1. Description of the Plan

The following description of the Elite Physical Therapy, Inc. 401(k) Profit Sharing Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Elite Physical Therapy, Inc. (the Employer or the Plan Administrator) who are 21 years of age or older and have completed three months of service. Eligible participants may enter the Plan on the first day of the first and seventh month following the satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer is also the Plan Administrator. As Plan Administrator, the Employer has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. An employee of the Employer serves as trustee to the Plan for the term of the trust or until appointment of successor.

Contributions

Participants may elect to contribute any percentage of their annual pretax eligible compensation to the Plan, so long as those contributions do not exceed annual limitations set by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

The Employer makes safe harbor matching contributions of 100% of salary deferrals up to the first 3% of plan compensation, plus 50% of salary deferrals up to the next 2% of plan compensation. The Employer may contribute a discretionary matching contribution equal to a percentage of each employee's salary deferral. The Employer may also make additional discretionary profit sharing contributions. There were no discretionary matching or profit sharing contributions made for the year ended December 31, 2017.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's contributions and Plan earnings and losses. The allocation of earnings and losses is performed based on individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions, rollover contributions, Employer matching safe harbor contributions and accrued earnings thereon. Participants become fully vested in the Employer's discretionary matching and discretionary profit sharing contributions and the annual allocation of Plan earnings on those contributions after five (5) years of service. Participants are partially vested in the discretionary Employer contributions as follows: 20% after 1 year, 40% after 2 years, 60% after 3 years, 80% after 4 years, and 100% after 5 years. Each participant shall be 100% vested in their Employer contribution accounts upon death, disability or attainment of normal retirement age.

Payment of Benefits
Upon retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) receives a lump-sum amount equal to the value of the participant's vested interest in his or her account, or may choose to receive annuity distributions. If a participant has reached age 59½, distributions of amounts in the employee deferral account may be made, at the participant's election without requiring the participant to terminate employment.

Early Withdrawals
Hardship distributions are permitted from participant elective deferral accounts and preclude continuing participation in the Plan for the next six months.

Forfeitures
Participants in the Plan who leave the employment of the Employer before completing the applicable vesting requirements forfeit the non-vested portion of their accounts. Forfeitures first will be used to pay Plan expenses and then may be reallocated as additional Employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $14,708 and $2,022, respectively. No forfeitures were used during the year ended December 31, 2017.

Plan Termination
The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisors and the custodian.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Contributions
Participant and Employer safe harbor contributions are recorded bi-weekly when the Employer remits the payroll deductions for investment into the Plan. Employer discretionary matching and profit sharing contributions are recorded at the end of the year, if applicable.

Payment of Benefits
Benefits are recognized when paid or payable to participants or their designated beneficiaries.

Administrative Expenses
Certain administrative expenses of the Plan are paid by the Employer, unless the Employer directs that the expenses be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties
The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Financial Instruments with a Concentration of Credit Risk
The Plan's investments are held by a single custodian. The Plan's exposure to credit risk is associated with the outside entity's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements with the custodian. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Subsequent Events
Management has evaluated subsequent events through October 15, 2018, which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy and inputs to the valuation methodologies are described as follows:

> Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.
>
> Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.
>
> Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Money Market Funds: The carrying amount of the money market funds are deemed to be valued at deposit amount plus accrued interest as determined according to stated terms.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2017 and 2016, the Plan's investments in the money market funds and mutual funds are reported at level 1 within the fair value hierarchy.

4. Income Tax Status

The Plan is an adoption of a volume submitter profit sharing plan. The Plan obtained its latest advisory letter on January 1, 2018, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Summary of Financial Data Certified by the Custodian

The following is a summary of financial information and data certified by the custodian, TD Ameritrade Trust Company (TD Ameritrade):

Investment information provided in the supplementary schedule, Schedule of Assets (Held at Year End) at December 31, 2017.

6. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are the result of different classifications between line items and the inclusion of contributions refundable on 5500.

Net assets available for plan benefits per financial statements	$	2,824,471

Adjustment for contributions refundable		(3,902)
Net assets available for plan benefits per Form 5500	$	2,828,285

Reconciling difference between certified reports and 5500		375
Net increase per Form 5500	$	442,777

7. Related Party Transactions and Party-in Interest Transactions

Plan investments are held and managed by TD Ameritrade, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payment to TD Ameritrade for administrative services of $30,219 for the year ended December 31, 2017. In addition, an employee of the Employer serves as trustee of the Plan.
