The Plan is a defined contribution plan that was established on January 1, 2004, as amended on December 1, 2016, by Saxco International, LLC (the Company or Plan Sponsor) to provide benefits to eligible employees, as defined in the Plan Agreement. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code, and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Employees who are age 18 and have worked two months for the Company are eligible to participate in the Plan except for employees covered by a collective bargaining agreement and nonresident aliens. Eligible participants can enroll in the Plan on the first day of each month.

Administration

The Company has contracted with Red Bank Pension Services, Inc. to provide administrative services and complete the IRS compliance testing and Form 5500. The Company has contracted with Fidelity Management Trust Company (Fidelity) to act as trustee. Substantially all expenses incurred for administering the Plan are paid by the Company.

Contributions

Participants may elect to contribute up to 100% of their eligible compensation, on a pre-tax or post-tax basis, as defined by the Plan, subject to annual limits specified by the Internal Revenue Code (the Code). The annual limitation in 2017 was $18,000, except with respect to participants who are age 50 and older by the end of the plan year, as to whom the annual limitation in 2017 was $24,000. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Eligible participants will be automatically enrolled into the Plan with an initial pre-tax deferral contribution of 3%, as defined by the Plan. The pre-tax deferral rate will increase annually on April 1 by 1% until a pre-tax deferral rate of 6% is reached.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provision.

The Company makes a matching contribution of 50% of the first 6% of base compensation that a participant contributes to the Plan. Additionally, the Company may make discretionary profit sharing contributions to the Plan. Such contributions are allocated to each participant who is eligible to share in the same ratio that each participant's testing compensation, as defined, bears to the total compensation of all participants eligible to share. For 2017, the Company did not make any discretionary profit sharing contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, rollovers, and allocations of Plan earnings or losses. Allocations are determined in accordance with the provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service, as follows: For participants hired prior to December 1, 2016: less than 2 years – 0%; 2 years – 40%; 3 years – 75%; and 4 years – 100%. For participants hired after December 1, 2016: less than 2 years – 0%; 2 years – 25%; 3 years – 50%; 4 years – 75%; and 5 years – 100%. A participant becomes fully vested regardless of the vesting schedule in case of death or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms may not exceed five years unless the loan is used to purchase a participant's principal residence, in which case repayment must be made within ten years. Loans are secured by the participant's account and bear interest at a rate commensurate with local prevailing lending rates determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Participants also have the option to pay off their loans in full at their choosing.

Payment of Benefits

On termination of service, upon attainment of age 59 ½ , death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum payment in cash or in installment payments. If the benefit amount is $1,000 or less, the Plan shall make a lump-sum distribution without the participant's consent. Hardship distributions are permitted if certain criteria established by the Plan are met.

Forfeited Accounts

Any forfeiture will first be used to reduce administrative expenses; thereafter, the remainder is used to reduce employer contributions. As of December 31, 2017 and 2016, the amount of unallocated forfeited unvested accounts was $104,858 and $80,728, respectively. Forfeited unvested accounts totaling $2,767 and $19,767 were used to reduce administrative costs in 2017 and 2016, respectively.

NOTE 2 – Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 5 – Fair Value Measurements* for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 and 2016 excess contributions to the applicable participants before March 15, 2018 and 2017, respectively.

Payments of Benefit

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Income Taxes

The Company has adopted a prototype plan, which has received an opinion letter from the Internal Revenue Service dated March 31, 2014.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Returns for tax years 2014 and beyond remain open to examination by the taxing authorities.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Adoption of New Accounting Pronouncement

On August 28, 2018, the FASB issued Accounting Standards Update (ASU) 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*, which removes, modifies, and adds certain disclosure requirements related to fair value measurements

in Accounting Standards Codification 820, *Fair Value Measurement*. The ASU is effective for plan years beginning after December 15, 2019 and early adoption is permitted. The Plan is evaluating the impact of this standard.

NOTE 3 – Related-Party Transactions and Party-In-Interest Transactions

Fidelity is the Trustee of the Plan and Red Bank Pension Services, Inc. serves as the Recordkeeper. As such, transactions between these parties and the Plan qualify as part-in-interest transactions. Transactions involving notes receivable from participants also qualify as party-in-interest transactions.

NOTE 4 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 5 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- Mutual funds and money market accounts are valued at the daily closing price as reported by the fund. Mutual funds and money market accounts held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017, and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,208,218	$ –	$ –	$ 14,208,218
Money market accounts	27,321	–	–	27,321
Total investments at fair value	$ 14,235,539	$ –	$ –	$ 14,235,539

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,944,993	$ –	$ –	$ 14,944,993
Money market accounts	38	–	–	38
Total investments at fair value	$ 14,945,031	$ –	$ –	$ 14,945,031

NOTE 6 – Lincoln National Life Insurance Company:

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Lincoln National Life Insurance Company (Lincoln) known as the Lincoln Fixed Account totaling $1,063,097 and $1,507,030 for 2017 and 2016, respectively. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2.25 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the Plan, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 7 – Certified Investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) supplemental schedule, including investments held at

December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity, the trustee of the Plan.

NOTE 8 – Subsequent Events

The Plan Sponsor has evaluated events and transactions that have occurred from January 1, 2018 and through October 15, 2018, the date on which the accompanying financial statements were available to be issued, and has determined there were no material events to disclose.
