oakdale, California. Ball Corporation will continue to wholly own and operate its aluminum aerosol packaging facilities in the U.S., Canada, Europe, India and Mexico, and its steel aerosol facilities in Argentina, as well as the Findlay, Ohio, metal packaging facility. No determination has been made regarding any impact of this transaction on the Plan as of the date the financial statements were available to be issued. None of these impacted plants are participants in this Plan.
