Abel Bishop & Clark Realty Co 401k Profit Sharing Plan

Notes to the Financial Statements

December 31, 2017 and 2016

A. PLAN DESCRIPTION

The following description of the Abel Bishop & Clark Realty Co 401k Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was adopted by The Orlean Enterprises (the "Company") effective January 1, 1995 and restated effective November 1, 2017. The Plan is a defined contribution plan covering all employees of the Company who have completed six months of service, as defined, and reached age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Contributions to the Plan include both employee salary deferrals and employer contributions. Beginning on the first day of the month following the date of eligibility, participants may voluntarily contribute a minimum of 1% to a maximum of 90%, limited to the Internal Revenue Code ("IRC") 402(g) limit, of their compensation on a pre-tax and post-tax ("Roth") basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company, however, may be required to limit contributions of certain employees to comply with the IRC.

The Company may make additional non-elective contributions to the Plan. All eligible employees, as defined, may receive these non-elective contributions, but must be actively employed as of December 31. The Company did not make any non-elective contributions during the year ended December 31, 2017.

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant's account is credited with the participant's contributions, nonelective contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may direct their contributions to any or all of the various investment funds provided. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their voluntary 401(k) and Roth contributions plus actual earnings or losses thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$500 up to the maximum equal to the lesser of \$50,000 or 50% of their account balance. The note is secured by the balance in the participant's account and bears interest at a rate determined at the time the loan is taken based on prime (4.50% and 3.75% at December 31, 2017 and 2016, respectively). Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant (or beneficiary) having a vested account balance greater than \$5,000 may elect to receive the value of the participant's vested interest in his or her account and has the option to: (a) remain in the plan and defer receiving payments until age 70 ½, (b) roll over assets to another qualified plan, (c) receive a lump-sum distribution, or (d) receive installment payments. Participants terminated for reasons other than death, disability, or retirement are entitled to receive their vested benefits as soon as administratively feasible. Distributions of a participant's account balance may be authorized at any time by Plan management under certain hardship conditions.

Notes to the Financial Statements

December 31, 2017 and 2016

Payment of Benefits - A participant or his or her beneficiary, upon termination, death, or retirement, receives his or her vested interest in his or her participant account in the form of a single lump sum payment or in periodic installments. Additionally, the Plan has provisions for an active participant to make withdrawals from his or her account, subject to limitations and restrictions.

Forfeitures - Unvested amounts forfeited by terminated participants may be used by the Plan for the payment of Plan expenses or to be reallocated to participants.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and trustees. See Note D for discussion of fair value instruments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Plan benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third party administrative expenses and investment management fees, are paid by the Company. Fees attributable to loans, distributions, and deferred payouts are paid by the participants. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - Subsequent events have been evaluated through October 15, 2018, which is the date that the Plan's financial statements were available to be issued.

C. INFORMATION CERTIFIED BY TRUSTEES

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements of information prepared and certified by Great-West and Reliance, the current and former trustees of the Plan, respectively.

Great-West has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2017 and for the period November 1, 2017 through December 31, 2017. Reliance has certified as to the completeness and accuracy of the investments it held and changes in net assets arising from said investment activity as of December 31, 2016, and for the period January 1, 2017 through October 31, 2017.

Notes to the Financial Statements

December 31, 2017 and 2016

Great-West has certified to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2017. Reliance certified to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2016.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under the FASB guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed income annuities - Market values of units held are determined daily by Empower based upon the initial value assignment, the net asset value of the mutual fund investments and the applicable investment management and administrative charges, as set forth in the group annuity contract.

Collective trust fund - Valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

Abel Bishop & Clark Realty Co 401k Profit Sharing Plan

Notes to the Financial Statements

December 31, 2017 and 2016

Money market fund - The shares of the money market fund are valued in accordance with Securities and Exchange Commission Investment Company Act of 1940 regulations, restricting investment of a money market fund and permitting the penny-rounding method, which enables the fund to maintain a constant net asset value ("NAV") of \$1.00 per share. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Assets at Fair Value as of December 31, 2017		
	Level 1	Level 2	Total
Mutual funds	\$ 2,244,603	\$ 175,609	\$ 2,420,212

Notes to the Financial Statements

December 31, 2017 and 2016

E. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West and Reliance, the current and former trustees of the Plan, respectively and therefore, these transactions qualify as party-in-interest transactions.

Great-West and Reliance provide certain administrative services to the Plan pursuant to a Service Agreement ("SA") between the Company and the trustees. Great-West and Reliance receive revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Great-West and Reliance for its administrative services to the Plan.

If the revenue received by Great-West and Reliance from such mutual fund service providers exceed the amount owed under the SA, they remit the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to Great-West and Reliance for administrative expenses not covered by revenue sharing.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G. TAX STATUS

Effective November 1, 2017, the Plan has adopted a prototype plan sponsored by Empower which received an Internal Revenue Service ("IRS") Opinion Letter dated March 31, 2014. Prior to November 1, the Plan utilized a prototype plan sponsored by ADP, LLC, which received an Internal Revenue Service determination letter dated July 8, 2014. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the prototype plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
