DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

1. DESCRIPTION OF THE PLAN

The following is a general description of the Memorial Health System Hospitals Defined Contribution Plan (the "Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Marietta Health System and Selby General Hospital (the "Plan Sponsors"). The Plan was formed on July 1, 2007, but Plan participants were first eligible for the Plan on January 1, 2009, as there was a two year waiting period before entering into the Plan. The plan was restated effective July 1, 2016. To be eligible to participate in the Plan, employees must complete one year of service, have attained age 21 and not be eligible for Marietta Memorial Hospital Retirement Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

For each plan year, the Plan Sponsors make a contribution for each eligible employee based on the years of service. For eligible participants with 2 to 4 years of service, the Plan Sponsors shall contribute 2% of compensation. For eligible participants with more than 4 years and up to 14 years of service, the Plan Sponsors shall contribute 3% of compensation. For eligible participants with more than 15 years of service, the Plan Sponsors shall contribute 4% of compensation. Participants direct the investment of contributions into various investment options offered by the plan. Employee contributions are not permitted to the Plan.

Participants Accounts

Each participant's account is credited with allocations of (a) the Plan Sponsors' contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested upon entering the plan.

Administrative Expenses

The Plan Sponsor absorbs significant operating expenses of the Plan.

Payment of Benefits

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with the accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

3. FAIR VALUE OF FINANCIAL INSTRUMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2017 and 2016:

Money market funds: Valued based at the subscription and redemption activity at a \$1 stable net asset value (NAV). However, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of the securities held in the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment contracts: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Board of Directors evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Investment contracts	\$ -	\$ -	\$ 420,868	\$ 420,868
Money market fund	-	29,891	-	29,891
Mutual funds	6,428,041	-	-	6,428,041
Total assets at fair value	<u>\$ 6,428,041</u>	<u>\$ 29,891</u>	<u>\$ 420,868</u>	<u>\$ 6,878,800</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Investment contracts	\$ -	\$ -	\$ 376,065	\$ 376,065

Total assets at fair value	<u>\$ 4,534,467</u>	<u>\$ 25,510</u>	<u>\$ 376,065</u>	<u>\$ 4,936,042</u>

The Plan's policy is to recognize transfers, if any, between levels as of the actual date of the event or change in circumstances. There were no transfers between hierarchy levels during 2017 or 2016.

4. INVESTMENTS

All of the Plan's investments are maintained by Nationwide Financial Services, Inc. (the custodian) whereby all contributions are remitted to the custodian and invested. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained a certification from the custodian of the Plan that all the information provided by them is complete and accurate. Information included in the accompanying financial statements as to investments, interest income, net appreciation in investments and all information in the supplemental schedule is presented in reliance solely upon this certification.

The Plan has entered into a non-benefit-responsive investment contract with Nationwide Financial Services Inc. Nationwide Financial Services, Inc. maintains the investments in a general non allocated fixed account. This account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value which reported to the Plan by Nationwide Financial Services, Inc. The contract's average yield was 2.15% and 2.40% for 2017 and 2016, respectively, and the crediting interest rate as of December 31, 2017 and 2016 was 2.15% and 2.40%, respectively. Crediting interest rates are determined daily by dividing earned income for the day by the new contract value.

5. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsors by a letter dated March 31, 2014 that the prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been restated since the date of the letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the requirements of the Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2014.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Nationwide Financial Services. Nationwide Financial Services is the custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employers and certain others. Investment management fees are paid to the custodian. Niles Lankford Group, Inc. is the Plan's third party administrator. Blue & Co., LLC is the independent auditor for the Plan. The aforementioned parties generally receive payment from the Plan Sponsors.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 SCHEDULE H

The following schedule reconciles amounts in the 2017 and 2016 Statement of Net Assets Available for Benefits and the 2016 Statement of Changes in Net Assets Available for Benefits to amounts on the Form 5500 Schedule H. The differences are due to the financial statements being reported at fair market value and the Form 5500 Schedule H being reported at contract value.
